HR 822. By Representatives Stephens of the 164th, Rhodes of the 120th, DeLoach of the 167th and Williams of the 168th:

A RESOLUTION stating Georgia's opposition to the shark fin trade; and for other purposes.

The following Committee substitute was read and adopted:

A RESOLUTION

Stating Georgia's opposition to the practice of shark finning; and for other purposes.

WHEREAS, sharks, or elasmobranchii, are critical to the health of marine ecosystems; and

WHEREAS, shark finning, in which a shark is caught, its fins are sliced off while it is still alive, and the animal is returned to the sea severely and almost always fatally wounded, is a practice that causes tens of millions of sharks to die each year; and

WHEREAS, sharks occupy the top of the marine food chain; their decline is an urgent problem that upsets the balance of species in ocean ecosystems and negatively affects other fisheries, constituting a serious threat to biodiversity; and

WHEREAS, sharks are particularly susceptible to decline due to overfishing because they are slow to reach reproductive maturity, birth small litters, and cannot rebuild their populations quickly once they are overfished; and

WHEREAS, data from federal and international agencies and the scientific community show a decline in shark populations worldwide; and

WHEREAS, saltwater recreational fishing generates $343.7 million and 3,811 jobs for the State of Georgia each year, and sharks are identified as a key species group; and

WHEREAS, Georgia is a port of entry for shark fins and shark fin products from other countries that do not prohibit shark finning, driving a decline in shark populations. By impacting the import of shark fins, Georgia can help ensure that shark species do not become extinct as a result of shark finning; and

WHEREAS, Georgia was a participant in a recent illegal and international shark fin smuggling ring of which this state wants no part.

NOW, THEREFORE, BE IT RESOLVED BY THE HOUSE OF REPRESENTATIVES that the members of this body state their opposition to the practice of shark finning and their support for a requirement that any importer of shark fins into the United States must certify such fins were harvested in a manner equal to, if not more conservative than, those guidelines required by the United States.

BE IT FURTHER RESOLVED that the Clerk of the House of Representatives is authorized and directed to make appropriate copies of this resolution available for distribution to the public and the press.

HR 593. By Representatives Hogan of the 179th, Sainz of the 180th, DeLoach of the 167th, Williams of the 168th and Prince of the 127th:

A RESOLUTION compensating Mr. Dennis Arnold Perry; and for other purposes.

The following Committee substitute was read and adopted:

A RESOLUTION

Compensating Mr. Dennis Arnold Perry; and for other purposes.

WHEREAS, on the evening of March 11, 1985, a man shot and killed Harold and Thelma Swain inside Rising Daughter Baptist Church in Waverly, Georgia; and

WHEREAS, in the course of the original investigation of the murders, the investigating officers in the Camden County Sheriff's Office and the Georgia Bureau of Investigation investigated hundreds of leads and individuals, including Dennis Arnold Perry, whom they cleared as a suspect because he was working in the Atlanta area the day of the murders and could not have been in Waverly when the murders occurred; and

WHEREAS, no physical evidence has ever connected Dennis Arnold Perry to the murders or the crime scene; and

WHEREAS, despite this lack of evidence, Dennis Arnold Perry was arrested nearly 15 years later in January, 2000, by a different investigating officer; and

WHEREAS, despite his continued proclamations of innocence, Dennis Arnold Perry was charged with the murders; and

WHEREAS, on February 14, 2003, Dennis Arnold Perry was convicted of two counts of murder and agreed to give up his right to a direct appeal of a sentence of life in prison in exchange for the state's agreement not to seek the death penalty; and

WHEREAS, Dennis Arnold Perry's conviction was primarily based upon the testimony of a witness who sought, was promised, and received a cash reward in exchange for her

testimony that Mr. Perry had a motive to kill one of the victims and a successful conviction; and

WHEREAS, the reward paid to the state's main witness against Dennis Arnold Perry was never disclosed to Mr. Perry or his lawyers, notwithstanding multiple court orders that the state disclose such information; and

WHEREAS, the two officers who led the initial investigation of the murders did not believe Dennis Arnold Perry committed the murders, and both testified at his trial; and

WHEREAS, three hairs were recovered from a pair of glasses believed to have belonged to the killer and found at the crime scene, and DNA testing excluded Dennis Arnold Perry as a contributor of those hairs; and

WHEREAS, DNA testing in 2020 revealed that mitochondrial DNA from the hairs found at the crime scene matched the mitochondrial DNA of another suspect, who, according to multiple witnesses, had bragged about committing the murders at Rising Daughter Baptist Church; and

WHEREAS, in 2020, evidence was developed that included reporting by the *Atlanta Journal-Constitution*, establishing that this other suspect's alibi contained inaccurate information and was likely false; and

WHEREAS, on July 17, 2020, on the basis of this new DNA evidence and other evidence indicating Dennis Arnold Perry's innocence, the Superior Court of Glynn County overturned Mr. Perry's conviction and granted his extraordinary motion for new trial; and

WHEREAS, on July 23, 2020, after more than 20 years of incarceration, Dennis Arnold Perry was released on bond; and

WHEREAS, on July 19, 2021, a nolle prosequi was entered with respect to the indictment against Dennis Arnold Perry at the request of the District Attorney, who advised the court that both his office and the Georgia Bureau of Investigation did not believe that Mr. Perry committed these murders; and

WHEREAS, Dennis Arnold Perry has suffered loss of liberty, personal injury, lost wages, injury to reputation, health issues, emotional distress, and other damages as a result of his more than 20 years of incarceration; and

WHEREAS, during his imprisonment, Dennis Arnold Perry was divorced by his wife, lost his home, and lost both his parents and his stepfather, yet still maintained an exemplary record as a prisoner, serving as a mentor and example to other inmates; and

WHEREAS, the conviction, incarceration, and subsequent loss of liberty and other damages suffered by Dennis Arnold Perry occurred through no fault or negligence on his part, and it is only fitting and proper that he be compensated for his losses.

NOW, THEREFORE, BE IT RESOLVED BY THE GENERAL ASSEMBLY OF GEORGIA that the Department of Administrative Services is authorized and directed to pay the sum of $1,230,000.00 to Mr. Dennis Arnold Perry as compensation as provided above. Said sum shall be paid from funds appropriated to or available to the Department of Administrative Services and shall be in full and complete satisfaction of all claims against the state arising out of said occurrence and shall be paid subject to the provisions of this resolution. After an initial payment of $307,500.00, the remainder of said sum shall be paid in the form of an annuity in equal monthly installments over a 20 year period of time beginning in 2022. Upon the death of Mr. Dennis Arnold Perry, all payments and all obligations of the state with respect to any and all future payments with respect to the annuity shall continue to be made to his estate or heirs.

BE IT FURTHER RESOLVED that any amount received by Mr. Dennis Arnold Perry pursuant to this resolution shall be excluded from his taxable net income for state income tax purposes.

HR 626. By Representatives Holcomb of the 81st, Werkheiser of the 157th and Watson of the 172nd:

A RESOLUTION compensating Kerry Robinson; and for other purposes.

The following Committee substitute was read and adopted:

A RESOLUTION

Compensating Kerry Robinson; and for other purposes.

WHEREAS, Kerry Robinson was solely and maliciously implicated by an admitted perpetrator in a February 15, 1993, incident where three men entered into a home in Moultrie, Georgia, and raped a woman living within; and

WHEREAS, despite his proclamations of innocence and lack of implication by the victim or any other witness, Mr. Robinson was arrested and charged with this crime; and

WHEREAS, on February 26, 2002, Mr. Robinson was convicted of rape and sentenced to 20 years in prison; and

WHEREAS, the basis for Mr. Robinson's conviction was the testimony of the undisputed perpetrator, which was incentivized and self-serving and would have been inadmissible without additional corroboration; and

WHEREAS, that additional corroboration was the inaccurate testimony of a Georgia Bureau of Investigation (GBI) analyst based on his own interpretation of a complex mixture of DNA from multiple potential contributors, collected from swabs in the victim's sexual assault kit; and

WHEREAS, the DNA test kit used by the GBI at the time looked for partial genetic markers (called alleles) present at 13 different locations on a chromosome, and each of the three assailants and the victim could have contributed 26 alleles to the DNA mixture, for a possibility of up to 104 different alleles present in the complex mixture; and

WHEREAS, the GBI analyst interpreted the complex mixture as containing two partial genetic markers (alleles) that could have come from Mr. Robinson, and opined that though they also could have come from "lots" of other people in the community, and though he "could not do the math," there was a "very, very low probability" that the alleles came from a random African American in the community as opposed to Mr. Robinson; and

WHEREAS, since 2018, the GBI has employed an advanced computer software program that uses probabilistic genotyping to conduct the necessary mathematical and statistical DNA interpretations in complex mixture cases like in Mr. Robinson's case; and

WHEREAS, when the complex DNA mixture from Mr. Robinson's case was analyzed using the computer program now used by the GBI, it confirmed that the GBI analyst's trial testimony was inaccurate and that it is actually 1,800 times more likely that a random African American's DNA is in the complex mixture than Mr. Robinson's; and

WHEREAS, without the corroborating testimony of the GBI analyst, the participant's bargained-for incriminatory testimony would have been the sole evidence against Mr. Robinson and insufficient to sustain Mr. Robinson's conviction under Georgia law; and

WHEREAS, Mr. Robinson, who has maintained his innocence since before his conviction, in 2005 also sought DNA testing on the remaining untested sexual assault kit evidence in his case, which could have excluded him definitively, but the state had illegally destroyed that biological evidence in 2004, less than one year after the General Assembly passed a law requiring such evidence be preserved for exactly that purpose; and

WHEREAS, on September 17, 2019, Mr. Robinson filed an amended Extraordinary Motion for a New Trial with the Superior Court of Colquitt County reasserting his innocence, setting forth the new exculpatory evidence that Mr. Robinson likely did not commit the crime, and asserting that there is no corroboration whatsoever for the incentivized participant's testimony against Mr. Robinson; and

WHEREAS, on January 8, 2020, a Colquitt County Superior Court Judge, with agreement from the Southern Judicial Circuit's District Attorney, determined that justice required the court to grant the motion; and

WHEREAS, that same day, Mr. Robinson's conviction was vacated, the court granted the state's motion to dismiss the indictment against him, and he was ordered released by the Georgia Department of Corrections; and

WHEREAS, as a result of his wrongful arrest and conviction, Mr. Robinson has suffered loss of liberty, personal injury, lost wages, injury to reputation, emotional distress, and other damages as a result of his more than 17 years of incarceration for a rape he did not commit; and

WHEREAS, the conviction, incarceration, and subsequent loss of liberty and other damages suffered by Mr. Robinson occurred through no fault or negligence on his part, and it is only fitting and proper that he be compensated for his losses.

NOW, THEREFORE, BE IT RESOLVED BY THE GENERAL ASSEMBLY OF GEORGIA that the Department of Administrative Services is authorized and directed to pay the sum of $480,000.00 to Kerry Robinson as compensation as provided above. Said sum shall be paid from funds appropriated to or available to the Department of Administrative Services and shall be in full and complete satisfaction of all claims against the state arising out of said occurrence and shall be paid subject to the provisions of this resolution. After an initial payment of $120,000.00, the remainder of said sum shall be paid in the form of an annuity in equal monthly installments over a 20 year period of time beginning in 2022. Upon the death of Kerry Robinson, all payments and all obligations of the state with respect to any and all future payments with respect to the annuity shall continue to be made to his estate or heirs.

BE IT FURTHER RESOLVED that any amount received by Kerry Robinson pursuant to this resolution shall be excluded from his taxable net income for state income tax purposes.

