If for any reason any of the sums herein provided under any other provision of this Act are insufficient to make the required payments in full, then there shall be taken from other funds appropriated to the department, agency, or institution involved an amount sufficient to satisfy such deficiency in full, and the lease payment shall constitute a first charge on all such appropriations.

Section 55: Budgetary Control and Interpretation

However, if the additional authority is used, the appropriation of the same State fund source for the other programs to that agency shall be reduced in the same amount, such that the stated total in program appropriations from that State fund source for the three programs shall not be exceeded. However, the additional amount shall be from a State fund source which is lawfully available for the program to which it is added.

For purposes of the appropriations for the "Capital Construction Projects," "Capital Maintenance Projects," and "Local Road Assistance Administration" programs of the Department of Transportation, the appropriation of a particular State fund source for each program shall be the amount stated, and each such program shall also be authorized up to an additional amount of 10 percent (10%) of the amount stated. April 4, 2022

William Reilly
Clerk of the Georgia House of Representatives
309 State Capitol Building
Atlanta, Georgia 30334

Mr. Reilly,

From my reading of the rules of the Georgia House of Representatives, it appears that the window for filing this letter may have closed. However, I do want to make the following known:

On Monday, April 4, 2022, due to my failure to correctly estimate the time that would be taken by the Chairman of the House Appropriations Committee to present the Conference Committee Report on House Bill 911, the Fiscal Year 2023 budget, I was off the floor when the vote was taken.

This was the only time in my twenty-eight regular sessions in the Georgia House that I have not cast a vote on a budget bill. It was certainly my intention to vote "yes" in favor of House Bill 911, and I would have voted "yes" had I been on the floor for the vote.

Sincerely,

/s/ Donald Parsons
State Representatives, HD 44

PART I
SECTION 1-1.

Chapter 2A of Title 20 of the Official Code of Georgia Annotated, relating to student scholarship organizations, is amended by revising Code Section 20-2A-2, relating to requirements for student scholarship organizations, as follows:

"20-2A-2.

Each student scholarship organization:

(1) With respect to the first $1.5 million of its annual revenue received from donations for scholarships or tuition grants, ~~must~~ including interest earned on deposits and investments of scholarship funds or tuition grants, shall obligate at least 92 percent of such revenue for scholarships or tuition grants; with respect to its annual revenue received from donations for scholarships or tuition grants in excess of $1.5 million and up to and including $10 million, ~~must~~ including interest earned on deposits and investments of scholarship funds or tuition grants, shall obligate at least 94 percent of such revenue for scholarships ~~and~~ or tuition grants; with respect to its annual revenue received from donations for scholarships or tuition grants in excess of $10 million and up to and including $20 million, ~~must~~ including interest earned on deposits and investments of scholarship funds or tuition grants, shall obligate at least 95 percent of such revenue for scholarships ~~and~~ or tuition grants; and, with respect to its annual revenue received from donations for scholarships or tuition grants in excess of $20 million, ~~must~~ including interest earned on deposits and investments of scholarship funds or tuition grants, shall obligate at least 96 percent of such revenue for scholarships ~~and~~ or tuition grants. On or before the end of the calendar year following the calendar year in which a student scholarship organization receives revenues from donations and obligates them for the awarding of scholarships or tuition grants, the student scholarship organization shall designate the obligated revenues for specific student recipients. Once the student scholarship organization designates obligated revenues for specific student recipients, in the case of multiyear scholarships or tuition grants, the student scholarship organization may distribute the entire obligated and designated revenues to a qualified school or program to be held in accordance with Department of Revenue rules for distribution to the specified recipients during the years in which the recipients are projected in writing by the private school to be enrolled at the qualified school or program. In making a multiyear distribution to a qualified school or program, the student scholarship organization shall require that if the designated student becomes ineligible or for any other reason the qualified school or program elects not to continue disbursement of the multiyear scholarship or tuition grant to the designated student for all the projected years, then the qualified school or program shall immediately return

the remaining funds to the student scholarship organization. Once the student scholarship organization designates obligated revenues for specific student recipients, in the case of multiyear scholarships or tuition grants for which the student scholarship organization distributes the obligated and designated revenues to a qualified school or program annually rather than the entire amount, if the designated student becomes ineligible or for any other reason the student scholarship organization elects not to continue disbursement for all years, then the student scholarship organization shall designate any remaining previously obligated revenues for a new specific student recipient on or before the end of the following calendar year. The maximum scholarship amount given by the student scholarship organization in any given year shall not exceed the average state and local expenditures per student in fall enrollment in public elementary and secondary education for this state. The Department of Education shall determine and publish such amount annually, no later than January 1;

(1.1) In awarding scholarships or tuition grants, shall consider financial needs of students based on all sources, including the federal adjusted gross income from the federal income tax return most recently filed by the parents or guardians of such students, as adjusted for family size. If the parents or guardians of a student have not filed a federal income tax return in either of the two calendar years immediately preceding the year of application, the student scholarship organization shall consider the financial need of the student based on proof of employment income of the parents or guardians from the 30 consecutive days closest to when the applicant submitted the scholarship application and on any other sources of income, including, but not limited to, unemployment benefits, social security benefits, and child support benefits;

(2) Shall ~~Must~~ maintain separate accounts for scholarship funds and operating funds. Until obligated revenues are designated for specific student recipients, the student scholarship organization shall hold the obligated revenues in a bank or investment account owned by the student scholarship organization and over which it has complete control; provided, however, that interest earned on deposits and investments of scholarship funds and tuition grants shall be included in the calculation of the minimum obligations provided for in paragraph (1) of this Code section;

(3) Shall ~~Must~~ have an independent board of directors with at least three members;

(4) May transfer funds to another student scholarship organization;

In the event the taxpayer files an electronic return and such confirmation is not attached because the Internal Revenue Service does not, at the time of such electronic filing, allow electronic attachments to the Georgia return, such confirmation shall be maintained by the taxpayer and made available upon request by the commissioner.

(B) With respect to a business enterprise's tax return provided for in Code Section 33-8-6, the Commissioner of Insurance is authorized to promulgate rules and regulations regarding the manner in which such letters of confirmation of donations shall be filed in the case of tax returns filed electronically.

