The Resolution calling for the Joint Session was read.

Accompanied by the Committee of Escort and other distinguished guests, His Excellency, Governor Brian P. Kemp, appeared upon the floor of the House and delivered the following address:

Lt. Governor Duncan, Speaker Ralston, President Pro Tempore Miller, Speaker Pro Tempore Jones, members of the General Assembly, members of the judiciary, and my fellow Georgians.

Three years ago, when I stood before this body and the people of our state for the first time as your governor, I said, "I know there will be adversity… those who want to tear us down. There will be difficult days and dark nights. But together, we will overcome. Like Coach Henderson said, 'It can be done'."

Standing before all of you today in the final year of my first term in office, I didn't know then how true these words would become. But, just like I saw firsthand all those years ago under the Friday night lights at Clarke Central High School, legendary football Coach Billy Henderson was right again.

Despite the divisive politics, the pandemic and unforeseen challenges, the tough obstacles that stood in our way, we pulled together and lent a hand to our fellow Georgians, and we proved it could be done.

As Psalm 16:8 says, "I have set the Lord always before me; because he is at my right hand, I shall not be shaken."

Over the last three years, we built Georgia's house on a firm foundation. The concrete, the frame, and the roof withstood the storms. We emerged resilient. We boldly seized the opportunity to plant seeds for the future in good soil, so a bountiful harvest would bring our state to brighter, more prosperous days ahead.

Thanks to that approach and our work together, our state has celebrated unprecedented success. By keeping our state open for business, bringing record levels of jobs and investment, and fighting to put hardworking Georgians first, we now have the opportunity to build a safer, stronger Georgia for all who call the Peach State home.

In September of 2018, I unveiled my plan to raise teacher pay in our state by 5,000 dollars. At the time, Georgia ranked 23rd in the nation in annual salary for our educators, and a statewide survey showed that 44 percent of the hardworking Georgians leading our classrooms would leave the profession within the first five years.

Today, three years after we came together and passed a 3,000 dollar down payment on that promise, educators and students face a challenging future. Parents, teachers, and administrators across our state are doing their best to help students overcome learning loss

due to the pandemic. Students from all walks of life are confronted with mental health struggles. Teachers are asked to do more and more every year. And the need for a world-class K-12 education to prepare our children for an ever-changing workforce has never been greater.

Throughout my first term, I've had the honor of attending teacher listening sessions and regular meetings with a group of superintendents and school board members from across the state. In those discussions, I've gotten to know and understand the struggles, the successes, and the needs of different school districts in every corner of Georgia.

Hardworking Georgians in our schools - the school staff, administrators, bus drivers, cafeteria workers, and teachers - all do a terrific job keeping our kids safe and investing in their futures. To support their heroic efforts day in and day out, I believe we as state leaders must continue to do everything we can to ensure they have the resources necessary to fulfill their mission and prepare the next generation of leaders for successful lives and careers.

That's why my Fiscal Year 2023 budget proposal will include a final installment of 2,000 dollars to finish out the largest teacher pay raise in state history - a total of 5,000 dollars since 2019! This 2,000-dollar raise will impact K-12 teachers, assistant teachers, and pre-k teachers – who I think we can all agree have gone above and beyond for their students throughout the pandemic.

In addition, my Amended Fiscal Year 2022 budget will recommend a one-time pay supplement of 2,000 dollars for full-time, state-funded instructional staff, school support staff, and school administration and a 1,000-dollar, one-time supplement for school bus drivers, nurses, nutrition workers, and part-time employees.

Let's take a moment to thank them for all they have done for our students… and our state!

Additionally, a priority for conservative leaders under the Gold Dome, including myself, for many years, has been to appropriately fund the state school funding formula. These dollars are sent directly to schools in every corner of Georgia to hire more teachers, reduce class sizes, and ensure every child receives a quality education.

My Fiscal Year 2023 budget proposal will recommend adding 425 million dollars to fully fund our schools and completely restore all austerity cuts to education funding in our state that were made during the pandemic.

This key priority will collectively provide an additional 1.4 billion dollars in direct funding for our K-12 schools and invest more per K-12 student than ever before.

When it comes to education in our state, it's about a lot more than just money and resources. As the parents of three daughters, one who is a public-school teacher, Marty and I are also

concerned about what we are seeing across the country. From the classroom to the ball field, there are those who want to divide our kids along political lines, push partisan agendas, and indoctrinate students from all walks of life.

This is wrong, it's dangerous, and as long as I'm governor, it will not take root in Georgia.

That's why I look forward to working with members of the General Assembly this legislative session to protect our students from divisive ideologies - like critical race theory – that pit kids against each other. I also look forward to working with the House and Senate to pass, and sign, a parental bill of rights in our education system and other pieces of legislation that I strongly support to ensure fairness in school sports and address obscene materials online and in our school libraries.

I believe, by working together, this legislative session will be a historic one for education in our state.

Because building a safer, stronger Georgia starts with putting students and parents first.

During my campaign for governor, I told Georgians I would focus on bringing innovative solutions to our many healthcare challenges - not just expand a one-size-fits-all, broken government program.

That's why I worked alongside members of this body to craft Georgia-centric solutions through the Patients First Act that would increase access to coverage for our most vulnerable, while also lowering costs for millions of Georgia families.

Today, we are seeing the benefits of our plan across the state.

When I signed the bipartisan Patients First Act in 2019, Georgia had only four health insurance carriers offering plans in the individual market. Today, we have nearly tripled that number with eleven carriers offering plans for 2022.

In 2019, only 26 percent of Georgia's counties had more than one carrier offering insurance on the individual market. Now, in 2022, 98 percent of all counties have more than one carrier – which means expanded choice and lowered costs for hardworking Georgians.

Overall, the state's 139 million dollar investment in Georgia Access included in my budget proposal this year has helped reduce premiums by an average of 12 percent statewide. That's 850 dollars in annual savings for Georgians on the marketplace today. And in rural counties where premium prices were highest, choices in coverage were few, and options for care were limited, the reinsurance program has contributed to premium reductions from 25 percent to over 30 percent in some counties.

For a 50-year old Georgian buying a silver plan on the marketplace, that translates into an annual savings from 2,500 dollars to over 4,300 dollars a year.

I'd like to thank Insurance Commissioner General John King for his work alongside my office to implement these reforms and deliver results for Georgia patients.

While the Biden administration plays politics, in Georgia, we're making healthcare more affordable for millions of our citizens.

As we lower insurance premiums, it's equally vital that we have doctors for Georgians to see for care. Physicians and nurses are in short supply across the country, but especially in rural Georgia.

That's why my budget proposals include an initial 1 million dollars for the University System of Georgia to expand nursing programs up to 500 students annually over 5 years and funding for our Technical College System to grow their partnership with Allied Health to serve up to 700 additional students annually.

My proposal will also invest 2.5 million dollars for 136 residency slots and allocate 1 million dollars to Mercer University to address rural physician shortages.

With these key investments, we hope to add 1,300 additional healthcare practitioners in our state!

Before I go on, let's pause and take a moment to thank all our healthcare heroes in Georgia for their tireless dedication over the last two years!

In Fiscal Year 2021, my office worked alongside members of the House on an important priority of theirs to expand Medicaid coverage for new mothers to six months. Building on that success, my budget proposal includes a priority of members of the Senate to extend that coverage to a full year to ensure these new moms are able to receive medical care at a critical time for their health and long-term wellbeing.

And to continue Georgia's protection and celebration of life at all stages, I believe it is vitally important that we continue our work together to strengthen our state's foster care and adoption systems.

My budget proposal will include nearly 28 million dollars to allocate a 10 percent provider rate increase for all foster parents, relative caregivers, child caring institutions, and child placing agencies.

This has been one of the most rewarding issues my office has tackled with members of both chambers, and I wanted to take a moment and thank the members here today - and those who are no longer serving - for their bipartisan efforts to put Georgia's children first.

To build a safer, stronger Georgia, we must ensure every Georgian feels safe and secure in their communities.

As I announced last week, I believe that starts with fully recognizing the constitutional rights granted to law-abiding Georgians in our founding documents, and I look forward to supporting constitutional carry legislation this session.

Together, we made wise investments in public safety over the last three years. By creating the anti-gang task force within the GBI, passing bipartisan human trafficking legislation to hold criminals accountable and support victims, and funding the crime suppression unit, we have shown our state's commitment to reducing crime and ridding our streets of gangs.

The anti-gang task force in particular has been hard at work. I'm very proud of the brave men and women of the GBI and all they have accomplished under the leadership of Director Vic Reynolds.

But in too many jurisdictions across our state, soft-on-crime local governments and prosecutors have been unwilling to join our fight to rid their communities of these criminal networks.

With many urban - and some rural - counties facing alarming levels of violent crime, we have the responsibility to act. To provide additional assistance for GBI's efforts to dismantle criminal street gangs, my budget proposal will include funding for a new anti-gang unit in the Attorney General's office which will allow Attorney General Carr to direct more resources in prosecuting gangs statewide.

And my office will also be supporting enabling legislation that gives the Attorney General the authority to partner with the GBI and local law enforcement officials in investigating and prosecuting these dangerous criminals.

To streamline case backlogs due to the COVID-19 pandemic and ensure prosecutors can obtain evidence as quickly as possible, my proposals will recommend over 7 million dollars to upgrade GBI crime lab equipment, begin improvements to GBI headquarters, and provide an additional 32 staff in the crime lab and medical examiner's office to address their increased volume.

This investment follows 110 million dollars in federal funds that my office allocated to the judicial system back in October of this year to swiftly address delayed cases.