(6) Engaged in any unprofessional, immoral, unethical, deceptive, or deleterious conduct or practice harmful to the public, which conduct or practice materially affects the fitness of the licensee or applicant to practice the specialty or is of a nature likely to jeopardize the interest of the public, which conduct or practice need not have resulted in actual injury to any person or be directly related to the practice of the specialty but shows that the licensee or applicant has committed any act or omission which is indicative of bad moral character or untrustworthiness; unprofessional conduct shall also include any departure from, or the failure to conform to, the minimal standards of acceptable and prevailing practice of the specialty, as well as the practice of any professional activity which the licensee or applicant is not qualified to perform by virtue of not having acquired the requisite professional education, training, or experience;

(8) Violated a statute, law, or any rule or regulation of this state, any other state, the board, the United States, or any other lawful authority (without regard to whether the violation is criminally punishable), which statute, law, or rule or regulation relates to or in part regulates the practice of the specialty, when the licensee or applicant knows or should know that such action is violative of such statute, law, or rule; or violated a lawful order of the board previously entered by the board in a disciplinary hearing, consent decree, or license reinstatement;

(9) Been adjudged mentally incompetent by a court of competent jurisdiction within or without this state; any such adjudication shall automatically suspend the license of

(10) Displayed an inability to practice the specialty with reasonable skill and safety to the public or has become unable to practice the specialty with reasonable skill and safety to the public by reason of illness, use of alcohol, drugs, narcotics, chemicals, or any other type of material:

(A) In enforcing this subsection, the board may, if it has a reasonable basis to believe that the licensee is practicing while incapacitated in the performance of ~~his or her~~ such licensee's duties by reason of substance abuse or mental or physical illness, require a licensee or applicant to submit to a mental, physical, or mental and physical examination by an appropriate licensed practitioner designated by the board. The results of such examination shall be admissible in any hearing before the board, notwithstanding any claim of privilege under a contrary rule of law or statute. If a licensee fails to submit to each examination when properly directed to do so by the board, the board may summarily suspend the license of such licensee, if the public health, safety, and welfare imperatively require such action, and thereafter enter a final order upon proper notice, hearing, and proof of such refusal; and

(B) For the purpose of this subsection, the board, if it has a reasonable basis to believe that the licensee is incapacitated in the performance of ~~his or her~~ such licensee's duties by reason of substance abuse or mental or physical illness, may require the licensee to produce or give the board permission to obtain any and all records relating to the alleged incapacitating mental or physical condition of a licensee or applicant, including that individual's personal psychiatric, psychological, and mental health records; and such records shall be admissible in any hearing before the board. If a licensee fails to provide such records when properly directed to do so by the board, the board may summarily suspend the license of such licensee, if the public health, safety, and welfare imperatively require such action, and thereafter enter a final order upon proper notice, hearing, and proof of such refusal.

(b) The provisions of Chapter 13 of Title 50, the 'Georgia Administrative Procedure Act,' with respect to emergency action by a professional licensing board and summary suspension of a license are adopted and incorporated by reference into this Code section.

(c) For purposes of this Code section, the board may obtain, through subpoena by the division director, upon reasonable grounds, any and all records relating to the mental or physical condition of a licensee or applicant, and such records shall be admissible in any hearing before the board.

(d) When the board finds that any person is unqualified to be granted a license or finds that any person should be disciplined pursuant to subsection (a) of this Code section or the laws, rules, or regulations relating to a specialty, the board may take any one or more of the following actions:

(1) Refuse to grant or renew a license to an applicant;

(2) Administer a public or private reprimand, but a private reprimand shall not be disclosed to any person except the licensee;

(3) Suspend any license for a definite period or for an indefinite period in connection with any condition which may be attached to the restoration of said license;

(4) Limit or restrict any license as the board deems necessary for the protection of the public;

(5) Revoke any license;

(6) Condition the penalty upon, or withhold formal disposition pending, the applicant's or licensee's submission to such care, counseling, or treatment as the board may direct; or

(7) Impose a fine not to exceed $500.00 for each violation of a law, rule, or regulation relating to the specialty.

(e) In addition to and in conjunction with the actions described in subsection (d) of this Code section, the board may make a finding adverse to the licensee or applicant but withhold imposition of judgment and penalty; or it may impose the judgment and penalty but suspend enforcement thereof and place the licensee on probation, which probation may be vacated upon noncompliance with such reasonable terms as the board may impose.

(f) Initial judicial review of a final decision of the board shall be had solely in the superior court of the county of domicile of the board.

(g) In its discretion, the board may reinstate a license which has been revoked or issue a license which has been denied or refused, following such procedures as the board may prescribe by rule; and, as a condition thereof, it may impose any disciplinary or corrective method provided in this Code section.

(h)(1) The division director is vested with the power and authority to make, or cause to be made through employees or agents of the board, such investigations as ~~he or she~~ the division director or the board may deem necessary or proper for the enforcement of the provisions of this article. Any person properly conducting an investigation on behalf of the board shall have access to and may examine any writing, document, or other material relating to the fitness of any licensee or applicant. The division director or ~~his or her~~ the division director's appointed representative may issue subpoenas to compel such access upon a determination that reasonable grounds exist for the belief that a violation of this article may have taken place.

(2) The results of all investigations initiated by the board shall be reported solely to the board, and the records of such investigations shall be kept for the board by the division director, with the board retaining the right to have access at any time to such records. No part of any such records shall be released, except to the board, for any purpose other than a hearing before the board, nor shall such records be subject to subpoena; provided, however, that the board shall be authorized to release such records to another enforcement agency or lawful licensing authority.

(3) If a licensee is the subject of a board inquiry, all records relating to any person who receives services rendered by that licensee in ~~his or her~~ the capacity as licensee shall be admissible at any hearing held to determine whether a violation of this article has taken place, regardless of any statutory privilege; provided, however, that any documentary

evidence relating to a person who received those services shall be reviewed in camera and shall not be disclosed to the public.

(4) The board shall have the authority to exclude all persons during its deliberations on disciplinary proceedings and to discuss any disciplinary matter in private with a licensee or applicant and the legal counsel of that licensee or applicant.

(i) A person, firm, corporation, association, authority, or other entity shall be immune from civil and criminal liability for reporting or investigating the acts or omissions of a licensee or applicant which violate the provisions of this article or for initiating or conducting proceedings against such licensee or applicant, if such report is made or action is taken in good faith, without fraud or malice. Any person who testifies or who makes a recommendation to the board in the nature of peer review, in good faith, without fraud or malice, before the board in any proceeding involving the provisions of subsection (a) of this Code section shall be immune from civil and criminal liability for so testifying.

(j) Neither the issuance of a private reprimand nor the denial of a license by reciprocity nor the denial of a request for reinstatement of a revoked license nor the refusal to issue a previously denied license shall be considered to be a contested case within the meaning of Chapter 13 of Title 50, the 'Georgia Administrative Procedure Act'; notice and hearing within the meaning of said chapter shall not be required, but the applicant or licensee shall be allowed to appear before the board if ~~he~~ the applicant or licensee so requests.

(k) If any licensee or applicant after reasonable notice fails to appear at any hearing of the board, the board may proceed to hear the evidence against such licensee or applicant and take action as if such licensee or applicant had been present. A notice of hearing, initial or recommended decision, or final decision of the board in a disciplinary proceeding shall be served upon the licensee or applicant by certified mail or statutory overnight delivery, return receipt requested, to the last known address of record with the board. If such material is returned marked 'unclaimed' or 'refused' or is otherwise undeliverable and if the licensee or applicant cannot, after diligent effort, be located, the division director shall be deemed to be the agent for service for such licensee or applicant for purposes of this Code section, and service upon the division director shall be deemed to be service upon the licensee or applicant.

(l) The voluntary surrender of a license or the failure to renew a license by the end of an established penalty period shall have the same effect as a revocation of said license, subject to reinstatement in the discretion of the board. The board may restore and reissue a license to practice a specialty and, as a condition thereof, may impose any disciplinary sanction provided by this Code section.

(m) This Code section shall apply equally to all licensees or applicants whether individuals, partners, or members of any other incorporated or unincorporated associations, limited liability companies, corporations, or other associations of any kind whatsoever.

(n) Regulation by the board of a specialty shall not exempt licensees under this article from regulation pursuant to any other applicable law, including but not limited to Part 2 of Article 15 of Chapter 1 of Title 10, the 'Fair Business Practices Act of 1975.'

43-10A-18.
Whenever it shall appear to the board that any person is or has been violating any provisions of this article or any of the lawful rules, regulations, or orders of the board, the board, the division director, or the appropriate district attorney may file a petition for injunction in the proper superior court of this state against such person for the purpose of enjoining any such violation. It shall not be necessary to allege or prove that there is no adequate remedy at law. The right of injunction provided for in this Code section shall be in addition to any other legal remedy available, including but not limited to any right of criminal prosecution provided by law.

43-10A-19.
It shall be unlawful for a person to obtain or attempt to obtain a license under this article by fraudulent representation.

Any member of the panel may serve two successive terms or until his or her successor has been appointed. The members of the panel shall be:

(a) In order to be eligible for compensation under this part, a claimant shall establish by a preponderance of evidence to the panel that:

(1) The claimant was convicted of one or more felonies and subsequently incarcerated;

(2) The claimant proclaims his or her innocence;

(3) The claimant did not commit or suborn perjury, fabricate evidence, or engage in conduct intended to bring about the conviction. A confession later found to be false, an admission of guilt later found to be false, or a guilty plea shall not constitute committing or suborning perjury, fabricating evidence, or engaging in conduct intended to bring about the conviction under this part; and

(4) The claimant was exonerated of the crime for which the claim for compensation for wrongful conviction and incarceration is being made.

(b) In order to receive compensation under this part, the claimant shall establish by a preponderance of evidence to the panel that:

(1) The claimant received a pardon based on innocence for the conviction;

(2) The claimant was exonerated based on grounds of innocence; or

(3) The claimant did not commit the crime for which the claimant was convicted and did not commit any lesser included offenses.

(c) The panel, in evaluating a claim brought under this part, may, in the interest of justice, give due consideration to difficulties of proof caused by the passage of time, the death or unavailability of witnesses, the destruction of evidence, and other factors not caused by the claimant or those acting on his or her behalf.

(d) The panel is authorized to determine:

(1) Whether a claimant qualified for compensation under this part; and

(2) The recommended amount of compensation, if any, with any such amount to be included in the board's transmittal provided for in subsection (b) of Code Section 28-5-115.

28-5-113.

(a) No claim for payment of compensation under this part shall be considered by the panel unless a notice of claim has been filed with the board within three years after the date the claimant's eligibility has been established as set forth in paragraph (4) of subsection (a) of Code Section 28-5-112 or within three years of July 1, 2022, whichever occurs later.

(b) The panel shall provide forms to be used in filing a notice of claim and shall make them available for such purpose. The forms shall specify what evidence the panel will require in order to process a claim pursuant to subsections (a) and (b) of Code Section 28-5-112. Such information shall include documentation supporting a claimant's eligibility for compensation and showing of innocence. If a claim does not contain all information requested in the form, the panel shall contact the claimant to request this information, in writing, within 30 days of discovering the information is missing, and provide the claimant 60 days to supplement his or her claim.

(c) Once the panel is in receipt of all information requested under subsection (b) of this Code section, and if the panel determines the claimant is eligible under subsection (a) of Code Section 28-5-112 for consideration for compensation, the panel shall, within 90 days of receiving the notice of claim and requested information:

(1) Conduct a hearing if it determines a hearing is necessary to make a recommendation under this part; or

(2) Make a provisional judgment on the eligibility of the claimant and the recommended award and provide its provisional judgment to the claimant. Upon receiving notice of the panel's provisional judgment, the claimant shall have 14 days to request a hearing before the panel if the claimant wishes for further review of his or her claim. If the claimant requests a hearing under this paragraph, the panel shall conduct a hearing within 60 days.