(F)(i) The local school superintendent's decision following the review provided for in subparagraph (E) of this paragraph shall be subject to review by the local board of education as provided in Code Section 20-2-1160; provided, however, that confidential student or personnel matters shall not be subject to review pursuant to this division; and

(ii) The decision of the governing body of a state charter school following the review provided for in subparagraph (E) of this paragraph shall be subject to review by the State Charter Schools Commission, whereupon the State Charter Schools Commission shall take appropriate remedial measures, including, but not limited to, revocation of a state charter school's charter; provided, however, that confidential student or personnel matters shall not be subject to review pursuant to this division.

(2) Following a decision by a local board of education regarding a complaint made pursuant to paragraph (1) of this subsection, any party aggrieved by the decision of the local board of education shall have the right to appeal such decision to the State Board of Education for a hearing as provided in Code Section 20-2-1160.

(3) The State Board of Education shall, after hearing an appeal brought pursuant to paragraph (2) of this subsection, make written findings regarding whether any violations of any provision of subsections (b) through (d) of this Code section occurred at a school in such school system. If the State Board of Education finds that one or more such violations occurred, it shall direct the Department of Education to develop a corrective action plan to be provided to the local school system within ten days of such finding, and the local school system shall have 30 days to implement the corrective action plan. If the State Board of Education finds that such local school system has not implemented the corrective action plan:

(A)(i) In cases where the local school system at issue has been granted one or more waivers as provided in Article 4 of Chapter 2 of this title, Code Section 20-2-244, or Code Section 20-2-2065, the State Board of Education shall order the immediate suspension of one or more waivers included in the local school system's contract with the State Board of Education providing for such waivers;

(iii) An order suspending a local school system's waivers pursuant to division (i) of this subparagraph shall be in effect for no less than 12 months from the date of such order and, if the remainder of the current term of such local school system's contract with the State Board of Education providing for waivers is greater than 12 months, then no longer than such remainder; and

(B) In cases where the local school system at issue has not been granted a waiver as provided in Article 4 of Chapter 2 of this title, Code Section 20-2-244, or Code Section 20-2-2065, the State Board of Education shall refer the matter to the State School Superintendent to determine whether to exercise his or her suspension authority as provided in Code Section 20-2-34.

(4) No later than July 1, 2022, the State Board of Education shall promulgate a model policy to assist schools and local school systems with establishing a complaint resolution process that meets the requirements of paragraph (1) of this subsection. The Department of Education shall develop guidance for schools and local school systems for use when determining whether violations of subsections (b) through (d) of this Code section have occurred. The Department of Education shall be authorized to revise such guidance from time to time.

(5) Nothing in this subsection shall be construed to prohibit any cause of action available at law or in equity to a complainant who is aggrieved by a decision of a local board of education, the governing body of a charter school, or the State Charter Schools Commission made pursuant to subparagraph (F) of paragraph (1) of this subsection.

(f)(1) Any individual described in divisions (e)(1)(A)(i) through (iii) of this Code section shall have the right at any time, including prior to filing a complaint as provided in subsection (e) of this Code section, to request, in writing, from the local school superintendent or school principal nonconfidential records which he or she reasonably believes may substantiate a complaint under this Code section. The local school superintendent or school principal shall produce such records for inspection within a reasonable amount of time not to exceed three business days of receipt of a request. In those instances where some, but not all, of the records requested are available for inspection within three business days, the local school superintendent or school principal shall make available within that period such records that are available for inspection. In any instance where some or all of such records are unavailable within three business days of receipt of the request, and such information exists, the local school superintendent or school principal shall, within such time period, provide the requester with a description of such records and a timeline for when the records will be available for inspection and shall provide the records or access thereto as soon as practicable but in no case later than 30 days after receipt of the request.

(2) If the local school superintendent or school principal denies a parent's request for records or does not provide existing responsive records within 30 days, the parent may appeal such denial or failure to respond to the local board of education or charter school governing board. The local board of education or charter school governing board must place such appeal on the agenda for its next public meeting. If it is too late for such appeal to appear on the next meeting's agenda, the appeal must be included on the agenda for the subsequent meeting.

(3) Nothing in this subsection shall be construed to prohibit any cause of action available at law or in equity to a parent who is aggrieved by a decision of a local board of education or the governing body of a charter school made pursuant to paragraph (2) of this subsection.

(g) This Code section shall not be subject to waivers pursuant to Code Section 20-2-82 for a strategic waivers school system; Code Section 20-2-244 for a local board of education; Code Section 20-2-2063.2 for a charter system; or Code Section 20-2-2065 for a charter school established pursuant to Article 31 or Article 31A of this chapter, a charter system, or schools within a charter system."

SECTION 3.

Said title is further amended in Subpart 1 of Part 6 of Article 6 of Chapter 2, relating to certificated professional personnel in elementary and secondary education, by revising subsection (a) and paragraph (1) of subsection (b) of Code Section 20-2-200, relating to regulation of certificated professional personnel by Professional Standards Commission, rules and regulations, and fees, as follows:

"(a) The Professional Standards Commission shall provide, by regulation, for certifying and classifying all certificated professional personnel employed in the public schools of this state, including personnel who provide virtual instruction to public schools of this state, whether such personnel are located within or outside of this state or whether such

personnel are employed by a local unit of administration. Such certification and classification shall not be dependent in whole or in part upon an individual participating in or completing any training program in which divisive concepts, as such term is defined in Code Section 20-1-11, are advocated for. No such personnel shall be employed in the public schools of this state unless they hold certificates issued by the commission certifying their qualifications and classification in accordance with such regulations. The commission shall establish such number of classifications of other certificated professional personnel as it may find reasonably necessary or desirable for the operation of the public schools; provided, however, that such classifications shall be based only upon academic, technical, and professional training, experience, and competency of such personnel. The commission is authorized to provide for denying a certificate to an applicant, suspending or revoking a certificate, or otherwise disciplining the holder of a certificate for good cause after an investigation is held and notice and an opportunity for a hearing are provided the certificate holder or applicant in accordance with subsection (d) of Code Section 20-2-984.5. The commission shall designate and define the various classifications of professional personnel employed in the public schools of this state that shall be required to be certificated under this Code section or under Code Section 20-2-206. Without limiting the generality of the foregoing, the term 'certificated professional personnel' means all professional personnel certificated by the commission and county or regional librarians.

(b)(1) The Professional Standards Commission shall establish rules and regulations for appropriate requirements and procedures to ensure high-quality certification standards for all Georgia educators while facilitating the interstate mobility of out-of-state certified educators; provided, however, that such rules, regulations, requirements, and procedures shall not require an individual to participate in or complete any training program in which divisive concepts, as such term is defined in Code Section 20-1-11, are advocated for."