Justice delayed is justice denied, and we will provide every resource necessary to ensure courts and prosecutors have the information they need. Because safer communities lead to stronger communities, and, together, I know we can build on our significant progress over the last three years.

On the frontlines of our mission to build a safer, stronger Georgia is the Department of Public Safety and our brave men and women in blue and gray.

One of the greatest honors of holding this office is seeing these heroes work each and every day to protect our communities and patrol our roadways. From ensuring peaceful protesters were kept safe and restoring order to our capital city in the summer of 2020 to hunkering down through a global pandemic and serving as the tip of the spear in our crime suppression efforts here in metro-Atlanta, the Department went above and beyond the call of duty every time.

To bolster their critically important efforts, my budget proposal will include 3 million dollars to support an additional trooper school class of 75 cadets this coming year.

I'd like to thank Colonel Wright and his team for all that they continue to do for our state.

I think most of you in this chamber would agree, it has never been harder to wear the uniform. Unfortunately, in the face of some local government and activist opposition to law enforcement across the country, I believe some hardworking Georgians may be hesitant to enter the workforce wearing blue.

To ensure we recruit Georgia's finest to protect our communities, my office has asked Commissioner Greg Dozier of the Technical College System of Georgia to add law enforcement and criminal justice degrees to our high-demand career initiatives.

This aims to provide free tuition to over 1,000 Georgians looking to obtain those degrees at our technical colleges.

As you all know, at the end of last year, I was proud to join many of you in allocating a 1,000-dollar bonus to our law enforcement and first responders across the state. As my office released last week, I'm also proud to say that my budget proposal will include a 5,000 dollar raise for state law enforcement and other state employees.

These brave men and women have been on the front lines of a truly unprecedented time in our state's history – from civil unrest to a global pandemic – and we couldn't be more appreciative of all they do to keep our families and communities safe.

As long as I'm Governor, Georgia will always back the blue! At this time, I'd like to recognize their efforts and say thank you!

No issue to improve the safety and wellbeing of Georgians has had more bipartisan support than the top priority of our First Lady. Would you all join me in thanking Marty, the girls, and the GRACE Commission for their great work to end human trafficking in our state.

Under Marty's leadership alongside co-chairs Speaker Pro-Tem Jan Jones and GBI Director Reynolds, the GRACE Commission has changed the conversation around human trafficking by reminding Georgians that the men and women trapped in this evil industry need our help and our compassion – not another blind eye turned.

With the strong support of members of the General Assembly, and state law enforcement – including Attorney General Chris Carr – they've championed reforms that now give survivors a fighting chance, a place to shelter, and a path back to the life they wish to lead.

The GRACE Commission has also pushed for tougher penalties for those who break our laws and enslave others into a life in the shadows.

I'd like to thank every member - Republican and Democrat - for their votes in support of these new laws.

Our work here is not yet finished. Unfortunately, many criminals who make their living destroying the lives of others are able to quickly get back out onto the streets and begin preying upon young women - and men - within hours of their initial arrest.

That's why our First Lady and the GRACE Commission will be bringing forward legislation to add human trafficking to the list of serious violent and sexual offenses that require a superior court judge to grant bail.

Making these common-sense, bipartisan reforms to our criminal justice system to protect our most vulnerable is yet another way we can work together to build a safer, stronger state for generations to come.

Nearly two years after the first case of COVID-19 was detected in Georgia, millions are vaccinated, and Georgia's economy is roaring back faster and stronger than other states across the country.

In fact, the Peach State is leading the nation in economic recovery. Because Georgia protected both lives and livelihoods, our best and most prosperous days are ahead. Our unemployment rate is at record lows - outpacing most of the country – including our fellow states in the southeast.

Job and investment numbers are through the roof. Companies from around the world have Georgia on their minds. Small businesses are bouncing back, and we just celebrated the largest single economic development project in state history.

These achievements did not happen by accident. Georgia is on the move because we chose freedom over government shutdowns. We trusted our citizens to be a part of the solution - instead of part of the problem. We continue to fight unconstitutional federal mandates that force hardworking Georgians to choose between their livelihoods or a COVID vaccine.

We stood up for our job creators - and their employees - and ignored the partisan attacks from the left, the national media, and those who seek to divide us for financial or political gain. We made the tough decisions because they were the right ones. We put hardworking Georgians and their families first, because that's what we were all elected to do.

Nearly five years ago when I announced my campaign for governor, I made Georgians this promise: that I would run on an agenda that would put them first ahead of the status quo.

I would tell voters what I wanted to do as their governor, and if they chose me and my family to serve them for four years, we would go to work for them every day and do exactly that. Marty, the girls, and I are deeply honored by the trust a record number of Georgians placed in us back in November of 2018.

With the Lord before us, we set out to do the job you all hired us for. And whether you voted for me or not, I have fought hard to live up to the commitments I made on the campaign trail and ultimately do the right thing, even when no one was watching.

The bold, conservative agenda I've outlined over the last few days prioritizes education, healthcare, and public safety.

It invests historic levels of resources in our students and educators. It keeps politics out of the classroom and ensures parents have the final say in their kids' education.

It reduces the cost of health insurance for Georgia families, recruits 1,300 new nurses and doctors into communities where they're needed the most, and gives new mothers expanded access to medical care.

It incentivizes more Georgians to enter a career in law enforcement, redoubles our efforts to dismantle violent street gangs and combat human trafficking, and strengthens Georgians' constitutional rights to protect themselves and their families.

It turns promises made into promises kept.

This plan for a safer, stronger Georgia puts hardworking Georgians first and ensures our state will continue to be the best place to live, work, and raise a family for generations to come.

Over the last three years, we've shown what this team can accomplish even when enormous obstacles stood in our way. By working together throughout this legislative session, I know it can be done – again.

Thank you, may God bless you, and may God continue to bless the great state of Georgia!

To amend an Act creating a Board of Commissioners of Walton County, approved August 1, 1929 (Ga. L. 1929, p. 747), as amended, particularly by an Act approved March 5, 2012 (Ga. L. 2012, p. 3920), so as to change the description of the commissioner districts; to provide for definitions and inclusions; to provide for qualifications of members; to provide for continuation in office of current members; to provide for election and terms of office of subsequent members; to provide for effective dates; to repeal conflicting laws; and for other purposes.

BE IT ENACTED BY THE GENERAL ASSEMBLY OF GEORGIA:

SECTION 1.

An Act creating a Board of Commissioners of Walton County, approved August 1, 1929 (Ga. L. 1929, p. 747), as amended, particularly by an Act approved March 5, 2012 (Ga. L. 2012, p. 3920), is amended by revising Section 2 as follows:

"SECTION 2.

(a) Those members of the Board of Commissioners of Walton County who are serving as such on the effective date of this Act, and any person selected to fill a vacancy in any such office, shall continue to serve as such members until the regular expiration of their respective terms of office and upon the election and qualification of their respective successors. On and after the effective date of this Act, the Board of Commissioners of Walton County shall consist of seven members, six of whom shall be elected from commissioner districts described in subsection (b) of this section and a chairperson who is elected at large as provided in this Act.

(b) For purposes of electing members of the board of commissioners, other than the chairperson, Walton County shall be divided into six commissioner districts. One member of the board shall be elected from each such district. The six commissioner districts shall be and correspond to those six numbered districts described in and attached to and made a part of this Act and further identified as 'User: Walton CC Plan Name: WaltonCC-2022 Plan Type: Local'.

(c)(1) For the purposes of such plan:

(A) The term 'VTD' shall mean and describe the same geographical boundaries as provided in the report of the Bureau of the Census for the United States decennial census of 2020 for the State of Georgia. The separate numeric designations in a district description which are underneath a VTD heading shall mean and describe individual Blocks within a VTD as provided in the report of the Bureau of the Census for the United States decennial census of 2020 for the State of Georgia; and

(B) Except as otherwise provided in the description of any district, whenever the description of any district refers to a named city, it shall mean the geographical

boundaries of that city as shown on the census maps for the United States decennial census of 2020 for the State of Georgia.

(2) Any part of Walton County which is not included in any such district described in that attachment shall be included within that district contiguous to such part which contains the least population according to the United States decennial census of 2020 for the State of Georgia.

(3) Any part of Walton County which is described in subsection (b) of this section as being included in a particular district shall nevertheless not be included within such district if such part is not contiguous to such district. Such noncontiguous part shall instead be included within that district contiguous to such part which contains the least population according to the United States decennial census of 2020 for the State of Georgia. Except as otherwise provided in the description of any commissioner district, whenever the description of such district refers to a named city, it shall mean the geographical boundaries of that city as shown on the census map for the United States decennial census of 2020 for the State of Georgia.

(d) No person shall be a member of the board if that person is ineligible for such office pursuant to Code Section 45-2-1 of the O.C.G.A. or any other general law applicable to that office.

(e) In order to be elected as a member of the board from a commissioner district, a person must be a resident of that commissioner district and must receive the number of votes cast as required by general law for that office in that district only. Only electors who are residents of that commissioner district may vote for a member of the board for that district. At the time of qualifying for election as a member of the board from a commissioner district, each candidate for such office shall specify the commissioner district for which that person is a candidate. A person elected or appointed as a member of the board from a commissioner district must continue to reside in that district during that person's term of office or that office shall become vacant.

(f) The chairperson of the board may reside anywhere within Walton County and, if elected, must receive the number of votes cast for that office as required by general law in the entire county. The chairperson must continue to reside within the county during that person's term of office or that office shall become vacant.

(g) All future successors to the chairperson and the members of the board whose terms of office are to expire shall be elected at the time of the state-wide general election immediately preceding the expiration of such terms, shall take office the first day of January immediately following that election, and shall serve for terms of office of four years each. The chairperson and the members of the board shall serve for their terms of office and until their respective successors are elected and qualified.