(d) In the event a hearing is to be held, the claimant, the district attorney for the circuit in which the conviction occurred, and the Attorney General shall be notified of the date, time, and place of the hearing and shall be entitled to present evidence at such hearing.
(e) Proceedings before the panel shall be governed by rules established by the panel. A claimant may be represented by an attorney as he or she shall choose.

28-5-114.
(a) Upon determining a claimant meets the criteria of subsections (a) and (b) of Code Section 28-5-112, the panel shall recommend to the board that the claimant be awarded compensation for wrongful conviction and incarceration.
(b) In recommending compensation pursuant to subsection (a) of this Code section, the panel:
(1) May include $100,000.00 per year, but shall include no less than $50,000.00 per year, for each year of wrongful incarceration, provided that a prorated amount shall be allocated to any partial year served; and
(2) May include the claimant's incurred reasonable attorney's fees and other expenses in connection with all associated criminal and habeas corpus proceedings, obtaining the claimant's discharge from confinement, and filing of a claim for compensation under this part.
(c) In calculating time of incarceration, the panel shall only include time for the charge for which the claimant is making a claim under this part consistent with the requirements of Code Section 17-10-11; provided, however, that a claimant shall not be entitled to compensation under this part for any portion of a sentence spent incarcerated during which the claimant was also serving a concurrent sentence of incarceration for another crime to which this part does not apply.
(d)(1) Any payment of compensation may be made to or for the benefit of the claimant; or in the case of the death of the claimant, to or for the benefit of one or more of the heirs at law of the claimant, or, if the claimant chooses, up to one other person who is not an heir at law as designated by the claimant.
(2) Except as otherwise provided in paragraphs (3) and (4) of this subsection, payment of compensation shall be made in the form of an annuity as follows:
(A) For a claimant who is under 60 years of age, in equal prorated amounts annually over a 20 year period; and
(B) For a claimant who is at least 60 years of age, in equal prorated amounts annually over a ten-year period.
(3) An amount of the compensation payment not to exceed 25 percent may be made as an initial cash payment with the remainder paid in the form of an annuity as provided for in subparagraph (A) or (B) of paragraph (2) of this subsection.
(4) The panel may recommend adjustment of the length of the annuity period specified in paragraph (2) of this subsection upon a determination that such an adjustment would be in the claimant's best interest.
(e) In recommending compensation pursuant to subsection (a) of this Code section, the panel shall strive for consistency between claimants.

(f) The dollar amounts specified in this Code section shall be adjusted annually by an amount calculated by multiplying such dollar amounts (as adjusted for the preceding year) by the annual percentage change in the consumer price index, or its successor or appropriate replacement index, if any, published by the United States Department of Labor for the preceding calendar year, commencing on July 1, 2022.

28-5-115.

(a) Within six months, or within a year if a hearing was held, of receiving the claimant's notice of claim and all information requested under subsection (b) of Code Section 28-5-113, the panel shall prepare a written recommendation to the board including:

(1) A statement of its findings as to whether the claimant has met the requirements of subsections (a) and (b) of Code Section 28-5-112;

(2) A statement explaining the panel's calculation of compensable time; and

(3) A statement detailing the amount and forms of compensation.

(b) The board shall adopt the recommendation of the panel as its own and upon adopting the recommendation of the panel shall transmit the recommendation and the statement of the panel to the Chief Justice of the Supreme Court of Georgia within seven days of receiving it from the panel.

(c) If the Chief Justice of the Supreme Court of Georgia receives and accepts the recommendation of the board on or before September 1, he or she shall include the compensation recommended by the board under this part in the amended budget for the judiciary for the current fiscal year. If the Chief Justice of the Supreme Court of Georgia receives and accepts the recommendation of the board after September 1, he or she shall include the compensation recommended by the board under this part in the budget for the judiciary for the next fiscal year.

(d) Any award of compensation made pursuant to this part shall not be:

(1) Subject to any monetary limitation of damages awarded in civil actions;

(2) Subject to any state income taxes; provided, however, that the award of attorney's fees shall be subject to taxation; or

(3) Offset by any expense incurred by this state or any political subdivision thereof related to the claimant's incarceration.

(e) The General Assembly waives sovereign immunity of this state for the purpose of authorizing payment of claims against this state pursuant to the authority of this part.

(f) No award of compensation pursuant to this part shall be disbursed to a claimant who had his or her judgment of conviction reversed or vacated, or was granted a new trial, and had the indictment or accusation dismissed or nolle prossed until the time period set forth in Code Section 17-3-3 has lapsed or the prosecutor has affirmatively declined further prosecution.

28-5-116.

(a) If, at the time a claim is made under this part to the panel, the claimant has won a monetary award against the state or any political subdivision thereof in the final judgment of a civil action related to the wrongful conviction or has entered into a settlement

agreement with the state or any political subdivision thereof related to the wrongful conviction, the amount of the award in the action or the amount received in the settlement agreement, less any sums paid to attorneys for costs in litigating other civil action or obtaining the settlement agreement, shall be deducted from the sum of money to which the panel shall usually recommend under this part.

(b) If, after the time a claim is made under this part to the panel, the claimant wins a monetary award against the state or any political subdivision thereof in the final judgment of a civil action related to the wrongful conviction or enters into a settlement agreement with the state or any political subdivision thereof related to the wrongful conviction, the claimant shall reimburse the state for the sum of money awarded under this part as compensation for wrongful conviction, less any sums paid to attorneys or for costs in litigating other civil action or obtaining the settlement agreement. Such a reimbursement shall not exceed the amount of the monetary award the claimant wins for damages in the other civil action or the amount received in the settlement agreement."

BE IT ENACTED BY THE GENERAL ASSEMBLY OF GEORGIA:

SECTION 1.

Chapter 27 of Title 50 of the Official Code of Georgia Annotated, relating to lottery for education, is amended by revising paragraph (19) of subsection (a) of Code Section 50-27-9, relating to the general powers of the Georgia Lottery Corporation, as follows:

A BILL to be entitled an Act to amend Code Section 20-2-262 of the Official Code of Georgia Annotated, relating to low-wealth capital outlay grants to local school systems and criteria for eligibility, so as to revise the eligibility criteria for project specific capital outlay grants for low-wealth school systems; to provide for related matters; to repeal conflicting laws; and for other purposes.

The following Committee substitute was read and adopted:

A BILL TO BE ENTITLED
AN ACT

To amend Code Section 20-2-262 of the Official Code of Georgia Annotated, relating to low-wealth capital outlay grants to local school systems and criteria for eligibility, so as to revise the eligibility criteria for certain capital outlay grants for low-wealth school systems; to provide for the authority of the State Board of Education to establish rules and regulations; to provide for related matters; to repeal conflicting laws; and for other purposes.

BE IT ENACTED BY THE GENERAL ASSEMBLY OF GEORGIA:

SECTION 1.

Code Section 20-2-262 of the Official Code of Georgia Annotated, relating to low-wealth capital outlay grants to local school systems and criteria for eligibility, is amended by revising subsection (d) and adding two new subsections to read as follows:

"(d) ~~Local~~ Except as provided for in subsection (d.1) of this Code section and subject to available funding, local school systems which meet the following criteria shall be eligible for a low-wealth capital outlay grant:

(1)(A)(i) The amount of sales tax revenues per unit in the full-time equivalent student count of the local school system is currently ranked in the bottom 25 percent of local school systems for sales tax revenues per unit in the full-time equivalent student count or was so ranked during any of the three most recently completed school years; and

(ii) The value of property per unit in the full-time equivalent student count of the local school system is currently ranked in the bottom 25 percent of local school systems for value of property per unit in the full-time equivalent student count or was so ranked during any of the three most recently completed school years;

(B) For local school systems in which the amount of special purpose local option sales tax revenues is ranked in the bottom 25 percent of eligible local school systems receiving such sales tax revenues, such systems may submit a request to the department for consideration; provided, however, that the local school system shall be required to commit the equivalent of five years of such revenues for the project. The department shall consider factors such as the high cost of a project, the local school system's ability to manage the project on its own, and the needs of the local school system, in determining whether to approve a project pursuant to this subparagraph; or

(C) For local school systems that are consolidating educational facilities that are more than 35 years old in accordance with a local facilities plan, the amount of special purpose local option sales tax revenues for a local school system over a five-year period would not generate the required local contribution, as determined pursuant to subsection (c) of this Code section;

(2) The local school system's millage rate for maintenance and operation is at least 12 mills or an equivalent millage thereof;

(3) A special purpose local option sales tax is in effect in the local school district or the local school system has in place a millage rate for debt service on bonds, or both; and

(4) The local school system uses prototypical specifications as defined by the State Board of Education for the project.

(d.1) If the Department of Education determines that a local school system's system wide eligible need has been met as a result of such local school system having received a capital outlay grant pursuant to subparagraph (d)(1)(B) or subparagraph (d)(1)(C) of this Code section, then such local school system shall not be eligible to receive another capital outlay grant pursuant to subparagraph (d)(1)(B) or subparagraph (d)(1)(C) of this Code section for a period of ten years from the date such grant was received."

"(g) The State Board of Education shall establish rules and regulations to implement the provisions of this Code section. Such rules shall provide for, but shall not be limited to, the following:

(1) The prioritization of eligible local school systems in the event that available funds are not sufficient to cover the full amount of capital outlay grants provided for in this Code section. In such event, eligible local school systems with lesser amounts of special purpose local option sales tax revenues shall be prioritized over eligible local school systems with higher amounts of such revenues.

(2) The manner and method by which the Department of Education shall determine whether a local school system's system wide eligible need has been met as a result of such local school system having received a capital outlay grant pursuant to subparagraph (d)(1)(B) or subparagraph (d)(1)(C) of this Code section."

BE IT ENACTED BY THE GENERAL ASSEMBLY OF GEORGIA:

SECTION 1.

Chapter 1 of Title 43 of the Official Code of Georgia Annotated, relating to general provisions relative to professions and businesses, is amended by adding a new Code section to read as follows:

"43-1-35.

(a) As used in this Code section, the term:

(1) 'Healthcare professional' means a person licensed, registered, or certified by a licensing board or a student enrolled in a school of medicine, osteopathic medicine, nursing, or pharmacy.

(2) 'Licensing board' means:

(A) Georgia Board of Nursing;

(B) Georgia Composite Medical Board; and

(C) State Board of Pharmacy.

(3) 'Professional program' means a program created to address issues related to career fatigue and wellness in healthcare professionals that is established or contracted for by a state-wide association, that is exempt from federal income taxes pursuant to Section 501(c)(6) of the Internal Revenue Code, and that primarily represents healthcare

professionals licensed to practice medicine or osteopathic medicine in multiple specialties.

(b) No person or entity shall be obligated to report information regarding a healthcare professional who is a participant in a professional program to his or her respective licensing board unless the person or entity has determined that there is reasonable probability that such participant is not competent to continue in practice or is a danger to himself or herself or to the health and welfare of his or her patients or the public, unless such person or entity is otherwise under a duty to report such information.

(c) Every member of, or healthcare professional consultant to, any committee, board, group, commission, or other entity that functions primarily to review, evaluate, or make recommendations on a professional program shall be immune from civil liability for any act, decision, omission, or utterance done or made in performance of his or her duties while serving as a member of or consultant to such committee, board, group, commission, or other entity. No active participant in a professional program shall be employed or engaged by such professional program or have a financial ownership interest in such professional program.