SECTION 4.

Said title is further amended in Subpart 1A of Part 2 of Article 16 of Chapter 2, relating to improved student learning environment and discipline in elementary and secondary education, by revising Code Section 20-2-739, relating to conflict management and resolution and cultural diversity training programs, as follows:

"20-2-739.

On and after July 1, 2000, the Department of Education shall provide training programs in conflict management and resolution and in cultural diversity for voluntary implementation by local boards of education for school employees, parents and guardians, and students; provided, however, that after July 1, 2022, such training programs shall not advocate for divisive concepts, as such term is defined in Code Section 20-1-11."

SECTION 5.

Said title is further amended in Part 10 of Article 17 of Chapter 2, relating to professional standards in elementary and secondary education, by revising subsection (a) of Code Section 20-2-984, relating to Professional Standards Commission — authority to create and implement standards and procedures for certifying educational personnel, recommending standards and procedures for certification, continuation of teaching certificates, and restrictions, as follows:

"(a) The commission shall create and implement standards and procedures for certifying educational personnel as qualified for a certificate to practice in the public schools of Georgia~~,~~; provided, however, that such standards and procedures shall not require an individual to participate in or complete any training program in which divisive concepts, as such term is defined in Code Section 20-1-11, are advocated for; provided, further, that such standards shall include ~~including~~ the following:

The following Senate substitute was read:

A BILL TO BE ENTITLED
AN ACT

To amend Article 2 of Chapter 7 of Title 48 of the Official Code of Georgia Annotated, relating to the imposition, rate, computation, exemptions, and credits relative to state income taxes, so as to provide for aggregate caps and extend the sunset date for tax credits for the rehabilitation of historic structures; to extend a provision for an automatic repeal of such tax credits; to provide for related matters; to repeal conflicting laws; and for other purposes.

BE IT ENACTED BY THE GENERAL ASSEMBLY OF GEORGIA:

SECTION 1.

Article 2 of Chapter 7 of Title 48 of the Official Code of Georgia Annotated, relating to the imposition, rate, computation, exemptions, and credits relative to state income taxes, is amended by revising Code Section 48-7-29.8 of the Official Code of Georgia Annotated, relating to tax credits for the rehabilitation of historic structures, conditions, and limitations, as follows:

"48-7-29.8.

(a) As used in this Code section, the term:

(1) 'Certified rehabilitation' means repairs or alterations to a certified structure which are certified by the Department of Community Affairs as meeting the United States Secretary of the Interior's Standards for Rehabilitation or the Georgia Standards for Rehabilitation as provided by the Department of Community Affairs.

(2) 'Certified structure' means a historic building or structure that is located within a national historic district, individually listed on the National Register of Historic Places, individually listed in the Georgia Register of Historic Places, or is certified by the

Department of Community Affairs as contributing to the historic significance of a Georgia Register Historic District.

(3) 'Historic home' means a certified structure which, or any portion of which is or will, within a reasonable period, be owned and used as the principal residence of the person claiming the tax credit allowed under this Code section. Historic home shall include any structure or group of structures that constitute a multifamily or multipurpose structure, including a cooperative or condominium. If only a portion of a building is used as such person's principal residence, only those qualified rehabilitation expenditures that are properly allocable to such portion shall be deemed to be made to a historic home.

(4) 'Qualified rehabilitation expenditure' means any qualified rehabilitation expenditure as defined by Section 47(c)(2) of the Internal Revenue Code of 1986 and any amount properly chargeable to a capital account expended in the substantial rehabilitation of a structure that by the end of the taxable year in which the certified rehabilitation is completed is a certified structure. This term does not include the cost of acquisition of the certified structure, the cost attributable to enlargement or additions to an existing building, site preparation, or personal property.

(5) 'Substantial rehabilitation' means rehabilitation of a certified structure for which the qualified rehabilitation expenditures, at least 5 percent of which must be allocable to the exterior during the 24 month period selected by the taxpayer ending with or within the taxable year, exceed:

(A) For a historic home, the lesser of $25,000.00 or 50 percent of the adjusted basis of the property as defined in subparagraph (a)(1)(B) of Code Section 48-5-7.2; or, in the case of a historic home located in a target area, $5,000.00; or

(B) For any other certified structure, the greater of $5,000.00 or the adjusted basis of the property.

(6) 'Target area' means a qualified census tract under Section 42 of the Internal Revenue Code of 1986, found in the United States Department of Housing and Urban Development document number N-94-3821; FR-3796-N-01.

(b) A taxpayer shall be allowed a tax credit against the tax imposed by this chapter in the year that the certified rehabilitation is placed in service, which may be up to two years after the end of the taxable year for which the credit was originally reserved:

(1) In the case of a historic home, equal to 25 percent of qualified rehabilitation expenditures, except that, in the case of a historic home located within a target area, an additional credit equal to 5 percent of qualified rehabilitation expenditures shall be allowed; and

(2) In the case of any other certified structure, equal to 25 percent of qualified rehabilitation expenditures.

Qualified rehabilitation expenditures may only be counted once in determining the amount of the tax credit available, and more than one entity may not claim a credit for the same qualified rehabilitation expenditures.

(c)(1) In no event shall credits for a historic home exceed $100,000.00 in any 120 month period.

(2) The maximum credit for any other individual certified structure shall be $5 million for any taxable year, except in the case that the project creates 200 or more full-time, permanent jobs or $5 million in annual payroll within two years of the placed in service date, in which case the project is eligible for credits up to $10 million for an individual certified structure. In no event shall more than one application for any individual certified structure under this paragraph be approved in any 120 month period.

(3)(A) Prior to January 1, 2022, in no event shall credits issued under this Code section for projects earning more than $300,000.00 in credits exceed in the aggregate $25 million per calendar year.

(B) For calendar year 2022, in no event shall credits issued under this Code section exceed $5 million in aggregate for all projects earning $300,000.00 or less, or $25 million in aggregate for all projects earning more than $300,000.00.

(C) ~~On and after January 1, 2023, in no event shall credits be issued under this Code section.~~ For calendar years 2023 and 2024, in no event shall credits issued under this Code section for historic homes exceed $5 million in aggregate per year. On and after January 1, 2025, no credits shall be issued under this Code section for historic homes.

(D) For calendar years 2023 through 2027, in no event shall credits issued under this Code section for certified structures other than historic homes exceed $30 million in aggregate per year.