(h) The chairperson and all members of the board who are elected thereto shall be nominated and elected in accordance with Chapter 2 of Title 21 of the O.C.G.A., the 'Georgia Election Code.'

(i) Commissioner Districts 1, 2, 3, 4, 5, and 6, as they exist immediately prior to the effective date of this Act, shall continue to be designated as Commissioner Districts 1, 2, 3, 4, 5, and 6, respectively, but as newly described under this Act, and on

and after the effective date of this Act, such members of the board serving from those former commissioner districts shall be deemed to be serving from and representing their respective districts as newly described under this Act."

SECTION 2.

The provisions of this Act necessary to conduct elections for the members of the Board of Commissioners of Walton County in 2022 shall become effective upon the approval of this Act by the Governor or upon its becoming law without such approval. The remaining provisions of this Act shall become effective on January 1, 2023.

SECTION 3.

All laws and parts of laws in conflict with this Act are repealed.

The city council by ordinance may provide generally for the collection of delinquent taxes, fees, or other revenue due the city under Sections 6.10 through 6.17 of this charter by whatever reasonable means as are not precluded by law. If the city council fails to adopt the budget by said date, the amounts appropriated for operation for the then current fiscal year shall be deemed adopted for the ensuing fiscal year on a month-to-month basis, with all items prorated accordingly, until such time as the city council adopts a budget for the ensuing fiscal year. Adoption of the budget shall take the form of an appropriations ordinance setting out the estimated revenues in detail by sources and making appropriations according to fund and by organizational unit, purpose, or activity as set out in the budget preparation ordinance adopted pursuant to Section 6.24 of this charter.

(c) Whenever in opening, extending, or widening any street, avenue, alley, or public place of the city a small parcel or tract of land is cut off or separated by such work from a larger tract or boundary of land owned by the city, the city council may authorize the mayor to sell and convey said cut-off or separated parcel or tract of land to an abutting or adjoining property owner or owners where such sale and conveyance facilitates the highest and best use of the abutting owner's property. Included in the sales contract shall be a provision for the rights of way of said street, avenue, alley, or public place. Each abutting property owner shall be notified of the availability of the property and given the opportunity to purchase said property under such terms and conditions as set out by ordinance. SECTION 8.11.
Effective dates and transition.

(a) The provisions of this Act necessary for the referendum election provided for in Section 8.10 of this charter shall become effective immediately upon this Act's approval by the Governor or upon its becoming law without such approval.

(b) Those provisions of this Act necessary for the special election provided for in Section 8.13 of this charter shall be effective upon the certification of the results of the referendum election provided for by Section 8.10 of this charter if this Act is approved at such referendum election.

(c) Except as provided in Section 8.10 of this charter, the remaining provisions of this Act shall become of full force and effect for all purposes at 12:00 Midnight on January 1, 2023, except that the initial mayor or councilmembers shall take office immediately following their election and by action of a quorum may prior to 12:00 Midnight on January 1, 2023, meet and take actions binding on the city.

(d) A period of time will be needed for an orderly transition of various government functions from Cobb County to the City of East Cobb. Accordingly there shall be a transition period beginning on the date the initial mayor and councilmembers take office under this charter, and ending at 12:00 Midnight on December 31, 2025. During such transition period, all provisions of this charter shall be effective as law, but not all provisions of this charter shall be implemented.

(e) During such transition period, Cobb County shall continue to provide within the territorial limits of the city all government services and functions which Cobb County provided in that area during the years 2021 and 2022 and at the same actual cost, except to the extent otherwise provided in this section; provided, however, that upon at least 60

days' prior written notice to Cobb County by the City of East Cobb, responsibility for any such service or function shall be transferred to the City of East Cobb. During the transition period, the city shall remain within the Cobb County special services district, but shall be removed from such district at the conclusion of such period. Beginning July 1, 2023, the City of East Cobb shall collect taxes, fees, assessments, fines and forfeitures, and other moneys within the territorial limits of the city in the same manner as authorized immediately prior to the effective date of this section; provided, however, that upon at least 60 days' prior written notice to Cobb County by the City of East Cobb, the authority to collect any tax, fee, assessment, fine or forfeiture, or other moneys shall remain with Cobb County after July 1, 2023, until such time as Cobb County receives subsequent notice from the City of East Cobb that such authority shall be transferred to the City of East Cobb.

However, by mutual agreement and concurrent resolutions and ordinances if needed Cobb County and the City of East Cobb may during the transition period transfer all or part of such regulatory authority and the appropriate court jurisdiction to the City of East Cobb. Any transfer of jurisdiction to the City of East Cobb during or at the end of the transition period shall not in and of itself abate any judicial proceeding pending in Cobb County or the pending prosecution of any violation of any ordinance of Cobb County.

(h) During the transition period, the governing authority of the City of East Cobb may at any time, without the necessity of any agreement by Cobb County, commence to exercise its planning and zoning powers; provided, however, that the city shall give the

county notice of the date on which the city will assume the exercise of such powers. Upon the governing authority of the City of East Cobb commencing to exercise its planning and zoning powers, the Municipal Court of the City of East Cobb shall immediately have jurisdiction to enforce the planning and zoning ordinances of the city. The provisions of this subsection shall control over any conflicting provisions of any other subsection of this section.

Effective upon the termination of the transition period, the City of East Cobb shall be a full functioning municipal corporation and subject to all general laws of this state.

SECTION 8.12.

If it is necessary to delay any action called for in this Act for providential cause or any other reason, it is the intention of the General Assembly that the action be delayed rather than abandoned. Any delay in performing any action under this Act, whether for cause or otherwise, shall not operate to frustrate the overall intent of this Act. Without limiting the generality of the foregoing it is specifically provided that:

"(34) South Georgia Circuit ~~2~~ 3"

SECTION 2.

The additional judge of the superior court of the South Georgia Judicial Circuit provided for in this Act shall be appointed by the Governor for a term beginning July 1, 2022, and expiring December 31, 2024, and until a successor is elected and qualified. At the nonpartisan judicial election to be held in 2024, there shall be elected a successor to such additional judge appointed as provided for above, and he or she shall take office on the first day of January, 2025, and serve for a term of office of four years and until a successor is

All subsequent successors to such judge shall be elected at the nonpartisan judicial election conducted in the year in which the term of office shall expire for a term of four years and until his or her successor is duly elected and qualified. Such judges shall take office on the first day of January following the date of their election. Such elections shall be held and conducted as is now or may hereafter be provided by law for the election of judges of the superior courts of the State of Georgia.

SECTION 3.

Every person who offers for election as one of the judges of such superior court of the South Georgia Judicial Circuit shall designate with the proper authority in all general elections the specific seat for which such person offers by naming the incumbent judge whom he or she desires to succeed and thereupon such person shall be permitted, if otherwise qualified, to run for such designated judgeship and no other. In the event that there is no incumbent judge in the seat for which such person desires to offer, the person shall qualify by announcing his or her intention to run for the office for which there is no incumbent.

SECTION 4.

The additional judge of the superior court of the South Georgia Judicial Circuit provided for in this Act shall have and may exercise all powers, duties, dignities, jurisdiction, privileges, and immunities of the present judges of the superior courts of this state. SECTION 5.

The qualifications of such additional judge and his or her successors shall be the same as are now provided by law for all other superior court judges, and his or her compensation, salary, and expense allowance from the State of Georgia and from the county comprising such circuit shall be the same as that of other judges of the superior court of the South Georgia Judicial Circuit. The salary supplements enacted by the county comprising such circuit for the present superior court judges of such circuit shall also be applicable to the additional judge provided by this Act.

SECTION 6.

All writs and processes in the superior court of the South Georgia Judicial Circuit shall be returnable to the terms of such superior court as they are now fixed and provided by law, or as they may hereafter be fixed or determined by law, and all terms of such court shall be held in the same manner as though there were but one judge, it being the intent and purpose of this Act to provide the three judges of such circuit with equal jurisdiction and authority to attend to and perform the functions, powers, and duties of the judges of such superior court and to direct and conduct all hearings and trials in such court.

SECTION 7.

Upon and after qualification of the additional judge of the superior court of the South Georgia Judicial Circuit, the three judges of the superior court of the South Georgia Judicial Circuit may adopt, promulgate, amend, and enforce such rules of practice and procedure in consonance with the Constitution and laws of the State of Georgia as they deem suitable and proper for the effective transaction of the business of the court; and, in transacting the business of the court and in performing their duties and responsibilities, the judges shall share, divide, and allocate the work and duties to be performed by each. In the event of a disagreement among the judges in respect hereof, the majority shall rule, or failing a majority, the decision of the senior judge in point of service, who shall be known as the chief judge, shall be controlling.

SECTION 8.

The drawing and impaneling of all jurors, whether grand, petit, or special, may be conducted by any of the judges of the superior court of such circuit; and they, or each of them, shall have full power and authority to draw and impanel jurors for service in such court so as to have jurors for the trial of cases before any of such judges separately or before each of them at the same time.

SECTION 9.

The three judges of the superior court of the South Georgia Judicial Circuit shall be authorized and empowered to employ an additional court reporter for such circuit whose compensation shall be as now or hereafter provided by law.

SECTION 10.

All writs, processes, orders, subpoenas, and any other official paper issuing out of the superior court of the South Georgia Judicial Circuit may bear teste in the name of any judge of such circuit and, when issued by and in the name of any judge of such circuit, shall be fully valid and may be held and determined before the same or any other judge of such circuit. Any judge of such court may preside over any cause therein and perform any official act as judge thereof.