(d) The proceedings, minutes, records, reports, analyses, findings, conclusions, recommendations, and the deliberative process, including opinions and reports of a professional program, both oral and written, originating in or provided to such professional program, shall not be subject to discovery or introduction into evidence in any civil action, unless a court of competent jurisdiction, after a hearing in camera, determines that the evidence is not otherwise available and extraordinary circumstances exist such that the need for the evidence substantially outweighs the interest in protecting such evidence from disclosure and orders the disclosure of such proceedings, minutes, records, reports, or communications; provided, however that nothing in this subsection shall be construed as providing any privilege to any healthcare professional or healthcare facility or entity with respect to any factual information regarding specific patient healthcare or treatment, whether oral, electronic, or written. A person involved in the work of a professional program may not be questioned as a witness in a civil action regarding his or her knowledge of any factual information regarding specific patient healthcare or treatment by virtue of his or her involvement in the professional program. Exchange of information between professional programs shall not constitute a waiver of any privilege provided in this subsection."

BE IT ENACTED BY THE GENERAL ASSEMBLY OF GEORGIA:

SECTION 1.

Title 36 of the Official Code of Georgia Annotated, relating to local governments, is amended by revising Chapter 66, relating to zoning procedures, as follows:

"CHAPTER 66

36-66-1.

This chapter shall be known and may be cited as ~~'The Zoning~~ the 'Zoning Procedures Law.'

36-66-2.

(a) While recognizing and confirming the authority of local governments to exercise zoning power within their respective territorial boundaries, it is the intention of this chapter to establish as state policy minimum procedures governing the exercise and means of judicial review of the exercise of that power. The purpose of these minimum procedures is to assure that due process is afforded to the general public when local governments regulate the uses of property through the exercise of the zoning power. Nothing in this chapter shall be construed to invalidate any zoning decision made by a local government prior to ~~January 1, 1986~~ July 1, 2023, or to require a local government to exercise its zoning power.

(b) Consistent with the minimum procedures required by this chapter, local governments may:

(1) Provide by ordinance or resolution for such administrative officers, ~~bodies~~ boards, or agencies as may be expedient for the efficient exercise of ~~their~~ delegated, quasi-judicial zoning powers and to establish procedures and notice requirements for hearings before such quasi-judicial officers, boards, or agencies that are consistent with the minimum procedures provided for in this chapter to assure due process is afforded the general public; and

(2) Provide by ordinance or resolution for procedures and requirements in addition to or supplemental to those required by this chapter and, where so adopted, thereby establish the minimum procedures for such local government's exercise of zoning powers.

36-66-3.

(2) 'Territorial boundaries' means, in the case of counties, the unincorporated areas thereof and any area defined in paragraph (5.1) of Code Section 36-70-2, and, in the case of municipalities, the area lying within the corporate limits thereof except any area defined in paragraph (5.1) of Code Section 36-70-2.

(3) 'Zoning' means the power of local governments to provide within their respective territorial boundaries for the zoning or districting of property for various uses and the prohibition of other or different uses within such zones or districts and for the regulation of development and the improvement of real estate within such zones or districts in accordance with the uses of property for which such zones or districts were established.

(4) 'Zoning decision' means final legislative action by a local government which results in:

(A) The adoption or repeal of a zoning ordinance;

(B) The adoption of an amendment to a zoning ordinance which changes the text of the zoning ordinance;

(C) The adoption or denial of an amendment to a zoning ordinance ~~which rezones~~ to rezone property from one zoning classification to another;

(D) The adoption or denial of an amendment to a zoning ordinance by a municipal local government ~~which zones~~ to zone property to be annexed into the municipality; ~~or~~

(E) The grant or denial of a permit relating to a special use of property;

The term also includes the zoning map adopted in conjunction with a zoning ordinance which shows the zones and districts and zoning classifications of property therein.

36-66-4.

zoning decisions under subparagraphs (C), (E), or (F) of paragraph (4) of Code Section 36-66-3 for the same property, only one hearing shall be required under this Code Section. At least 15 but not more than 45 days prior to the date of the hearing, the local government shall cause to be published within a newspaper of general circulation within the territorial boundaries of the local government a notice of the hearing. The notice shall state the time, place, and purpose of the hearing.

(b) If a zoning decision of a local government is for the rezoning of property and the rezoning is initiated by a party other than the local government, then:

(1) The notice, in addition to the requirements of subsection (a) of this Code section, shall include the location of the property, the present zoning classification of the property, and the proposed zoning classification of the property; and

(2) A sign containing information required by local ordinance or resolution shall be placed in a conspicuous location on the property not less than 15 days prior to the date of the hearing.

(c) If the zoning decision of a local government is for the rezoning of property and the amendment to the zoning ordinance to accomplish the rezoning is defeated by the local government, then the same property may not again be considered for rezoning until the expiration of at least six months immediately following the defeat of the rezoning by the local government.

(d) If the zoning is for property to be annexed into a municipality, then:

(1) Such municipal local government shall complete the procedures required by this chapter for such zoning, except for the final vote of the municipal governing authority, prior to adoption of the annexation ordinance or resolution or the effective date of any local Act but no sooner than the date the notice of the proposed annexation is provided to the governing authority of the county as required under Code Section 36-36-6;

(2) The hearing required by subsection (a) of this Code section shall be conducted prior to the annexation of the subject property into the municipality;

(3) In addition to the other notice requirements of this Code section, the municipality shall cause to be published within a newspaper of general circulation within the territorial boundaries of the county wherein the property to be annexed is located a notice of the hearing as required under the provisions of subsection (a) or (b), as applicable, of this Code section and shall place a sign on the property when required by subsection (b) of this Code section; and

A qualified county which includes property which has been deannexed by a municipality may provide, by the adoption of a zoning ordinance, that all deannexed property shall be zoned by the county, without further action, for the same use for which that property was zoned immediately prior to such deannexation. A municipality shall be a qualified municipality only if the municipality and the county in which is located the property annexed into such municipality have a common zoning ordinance with respect to zoning classifications. A county shall be a qualified county only if that county and the municipality in which was located the property deannexed have a common zoning ordinance with respect to zoning classifications. A zoning ordinance authorized by this subsection shall be adopted in compliance with the other provisions of this chapter. The operation of such ordinance to zone property which is annexed or deannexed shall not require any further action by the adopting municipality, adopting county, or owner of the property annexed or deannexed. The published notice shall be at least six column inches in size and shall not be located in the classified advertising section of the newspaper.

(g) A local government delegating decision-making power to a quasi-judicial officer, board, or agency shall provide for a hearing on each proposed action described in paragraph (1.1) of Code Section 36-66-3. Notice of such hearing shall be provided at least 30 days prior to the quasi-judicial hearing, with such notice being made as provided for in subsection (a) of this Code section and with additional notice being mailed to the owner of the property that is the subject of the proposed action.

36-66-5.

(a) Local governments shall adopt policies and procedures which govern calling and conducting hearings required by Code Section 36-66-4, and printed copies of such policies and procedures shall be available for distribution to the general public. Such

policies and procedures shall specify a minimum time period at hearings on proposed zoning decisions or quasi-judicial decisions for presentation of data, evidence, and opinion by proponents of each zoning decision and an equal minimum time period for presentation by opponents of each proposed zoning decision, such minimum time period to be no less than ten minutes per side.

(b) In addition to policies and procedures required by subsection (a) of this Code section, each local government rendering a zoning decision shall adopt standards governing the exercise of the zoning power, and such standards may include any factors which the local government finds relevant in balancing the interest in promoting the public health, safety, morality, or general welfare against the right to the unrestricted use of property. Such standards shall be printed and copies thereof shall be available for distribution to the general public.

(b.1) In addition to policies and procedures required by subsection (a) of this Code section, each local government providing for a quasi-judicial officer's, board's, or agency's' grant, denial, or review of a quasi-judicial matter may adopt specific standards and criteria governing the exercise of such quasi-judicial decision-making authority, and such standards shall include the factors by which the local government directs the evaluation of a quasi-judicial matter. Such standards may be printed and copies thereof made available for distribution to the general public.

(c) The policies and procedures required by subsection (a) of this Code section and the adoption of standards required by ~~subsection~~ subsections (b) and (b.1) of this Code section may be included in and adopted as part of the zoning ordinance. Prior to the adoption of any zoning ordinance enacted on or after ~~January 1, 1986~~ July 1, 2022, a local government shall conduct a public hearing on a proposed action which may be advertised and held concurrent with the hearing required by subsection (a) of Code Section 36-66-4 for the adoption of a zoning ordinance. The provisions of subsection (a) of Code Section 36-66-4 relating to notices of public hearings for the purposes of that subsection shall also apply to public hearings required by this subsection.

36-66-5.1.

(a) To ensure that the general public is afforded due process in an orderly way to petition the courts for review of a local government's exercise of zoning, administrative, or quasi-judicial powers as guaranteed by Article I, Section I, Paragraphs IX and XII of the Constitution, the General Assembly, pursuant to its authority under Article VI, Section IV, Paragraph I of the Constitution, provides the following mechanism by which each of the powers described in this chapter may be reviewed by the superior court of the county wherein such property is located:

(1) Zoning decisions as described in this chapter, being legislative in nature, shall be subject to direct constitutional challenge regarding the validity of maintaining the existing zoning on the subject property or the validity of conditions or an interim zoning category other than what was requested in the superior court pursuant to its original jurisdiction over declaratory judgments pursuant to Chapter 4 of Title 9 and equity

jurisdiction under Title 23. Such challenges shall be by way of a de novo review by the superior court wherein new evidence may be adduced; or

(2) Quasi-judicial decisions as described in this chapter and zoning decisions under subparagraph (E) of paragraph (4) of Code Section 36-66-3 shall be subject to appellate review by the superior court pursuant to its appellate jurisdiction and shall be brought by way of a petition for certiorari pursuant to Chapter 4 of Title 5. Such matters shall be reviewed on the record which shall be brought to the superior court as provided in Code Section 5-4-7.

(b) All such challenges or appeals shall be brought within 30 days of the written decision of the challenged or appealed action.

(c) To ensure that the citizens of this state are not unnecessarily burdened by the certiorari process as a mechanism of appeal, local governments shall designate by ordinance or resolution:

(1) The officer of the quasi-judicial board or agency who shall have authority, without additional board or agency action, to approve and issue the bond and certificate of costs described in subsection (a) of Code Section 5-4-5 and upon whom service of such petition may be effected or accepted on behalf of the members of the board or agency, in their official capacities, as respondents, during normal business hours, at the regular offices of the local government; and

(2) The elected official or his or designee who shall have authority to accept service and upon whom service of an appeal of a quasi-judicial decision may be effected or accepted on behalf of the mayor and council and the chairperson or chief executive officer and board of commissioners, in their official capacities, as defendants, during normal business hours, at the regular offices of the local government.

(d) An appeal or challenge by an opponent filed pursuant to this chapter shall stay all legal proceedings in furtherance of the action appealed from or challenged, unless the local government, officer, board, or agency from which or from whom the appeal or challenge is taken certifies that, by reason of the facts stated in the certificate, a stay would cause imminent peril to life or property. In such actions, the applicant for the zoning decision or the quasi-judicial decision shall be a necessary party and shall be named as a defendant in the action and served in accordance with subsection (b) of Code Section 5-4-6 or Code Section 9-11-4, as appropriate.

36-66-6.

(a) In any local government which has established a planning department or other similar agency charged with the duty of reviewing zoning proposals, such planning department or other agency shall, with respect to each proposed zoning decision involving land that is adjacent to or within 3,000 feet of any military base or military installation or within the 3,000 foot Clear Zone and Accident Prevention Zones Numbers I and II as prescribed in the definition of an Air Installation Compatible Use Zone of a military airport, investigate and make a recommendation with respect to each of the matters enumerated in subsection (b) of this Code section, in addition to any other duties with which the planning department or agency is charged by the local government. The planning

department or other agency shall request from the commander of such military base, military installation, or military airport a written recommendation and supporting facts relating to the use of the land being considered in the proposed zoning decision at least 30 days prior to the hearing required by subsection (a) of Code Section 36-66-4. If the base commander does not submit a response to such request by the date of the public hearing, there shall be a presumption that the proposed zoning decision will not have any adverse effect relative to the matters specified in subsection (b) of this Code section. Any such information provided shall become a part of the public record.