(E) On and after January 1, 2028, in no event shall credits be issued under this Code section.

(d)(1) A taxpayer seeking to claim a tax credit under paragraph (2) of subsection (b) of this Code section shall submit an application to the commissioner for preapproval of such tax credit. Such application shall include a precertification from the Department of Community Affairs certifying that the improvements to the certified structure are to be consistent with the Department of Community Affairs Standards for Rehabilitation. The Department shall have the authority to require electronic submission of such application in the manner specified by the department. The commissioner shall preapprove the tax credits within 30 days based on the order in which properly completed applications were submitted. In the event that two or more applications were submitted on the same day and the amount of funds available will not be sufficient to fully fund the tax credits requested, the commissioner shall prorate the available funds between or among the applicants. ~~For applications on projects~~ Applications submitted ~~over~~ after the annual ~~$25 million limitation,~~ limitations provided for in paragraph (3) of subsection (c) of this Code section have been met ~~those applications~~ shall be given priority the following year.

(2) In order to be eligible to receive the credit authorized under subsection (b) of this Code section, a taxpayer must attach to the taxpayer's state tax return a copy of the completed certification of the Department of Community Affairs verifying that the improvements to the certified structure are consistent with the Department of Community Affairs Standards for Rehabilitation.

(e)(1) If the credit allowed under paragraph (1) of subsection (b) of this Code section in any taxable year exceeds the total tax otherwise payable by the taxpayer for that

taxable year, the taxpayer may apply the excess as a credit for succeeding years until the earlier of:

(A) The full amount of the excess is used; or

(B) The expiration of the tenth taxable year after the taxable year in which the certified rehabilitation has been completed.

(2) Any tax credits with respect to credits earned by a taxpayer under paragraph (2) of subsection (b) of this Code section and previously claimed but not used by such taxpayer against its income tax may be transferred or sold in whole or in part by such taxpayer to another Georgia taxpayer, subject to the following conditions:

(A) A taxpayer who makes qualified rehabilitation expenditures may sell or assign all or part of the tax credit that may be claimed for such costs and expenses to one or more entities, but no further sale or assignment of any credit previously sold or assigned pursuant to this subparagraph shall be allowed. All such transfers shall be subject to the maximum total limits provided by subsection (c) of this Code section;

(B) A taxpayer who sells or assigns a credit under this Code section and the entity to which the credit is sold or assigned shall jointly submit written notice of the sale or assignment to the department not later than 30 days after the date of the sale or assignment. The notice must include:

(i) The date of the sale or assignment;

(ii) The amount of the credit sold or assigned;

(iii) The names and federal tax identification numbers of the entity that sold or assigned the credit or part of the credit and the entity to which the credit or part of the credit was sold or assigned; and

(iv) The amount of the credit owned by the selling or assigning entity before the sale or assignment and the amount the selling or assigning entity retained, if any, after the sale or assignment;

(C) The sale or assignment of a credit in accordance with this Code section does not extend the period for which a credit may be carried forward and does not increase the total amount of the credit that may be claimed. After an entity claims a credit for eligible costs and expenses, another entity may not use the same costs and expenses as the basis for claiming a credit;

(D) Notwithstanding the requirements of this subsection, a credit earned or purchased by, or assigned to, a partnership, limited liability company, Subchapter 'S' corporation, or other pass-through entity may be allocated to the partners, members, or shareholders of that entity and claimed under this Code section in accordance with the provisions of any agreement among the partners, members, or shareholders of that entity and without regard to the ownership interest of the partners, members, or shareholders in the rehabilitated certified structure, provided that the entity or person that claims the credit must be subject to Georgia tax; and

(E) Only a taxpayer who earned a credit, and no subsequent good faith transferee, shall be responsible in the event of a recapture, reduction, disallowance, or other failure related to such credit.

(3) No such credit shall be allowed the taxpayer against prior years' tax liability.

(f) In the case of any rehabilitation which may reasonably be expected to be completed in phases set forth in architectural plans and specifications completed before the rehabilitation begins, a 60 month period may be substituted for the 24 month period provided for in paragraph (5) of subsection (a) of this Code section.

(g)(1) Except as otherwise provided in subsection (h) of this Code section, in the event a tax credit under this Code section has been claimed and allowed the taxpayer, upon the sale or transfer of the certified structure, the taxpayer shall be authorized to transfer the remaining unused amount of such credit to the purchaser of such certified structure. If a historic home for which a certified rehabilitation has been completed by a nonprofit corporation is sold or transferred, the full amount of the credit to which the nonprofit corporation would be entitled if taxable shall be transferred to the purchaser or transferee at the time of sale or transfer.

(2) Such purchaser shall be subject to the limitations of subsection (e) of this Code section. Such purchaser shall file with such purchaser's tax return a copy of the approval of the rehabilitation by the Department of Community Affairs as provided in subsection (d) of this Code section and a copy of the form evidencing the transfer of the tax credit.

(3) Such purchaser shall be entitled to rely in good faith on the information contained in and used in connection with obtaining the approval of the credit including, without limitation, the amount of qualified rehabilitation expenditures.

(h)(1) If an owner other than a nonprofit corporation sells a historic home within three years of receiving the credit, the seller shall recapture the credit to the Department of Revenue as follows:

(A) If the property is sold within one year of receiving the credit, the recapture amount will equal the lesser of the credit or the net profit of the sale;

(B) If the property is sold within two years of receiving the credit, the recapture amount will equal the lesser of two-thirds of the credit or the net profit of the sale; or

(C) If the property is sold within three years of receiving the credit, the recapture amount will equal the lesser of one-third of the credit or the net profit of the sale.

(2) The recapture provisions of this subsection shall not apply to a sale resulting from the death of the owner.

(i)(1) In the event that a taxpayer claims the tax credit under paragraph (2) of subsection (b) of this Code section and leases such certified structure, the department shall aggregate all total sales tax receipts from the certified structure.

(2) Any taxpayer claiming credits under paragraph (2) of subsection (b) of this Code section shall report to the department the average full-time employees employed at the certified structure. A full-time employee for the purposes of this Code section shall mean a person who works a job that requires 30 or more hours per week. Such reports must be submitted to the department for five calendar years following the year in which the credit is claimed by the taxpayer.

(3) In the event that a taxpayer claims the tax credit under paragraph (2) of subsection (b) of this Code section and leases such certified structure, the department shall aggregate all total full-time employees at the certified structure.