SECTION 11.

The governing authorities of the counties comprising the South Georgia Judicial Circuit shall provide the judges of such circuit with suitable courtrooms and facilities, office space, telephones, furniture, office equipment, supplies, and such personnel as may be considered necessary to the proper functioning of the court. All of the expenditures authorized in this Act are declared to be an expense of the court and payable out of the county treasuries as such.

SECTION 12.

Nothing enumerated in this Act shall be deemed to limit or restrict the inherent powers, duties, and responsibilities of superior court judges provided by the Constitution and statutes of the State of Georgia.

SECTION 13.

This Act shall become effective for the purpose of appointing the additional judge upon its approval by the Governor or upon its becoming law without such approval and for all other purposes on July 1, 2022.

"CHAPTER 11

37-11-1.
This chapter shall be known and may be cited as the 'Psychiatric Advance Directive Act.'

37-11-2.
This chapter is enacted in recognition of the fundamental right of an individual to have power over decisions relating to his or her mental health care as a matter of public policy.

37-11-3.
As used in this chapter, the term:
(1) 'Capable' means not incapable of making mental health care decisions.
(2) 'Competent adult' means a person of sound mind who is 18 years of age or older or is an emancipated minor.
(3) 'Declarant' means a person who has executed a psychiatric advance directive authorized by this chapter.
(4) 'Facility' means a hospital, skilled nursing facility, hospice, institution, home, residential or nursing facility, treatment facility, and any other facility or service which has a valid permit or provisional permit issued under Chapter 7 of Title 31 or which is licensed, accredited, or approved under the laws of any state, and includes hospitals operated by the United States government or by any state or subdivision thereof.
(5) 'Incapable of making mental health care decisions' means that, in the opinion of a physician or licensed psychologist who has personally examined a declarant, or in the opinion of a court, a declarant lacks the capacity to understand the risks and benefits of, and the alternatives to, a mental health care decision under consideration and is unable to give or communicate rational reasons for mental health care decisions because of impaired thinking, impaired ability to receive and evaluate information, or other cognitive disability.
(6) 'Mental health care' means any care, treatment, service, or procedure to maintain, diagnose, treat, or provide for a declarant's mental or emotional illness, developmental disability, or addictive disease.
(7) 'Mental health care agent' or 'agent' means a person appointed by a declarant to act for and on behalf of such declarant to make decisions related to consent, refusal, or withdrawal of any type of mental health care when such declarant is incapable of making mental health care decisions for himself or herself. Such term shall include any back-up mental health care agent appointed by a declarant.
(8) 'Physician' means a person lawfully licensed in this state to practice medicine pursuant to Article 2 of Chapter 34 of Title 43 and, if the declarant is receiving mental health care in another state, a person lawfully licensed in such state.

(9) 'Provider' means any person administering mental health care who is licensed, certified, or otherwise authorized or permitted by law to administer mental health care in the ordinary course of business or the practice of a profession, including, but not limited to, professional counselors, psychologists, clinical social workers, and clinical nurse specialists in psychiatric and mental health; a physician; or any person acting for any such authorized person.

(10) 'Psychiatric advance directive' or 'directive' means a written document voluntarily executed by a person in accordance with the requirements of Code Section 37-11-9.

37-11-4.

(a) A competent adult may execute a psychiatric advance directive containing mental health care preferences, information, or instructions regarding his or her mental health care that authorizes and consents to a provider or facility acting in accordance with such directive. A directive may include consent to or refusal of specified mental health care.

(b) A psychiatric advance directive may include, but shall not be limited to:

(1) The names and telephone numbers of individuals to contact in the event a declarant has a mental health crisis;

(2) Situations that have been known to cause a declarant to experience a mental health crisis;

(3) Responses that have been known to de-escalate a declarant's mental health crisis;

(4) Responses that may assist a declarant to remain in such declarant's home during a mental health crisis;

(5) The types of assistance that may help stabilize a declarant if it becomes necessary to enter a facility; and

(6) Medications a declarant is taking or has taken in the past and the effects of such medications.

(c) A psychiatric advance directive may include a mental health care agent.

(d) If a declarant chooses not to appoint an agent, the instructions and desires of a declarant as set forth in the directive shall be followed to the fullest extent possible by every provider or facility to whom the directive is communicated, subject to the right of the provider or facility to refuse to comply with the directive as set forth in Code Section 37-11-12.

(e) A person shall not be required to execute or refrain from executing a directive as a criterion for insurance, as a condition for receiving mental health care or physical health care services, or as a condition of discharge from a facility.

(f) Unless a declarant indicates otherwise, a psychiatric advance directive shall take precedence over any advance directive for health care executed pursuant to Chapter 32 of Title 31, durable power of attorney for health care creating a health care agency under the former Chapter 36 of Title 31, as such chapter existed on and before June 30, 2007, health care proxy, or living will that a declarant executed prior to executing a psychiatric advance directive to the extent that such other documents relate to mental health care and are inconsistent with the psychiatric advance directive.

(g) No provision of this chapter shall be construed to bar use by a declarant of an advance directive for health care under Chapter 32 of Title 31.

37-11-5.

(a) A declarant may designate a competent adult to act as his or her agent to make decisions about his or her mental health care. An alternative agent may also be designated.

(b) An agent shall have no authority to make mental health care decisions when a declarant is capable.

(c) The authority of an agent shall continue in effect so long as the directive appointing such agent is in effect or until such agent has withdrawn.

(d) An agent appointed by a declarant:

(1) Shall be authorized to make any and all mental health care decisions on behalf of such declarant which such declarant could make if such declarant were capable;

(2) Shall exercise granted powers in a manner consistent with the intent and desires of such declarant. If such declarant's intentions and desires are not expressed or are unclear, the agent shall act in such declarant's best interests, considering the benefits, burdens, and risks of such declarant's circumstances and mental health care options;

(3) Shall not be under any duty to exercise granted powers or to assume control of or responsibility for such declarant's mental health care; but, when granted powers are exercised, the agent shall be required to use due care to act for the benefit of such declarant in accordance with the terms of the psychiatric advance directive;

(4) Shall not make a mental health care decision different from or contrary to such declarant's instruction if such declarant is capable at the time of the request for consent or refusal of mental health care;

(5)(A) May make a mental health care decision different from or contrary to such declarant's instruction in such declarant's psychiatric advance directive if:

(i) Such declarant's provider or facility determines in good faith at the time of consent or refusal of mental health care that the mental health care requested or refused in the directive's instructions is:

(I) Unavailable;

(II) Medically contraindicated in a manner that would result in substantial harm to such declarant if administered; or

(III) In the opinion of the provider or facility, inconsistent with reasonable medical standards to benefit such declarant or has proven ineffective in treating such declarant's mental health condition; and

(ii) The mental health care requested or refused in the directive's instructions is unlikely to be delivered by another provider or facility in the community under the circumstances.

(B) In the event the agent exercises authority under one of the circumstances set forth in subparagraph (A) of this paragraph, the agent shall exercise the authority in a manner consistent with the intent and desires of such declarant. If such declarant's intentions and desires are not expressed or are unclear, the agent shall act in such

declarant's best interests, considering the benefits, burdens, and risks of such declarant's circumstances and mental health care options;

(6) Shall not delegate authority to make mental health care decisions; and

(7) Has the following general powers, unless expressly limited in the psychiatric advance directive:

(A) To sign and deliver all instruments, negotiate and enter into all agreements, and do all other acts reasonably necessary to exercise the powers granted to the agent;

(B) To consent to, authorize, refuse, or withdraw consent to any providers and any type of mental health care of such declarant, including any medication program;

(C) To request and consent to admission or discharge from any facility; and

(D) To contract for mental health care and facilities in the name of and on behalf of such declarant, and the agent shall not be personally financially liable for any services or mental health care contracted for on behalf of such declarant.

(e) A court may remove a mental health care agent if it finds that an agent is not acting in accordance with the declarant's treatment instructions as expressed in his or her directive.

37-11-6.

(a) Except to the extent that a right is limited by a directive or by any state or federal law or regulation, an agent shall have the same right as a declarant to receive information regarding the proposed mental health care and to receive, review, and consent to disclosure of medical records, including records relating to the treatment of a substance use disorder, relating to that mental health care. All of a declarant's mental health information and medical records shall remain otherwise protected under state and federal privilege, and this right of access shall not waive any evidentiary privilege.

(b) At the declarant's expense and subject to reasonable rules of a provider or facility to prevent disruption of the declarant's mental health care, an agent shall have the same right the declarant has to examine, copy, and consent to disclosure of all the declarant's medical records that the agent deems relevant to the exercise of the agent's powers, whether the records relate to mental health or any other medical condition and whether they are in the possession of or maintained by any physician, psychiatrist, psychologist, therapist, facility, or other health care provider, despite contrary provisions of any other statute or rule of law.

(c) The authority given an agent by this Code section shall include all rights that a declarant has under the federal Health Insurance Portability and Accountability Act of 1996, P.L. 104-191, and its implementing regulations regarding the use and disclosure of individually identifiable health information and other medical records.

37-11-7.

The following persons shall not serve as a declarant's agent:

(1) Such declarant's provider or an employee of that provider unless such employee is a family member, friend, or associate of such declarant and is not directly involved in such declarant's mental health care; or

(2) An employee of the Department of Behavioral Health and Developmental Disabilities or of a local public mental health agency or of any organization that contracts with a local public mental health authority unless such employee is a family member, friend, or associate of such declarant and is not directly involved in such declarant's mental health care.

37-11-8.