(b) The matters with which the planning department or agency shall be required to make such investigation and recommendation shall be:

(1) Whether the zoning proposal will permit a use that is suitable in view of the use of adjacent or nearby property within 3,000 feet of a military base, military installation, or military airport;

(2) Whether the zoning proposal will adversely affect the existing use or usability of nearby property within 3,000 feet of a military base, military installation, or military airport;

(3) Whether the property to be affected by the zoning proposal has a reasonable economic use as currently zoned;

(4) Whether the zoning proposal will result in a use which will or could cause a safety concern with respect to excessive or burdensome use of existing streets, transportation facilities, utilities, or schools due to the use of nearby property as a military base, military installation, or military airport;

(5) If the local government has an adopted land use plan, whether the zoning proposal is in conformity with the policy and intent of the land use plan; and

(6) Whether there are other existing or changing conditions affecting the use of the nearby property as a military base, military installation, or military airport which give supporting grounds for either approval or disapproval of the zoning proposal."

SECTION 2.

This Act shall become effective on July 1, 2022, and shall apply to all zoning and quasi-judicial decisions occurring on and after that date; however, no zoning or quasi-judicial decision prior to July 1, 2023, shall be rendered invalid or void because of a local government's failure to implement language in their ordinances accomplishing the provisions of Code Section 36-66-5.1.

SECTION 3.

(III) Be printed with a reasonable degree of color contrast between the background and the printed disclaimer.

(D) Except in the case of physically disabled electors residing in the county or municipality or electors in custody in a jail or other detention facility in the county or municipality, no absentee ballot shall be mailed to an address other than the permanent mailing address of the elector as recorded on the elector's voter registration record or a temporary out-of-county or out-of-municipality address. Upon request, electors held in jails or other detention facilities who are eligible to vote shall be granted access to the necessary personal effects for the purpose of applying for and voting an absentee ballot pursuant to this chapter.

(E) Relatives applying for absentee ballots for electors must also sign an oath stating that facts in the application are true.

(F) If the elector is unable to fill out or sign such elector's own application because of illiteracy or physical disability, the elector shall make such elector's mark, and the person filling in the rest of the application shall sign such person's name below it as a witness.

(G) Any elector meeting criteria of advance age or disability specified by rule or regulation of the State Election Board or any elector who is entitled to vote by absentee ballot under the federal Uniformed and Overseas Citizens Absentee Voting Act, 42 U.S.C. Section 1973ff, et seq., as amended, may request in writing on one application a ballot for a presidential preference primary held pursuant to Article 5 of this chapter and for a primary as well as for any runoffs resulting therefrom and for the election for which such primary shall nominate candidates as well as any runoffs resulting therefrom. If not so requested by such person, a separate and distinct application shall be required for each primary, run-off primary, election, and run-off election. Except as otherwise provided in this subparagraph, a separate and distinct application for an absentee ballot shall always be required for any special election or special primary.

(2) A properly executed registration card submitted under the provisions of subsection (b) of Code Section 21-2-219, if submitted within 180 days of a primary or election in which the registrant is entitled to vote, shall be considered to be an application for an absentee ballot under this Code section, or for a special absentee ballot under Code Section 21-2-381.1, as appropriate.

(3)(A) All persons or entities, other than ~~the Secretary of State, election superintendents, boards of registrars, and absentee ballot clerks,~~ relatives authorized to request an absentee ballot for such elector, that ~~send~~ mail unsolicited applications for absentee ballots to electors in a primary, election, or runoff shall mail such applications only to individuals who have not already requested, received, or voted an absentee ballot in the primary, election, or runoff. Any such person or entity shall compare its mail distribution list with the most recent information available about which electors have requested, been issued, or voted an absentee ballot in the primary, election, or runoff and shall remove the names of such electors from its mail distribution list. A person or entity shall not be liable for any violation of this subparagraph if such person or entity relied upon information made available by the Secretary of State within five business days prior to the date such applications are

mailed. Nothing in this Code section shall prevent a person or entity from making blank absentee ballot applications available to electors or directing electors to an electronic location where an elector can obtain an absentee ballot application.

(B) A person or entity in violation of subparagraph (A) of this paragraph shall be subject to sanctions by the State Election Board which, in addition to all other possible sanctions, may include requiring such person or entity to pay restitution to each affected county or municipality in an amount up to $100.00 per duplicate absentee ballot application that is processed by the county or municipality due to such violation or the actual cost incurred by each affected county or municipality for the processing of such duplicate absentee ballot applications.

(4) In extraordinary circumstances as described in Code Section 21-2-543.1, the registrar or absentee ballot clerk shall determine if the applicants are eligible to vote under this Code section and shall either mail or issue the absentee ballots for the election for representative in the United States Congress to an individual entitled to make application for absentee ballot under subsection (d) of this Code section the same day any such application is received, so long as the application is received by 3:00 P.M., otherwise no later than the next business day following receipt of the application. Any valid absentee ballot shall be accepted and processed so long as the ballot is received by the registrar or absentee ballot clerk not later than 45 days after the ballot is transmitted to the absent uniformed services voter or overseas voter, but in no event later than 11 days following the date of the election."

SECTION 6.

Said chapter is further amended by repealing and reserving subsection (b) of Code Section 21-2-381.2, relating to state write-in absentee ballot for certain electors.

SECTION 7.

Said chapter is further amended in Code Section 21-2-382, relating to additional buildings as additional registrar's office or place of registration for receiving absentee ballots and for advance voting and drop boxes, by revising subsection (c) as follows:

"(c)(1) A board of registrars or absentee ballot clerk shall establish at least one drop box as a means for absentee by mail electors to deliver their ballots to the board of registrars or absentee ballot clerk. A board of registrars or absentee ballot clerk may establish additional drop boxes, subject to the limitations of this Code section, but may only establish additional drop boxes totaling the lesser of either one drop box for every 100,000 active registered voters in the county or the number of advance voting locations in the county. Any additional drop boxes shall be evenly geographically distributed by population in the county. Drop boxes established pursuant to this Code section shall be established at the office of the board of registrars or absentee ballot clerk or inside locations at which advance voting, as set forth in subsection (d) of Code Section 21-2-385, is conducted in the applicable primary, election, or runoff and may be open during the hours of advance voting at that location. Such drop boxes shall be ~~closed~~ locked when advance voting is not being conducted at that location. All drop

boxes shall be ~~closed~~ locked when the advance voting period ends, as set forth in subsection (d) of Code Section 21-2-385. The drop box location shall have adequate lighting and be under constant surveillance by an election official or his or her designee, law enforcement official, or licensed security guard. During an emergency declared by the Governor pursuant to Code Section 38-3-51, drop boxes may be located outside the office of the board of registrars or absentee ballot clerk or outside of locations at which advance voting is taking place, subject to the other limitations of this Code section.

(2) The opening slot of a drop box shall not allow ballots to be tampered with or removed and shall be designed to minimize the ability for liquid or other substances that may damage ballots to be poured into the drop box. A drop box shall be labeled "OFFICIAL ABSENTEE BALLOT DROP BOX" and shall clearly display the signage developed by the Secretary of State pertaining to Georgia law with regard to who is allowed to return absentee ballots and destroying, defacing, or delaying delivery of ballots.

(3) The board of registrars or absentee ballot clerk shall arrange for the collecting and return of ballots deposited at each drop box at the conclusion of each day where advance voting takes place. Collection of ballots from a drop box shall be made by a team of at least two people. Any person collecting ballots from a drop box shall have sworn an oath in the same form as the oath for poll officers set forth in Code Section 21-2-95. The collection team shall complete and sign a ballot transfer form as specified by the Secretary of State upon removing the ballots from the drop box which shall include the date, time, location, number of ballots, confirmation that the drop box was locked after the removal of the ballots, and the identity of each person collecting the ballots. The ballot transfer form shall also serve as an initial chain of custody document on which each person who takes possession of the ballots shall sign for such ballots. The ballots shall be placed in a locked transfer case upon being removed from the drop box. Such transfer case shall be sealed and signed by the collection team in a manner such that it cannot be opened without breaking the seal. The collection team shall then immediately transfer the ballots to the board of registrars or absentee ballot clerk, who shall process and store the ballots in the same manner as absentee ballots returned by mail are processed and stored. The board of registrars, absentee ballot clerk, or a designee of the board of registrars or absentee ballot clerk shall verify that such seal has not been broken or otherwise tampered with or compromised and shall sign the ballot transfer form upon receipt of the ballots from the collection team and shall include the date and time of signing and verification under this provision. Such form shall be considered a public record pursuant to Code Section 50-18-70.

(4) At the beginning of voting at each advance location where a drop box is present, the manager of the advance voting location shall open the drop box and confirm on the reconciliation form for that advance voting location that the drop box is empty. If the drop box is not empty, the manager shall secure the contents of the drop box and immediately inform the election superintendent, board of registrars, or absentee ballot clerk, who shall inform the Secretary of State."

SECTION 8.

Said chapter is further amended by revising Code Section 21-2-386, relating to safekeeping, certification, and validation of absentee ballots, rejection of ballot, delivery of ballots to location designated by superintendent, duties of superintendent and managers, precinct returns, report of returns of verified and accepted absentee ballots cast as soon as possible following closing of polls, notification of challenged elector, and unlawful disclosure of tabulation results, as follows:

"21-2-386.

(a)(1)(A) The board of registrars or absentee ballot clerk shall keep safely, unopened, and stored in a manner that will prevent tampering and unauthorized access to and document the chain of custody of all official absentee ballots received from absentee electors prior to the closing of the polls on the day of the primary or election except as otherwise provided in this subsection.

(B) Upon receipt of each ballot, a registrar or clerk shall write the day and hour of the receipt of the ballot on its envelope. The registrar or clerk shall then compare the number of the elector's Georgia driver's license number or state identification card issued pursuant to Article 5 of Chapter 5 of Title 40 and date of birth entered on the absentee ballot envelope with the same information contained in the elector's voter registration records. If the elector has affirmed on the envelope that he or she does not have a Georgia driver's license or state identification card issued pursuant to Article 5 of Chapter 5 of Title 40, the registrar or clerk shall compare the last four digits of the elector's social security number and date of birth entered on the envelope with the same information contained in the elector's voter registration records. The registrar or clerk shall also confirm that the elector signed the oath and the person assisting the elector, if any, signed the required oath. If the elector has signed the elector's oath, the person assisting has signed the required oath, if applicable, and the identifying information entered on the absentee ballot envelope matches the same information contained in the elector's voter registration record, the registrar or clerk shall so certify by signing or initialing his or her name below the voter's oath. Each elector's name so certified shall be listed by the registrar or clerk on the numbered list of absentee voters prepared for his or her precinct. All accepted absentee ballots shall be securely stored in a sealed container that will prevent tampering or unauthorized access prior to scanning such ballots.

(C) If the elector has failed to sign the oath, or if the identifying information entered on the absentee ballot envelope does not match the same information appearing in the elector's voter registration record, or if the elector has failed to furnish required information or information so furnished does not conform with that on file in the registrar's or clerk's office, or if the elector is otherwise found disqualified to vote, the registrar or clerk shall write across the face of the envelope 'Rejected,' giving the reason therefor. The board of registrars or absentee ballot clerk shall promptly notify the elector of such rejection, a copy of which notification shall be retained in the files of the board of registrars or absentee ballot clerk for at least two years. Such elector shall have until the end of the period for verifying provisional ballots contained in

subsection (c) of Code Section 21-2-419 to cure the problem resulting in the rejection of the ballot. The elector may cure a failure to sign the oath, nonmatching identifying information, or missing information by submitting an affidavit to the board of registrars or absentee ballot clerk along with a copy of one of the forms of identification enumerated in subsection (c) of Code Section 21-2-417 before the close of such period. The affidavit shall affirm that the ballot was submitted by the elector, is the elector's ballot, and that the elector is registered and qualified to vote in the primary, election, or runoff in question. If the board of registrars or absentee ballot clerk finds the affidavit and identification to be sufficient, the absentee ballot shall be counted.