(j) Notwithstanding Code Sections 48-2-15, 48-7-60, and 48-7-61, the department shall furnish a report to the chairperson of the House Committee on Ways and Means and the chairperson of the Senate Finance Committee by June 30 of each year. Such report shall contain the total sales tax collected in the prior calendar year and the average number of full-time employees at the certified structure and the total value of credits claimed for each taxpayer claiming credits under paragraph (2) of subsection (b) of this Code section.

(k) The tax credit allowed under paragraph (1) of subsection (b) of this Code section, and any recaptured tax credit, shall be allocated among some or all of the partners, members, or shareholders of the entity owning the project in any manner agreed to by such persons, whether or not such persons are allocated or allowed any portion of any other tax credit with respect to the project.

(l) The Department of Community Affairs and the Department of Revenue shall prescribe such regulations as may be appropriate to carry out the purposes of this Code section.

(m) The Department of Community Affairs shall report, on an annual basis, on the overall economic activity, usage, and impact to the state from the rehabilitation of eligible properties for which credits provided by this Code section have been allowed.

(n) This Code section shall stand repealed and reserved by operation of law on December 31, ~~2022~~ 2027."

(6) Engaged in any unprofessional, immoral, unethical, deceptive, or deleterious conduct or practice harmful to the public, which conduct or practice materially affects the fitness of the licensee or applicant to practice the specialty or is of a nature likely to jeopardize the interest of the public, which conduct or practice need not have resulted in actual injury to any person or be directly related to the practice of the specialty but shows that the licensee or applicant has committed any act or omission which is indicative of bad moral character or untrustworthiness; unprofessional conduct shall also include any departure from, or the failure to conform to, the minimal standards of acceptable and prevailing practice of the specialty, as well as the practice of any professional activity which the licensee or applicant is not qualified to perform by virtue of not having acquired the requisite professional education, training, or experience;

The results of such examination shall be admissible in any hearing before the board, notwithstanding any claim of privilege under a contrary rule of law or statute. If a licensee fails to submit to each examination when properly directed to do so by the board, the board may summarily suspend the license of such licensee, if the public health, safety, and welfare imperatively require such action, and thereafter enter a final order upon proper notice, hearing, and proof of such refusal; and

(B) For the purpose of this subsection, the board, if it has a reasonable basis to believe that the licensee is incapacitated in the performance of ~~his or her~~ such licensee's duties by reason of substance abuse or mental or physical illness, may require the licensee to produce or give the board permission to obtain any and all records relating to the alleged incapacitating mental or physical condition of a licensee or applicant, including that individual's personal psychiatric, psychological, and mental health records; and such records shall be admissible in any hearing before the board. If a licensee fails to provide such records when properly directed to do so by the board, the board may summarily suspend the license of such licensee, if the public health, safety, and welfare imperatively require such action, and thereafter enter a final order upon proper notice, hearing, and proof of such refusal.

(d) When the board finds that any person is unqualified to be granted a license or finds that any person should be disciplined pursuant to subsection (a) of this Code section or the laws, rules, or regulations relating to a specialty, the board may take any one or more of the following actions:

(1) Refuse to grant or renew a license to an applicant;

(4) Limit or restrict any license as the board deems necessary for the protection of the public;

(5) Revoke any license;

(6) Condition the penalty upon, or withhold formal disposition pending, the applicant's or licensee's submission to such care, counseling, or treatment as the board may direct; or

(7) Impose a fine not to exceed $500.00 for each violation of a law, rule, or regulation relating to the specialty.

(e) In addition to and in conjunction with the actions described in subsection (d) of this Code section, the board may make a finding adverse to the licensee or applicant but withhold imposition of judgment and penalty; or it may impose the judgment and penalty but suspend enforcement thereof and place the licensee on probation, which probation may be vacated upon noncompliance with such reasonable terms as the board may impose.

(f) Initial judicial review of a final decision of the board shall be had solely in the superior court of the county of domicile of the board.

(g) In its discretion, the board may reinstate a license which has been revoked or issue a license which has been denied or refused, following such procedures as the board may prescribe by rule; and, as a condition thereof, it may impose any disciplinary or corrective method provided in this Code section.

(h)(1) The division director is vested with the power and authority to make, or cause to be made through employees or agents of the board, such investigations as ~~he or she~~ the division director or the board may deem necessary or proper for the enforcement of the provisions of this article. Any person properly conducting an investigation on behalf of the board shall have access to and may examine any writing, document, or other material relating to the fitness of any licensee or applicant. The division director or ~~his or her~~ the division director's appointed representative may issue subpoenas to compel such access upon a determination that reasonable grounds exist for the belief that a violation of this article may have taken place.

(2) The results of all investigations initiated by the board shall be reported solely to the board, and the records of such investigations shall be kept for the board by the division director, with the board retaining the right to have access at any time to such records. Any person who testifies or who makes a recommendation to the board in the nature of peer review, in good faith, without fraud or malice, before the board in any proceeding involving the provisions of subsection (a) of this Code section shall be immune from civil and criminal liability for so testifying.

(k) If any licensee or applicant after reasonable notice fails to appear at any hearing of the board, the board may proceed to hear the evidence against such licensee or applicant and take action as if such licensee or applicant had been present. A notice of hearing, initial or recommended decision, or final decision of the board in a disciplinary proceeding shall be served upon the licensee or applicant by certified mail or statutory overnight delivery, return receipt requested, to the last known address of record with the board. If such material is returned marked 'unclaimed' or 'refused' or is otherwise undeliverable and if the licensee or applicant cannot, after diligent effort, be located, the division director shall be deemed to be the agent for service for such licensee or applicant for purposes of this Code section, and service upon the division director shall be deemed to be service upon the licensee or applicant.

(l) The voluntary surrender of a license or the failure to renew a license by the end of an established penalty period shall have the same effect as a revocation of said license, subject to reinstatement in the discretion of the board. The board may restore and reissue a license to practice a specialty and, as a condition thereof, may impose any disciplinary sanction provided by this Code section.

(m) This Code section shall apply equally to all licensees or applicants whether individuals, partners, or members of any other incorporated or unincorporated associations, limited liability companies, corporations, or other associations of any kind whatsoever.

BE IT ENACTED BY THE GENERAL ASSEMBLY OF GEORGIA:

SECTION 1.

Article 1 of Chapter 18 of Title 15 of the Official Code of Georgia Annotated, relating to general provisions regarding prosecuting attorneys, is amended by adding a new Code section to read as follows:

"15-18-32.