An agent may withdraw by giving written notice to a declarant. If such declarant is incapable of making mental health care decisions, such agent may withdraw by giving written notice to the provider or facility that is providing mental health care to the declarant at the time of the agent's withdrawal. Any provider or facility that receives an agent's withdrawal shall document the withdrawal as part of such declarant's medical record.

37-11-9.

(a) A psychiatric advance directive shall be effective only if it is signed by the declarant and witnessed by two competent adults, but such witnesses shall not be required to be together or present when such declarant signs the directive. The witnesses shall attest that the declarant is known to them, appears to be of sound mind, is not under duress, fraud, or undue influence, and signed his or her directive in the witness's presence or acknowledges signing his or her directive. For purposes of this subsection, the term 'of sound mind' means having a decided and rational desire to create a psychiatric advance directive.

(b) A validly executed psychiatric advance directive shall become effective upon its proper execution and shall remain in effect until revoked by the declarant.

(c) The following persons shall not serve as witnesses to the signing of a directive:

(1) A provider who is providing mental health care to the declarant at the time such directive is being executed or an employee of such provider unless such employee is a family member, friend, or associate of such declarant and is not directly involved in the declarant's mental health care;

(2) An employee of the Department of Behavioral Health and Developmental Disabilities or of a local public mental health agency or of any organization that contracts with a local public mental health authority unless such person is a family member, friend, or associate of such declarant and is not directly involved in the declarant's mental health care; or

(3) A person selected to serve as the declarant's mental health care agent.

(d) A person who witnesses a psychiatric advance directive in good faith and in accordance with this chapter shall not be civilly liable or criminally prosecuted for actions taken by an agent.

(e) A copy of a directive executed in accordance with this Code section shall be valid and have the same meaning and effect as the original document.

37-11-10.
A directive may be revoked in whole or in part by a declarant at any time so long as such declarant is capable. Any revocation of the directive communicated to a provider or facility by a capable declarant shall also be documented in such declarant's medical record.

37-11-11.
(a) Upon being presented with a psychiatric advance directive, a provider or facility shall make the directive a part of a declarant's medical record.
(b) In the absence of specific knowledge of the revocation or invalidity of a directive, a provider or facility providing mental health care to a declarant may presume that a person who executed a psychiatric advance directive in accordance with this chapter was of sound mind and acted voluntarily when executing such directive and may rely upon a psychiatric advance directive or a copy of that directive.
(c) A provider or facility shall be authorized to act in accordance with a directive when a declarant is incapable of making mental health care decisions.
(d) A provider or facility shall continue to obtain a declarant's consent to all mental health care decisions if he or she is capable of providing consent or refusal.

37-11-12.
(a)(1) When acting under the authority of a directive, a provider or facility shall comply with it to the fullest extent possible unless the requested mental health care is:
(A) Unavailable;
(B) Medically contraindicated in a manner that would result in substantial harm to the declarant if administered; or
(C) In the opinion of the provider or facility, inconsistent with reasonable medical standards to benefit the declarant or has proven ineffective in treating such declarant's mental health condition.
(2) In the event that a part of a directive is unable to be followed due to any of the circumstances set forth in paragraph (1) of this subsection, all other parts of such directive shall be followed.
(b) If a provider or facility is unwilling at any time for one or more of the reasons set forth in paragraph (1) of subsection (a) of this Code section to comply with a declarant's wishes as set forth in the directive or with the decision of such declarant's agent, such provider or facility shall:
(1) Document the reason for not following the directive in such declarant's medical record; and
(2) Promptly notify such declarant and his or her agent, if one is appointed in the directive, or otherwise such declarant's legal guardian, of the refusal to follow the directive or instructions of the agent and document the notification in such declarant's medical record.
(c) In the event a provider or facility is unwilling at any time for one or more of the reasons set forth in paragraph (1) of subsection (a) of this Code section to comply with a

declarant's wishes as set forth in the directive or with the decision of such declarant's agent, if an agent has been appointed, then the declarant's agent, or otherwise such declarant's legal guardian, shall arrange for such declarant's transfer to another provider or facility if the requested care would be delivered by that other provider or facility.

(d) A provider or facility unwilling at any time for one or more of the reasons set forth in paragraph (1) of subsection (a) of this Code section to comply with a declarant's wishes as set forth in the directive or with the decision of a declarant's mental health care agent shall continue to provide reasonably necessary consultation and care in connection with the pending transfer.

(e) A psychiatric advance directive shall not limit the involuntary examination, treatment, or hospitalization of patients pursuant to Chapter 3 or Chapter 7 of this title or evaluations or treatment services rendered pursuant to a court order under Code Section 17-7-130, 17-7-130.1, or 17-7-131.

(f) Nothing in this chapter shall be construed to require a provider or facility to provide mental health care for which a declarant or a third-party payor is unable or refuses to ensure payment.

37-11-13.

(a) Each provider, facility, or any other person who acts in good faith reliance on any instructions contained in a directive or on any direction or decision by a mental health care agent shall be protected and released to the same extent as though such person had interacted directly with a capable declarant.

(b) Without limiting the generality of the provisions of subsection (a) of this Code section, the following specific provisions shall also govern, protect, and validate the acts of a mental health care agent and each such provider, facility, and any other person acting in good faith reliance on such instruction, direction, or decision:

(1) No provider, facility, or person shall be subject to civil liability, criminal prosecution, or discipline for unprofessional conduct solely for complying with any instructions contained in a directive or with any direction or decision by a mental health care agent, even if death or injury to the declarant ensues;

(2) No provider, facility, or person shall be subject to civil liability, criminal prosecution, or discipline for unprofessional conduct solely for failure to comply with any instructions contained in a directive or with any direction or decision by a mental health care agent, so long as such provider, facility, or person informs such agent of its refusal or failure to comply with the directive and continues to provide reasonably necessary consultation and care in connection with a pending transfer;

(3) If the actions of a provider, facility, or person who fails to comply with any instruction contained in a directive or with any direction or decision by a mental health care agent are substantially in accord with reasonable medical standards at the time of consent or refusal of mental health care and such provider, facility, or person cooperates in the transfer of the declarant pursuant to subsection (d) of Code Section 37-11-12, such provider, facility, or person shall not be subject to civil liability, criminal

prosecution, or discipline for unprofessional conduct for failure to comply with the psychiatric advance directive;

(4) No mental health care agent who, in good faith, acts with due care for the benefit of the declarant and in accordance with the terms of a directive, or who fails to act, shall be subject to civil liability or criminal prosecution for such action or inaction;

(5) If the authority granted by a psychiatric advance directive is revoked under Code Section 37-11-10, a provider, facility, or agent shall not be subject to criminal prosecution or civil liability for acting in good faith reliance upon such psychiatric advance directive unless such provider, facility, or agent had actual knowledge of the revocation; and

(6) In the event a declarant has appointed a health care agent in accordance with Chapter 32 of Title 31, no provider, facility, or person who relies in good faith on the direction of such health care agent shall be subject to civil liability, criminal prosecution, or discipline for unprofessional conduct for complying with any direction or decision of such health care agent in the event the declarant's condition is subsequently determined to be a mental health care condition.

37-11-14.

A law enforcement officer who uses a declarant's valid psychiatric advance directive and acts in good faith reliance on the instructions contained in such directive shall not be subject to criminal prosecution or civil liability for any harm to such declarant that results from a good faith effort to follow such directive's instructions.

37-11-15.

(a) The provisions of this chapter shall not apply to or invalidate a valid psychiatric advance directive executed prior to July 1, 2021.

(b) The use of the form set forth in Code Section 37-11-16 or a similar form after July 1, 2021, in the creation of a psychiatric advance directive shall be deemed lawful and, when such form is used and it meets the requirements of this chapter, it shall be construed in accordance with the provisions of this chapter.

(c) Any person may use another form for a psychiatric advance directive so long as the form is substantially similar to, otherwise complies with the provisions of this chapter, and provides notice to a declarant substantially similar to that contained in the form set forth in Code Section 37-11-16. As used in this subsection, the term 'substantially similar' may include forms from other states.

'GEORGIA PSYCHIATRIC ADVANCE DIRECTIVE

By: _____ Date of Birth: _____

(Print Name) (Month/Day/Year)

As used in this psychiatric advance directive, the term:

(1) "Facility" means a hospital, skilled nursing facility, hospice, institution, home, residential or nursing facility, treatment facility, and any other facility or service which has a valid permit or provisional permit issued under Chapter 7 of Title 31 of the Official Code of Georgia Annotated or which is licensed, accredited, or approved under the laws of any state, and includes hospitals operated by the United States government or by any state or subdivision thereof.

(2) "Provider" means any person administering mental health care who is licensed, certified, or otherwise authorized or permitted by law to administer mental health care in the ordinary course of business or the practice of a profession, including, but not limited to, professional counselors, psychologists, clinical social workers, and clinical nurse specialists in psychiatric and mental health; a physician; or any person acting for any such authorized person.

This psychiatric advance directive has four parts:

PART ONE STATEMENT OF INTENT AND TREATMENT PREFERENCES. *This part allows you to state your intention for this document and state your mental health treatment preferences and consent if you have been determined to be incapable of making informed decisions about your mental health care. PART ONE will become effective only if you have been determined in the opinion of a physician or licensed psychologist who has personally examined you, or in the opinion of a court, to lack the capacity to understand the risks and benefits of, and the alternatives to, a mental health care decision under consideration and you are unable to give or communicate rational reasons for mental health care decisions because of impaired thinking, impaired ability to receive and evaluate information, or other cognitive disability. Reasonable and appropriate efforts will be made to communicate with you about your mental health treatment preferences before PART ONE becomes effective. You should talk to your family and others close to you about your intentions and mental health treatment preferences.*

PART TWO MENTAL HEALTH CARE AGENT. *This part allows you to choose someone to make mental health care decisions for you when you cannot make mental health care decisions for yourself. The person you choose is called a mental health care agent. You should talk to your mental health care agent about this important role.*

PART THREE OTHER RELATED ISSUES. *This part allows you to give important information to people who may be involved with you during a mental health care crisis.*

PART FOUR EFFECTIVENESS AND SIGNATURES. *This part requires your signature and the signatures of two witnesses. You must complete PART FOUR if you have filled out any other part of this form.*

You may fill out any or all of the first three parts listed above. You must fill out PART FOUR of this form in order for this form to be effective.