(D) An elector who registered to vote by mail, but did not comply with subsection (c) of Code Section 21-2-220, and who votes for the first time in this state by absentee ballot shall include with his or her application for an absentee ballot or in the outer oath envelope of his or her absentee ballot either one of the forms of identification listed in subsection (a) of Code Section 21-2-417 or a copy of a current utility bill, bank statement, government check, paycheck, or other government document that shows the name and address of such elector. If such elector does not provide any of the forms of identification listed in this subparagraph with his or her application for an absentee ballot or with the absentee ballot, such absentee ballot shall be deemed to be a provisional ballot and such ballot shall only be counted if the registrars are able to verify current and valid identification of the elector as provided in this subparagraph within the time period for verifying provisional ballots pursuant to Code Section 21-2-419. The board of registrars or absentee ballot clerk shall promptly notify the elector that such ballot is deemed a provisional ballot and shall provide information on the types of identification needed and how and when such identification is to be submitted to the board of registrars or absentee ballot clerk to verify the ballot.

(E) Three copies of the numbered list of voters shall also be prepared for such rejected absentee electors, giving the name of the elector and the reason for the rejection in each case. Three copies of the numbered list of certified absentee voters and three copies of the numbered list of rejected absentee voters for each precinct shall be turned over to the poll manager in charge of counting the absentee ballots and shall be distributed as required by law for numbered lists of voters.

(F) All absentee ballots returned to the board or absentee ballot clerk after the closing of the polls on the day of the primary or election shall be safely kept unopened by the board or absentee ballot clerk and then transferred to the appropriate clerk with the chain of custody documents provided for in subparagraph (a)(1)(A) of this Code section for storage in a manner that will prevent tampering for the period of time required for the preservation of ballots used at the primary or election and shall then, without being opened, be destroyed in like manner as the used ballots of the primary or election. The board of registrars or absentee ballot clerk shall promptly notify the elector by first-class mail that the elector's ballot was returned too late to be counted and that the elector will not receive credit for voting in the primary or election. All

such late absentee ballots shall be delivered to the appropriate clerk and stored as provided in Code Section 21-2-390.

(G) Notwithstanding any provision of this chapter to the contrary, until the United States Department of Defense notifies the Secretary of State that the Department of Defense has implemented a system of expedited absentee voting for those electors covered by this subparagraph, absentee ballots cast in a primary, election, or runoff by eligible absentee electors who reside outside the county or municipality in which the primary, election, or runoff is held and are members of the armed forces of the United States, members of the merchant marine of the United States, spouses or dependents of members of the armed forces or merchant marine residing with or accompanying such members, or overseas citizens that are postmarked by the date of such primary, election, or runoff and are received within the three-day period following such primary, election, or runoff, if proper in all other respects, shall be valid ballots and shall be counted and included in the certified election results.

(2)(A) Beginning at 8:00 A.M. on the third Monday prior to the day of the primary, election, or runoff, the election superintendent shall be authorized to open the outer oath envelope of absentee ballots that have been verified and accepted pursuant to subparagraph (a)(1)(B) of this Code section, remove the contents of such outer envelope, open the inner envelope marked 'Official Absentee Ballot,' and scan the absentee ballot using one or more ballot scanners. At least three persons who are registrars, deputy registrars, poll workers, or absentee ballot clerks must be present before commencing; and three persons who are registrars, deputy registrars, or absentee ballot clerks shall be present at all times while the sealed containers containing verified and accepted absentee ballots are being unsealed and verified for integrity, while the absentee ballot envelopes are being opened, and while the absentee ballots are being scanned. However, no person shall tally, tabulate, estimate, or attempt to tally, tabulate, or estimate or cause the ballot scanner or any other equipment to produce any tally or tabulate, partial or otherwise, of the absentee ballots cast until the time for the closing of the polls on the day of the primary, election, or runoff except as provided in this Code section. Prior to beginning the process set forth in this paragraph, the superintendent shall provide written notice to the Secretary of State in writing at least seven days prior to processing and scanning absentee ballots. Such notice shall contain the dates, start and end times, and location or locations where absentee ballots will be processed and scanned. The superintendent shall also post such notice publicly in a prominent location in the superintendent's office and on the home page of the county election superintendent's website, if the county election superintendent maintains such a website. The Secretary of State shall publish on his or her website the information he or she receives from superintendents stating the dates, times, and locations where absentee ballots will be processed.

(B) The proceedings set forth in this paragraph shall be open to the view of the public, but no person except one employed and designated by the superintendent shall touch any ballot or ballot container. Any person involved in processing and scanning

absentee ballots shall swear an oath, in the same form as the oath for poll officers provided in Code Section 21-2-95, prior to beginning the processing and scanning of absentee ballots. The county executive committee or, if there is no organized county executive committee, the state executive committee of each political party and political body having candidates whose names appear on the ballot for such election shall have the right to designate two persons and each independent and nonpartisan candidate whose name appears on the ballot for such election shall have the right to designate one person to act as monitors for such process. In the event that the only issue to be voted upon in an election is a referendum question, the superintendent shall also notify in writing the chief judge of the superior court of the county who shall appoint two electors of the county to monitor such process. While viewing or monitoring the process set forth in this paragraph, monitors and observers shall be prohibited from:

(i) In any way interfering with the processing or scanning of absentee ballots or the conduct of the election;

(ii) Using or bringing into the room any photographic or other electronic monitoring or recording devices, cellular telephones, or computers;

(iii) Engaging in any form of campaigning or campaign activity;

(iv) Taking any action that endangers the secrecy and security of the ballots;

(v) Touching any ballot or ballot container;

(vi) Tallying, tabulating, estimating, or attempting to tally, tabulate, or estimate, whether partial or otherwise, any of the votes on the absentee ballots cast; and

(vii) Communicating any information that they see while monitoring the processing and scanning of the absentee ballots, whether intentionally or inadvertently, about any ballot, vote, or selection to anyone other than an election official who needs such information to lawfully carry out his or her official duties.

(C) The State Election Board shall promulgate rules requiring reconciliation procedures; prompt and undelayed scanning of ballots after absentee ballot envelopes are opened; secrecy of election results prior to the closing of the polls on the day of a primary, election, or runoff; and other protections to protect the integrity of the process set forth in this paragraph.

(D) At the conclusion of the scanning of the ballots, such ballots shall be stored in tamper-resistant containers sealed with numbered seals, the number of which shall be recorded on the chain of custody document forms specified by the Secretary of State, and such forms shall be signed by the person storing the ballots and the date and time of storage shall be entered on such forms.

(3) A county election superintendent may, in his or her discretion, after 7:00 A.M. on the day of the primary, election, or runoff begin tabulating the absentee ballots. If the county election superintendent chooses to open the inner envelopes and begin tabulating such ballots prior to the close of the polls on the day of the primary, election, or runoff, the superintendent shall notify in writing, at least seven days prior to the primary, election, or runoff, the Secretary of State of the superintendent's intent to begin the absentee ballot tabulation prior to the close of the polls. The county executive

committee or, if there is no organized county executive committee, the state executive committee of each political party and political body having candidates whose names appear on the ballot for such election in such county shall have the right to designate two persons and each independent and nonpartisan candidate whose name appears on the ballot for such election in such county shall have the right to designate one person to act as monitors for such process. In the event that the only issue to be voted upon in an election is a referendum question, the superintendent shall also notify in writing the chief judge of the superior court of the county who shall appoint two electors of the county to monitor such process.

(4) The county election superintendent shall publish a written notice in the superintendent's office of the superintendent's intent to begin the absentee ballot tabulation prior to the close of the polls and publish such notice at least one week prior to the primary, election, or runoff in the legal organ of the county.

(5) The process for opening absentee ballot envelopes, scanning absentee ballots, and tabulating absentee ballots on the day of a primary, election, or runoff as provided in this subsection shall be conducted in a manner to maintain the secrecy of all ballots and to protect the disclosure of any balloting information before 7:00 P.M. on election day. No absentee ballots shall be tabulated before 7:00 A.M. on the day of a primary, election, or runoff.

(6) All persons conducting the tabulation of absentee ballots during the day of a primary, election, or runoff, including the vote review panel required by Code Section 21-2-483, and all monitors and observers shall be sequestered until the time for the closing of the polls. All such persons shall have no contact with the news media; shall have no contact with other persons not involved in monitoring, observing, or conducting the tabulation; shall not use any type of communication device including radios, telephones, and cellular telephones; shall not utilize computers for the purpose of email, instant messaging, or other forms of communication; and shall not communicate any information concerning the tabulation until the time for the closing of the polls; provided, however, that supervisory and technical assistance personnel shall be permitted to enter and leave the area in which the tabulation is being conducted but shall not communicate any information concerning the tabulation to anyone other than the county election superintendent; the staff of the superintendent; those persons conducting, observing, or monitoring the tabulation; and those persons whose technical assistance is needed for the tabulation process to operate.

(7) The absentee ballots shall be tabulated in accordance with the procedures of this chapter for the tabulation of absentee ballots. As such ballots are tabulated, they shall be placed into locked ballot boxes and may be transferred to locked ballot bags, if needed, for security. Such boxes or bags shall be sealed and witnessed and verified by each person taking custody of such items by each such person's signature and date and time of taking custody. The persons conducting the tabulation of the absentee ballots shall not cause the tabulating equipment to produce any count, partial or otherwise, of the absentee votes cast until the time for the closing of the polls except as otherwise provided in this Code section.

(b) When requested by the superintendent, but not earlier than the third Monday prior to a primary, election, or runoff, a registrar or absentee ballot clerk shall deliver the official absentee ballot of each certified absentee elector, each rejected absentee ballot, applications for such ballots, and copies of the numbered lists of certified and rejected absentee electors to the location designated by the superintendent in secure, sealed containers with the chain of custody forms specified by the Secretary of State and the signature and date and time of the person taking custody, and the superintendent or official receiving such absentee ballots shall issue his or her receipt therefor.

(c) The superintendent shall cause the verified and accepted absentee ballots to be opened and tabulated as provided in this Code section. A manager shall then open the outer envelope in such manner as not to destroy the oath printed thereon and shall deposit the inner envelope marked 'Official Absentee Ballot' in a secure, sealed ballot box reserved for absentee ballots with accompanying chain of custody documentation forms. In the event that an outer envelope is found to contain an absentee ballot that is not in an inner envelope, the ballot shall be sealed in an inner envelope, initialed and dated by the person sealing the inner envelope, and deposited in the ballot box and counted in the same manner as other absentee ballots, provided that such ballot is otherwise proper. Such manager with two assistant managers, appointed by the superintendent, with such clerks as the manager deems necessary shall count the absentee ballots following the procedures prescribed by this chapter for other ballots, insofar as practicable.

(d) All absentee ballots shall be counted and tabulated in such a manner that returns may be reported by precinct; and separate returns shall be made for each precinct in which absentee ballots were cast showing the results by each precinct in which the electors reside. The superintendent shall utilize the procedures set forth in this Code section to ensure that the returns of verified and accepted absentee ballots cast are reported to the public as soon as possible following the closing of the polls on the day of the primary, election, or runoff. Failure to utilize these procedures to ensure that the returns of verified and accepted absentee ballots are reported as soon as possible following the close of polls shall subject the superintendent to sanctions by the State Election Board. If a superintendent fails to report the returns of verified and accepted absentee ballots by the day following the election at 5:00 P.M., the State Election Board may convene an independent performance review board pursuant to Code Section 21-2-107.