(a) Pursuant to Article VI, Section VIII, Paragraph II of the Constitution of Georgia in reference to district attorneys and Article 3 of this chapter in reference to solicitors-general of state courts, there is hereby created the Prosecuting Attorneys Oversight Commission, which shall have the power to discipline, remove, and cause involuntary retirement of appointed or elected district attorneys or solicitors-general in accordance with such Paragraph. As used in this Code section, the term 'commission' means the Prosecuting Attorneys Oversight Commission.

(b) The commission shall consist of eight members.

(c)(1) The commission shall be divided into a five-member investigative panel and a three-member hearing panel.

(2) The investigative panel shall be responsible for:

(A) The investigative, prosecutorial, and administrative functions of the commission;

(B) Investigation of alleged conduct constituting grounds for discipline under subsection (h) of this Code section;

(C) The selection of an individual to serve as the director of the commission who shall be an active status member of the State Bar of Georgia and who shall not engage in the practice of law, other than to represent the commission; and

(D) Authorization of employment of such additional staff as the commission deems necessary to carry out the powers assigned to the commission.

(3) The hearing panel shall be responsible for:

(A) Adjudicating formal charges filed by the investigative panel;

(B) Issuing disciplinary and incapacity orders;

(C) Issuing formal advisory opinions on its own initiative or on the recommendation of the investigative panel regarding the grounds for discipline set forth under subsection (i) of this Code section; and

(D) Issuing standards on its own initiative or on the recommendation of the investigative panel. Any such standards shall elaborate, define, or provide context for the grounds for discipline as set forth in subsection (i) of this Code section.

(d)(1) As used in this subsection, the term:

(A) 'Attorney' means a lawyer who has been an active status member of the State Bar of Georgia for at least ten years and is a registered voter in this state.

(B) 'Citizen' means an individual who is neither an attorney nor a judge and who is a registered voter in this state.

(C) 'Judge' means an elected or appointed public official who presides over a court of record.

(2) The Prosecuting Attorneys' Council may recommend to the respective appointing authorities a list of the names of individuals for consideration to serve as attorney commission members.

(3)(A) The five members of the commission's investigative panel shall be appointed as follows:

(i) One attorney with prosecutorial experience as an elected district attorney shall be appointed by the Governor and shall serve a term of four years; provided, however, that the initial appointment shall be for three years, and thereafter, successors to such member shall serve terms of four years;

(ii) One attorney with prosecutorial experience shall be appointed by the Lieutenant Governor and shall serve a term of four years; provided, however, that the initial appointment shall be for two years, and thereafter, successors to such member shall serve terms of four years;

(iii) Two practicing attorneys shall be appointed by the Speaker of the House of Representatives and each shall serve terms of four years; provided, however, that the initial appointment of one attorney member as designated by the Speaker of the House of Representatives shall be for four years and the initial appointment of the other attorney member as designated by the Speaker of the House of Representatives shall be for one year, and thereafter, successors to such members shall serve terms of four years; and

(iv) One former district attorney or former solicitor general shall be appointed by the Senate Committee on Assignments and shall serve a term of four years; provided, however, that the initial appointment shall be for three years, and thereafter, successors to such member shall serve terms of four years.

(B) The investigative panel members shall annually elect a chairperson and vice chairperson for such panel.

(4) The three members of the commission's hearing panel shall be appointed as follows:

(C) One former judge of the superior court or Court of Appeals or former Justice who shall have at least ten years of service as a judge or Justice shall be appointed by the Speaker of the House of Representatives and shall serve a term of four years; provided, however, that the initial appointment shall be for three years, and thereafter, successors to such member shall serve terms of four years.

(5) All members shall be appointed by December 1, 2022, and their initial terms shall begin on April 1, 2023; provided, however, that the initial term of a member under this

paragraph shall not be construed as counting toward the limit of two full terms of service as provided for under paragraph (6) of this subsection.

(6) A commission member shall be eligible to serve so long as he or she retains his or her status as an attorney, citizen, or district attorney, but a vacancy shall be created by operation of law when he or she no longer has the designation for which he or she was appointed. Any vacancy for a member shall be filled by the appointing authority, and such appointee shall serve the balance of the vacating member's unexpired term; provided, however, that, if the appointing authority fails to fill a vacancy within 60 days of being notified of such vacancy by the commission, the Governor shall appoint a replacement member from the same category of member. Any member of the commission shall serve no more than two full terms.

(e)(1) The names of the appointees by the Governor pursuant to this Code section shall be submitted by the Governor to the Senate no later than December 31, 2022. Any member appointed by the Governor to the commission shall serve until the Senate confirms such appointee, and if an individual's name is not submitted by such deadline, he or she shall not be eligible for confirmation.

(2) If an appointee of the Governor is not confirmed by the Senate, the Governor shall promptly submit another appointee's name, notwithstanding the deadline expressed in paragraph (1) of this subsection.

(3) If the Senate is not in session at the time a Governor's appointee's term begins or a vacancy is created, an appointee for such term or to fill such vacancy shall be effective until his or her name can be submitted to the Senate and his or her appointment can be confirmed at the next regular session.

(f) Members and staff of the hearing panel shall not engage in any ex parte communications regarding a disciplinary or incapacity matter of a district attorney or solicitor-general, including with members and staff of the investigative panel.

(g)(1) Each member of the commission shall be entitled to vote on any matter coming before his or her respective panel unless otherwise provided by rules adopted by the commission concerning recusal. The chairperson of the investigative panel and the presiding officer of the hearing panel shall retain a vote on all matters except those in which such chairperson or presiding officer has been recused. No commission member present at a panel meeting shall abstain from voting unless he or she is recused. The rules of the commission shall establish grounds for recusal and the process for allowing a temporary replacement of a commission member in such circumstance.

(2)(A) As used in this paragraph, the term 'for cause' shall include indictment for or conviction of a felony or any offense involving moral turpitude; misconduct, malpractice, malfeasance, misfeasance, nonfeasance, or incapacity; failure to attend three or more panel meetings or hearings in a one-year period without good and sufficient reason; or abstaining from voting, unless recused.

(B) Removal of a panel member for cause shall be by a unanimous vote of all members of the commission; provided, however, that the panel member who is the subject of the vote shall not vote.

(3) A quorum of the investigative panel shall require any three members of such panel.