You should give a copy of this completed form to people who might need it, such as your mental health care agent, your family, and your physician. Keep a copy of this completed form at home in a place where it can easily be found if it is needed. Review this completed form periodically to make sure it still reflects your preferences. If your preferences change, complete a new psychiatric advance directive.

Using this form of psychiatric advance directive is completely optional. Other forms of psychiatric advance directives may be used in Georgia.

You may revoke this completed form at any time that you are capable of making informed decisions about your mental health care. If you choose to revoke this form, you should communicate your revocation to your providers, your agents, and any other person to whom you have given a copy of this form. This completed form will supersede any advance directive for health care, durable power of attorney for health care, health care proxy, or living will that you have completed before completing this form to the extent that such other documents relate to mental health care and are inconsistent with the information contained in this form.

PART ONE: STATEMENT OF INTENT AND TREATMENT PREFERENCES

[PART ONE will become effective only if you have been determined in the opinion of a physician or licensed psychologist who has personally examined you, or in the opinion of a court, to lack the capacity to understand the risks and benefits of, and the alternatives to, a mental health care decision under consideration and you are unable to give or communicate rational reasons for mental health care decisions because of impaired thinking, impaired ability to receive and evaluate information, or other cognitive disability. Reasonable and appropriate efforts will be made to communicate with you about your mental health treatment preferences before PART ONE becomes effective. PART ONE will be effective even if PARTS TWO or THREE are not completed. If you

have not selected a mental health care agent in PART TWO, or if your mental health care agent is not available, then PART ONE will communicate your treatment preferences to your providers or a facility providing care to you. If you have selected a mental health care agent in PART TWO, then your mental health care agent will have the authority to make health care decisions for you regarding matters guided by your mental health treatment preferences and other factors described in this PART.]

(1) STATEMENT OF INTENT

I, (*your name*) _____, being of sound mind, willfully and voluntarily make this psychiatric advance directive as a means of expressing in advance my informed choices and consent regarding my mental health care in the event I become incapable of making informed decisions on my own behalf. I understand this document becomes effective if it is determined by a physician or licensed psychologist who has personally examined me, or in the opinion of a court, that I lack the capacity to understand the risks, benefits, and alternatives to a mental health care treatment decision under consideration and I am unable to give or communicate rational reasons for my mental health care treatment decisions because of impaired thinking, impaired ability to receive and evaluate information, or other cognitive disability.

If I am deemed incapable of making mental health care decisions, I intend for this document to constitute my advance authorization and consent, based on my past experiences with my illness and knowledge gained from those experiences, for treatment that is medically indicated and consistent with the preferences I have expressed in this document.

I understand this document continues in operation only during my incapacity to make mental health care decisions. I understand I may revoke this document only during periods when I am mentally capable.

I intend for this psychiatric advance directive to take precedence over any advance directive for health care executed pursuant to Chapter 32 of Title 31 of the Official Code of Georgia Annotated, durable power of attorney for health care creating a health care agency under the former Chapter 36 of Title 31 of the Official Code of Georgia Annotated, as such chapter existed on and before June 30, 2007, health care proxy, or living will that I have executed prior to executing this form to the extent that such other documents relate to mental health care and are inconsistent with this executed document.

In the event that a decision maker is appointed by a court to make mental health care decisions for me, I intend this document to take precedence over all other means of determining my intent while I was competent.

It is my intent that a person or facility involved in my care shall not be civilly liable or criminally prosecuted for honoring my wishes as expressed in this document or for following the directions of my agent.

PART TWO: MENTAL HEALTH CARE AGENT

[PART ONE will be effective even if PART TWO is not completed. If you do not wish to appoint an agent, do not complete PART TWO. A provider who is directly involved in your health care or any employee of that provider may not serve as your mental health care agent unless such employee is your family member, friend, or associate and is not directly involved in your health care. An employee of the Department of Behavioral Health and Developmental Disabilities or of a local public mental health agency or of any organization that contracts with a local public mental health authority may not serve as your mental health care agent unless such person is your family member, friend, or associate and is not directly involved in your health care. If you are

married, a future divorce or annulment of your marriage will revoke the selection of your current spouse as your mental health care agent unless you indicate otherwise in Section (10) of this PART. If you are not married, a future marriage will revoke the selection of your mental health care agent unless the person you selected as your mental health care agent is your new spouse.]

(8) GENERAL POWERS OF MENTAL HEALTH CARE AGENT

My mental health care agent will make mental health care decisions for me when I have been determined in the opinion of a physician or licensed psychologist who has personally examined me, or in the opinion of a court, to lack the capacity to understand the risks and benefits of, and the alternatives to, a mental health care treatment decision under consideration and I am unable to give or communicate rational reasons for my mental health care decisions because of impaired thinking, impaired ability to receive and evaluate information, or other cognitive disability.

My mental health care agent will have the same authority to make any mental health care decision that I could make. My mental health care agent's authority includes, for example, the power to:

•Request and consent to admission or discharge from any facility;

•Request, consent to, authorize, or withdraw consent to any type of provider or mental health care that is consistent with my instructions in PART ONE of this form and subject to the limitations set forth in Section (4) of PART ONE; and

•Contract for any health care facility or service for me, and to obligate me to pay for these services (and my mental health care agent will not be financially liable for any services or care contracted for me or on my behalf).

My mental health care agent will be my personal representative for all purposes of federal or state law related to privacy of medical records (including the Health Insurance Portability and Accountability Act of 1996) and will have the same access to my medical records that I have and can disclose the contents of my medical records to others for my ongoing mental health care.

My mental health care agent may accompany me in an ambulance or air ambulance if in the opinion of the ambulance personnel protocol permits a passenger, and my mental health care agent may visit or consult with me in person while I am in a facility if its protocol permits visitation.

My mental health care agent may present a copy of this psychiatric advance directive in lieu of the original, and the copy will have the same meaning and effect as the original.

I understand that under Georgia law:

•My mental health care agent may refuse to act as my mental health care agent; and

•A court can take away the powers of my mental health care agent if it finds that my mental health care agent is not acting in accordance with this directive.

(9) GUIDANCE FOR MENTAL HEALTH CARE AGENT

In the event my directive is being used, my agent should first look at my instructions as expressed in PART ONE. If a situation occurs for which I have not expressed a preference, or in the event my preference is not available, my mental health care agent should think about what action would be consistent with past conversations we have had, my treatment preferences as expressed in PART ONE, my religious and other beliefs and values, and how I have handled medical and other important issues in the past. If what I would decide is still unclear, then my mental health care agent should make decisions for me that my mental health care agent believes are in my best interests, considering the benefits, burdens, and risks of my current circumstances and treatment options.

I impose the following limitations on my agent's authority to act on my behalf:

_____

_____

_____

(10) WHEN SPOUSE IS MENTAL HEALTH CARE AGENT AND THERE HAS BEEN A DIVORCE OR ANNULMENT OF OUR MARRIAGE

A BILL TO BE ENTITLED
AN ACT

To amend Chapter 64 of Title 33 of the Official Code of Georgia Annotated, relating to regulation and licensure of pharmacy benefits managers, so as to revise the definition of "rebate"; to require pharmacy benefits managers to calculate cost sharing requirements for insureds at the point of sale based on the true net cost of prescription drugs under certain conditions; to provide for disclosure of true net cost to insureds under certain conditions; to provide for disclosure to an insured and remittance of difference in cost sharing

payments to insureds based on final net cost; to provide for violations; to provide that requirements do not apply if 100 percent of rebates are passed on to the health plan; to provide for definitions; to provide for related matters; to provide for a short title; to provide for an effective date and applicability; to repeal conflicting laws; and for other purposes.

BE IT ENACTED BY THE GENERAL ASSEMBLY OF GEORGIA:

SECTION 1.

This Act shall be known and may be cited as the "Truth in Prescription Pricing for Patients Act."

SECTION 2.

Chapter 64 of Title 33 of the Official Code of Georgia Annotated, relating to regulation and licensure of pharmacy benefits managers, is amended in Code Section 33-64-1, relating to definitions, by revising paragraph (13) as follows:

"(13) 'Rebate' means any and all payments and price concessions that accrue to a pharmacy benefits manager or its health plan client, directly or indirectly, including through an affiliate, subsidiary, third party, or intermediary, from a pharmaceutical manufacturer, its affiliate, subsidiary, third party, or intermediary, including but not limited to discounts, administration fees, credits, incentives, or penalties associated directly or indirectly in any way with claims administered on behalf of a health plan client."

SECTION 3.

Said chapter is further amended by adding a new Code section to read as follows:

"33-64-10.1.

(a) As used in this Code section, the term:

(1) 'Cost sharing requirements' means copayments, coinsurance, deductibles, and any other amounts imposed on an insured for a covered prescription drug under the insured's health plan.

(2) 'Final net cost' means the true net cost for a prescription drug, less all rebates actually received by the pharmacy benefits manager or its health plan client subsequent to the point of sale.