(e) If an absentee elector's right to vote has been challenged for cause, a poll officer shall write 'Challenged,' the elector's name, and the alleged cause of challenge on the outer envelope and shall deposit the ballot in a secure, sealed ballot box for which there shall be a chain of custody form as specified by the Secretary of State on which is recorded and witnessed the name and signature of each person taking custody of such ballots; and it shall be counted as other challenged ballots are counted. Where direct recording electronic voting systems are used for absentee balloting and a challenge to an elector's right to vote is made prior to the time that the elector votes, the elector shall vote on a paper or optical scanning ballot and such ballot shall be handled as provided in this subsection. The board of registrars or absentee ballot clerk shall promptly notify the elector of such challenge.

(f) It shall be unlawful at any time prior to the close of the polls for any person to disclose or for any person to receive any information regarding the results of the tabulation of absentee ballots except as expressly provided by law."

SECTION 9.

Said chapter is further amended by revising Code Section 21-2-404, relating to affording employees time off to vote, as follows:

"21-2-404.

Each employee in this state shall, upon reasonable notice to his or her employer, be permitted by his or her employer to take any necessary time off from his or her employment to vote in any municipal, county, state, or federal political party primary or election for which such employee is qualified and registered to vote either on one of the ~~day~~ days that are designated for advance in-person voting or the day on which such primary or election is held; provided, however, that such necessary time off shall not exceed two hours; and provided, further, that, if the hours of work of such employee commence at least two hours after the opening of the polls or end at least two hours prior to the closing of the polls, then the time off for voting as provided for in this Code section shall not be available. The employer may specify the hours during which the employee may absent himself or herself as provided in this Code section."

SECTION 10.

Said chapter is further amended in Code Section 21-2-408, relating to poll watchers, designation, duties, removal for interference with election, reports of infractions or irregularities, ineligibility of candidates to serve, and training, by revising subsections (b), (c), (d), and (e) as follows:

Each independent candidate shall be entitled to designate one poll watcher in each precinct. In addition, candidates running in a nonpartisan election shall be entitled to designate one poll watcher in each precinct. Such letter shall contain the following information: name of official poll watcher, address, precinct in which he or she shall serve, and date of election or run-off election. At least three days prior to the election, a copy of the letter shall be delivered to the superintendent of the county or municipality in which the poll watcher is to serve.

(2) In an election or run-off election, each political party and political body, which body is registered pursuant to Code Section 21-2-110 and has nominated a candidate for state-wide office whose name shall appear on the ballot, shall additionally be entitled to designate, at least 14 days prior to such election or run-off election, no more

Each independent candidate shall also be entitled to designate no more than 25 official state-wide poll watchers. In addition, candidates running in a state-wide nonpartisan election shall be entitled to designate no more than 25 official state-wide poll watchers. All such designations of state-wide poll watchers shall be in writing and made and submitted to the State Election Board. A state-wide poll watcher shall have the same powers and duties as poll watchers and shall be entitled to watch the polls in any precinct in the state but shall otherwise be subject to all limitations and prohibitions placed on poll watchers; provided, however, that no more than two state-wide poll watchers of a political party or body, of an independent candidate, or of a nonpartisan candidate shall be in the same polling place simultaneously. Each state-wide poll watcher shall be given a letter signed by the chairperson of the State Election Board. (B) In an election or run-off election, each political party and political body, which body is registered pursuant to Code Section 21-2-110 and has nominated a candidate for state-wide office whose name shall appear on the ballot, shall additionally be entitled to designate, at least 14 days prior to the beginning of the advance voting period for such election or run-off election, no more than 25 official state-wide poll watchers for such advance voting period to be selected by the appropriate party or body executive committee. Each independent candidate shall also be entitled to

designate no more than 25 official state-wide poll watchers for such advance voting period. In addition, candidates running in a state-wide nonpartisan election shall be entitled to designate no more than 25 official state-wide poll watchers for such advance voting period. All such designations of state-wide poll watchers shall be in writing and made and submitted to the State Election Board. A state-wide poll watcher shall have the same powers and duties as poll watchers and shall be entitled to watch any advance voting location in the state but shall otherwise be subject to all limitations and prohibitions placed on poll watchers; provided, however, that no more than two state-wide poll watchers of a political party or body, of an independent candidate, or of a nonpartisan candidate shall be in an advance voting location simultaneously. Each state-wide poll watcher shall be given a letter signed by the chairperson of the State Election Board. Such letter shall contain the following information: name of official state-wide poll watcher, address, a statement that such poll watcher is a state-wide poll watcher for advance voting, and date of election or run-off election. At least three days prior to the beginning of the advance voting period for such election, a copy of the letter shall be delivered to the superintendent and chief registrar of each county in which the poll watcher might serve.

(c) In counties or municipalities using ~~direct recording electronic (DRE) voting systems or~~ optical scanning voting systems, each political party may appoint two poll watchers in each primary or election, each political body that has a candidate whose name appears on the ballot may appoint two poll watchers in each election, each nonpartisan candidate may appoint one poll watcher in each nonpartisan election, and each independent candidate may appoint one poll watcher in each election to serve in the locations designated by the superintendent within the tabulating center. Such designated locations shall include the check-in area, the computer room, the duplication area, and such other areas as the superintendent may deem necessary to the assurance of fair and honest procedures in the tabulating center. The locations designated by the superintendent shall ensure that each poll watcher can ~~fairly~~ meaningfully observe the procedures set forth in this Code section. WHEREAS, there are many governmental, public, and private departments and organizations working tirelessly to improve literacy from birth through retirement; and

WHEREAS, study is needed to understand the lessons learned from these many programs around the state and to determine policy and legislative prescriptions for improving coordination and emphasizing and expanding effective programs and practices around the state; and

The separate numeric designations in a district description which are underneath a 'VTD' heading shall mean and describe individual blocks within a VTD as provided in the report of the Bureau of the Census for the United States decennial census of 2020 for the State of Georgia."

SECTION 2.

Said Act is further amended by adding a new subsection to Section 2.10 to read as follows:

"(c) The five councilmembers to be elected as provided in this section shall be elected from the districts provided for in subsection (d) of Section 2.11. In order to be elected as a member of the city council from a district, a person must have resided in that district for at least 12 months prior to election thereto and must receive a plurality of the votes cast for such office in that district. Only electors who are residents of that district may vote for a councilmember of that district. At the time of qualifying for election as a councilmember, each candidate for such office shall specify the district for which that person is a candidate. A person elected as a councilmember from a district must continue to reside in that district during the person's term of office or such office shall thereupon become vacant."

SECTION 3.

Said Act is further amended by revising subsections (b) and (d) of Section 2.11 as follows:

"(b) All elections shall be held and conducted in accordance with Chapter 2 of Title 21 of the O.C.G.A., the 'Georgia Election Code' as now or hereafter amended."

"(d)(1) For the purpose of electing councilmembers the City of Stockbridge shall be divided into five council districts. Districts 1, 2, 3, 4, and 5 shall be and correspond to those five numbered districts described in Appendix A attached to and made a part of

Bill Reilly
Clerk of the House of Representatives
Room 309 State Capitol Building

Dear Mr. Reilly,

Earlier this morning, I intended to vote **NO for SB 226.** As I described to you earlier, I was upstairs in Senate Rules when the Chairman graciously recessed the Senate Rules Committee so the House members in attendance could hurry downstairs to vote on an important Senate bill. I hastily took the stairs down to the third floor, waited for Chairman Burchett to conclude his remarks, pressed my vote button as soon as the machines were unlocked, and immediately hightailed it back upstairs as quickly as my high heels allowed so that Chairman Mullis would know that I was indeed serious about respecting his time! In my haste, I must have inadvertently voted yes, as there is absolutely no way I would ever intentionally vote yes for that particular bill.

Please accept this letter to record my NO vote for SB 226.

Sincerely,

/s/ Teri Anulewicz
House District 42

Section 55: Budgetary Control and Interpretation

The appropriations in this Act consist of the amount stated in the right-most column, for each line at the lowest level of detail for the fund source categories, "Total State Funds" and "Total Federal Funds," under a caption beginning with a program or

In each case, such appropriation is associated with the immediately preceding program or special project name, number, and statement of program or special project purpose. The program or special project purpose is stated immediately below the program or special project name. For authorizations for general obligation debt in Section 50, the indented, bold-faced paragraphs following each Bond number are the lowest level of detail and constitute appropriations in accordance with Article VII, Section IV, Paragraph III(a)(1) of the Georgia Constitution. The caption above the Bond number, the light-faced text immediately following the Bond number before the bold-faced text, and the light-faced after the bold-faced text are information only.

Similarly, text in a group of lines that has a number less than 100 after the decimal (01 through 99) is not part of a statement of purpose but constitutes information as to how the appropriation was derived. Amounts in the columns other than the right-most column are for informational purposes only. The summary and lowest level of detail for the fund source categories "Total Agency Funds" and "Total Intra-State Governmental Transfers," are for informational purposes only. The blocks of text and numerals immediately following the section header and beginning with the phrases, "Section Total - Continuation" and "Section Totals - Final" are for informational purposes only. Sections 51, 52, 53, and 54 contain, constitute, or amend appropriations.

Section 56: Flex

In the preceding sentence, "Federal Funds" means any federal funding source, whether specifically identified or not specifically identified; "Other Funds" means all other fund sources except State Funds or Federal Funds, including without limitation Intra-State Government Transfers. This paragraph shall not permit an agency to include within its flex the appropriations for an agency attached to it for administrative purposes.

For purposes of the appropriations for the "Medicaid: Low-Income Medicaid," "Medicaid: Aged, Blind, and Disabled," and "PeachCare" programs of the Department of Community Health, the appropriation of a particular State fund source for each program shall be the amount stated, and each such program shall also be authorized up to an additional amount of 10 percent (10%) of the amount stated. However, if the additional authority is used, the appropriation of the same State fund source for the other programs to that agency shall be reduced in the same amount, such that the stated total in program appropriations from that State fund source for the three programs shall not be exceeded. However, the additional amount shall be from a State fund source which is lawfully available for the program to which it is added.

For purposes of the appropriations for the "Capital Construction Projects," "Capital Maintenance Projects," and "Local Road Assistance Administration" programs of the Department of Transportation, the appropriation of a particular State fund source for each program shall be the amount stated, and each such program shall also be authorized up to an additional amount of 10 percent (10%) of the amount stated. However, if the additional authority is used, the appropriation of the same State fund source for the other programs to that agency shall be reduced in the same amount, such that the stated total in program appropriations from that State fund source for the three programs shall not be exceeded. However, the additional amount shall be from a State fund source which is lawfully available for the program to which it is added.

For purposes of the appropriations for the "Airport Aid," "Ports and Waterways," and "Rail" programs of the Department of Transportation, the appropriation of a particular State fund source for each program shall be the amount stated, and each such program shall also be authorized up to an additional amount of 20 percent (20%) of the amount stated. However, if the additional authority is used, the appropriation of the same State fund source for the other programs to that agency shall be reduced in the same amount, such that the stated total in program appropriations from that State fund source for the three programs shall not be exceeded. However, the additional amount shall be from a State fund source which is lawfully available for the program to which it is added.

For purposes of the appropriations for the "HOPE High School Equivalency Exam," "HOPE Grant," "HOPE Scholarships – Private Schools," and "HOPE Scholarships – Public Schools" programs of the Georgia Student Finance Commission, the appropriation of a particular State fund source for each program shall be the amount stated, and each such program shall also be authorized up to an additional amount of 10 percent (10%) of the amount stated. However, if the additional authority is used, the appropriation of the same State fund source for the other programs to that agency shall be reduced in the same amount, such that the stated total in program appropriations from that State fund source for the four programs shall not be exceeded. A BILL TO BE ENTITLED
AN ACT

To amend Title 17 of the Official Code of Georgia Annotated, relating to criminal procedure, so as to provide that at any time after conviction for a misdemeanor or felony offense a defendant convicted of an offense and sentenced as a direct result of being a victim of trafficking for labor or sexual servitude may petition the sentencing court to grant the relief of vacatur; to provide for the return of fines and fees paid by the defendant whose conviction is vacated; to provide that testimony from certain individuals relative to such petitions may be taken by remote electronic means; to authorize payment of such returns by the Georgia Crime Victims Emergency Fund; to provide for rules, standards, protocols, and guidelines for the payment of such returns; to provide for related matters; to provide for an effective date; to repeal conflicting laws; and for other purposes.