(4)(A) Members of the commission shall serve without compensation but shall receive the same daily expense allowance as members of the General Assembly receive, as set forth in Code Section 28-1-8, for each day such member is in physical attendance at a panel meeting or hearing, plus either reimbursement for actual transportation costs while traveling by public transportation or the same mileage allowance for use of a personal motor vehicle in connection with such attendance as members of the General Assembly receive.

(B) Notwithstanding subparagraph (A) of this paragraph, no member shall receive such expense allowance or travel reimbursement if he or she is entitled to receive an expense allowance, travel reimbursement, or salary for performance of duties as a state employee.

(C) Expense allowances and travel reimbursements shall be paid from moneys appropriated or otherwise available to the commission.

(h) The commission, with the assistance of the Prosecuting Attorneys' Council of the State of Georgia, shall promulgate standards of conduct and rules for the commission's governance which will comport with due process and enforce the provisions of subsections (i) and (j) of this Code section; provided, however, that such standards and rules shall be effective only upon review and adoption by the Supreme Court. Such standards and rules shall allow for a full investigation of a district attorney or solicitor-general only upon majority vote of the investigative panel. When a commission member receives information relating to the conduct of a district attorney or solicitor-general, such member shall provide such information to the commission's director for appropriate action. Any standards of conduct adopted shall be in aid of the judiciary in the performance of its functions and shall function jointly with the Georgia Rules of Professional Conduct of the State Bar of Georgia. The standards of conduct shall include a list of actions that will be grounds for discipline of a district attorney or solicitor-general or for his or her removal or involuntary retirement from office.

(i) The following shall be grounds for discipline of a district attorney or solicitor-general or for his or her removal or involuntary retirement from office:

(1) Mental or physical incapacity interfering with the performance of his or her duties which is, or is likely to become, permanent;

(2) Willful misconduct in office;

(3) Willful and persistent failure to perform his or her duties;

(4) Conviction of a crime involving moral turpitude;

(5) Conduct prejudicial to the administration of justice which brings the office into disrepute;

(6) Knowingly authorizing or permitting an assistant district attorney or assistant solicitor-general to commit any act constituting grounds for removal under paragraphs (1) through (5) of this subsection; or

(7) Violation of the Georgia Rules of Professional Conduct of the State Bar of Georgia, including, but not limited to, Rule 3.8 of the Georgia Rules of Professional Conduct of the State Bar of Georgia regarding special responsibilities of a prosecutor.

(j)(1) In any complaint filed with the commission alleging a violation of subsection (h) and requesting an investigation of an elected or appointed district attorney or solicitor-general, the complainant shall be required to file with the commission a sworn affidavit detailing the personal knowledge of the facts supporting the complaint, including any interest the complainant may have in the outcome of the case. The complainant may attach documents to support the complaint. Nothing in this Code section shall be construed to limit the ability of the commission to bring a complaint pursuant to this Code section on its own motion.

(2) The commission may not entertain a complaint on the basis of a charging decision, plea offer, opposition to or grant of a continuance, placement of a case on a trial calendar, or recommendation regarding bond unless the affidavits and any documents attached to the complaint show it is likely that the district attorney or solicitor-general made or knowingly authorized the decision based on:

(A) Undue bias;

(B) A lack of probable cause;

(C) An undisclosed financial interest in the outcome of the prosecution;

(D) An undisclosed conflict of interest;

(E) Factors that are completely unrelated to the duties of prosecution; or

(F) A stated policy, written or otherwise, which demonstrates that the district attorney or solicitor-general categorically refuses to prosecute any offense or offenses of which he or she is required by law to prosecute.

(k)(1) All information regarding a disciplinary or incapacity matter of a district attorney or solicitor-general shall be kept confidential by the investigative panel and commission staff before formal charges are filed; provided, however, that, if prior to filing formal charges such judge and investigative panel agree to a satisfactory disposition of a disciplinary matter other than by a private admonition or deferred discipline agreement, a report of such disposition shall be publicly filed in the Supreme Court.

(2) After the filing and service of formal charges:

(A) With respect to an incapacity matter of a district attorney or solicitor-general, all pleadings, information, hearings, and proceedings shall remain confidential; and

(B) With respect to a disciplinary matter of a district attorney or solicitor-general, all pleadings and information shall be subject to disclosure to the public, and all hearings and proceedings shall be open and available to the public, except to the extent that such pleadings and information or hearings and proceedings could be properly sealed or closed under Chapter 14 or Article 4 of Chapter 18 of Title 50 or by a court as provided by law.

(3) With respect to administrative and other matters, all records and information shall be subject to disclosure to the public, and all meetings, or portions thereof, shall be open and available to the public, except to the extent that such records, information, and meetings would:

(A) Disclose disciplinary matters of a district attorney or solicitor-general protected in paragraph (1) of this subsection;

(B) Disclose incapacity matters of a district attorney or solicitor-general protected in paragraph (1) or subparagraph (A) of paragraph (2) of this subsection;

(C) Be considered a matter subject to executive session, if the commission were considered to be an agency under Chapter 14 of Title 50; or

(D) Not be required to be publicly disclosed under Code Section 50-18-72, if the commission were considered to be an agency under Article 4 of Chapter 18 of Title 50.

(4) The work product of the commission and its staff and the deliberations of the commission shall remain confidential.

(l) Notwithstanding subsection (k) of this Code section, information regarding a disciplinary or incapacity matter of a district attorney or solicitor-general may be disclosed or the confidentiality of such information may be removed when:

(1) The privilege of confidentiality has been waived by the individual who was the subject of the commission's investigation; or

(2) The commission's rules provide for disclosure:

(A) In the interest of justice and to protect the public;

(B) If an emergency situation exists; or

(C) If a district attorney or solicitor-general is under consideration for another state or federal position.

(m) Information submitted to the commission or its staff, and testimony given in any proceeding before the commission or one of its panels, shall be absolutely privileged, and no civil action predicated upon such information or testimony shall be instituted against any complainant, witness, or his or her counsel.

(n) A respondent who is subjected to public reprimand, censure, limitation on the performance of prosecutorial duties, suspension, retirement, or removal shall be entitled to a copy of the proposed record to be filed with the Supreme Court and, if the respondent has objections to it, to have the record settled by the hearing panel's presiding officer. The hearing panel's order in a disciplinary or incapacity matter shall be reviewed by the Supreme Court in accordance with its rules and the rules of the commission.