(3) 'Health plan' has the same meaning as in Code Section 33-64-1, except that such term shall not include any health care coverage provided under the state health benefit plan pursuant to Article 1 of Chapter 18 of Title 45, the medical assistance program pursuant to Article 7 of Chapter 4 of Title 49, the PeachCare for Kids Program pursuant to Article 13 of Chapter 5 of Title 49, or any other health benefit plan or policy administered by or on behalf of this state.

(4) 'True net cost' means the amount paid or to be paid by a pharmacy benefits manager or health plan client to the pharmacy or dispenser for a prescription drug calculated at the point of sale less any rebates received or estimated to be received by the pharmacy benefits manager or its health plan client.

(b) A pharmacy benefits manager for a health plan shall calculate an insured's cost sharing requirements for a prescription drug at the point of sale of such prescription drug based on the prescription drug's true net cost and shall disclose such calculation to the insured at the point of sale or within 180 days of such point of sale, if such calculation affects the insured's cost sharing requirements.

(c) If such prescription drug's final net cost is subsequently calculated to be different than its true net cost:

(1) Which would result in a lower cost sharing requirement for the insured than that initially calculated based on the true net cost, the pharmacy benefits manager shall disclose such final net cost and remit payment to such insured in an amount equal to the excess amount paid by the insured over the previously calculated cost sharing requirement within 180 days of such subsequent calculation; or

(2) Which would result in a higher cost sharing requirement for the insured than that initially calculated based on the true net cost, the pharmacy benefits manager or the health plan client shall not hold the insured or the dispensing pharmacy responsible for the amount underpaid.

(d) In addition to any other remedy provided by law, any violation of this Code section by a pharmacy benefits manager shall constitute an unfair or deceptive trade practice pursuant to Part 2 of Article 15 of Chapter 1 of Title 10, the 'Fair Business Practices Act of 1975.'

(e) This Code section shall not apply to a pharmacy benefits manager that certifies to the department that 100 percent of all rebates the pharmacy benefits manager receives from pharmaceutical manufacturers are passed on to the health plan."

SECTION 4.

This Act shall become effective on January 1, 2023, and shall apply to all policies issued, delivered, issued for delivery, or renewed in this state on or after such date.

SECTION 5.

All laws and parts of laws in conflict with this Act are repealed.

During such transition period, all provisions of this charter shall be effective as law, but not all provisions of this charter shall be implemented.

(e) During such transition period, Cobb County shall continue to provide within the territorial limits of the city all government services and functions which Cobb County provided in that area during the years 2021 and 2022 and at the same actual cost, except to the extent otherwise provided in this section; provided, however, that upon at least 60 days' prior written notice to Cobb County by the City of Lost Mountain, responsibility for any such service or function shall be transferred to the City of Lost Mountain. During the transition period, the city shall remain within the Cobb County special services district, but shall be removed from such district at the conclusion of such period. Beginning July 1, 2023, the City of Lost Mountain shall collect taxes, fees, assessments, fines and forfeitures, and other moneys within the territorial limits of the city in the same manner as authorized immediately prior to the effective date of this section; provided, however, that upon at least 60 days' prior written notice to Cobb County by the City of Lost Mountain, the authority to collect any tax, fee, assessment, fine or forfeiture, or other

moneys shall remain with Cobb County after July 1, 2023, until such time as Cobb County receives subsequent notice from the City of Lost Mountain that such authority shall be transferred to the City of Lost Mountain.

(f) During the transition period, the governing authority of the City of Lost Mountain:

(1) Shall hold regular meetings and may hold special meetings as provided in this charter;

(2) May enact ordinances and resolutions as provided in this charter;

(3) May amend this charter by home rule action as provided by general law;

(4) May accept gifts and grants;

(5) May borrow money and incur indebtedness to the extent authorized by this charter and general law;

(6) May levy and collect an ad valorem tax for calendar years 2023 and 2024;

(7) May establish a fiscal year and budget;

(8) May create, alter, or abolish departments, boards, offices, commissions, and agencies of the city; appoint and remove officers and employees; and exercise all necessary or appropriate personnel and management functions; and

(9) May generally exercise any power granted by this charter or general law, except to the extent that a power is specifically and integrally related to the provision of a governmental service, function, or responsibility not yet provided or carried out by the city.

(g) Except as otherwise provided in this section, during the transition period, the Municipal Court of the City of Lost Mountain shall not exercise its jurisdiction. During the transition period, all ordinances of Cobb County shall remain applicable within the territorial limits of the city and the appropriate court or courts of Cobb County shall retain jurisdiction to enforce such ordinances. However, by mutual agreement and concurrent resolutions and ordinances if needed Cobb County and the City of Lost Mountain may during the transition period transfer all or part of such regulatory authority and the appropriate court jurisdiction to the City of Lost Mountain. Any transfer of jurisdiction to the City of Lost Mountain during or at the end of the transition period shall not in and of itself abate any judicial proceeding pending in Cobb County or the pending prosecution of any violation of any ordinance of Cobb County.

(h) During the transition period, the governing authority of the City of Lost Mountain may at any time, without the necessity of any agreement by Cobb County, commence to exercise its planning and zoning powers; provided, however, that the city shall give the county notice of the date on which the city will assume the exercise of such powers. Upon the governing authority of the City of Lost Mountain commencing to exercise its planning and zoning powers, the Municipal Court of the City of Lost Mountain shall immediately have jurisdiction to enforce the planning and zoning ordinances of the city. The provisions of this subsection shall control over any conflicting provisions of any other subsection of this section.

(i) Effective upon the termination of the transition period, subsections (b) through (h) of this section shall cease to apply except for the last sentence of subsection (g) which shall remain effective. Effective upon the termination of the transition period, the City of Lost

Mountain shall be a full functioning municipal corporation and subject to all general laws of this state.

SECTION 8.12.
Directory nature of dates.

It is the intention of the General Assembly that this Act be construed as directory rather than mandatory with respect to any date prescribed in this Act. If it is necessary to delay any action called for in this Act for providential cause or any other reason, it is the intention of the General Assembly that the action be delayed rather than abandoned. Any delay in performing any action under this Act, whether for cause or otherwise, shall not operate to frustrate the overall intent of this Act. Without limiting the generality of the foregoing it is specifically provided that:

(1) If it is not possible to hold the referendum election provided for in Section 8.10 of this charter on the date specified in that section, then such referendum shall be held as soon thereafter as is reasonably practicable; and

(2) If it is not possible to hold the first election provided for in Section 8.13 of this charter on the date specified in that section, then there shall be a special election for the initial members of the governing authority to be held as soon thereafter as is reasonably practicable, and the commencement of the initial terms of office shall be delayed accordingly.

SECTION 8.13.
Special election.

(a) The first election for councilmembers shall be a special election held on the Tuesday after the first Monday in November, 2022. At such election, the first councilmembers shall be elected to serve for the initial terms of office specified in subsections (b) and (c) of this section. Thereafter, the time for holding regular municipal elections shall be on the Tuesday next following the first Monday in November of each odd-numbered year beginning in 2025. The successors to the first mayor and initial councilmembers and future successors shall take office at the first organizational meeting in January immediately following their election and shall serve for terms of four years and until their respective successors are elected and qualified.

(b) The initial councilmembers elected from Post 2, Post 4, and Post 6 shall serve a term of office ending on December 31, 2025, and until their respective successors are elected and qualified. The initial councilmembers elected from Post 1, Post 3, and Post 5 shall serve a term of office ending on December 31, 2027, and until their respective successors are elected and qualified. Thereafter, successors to such initial councilmembers shall serve four-year terms of office and until their respective successors are elected and qualified.

The total appropriations from any fund shall not exceed the estimated fund balance, reserves, and revenues.

(b) The city council by ordinance shall adopt the final operating budget for the ensuing fiscal year not later than 15 days prior to the end of the current fiscal year. If the city council fails to adopt the budget by said date, the amounts appropriated for operation for the then current fiscal year shall be deemed adopted for the ensuing fiscal year on a month-to-month basis, with all items prorated accordingly, until such time as the city council adopts a budget for the ensuing fiscal year. Adoption of the budget shall take the form of an appropriations ordinance setting out the estimated revenues in detail by sources and making appropriations according to fund and by organizational unit, purpose, or activity as set out in the budget preparation ordinance adopted pursuant to Section 6.24 of this charter.

(c) The amount set out in the adopted operating budget for each organizational unit shall constitute the annual appropriation for such, and no expenditure shall be made or encumbrance created in excess of the otherwise unencumbered balance of the appropriations or allotment thereof to which it is chargeable.

SECTION 6.27.

(c) Whenever in opening, extending, or widening any street, avenue, alley, or public place of the city a small parcel or tract of land is cut off or separated by such work from a larger tract or boundary of land owned by the city, the city council may authorize the mayor to sell and convey said cut-off or separated parcel or tract of land to an abutting or adjoining property owner or owners where such sale and conveyance facilitates the highest and best use of the abutting owner's property. Included in the sales contract shall be a provision for the rights of way of said street, avenue, alley, or public place. Each abutting property owner shall be notified of the availability of the property and given the opportunity to purchase said property under such terms and conditions as set out by ordinance. All deeds and conveyances heretofore and hereafter so executed and delivered shall convey all title and interest the city has in such property, notwithstanding the fact that no public sale after advertisement was or is hereafter made.