BE IT ENACTED BY THE GENERAL ASSEMBLY OF GEORGIA:

SECTION 1.

Title 17 of the Official Code of Georgia Annotated, relating to criminal procedure, is amended in Article 1 of Chapter 10, relating to procedure for sentencing and imposition of punishment, by revising Code Section 17-10-21, relating to vacating of sentence for trafficking victim defendants, as follows:

"17-10-21.

(a)(1) A defendant convicted of an offense and sentenced as a direct result of the defendant being the victim of an offense of trafficking under Code Section 16-5-46 may petition the court imposing the sentence to vacate such conviction. Such court shall maintain the jurisdiction, power, and authority to vacate such conviction and sentence.

(2) The defendant shall serve the petition provided for under paragraph (1) of this subsection upon the prosecuting attorney, and such petition:

(A) Shall be submitted on a form promulgated by the Attorney General;

(B) Shall be submitted ~~no earlier than six months~~ at any time following conviction and sentencing for a misdemeanor or felony offense ~~or no earlier than one year following completion of the sentence for a felony offense~~;

(C) Shall be submitted with a copy of his or her criminal history background check report conducted by the Georgia Crime Information Center that has been completed no more than three business days prior to the filing of the petition; provided, however, that the defendant shall not be charged a fee by the Georgia Crime Information Center for a report produced for purposes of this Code section; and

(D) May include documentation of a defendant's status as a victim of an offense of trafficking under Code Section 16-5-46 at the time of the offense; provided, however, that official documentation shall not be required to obtain relief under this Code section. Such documentation shall create a rebuttable presumption that the defendant was a victim of trafficking under Code Section 16-5-46. As used in this subparagraph, the term 'official documentation' includes, but is not limited to, the following:

(i) A copy of an official record, certification, or eligibility letter from a federal, state, tribal, or local proceeding showing that the defendant was a victim of trafficking under Code Section 16-5-46;

(ii) An affidavit, a letter, or sworn testimony from a member of the clergy, medical professional, member of a victim services organization, or certified, licensed, or registered professional from whom the defendant has sought assistance, counseling, or legal counsel related to his or her victimization; or

(iii) Any other evidence that the court determines is of sufficient credibility or probative value.

(3) No defendant with an outstanding warrant issued by a jurisdiction in this state or any other state or by the United States shall file a petition provided for under paragraph (1) of this subsection.

(4) If the prosecuting attorney, to the court, consents in writing to the vacatur of such conviction or fails to respond to such petition within 30 days of service, the court imposing the conviction and sentence shall, without notice or hearing, issue an order

vacating the conviction and sentence and shall also issue an order restricting access to criminal history record information for such offense.

(5)(A) If the prosecuting attorney, to the court, objects in writing to the petition, the court shall hold a hearing within 90 days of the filing of the petition. The court shall hear evidence and determine, by a preponderance of the evidence, whether the defendant committed such offense as a direct result of being the victim of an offense of trafficking under Code Section 16-5-46. If the court finds, by a preponderance of the evidence, that the defendant committed such offense as a direct result of being the victim of an offense of trafficking under Code Section 16-5-46, the court may issue an order vacating the conviction and sentence.

(B) If such order to vacate is issued, the court shall also issue an order restricting access to criminal history record information for such offense and no fee shall be charged by the Georgia Crime Information Center or any other entity for restricting access to criminal history record information under this paragraph.

(C) As used in this paragraph, the term 'restrict' shall have the same meaning as set forth in Code Section 35-3-37.

(b) When ~~the~~ a petition provided for under subsection (a) of this Code section is filed, it shall be filed under seal.

(c)(1) For any sentence vacated pursuant to this Code section, the court vacating such sentence shall include in the order to vacate an order for the return of any fines and fees paid by the defendant under such sentence ~~shall be returned to the defendant~~ in the amount paid by the defendant.

(2) The Georgia Crime Victims Emergency Fund, as provided for in Chapter 15 of Title 17, shall be responsible for the return to the defendant of fines and fees paid by the defendant.

(d) For purposes of considering ~~such~~ a petition provided for under subsection (a) of this Code section, testimony from the defendant, petitioner, expert witness, or any other party may be taken by the court by remote electronic means."

SECTION 2.

Said title is further amended in Chapter 15, relating to victim compensation, by adding a new code section to read as follows:

"17-15-17.

(b) Payments authorized by subsection (a) of this Code section shall be made from the fund.

(c) The board shall promulgate rules and develop standards, protocols, and guidelines related to the return of fines and fees in coordination with the State Board of Pardons and Paroles, the Department of Community Supervision, the Department of Corrections, and the Administrative Office of the Courts.

(d)(1) Any payment made from the fund under this Code section shall create a debt due and owing to the state by any entity that received a payment of fines and fees that were returned pursuant to this Code section.

(2) If the entity has forwarded any portion of the fines and fees to one or more secondary entities, each such secondary entity shall return the amount forwarded by the forwarding entity to such secondary entity. A valid request from the forwarding entity shall include a copy of the order to vacate, an accounting of the fines and fees paid by the defendant to the forwarding entity, and a statement of the amount forwarded by the forwarding entity to the secondary entity.

(e) Payments authorized or required under paragraph (1) of subsection (d) of this Code section shall be paid into the fund."

SB 337. By Senators Walker III of the 20th, Gooch of the 51st, Kirkpatrick of the 32nd, Anavitarte of the 31st, Hickman of the 4th and others:

A BILL to be entitled an Act to amend Chapter 5 of Title 45 of the Official Code of Georgia Annotated, relating to vacation of office, so as to provide for the suspension of compensation for certain public officers who are suspended because of indictment for a felony; to provide for related matters; to repeal conflicting laws; and for other purposes.

The following Committee substitute was read and adopted:

A BILL TO BE ENTITLED
AN ACT

To amend Chapter 5 of Title 45 of the Official Code of Georgia Annotated, relating to vacation of office, so as to provide for the suspension of compensation for certain public officers who are suspended because of indictment for a felony; to provide for related matters; to repeal conflicting laws; and for other purposes.

BE IT ENACTED BY THE GENERAL ASSEMBLY OF GEORGIA:

SECTION 1.

Chapter 5 of Title 45 of the Official Code of Georgia Annotated, relating to vacation of office, is amended by revising Code Section 45-5-6, relating to public official investigated by special commission upon indictment, gubernatorial review if commission recommends suspension, suspension, reinstatement, and replacement or temporary officer, as follows:

"45-5-6.

(a) As used in this Code section, the term 'public official' means any elected county officer; any elected member of a county governing authority; any elected member of a city-county consolidated government; any member of a county, area, or independent board of education; any school superintendent of a county, area, or independent school system; any solicitor-general of a state court; any elected member of any municipal governing authority; any member of the Public Service Commission; and any district attorney.

(b) Upon indictment for a felony by a grand jury of this state or by the United States, which felony indictment relates to the performance or activities of the office of any public official, the Attorney General or district attorney shall transmit a certified copy of the indictment to the Governor who shall, subject to subsection (e) of this Code section, appoint a review commission. Except as provided in this subsection, the commission shall be composed of the Attorney General and two public officials who hold the same office as the individual indicted. The members of the commission shall receive no compensation for their services but shall be reimbursed for any expenses incurred in connection with the investigation. The funds necessary to conduct the investigation shall come from funds appropriated to the executive branch of government. If the Attorney General brings the indictment against the public official, the Attorney General shall not serve on the commission. In place of the Attorney General, the Governor shall appoint a retired Supreme Court Justice or a retired Court of Appeals Judge.

(c) Unless a longer period of time is granted by the Governor, the commission shall make a written report to the Governor within 14 days. If the commission determines that the indictment relates to and adversely affects the administration of the office of the indicted public official and that the rights and interests of the public are adversely affected thereby, the commission shall recommend that the public official be suspended from office. If, and only if, the commission recommends suspension, then the Governor shall review the findings and recommendations of the commission and may suspend the public officer from office immediately and without further action pending the final disposition of the case or until the expiration of his or her term of office, whichever occurs first. During the term of office to which such officer was elected and in which the indictment occurred, if a nolle prosequi is entered, if the public official is acquitted, or if after conviction the conviction is later overturned as a result of any direct appeal or application for a writ of certiorari, the public official shall be immediately reinstated to the office from which he or she was suspended. While a public official is suspended under this Code section ~~and until initial conviction by the trial court~~, the public official ~~shall continue to receive the compensation from his office. After initial conviction by the trial court, the public official~~ shall not be entitled to receive the compensation from his or her

office. If the public official is reinstated to office, he or she shall be entitled to receive any compensation withheld under the provisions of this Code section. For the purpose of back compensation only, reinstatement may occur after the expiration of the public official's term of office.

(d)(1) For the duration of any suspension of any elected member of any municipal or consolidated city-county governing authority under this Code section, a replacement officer for the public officer suspended shall be appointed as provided for in any general law, local law, ordinance, or resolution governing the filling of a temporary vacancy in the public office affected. For the duration of any suspension of any other public official under this Code section, a replacement officer for the public official shall be appointed as provided for in any applicable general or local law governing the filling of a temporary vacancy in the public office affected. If no such general law, local law, ordinance, or resolution governing the filling of a temporary vacancy is applicable, then the Governor shall appoint a replacement officer for the public official suspended.

(2) Upon the final conviction, the office of the public official shall be vacated immediately without further action. Said vacancy shall be filled in the manner provided by law for filling vacancies in such office.

(e) No commission shall be appointed for a period of 14 days from the day the Governor receives the indictment. This period may be extended by the Governor. During this period of time, the indicted public official may, in writing, authorize the Governor to suspend him or her from office. Any such voluntary suspension shall be subject to the same conditions for review, reinstatement, or declaration of vacancy as are provided in this Code section for nonvoluntary suspensions.

(f) After any suspension under this Code section, the suspended public official may petition the Governor for a review. The Governor may reappoint the commission to review the suspension. The commission shall make a written report in 14 days. If the commission recommends that the public official be reinstated, ~~he~~ such public official shall immediately be reinstated to office.

(g) The report and records of the commission and the fact that the public official has or has not been suspended shall not be admissible in evidence in any court for any purpose. The report and records of the commission shall not be open to the public.

(h) The provisions of this Code section shall not apply to any indictment handed down prior to January 1, 1985.

(i) If a public official who is suspended from office under the provisions of this Code section is not first tried at the next regular or special term following the indictment, the suspension shall be terminated and the public official shall be reinstated to office. The public official shall not be reinstated under this subsection if he or she is not so tried based on a continuance granted upon a motion made only by the defendant.

(j) Unless otherwise provided by local law, in the event the Governor appoints a member of a governing authority as a temporary replacement for a suspended public official under paragraph (1) of subsection (d) of this Code section, the governing authority, by majority vote, shall select a temporary replacement who is qualified by law to serve as such member of the governing authority, to fill such member's seat on the governing authority

until such time as the suspension of the public official is terminated or the end of such member's current term on the governing authority, whichever is earlier. Before selecting such temporary replacement, the governing authority shall advertise its intention to select such temporary replacement in the applicable legal organ at least once a week for two weeks and on the governing authority's website, if it has one, and shall solicit applicants for such temporary replacement position."

SECTION 2.

All laws and parts of laws in conflict with this Act are repealed.