The superintendent shall set the date of such election for the date of the 2022 general primary. The superintendent shall issue the call for such election at least 30 days prior to the date thereof. All persons desiring to vote for approval of the Act shall vote "Yes," and those persons desiring to vote for rejection of the Act shall vote "No." If more than one-half of the

The initial expense of such election shall be borne by Cobb County. Within two years after the elections if the incorporation is approved, the City of Vinings shall reimburse Cobb County for the actual cost of printing and personnel services for such election and for the initial election of the councilmembers pursuant to this charter. It shall be the duty of the superintendent to hold and conduct such election. It shall be his or her further duty to certify the result thereof to the Secretary of State.

(b) For the purposes of the referendum election provided for in subsection (a) of this section and for the purposes of the special election of the City of Vinings to be held on the Tuesday after the first Monday in November, 2022, the qualified electors of the City of Vinings shall be those qualified electors of Cobb County residing within the corporate limits of the City of Vinings as described by Appendix A of this charter. (c) Only for the purposes of holding and conducting the referendum election provided for in subsection (a) of this section and holding the special election of the City of Vinings to be held on the Tuesday after the first Monday in November, 2022, the election superintendent of Cobb County is vested with the powers and duties of the election superintendent of the City of Vinings and the powers and duties of the governing authority of the City of Vinings.

SECTION 8.11.
Effective dates and transition.

(a) The provisions of this Act necessary for the referendum election provided for in Section 8.10 of this charter shall become effective immediately upon this Act's approval by the Governor or upon its becoming law without such approval.

(b) Those provisions of this Act necessary for the special election provided for in Section 8.13 of this charter shall be effective upon the certification of the results of the referendum election provided for by Section 8.10 of this charter if this Act is approved at such referendum election.

(c) Except as provided in Section 8.10 of this charter, the remaining provisions of this Act shall become of full force and effect for all purposes at 12:00 Midnight on January 1, 2023, except that the initial councilmembers shall take office immediately following their election and the certification thereof and by action of a quorum may prior to 12:00 Midnight on January 1, 2023, meet and take actions binding on the city.

(d) A period of time will be needed for an orderly transition of various government functions from Cobb County to the City of Vinings. Accordingly there shall be a transition period beginning on the date the initial councilmembers take office under this charter, and ending at 12:00 Midnight on December 31, 2024. During such transition

period, all provisions of this charter shall be effective as law, but not all provisions of this charter shall be implemented.

(e) During such transition period, Cobb County shall continue to provide within the territorial limits of the city all government services and functions which Cobb County provided in that area during the years 2021 and 2022 and at the same actual cost, except to the extent otherwise provided in this section; provided, however, that upon at least 60 days' prior written notice to Cobb County by the City of Vinings, responsibility for any such service or function shall be transferred to the City of Vinings. During the transition period, the city shall remain within the Cobb County special services district, but shall be removed from such district at the conclusion of such period. Beginning December 1, 2023, the City of Vinings shall collect taxes, fees, assessments, fines and forfeitures, and other moneys within the territorial limits of the city in the same manner as authorized immediately prior to the effective date of this section; provided, however, that upon at least 60 days' prior written notice to Cobb County by the City of Vinings, the authority to collect any tax, fee, assessment, fine or forfeiture, or other moneys shall remain with Cobb County after December 1, 2023, until such time as Cobb County receives subsequent notice from the City of Vinings that such authority shall be transferred to the City of Vinings.

(f) During the transition period, the governing authority of the City of Vinings:

(1) Shall hold regular meetings and may hold special meetings as provided in this charter;

(2) May enact ordinances and resolutions as provided in this charter;

(3) May amend this charter by home rule action as provided by general law;

(8) May create, alter, or abolish departments, boards, offices, commissions, and agencies of the city; appoint and remove officers and employees; and exercise all necessary or appropriate personnel and management functions; and

(9) May generally exercise any power granted by this charter or general law, except to the extent that a power is specifically and integrally related to the provision of a governmental service, function, or responsibility not yet provided or carried out by the city.

(g) Except as otherwise provided in this section, during the transition period, the Municipal Court of the City of Vinings shall not exercise its jurisdiction. During the transition period, all ordinances of Cobb County shall remain applicable within the territorial limits of the city and the appropriate court or courts of Cobb County shall retain jurisdiction to enforce such ordinances. However, by mutual agreement and concurrent resolutions and ordinances if needed Cobb County and the City of Vinings may during the transition period transfer all or part of such regulatory authority and the appropriate court jurisdiction to the City of Vinings. Any transfer of jurisdiction to the City of

Vinings during or at the end of the transition period shall not in and of itself abate any judicial proceeding pending in Cobb County or the pending prosecution of any violation of any ordinance of Cobb County.

(h) During the transition period, the governing authority of the City of Vinings may at any time, without the necessity of any agreement by Cobb County, commence to exercise its code enforcement and planning and zoning powers; provided, however, that the city shall give the county notice of the date on which the city will assume the exercise of such powers. Upon the governing authority of the City of Vinings commencing to exercise its code enforcement and planning and zoning powers, the Municipal Court of the City of Vinings shall immediately have jurisdiction to enforce the code enforcement and planning and zoning ordinances of the city. The provisions of this subsection shall control over any conflicting provisions of any other subsection of this section.

(i) Effective upon the termination of the transition period, subsections (b) through (h) of this section shall cease to apply except for the last sentence of subsection (g) which shall remain effective. Effective upon the termination of the transition period, the City of Vinings shall be a full functioning municipal corporation and subject to all general laws of this state.

SECTION 8.12.
Directory nature of dates.

It is the intention of the General Assembly that this Act be construed as directory rather than mandatory with respect to any date prescribed in this Act. If it is necessary to delay any action called for in this Act for providential cause or any other reason, it is the intention of the General Assembly that the action be delayed rather than abandoned. Any delay in performing any action under this Act, whether for cause or otherwise, shall not operate to frustrate the overall intent of this Act. Without limiting the generality of the foregoing it is specifically provided that:

(1) If it is not possible to hold the referendum election provided for in Section 8.10 of this charter on the date specified in that section, then such referendum shall be held as soon thereafter as is reasonably practicable; and

(2) If it is not possible to hold the first election provided for in Section 8.13 of this charter on the date specified in that section, then there shall be a special election for the initial members of the governing authority to be held as soon thereafter as is reasonably practicable, and the commencement of the initial terms of office shall be delayed accordingly.

SECTION 8.13.
Special election.

(a) The first election for councilmembers shall be a special election held on the Tuesday after the first Monday in November, 2022. At such election, the first mayor and councilmembers shall be elected to serve for the initial terms of office specified in

Such term expressly excludes psychological testing, diagnosis of a mental or physical disorder, psychotherapy, cognitive therapy, psychoanalysis, and counseling.

43-7A-3.

(a) The Georgia Behavior Analyst Licensing Board is hereby established. The board shall be composed of five members appointed by the Governor.

(d)(1) Commissioner Districts 6 and 7 shall be and correspond to those two numbered districts described in Appendix B attached to and made a part of this Act and further identified as 'User: DeKalb Plan Name: DeKalbCC-Super-2022 Plan Type: Local'.

(2) For the purposes of such plan:

(A) The term 'VTD' shall mean and describe the same geographical boundaries as provided in the report of the Bureau of the Census for the United States decennial census of 2020 for the State of Georgia. The separate numeric designations in a district description which are underneath a VTD heading shall mean and describe individual Blocks within a VTD as provided in the report of the Bureau of the Census for the United States decennial census of 2020 for the State of Georgia; and

(B) Except as otherwise provided in the description of any district, whenever the description of any district refers to a named city, it shall mean the geographical boundaries of that city as shown on the census maps for the United States decennial census of 2020 for the State of Georgia.

(3) Any part of DeKalb County which is not included in any district described in paragraph (1) of this subsection shall be included within that district contiguous to such part which contains the least population according to the United States decennial census of 2020 for the State of Georgia.

(4) Any part of DeKalb County which is described in paragraph (1) of this subsection as being included in a particular district shall nevertheless not be included within such district if such part is not contiguous to such district. Such noncontiguous part shall instead be included within that district contiguous to such part which contains the least population according to the United States decennial census of 2020 for the State of Georgia."

SECTION 2.

Said Act is further amended by revising Section 3 as follows:

"SECTION 3.

(a) Commissioner Districts 1, 2, 3, 4, 5, 6, and 7, as they exist immediately prior to the effective date of this Act, shall continue to be designated as Commissioner Districts 1, 2, 3, 4, 5, 6, and 7, respectively, but as newly described under this Act, and on and after the effective date of this Act, such members of the board serving from those former commissioner districts shall be deemed to be serving from and representing their respective districts as newly described under this Act.

(b) Those members of the Board of Commissioners of DeKalb County who are serving as such on the effective date of this Act and any person selected to fill a vacancy in any such office shall continue to serve as such members until the regular expiration of their respective terms of office and upon the election and qualification of their respective successors.

(c) The members for Commissioner Districts 1, 4, 5 and 6 shall be elected at the general election on the Tuesday next following the first Monday in November, 2024.

(d) The members for Commissioner Districts 2, 3, and 7 shall be elected at the general election on the Tuesday next following the first Monday in November, 2022.

(e) Those and all future successors to members of the board whose terms of office are to expire shall be elected at the time of the state-wide general election immediately preceding the expiration of such terms, shall take office the first day of January immediately following that election, and shall serve for terms of office of four years each. Members of the board shall serve for the terms of office specified therefor in this subsection and until their respective successors are elected and qualified."

SECTION 3.

The provisions of this Act necessary to conduct elections for the members of the Board of Commissioners of DeKalb County in 2022 shall become effective upon the approval of this Act by the Governor or upon its becoming law without such approval. The remaining provisions of this Act shall become effective on January 1, 2023.

SECTION 4.

All laws and parts of laws in conflict with this Act are repealed.