(o) The commission shall commence by April 1, 2023, and the rules and regulations promulgated by such commission shall be established no later than October 1, 2023. No complaint shall be filed before January 1, 2024.

(p) The authority of the commission shall be limited to incapacity or discipline regarding the conduct of a district attorney or solicitor-general as a holder of such office. Nothing in this Code section shall be construed as diminishing the authority of the Supreme Court or the State Bar of Georgia to regulate the practice of law in this state."

SECTION 2.

This Act shall become effective for purposes of appointing members of the commission upon the approval of this Act by the Governor or upon its becoming law without such approval. This Act shall become effective for all other purposes on July 1, 2022.

SECTION 3.

"CHAPTER 66

36-66-1.

This chapter shall be known and may be cited as ~~'The Zoning~~ the 'Zoning Procedures Law.'

36-66-2.

(a) While recognizing and confirming the authority of local governments to exercise zoning power within their respective territorial boundaries, it is the intention of this chapter to establish as state policy minimum procedures governing the exercise and means of judicial review of the exercise of that power. The purpose of these minimum procedures is to assure that due process is afforded to the general public when local governments regulate the uses of property through the exercise of the zoning power. Nothing in this chapter shall be construed to invalidate any zoning decision made by a local government prior to ~~January 1, 1986~~ July 1, 2023, or to require a local government to exercise its zoning power.

(b) Consistent with the minimum procedures required by this chapter, local governments may:

(1) Provide by ordinance or resolution for such administrative officers, ~~bodies~~ boards, or agencies as may be expedient for the efficient exercise of ~~their~~ delegated, quasi-judicial zoning powers and to establish procedures and notice requirements for hearings before such quasi-judicial officers, boards, or agencies that are consistent with the minimum procedures provided for in this chapter to assure due process is afforded the general public; and

(2) Provide by ordinance or resolution for procedures and requirements in addition to or supplemental to those required by this chapter and, where so adopted, thereby establish the minimum procedures for such local government's exercise of zoning powers.

36-66-3.

(2) 'Territorial boundaries' means, in the case of counties, the unincorporated areas thereof and any area defined in paragraph (5.1) of Code Section 36-70-2, and, in the case of municipalities, the area lying within the corporate limits thereof except any area defined in paragraph (5.1) of Code Section 36-70-2.

(3) 'Zoning' means the power of local governments to provide within their respective territorial boundaries for the zoning or districting of property for various uses and the prohibition of other or different uses within such zones or districts and for the regulation of development and the improvement of real estate within such zones or districts in accordance with the uses of property for which such zones or districts were established.

(4) 'Zoning decision' means final legislative action by a local government which results in:

(A) The adoption or repeal of a zoning ordinance;

(B) The adoption of an amendment to a zoning ordinance which changes the text of the zoning ordinance;

(C) The adoption or denial of an amendment to a zoning ordinance ~~which rezones~~ to rezone property from one zoning classification to another;

(D) The adoption or denial of an amendment to a zoning ordinance by a municipal local government ~~which zones~~ to zone property to be annexed into the municipality; ~~or~~

(E) The grant or denial of a permit relating to a special use of property;

At least 15 but not more than 45 days prior to the date of the hearing, the local government shall cause to be published within a newspaper of general circulation within the territorial boundaries of the local government a notice of the hearing. The notice shall state the time, place, and purpose of the hearing.

(b) If a zoning decision of a local government is for the rezoning of property and the rezoning is initiated by a party other than the local government, then:

(b) In addition to policies and procedures required by subsection (a) of this Code section, each local government rendering a zoning decision shall adopt standards governing the exercise of the zoning power, and such standards may include any factors which the local government finds relevant in balancing the interest in promoting the public health, safety, morality, or general welfare against the right to the unrestricted use of property. Such

standards shall be printed and copies thereof shall be available for distribution to the general public.

(b.1) In addition to policies and procedures required by subsection (a) of this Code section, each local government providing for a quasi-judicial officer's, board's, or agency's grant, denial, or review of a quasi-judicial matter may adopt specific standards and criteria governing the exercise of such quasi-judicial decision-making authority, and such standards shall include the factors by which the local government directs the evaluation of a quasi-judicial matter. The provisions of subsection (a) of Code Section 36-66-4 relating to notices of public hearings for the purposes of that subsection shall also apply to public hearings required by this subsection.

36-66-5.1.

(a) To ensure that the general public is afforded due process in an orderly way to petition the courts for review of a local government's exercise of zoning, administrative, or quasi-judicial powers as guaranteed by Article I, Section I, Paragraphs IX and XII of the Constitution, the General Assembly, pursuant to its authority under Article VI, Section IV, Paragraph I of the Constitution, provides the following mechanism by which each of the powers described in this chapter may be reviewed by the superior court of the county wherein such property is located:

(1) Zoning decisions as described in this chapter, being legislative in nature, shall be subject to direct constitutional challenge regarding the validity of maintaining the existing zoning on the subject property or the validity of conditions or an interim zoning category other than what was requested in the superior court pursuant to its original jurisdiction over declaratory judgments pursuant to Chapter 4 of Title 9 and equity jurisdiction under Title 23. Such challenges shall be by way of a de novo review by the superior court wherein such review brings up the whole record from the local government and all competent evidence shall be admissible in the trial thereof, whether adduced in a local government process or not and employing the presumption that a governmental zoning decision is valid and can be overcome substantively by a petitioner showing by clear and convincing evidence that the zoning classification is a significant detriment to the petitioner and is insubstantially related to the public health, safety, morality, or general welfare; or

(2) Quasi-judicial decisions as described in this chapter and zoning decisions under subparagraph (E) of paragraph (4) of Code Section 36-66-3 shall be subject to appellate review by the superior court pursuant to its appellate jurisdiction from a lower

judicatory body and shall be brought by way of a petition for such review as provided for in Title 5. Such matters shall be reviewed on the record which shall be brought to the superior court as provided in Title 5.

(b) All such challenges or appeals shall be brought within 30 days of the written decision of the challenged or appealed action.

(c) To ensure that the citizens of this state are not unnecessarily burdened by the review process as a mechanism of appeal, local governments shall designate by ordinance or resolution:

(1) The officer of the quasi-judicial board or agency who shall have authority, without additional board or agency action, to approve or issue any form or certificate necessary to perfect the petition described in Title 5 for review of lower judicatory bodies and upon whom service of such petition may be effected or accepted on behalf of the lower judicatory board or agency, during normal business hours, at the regular offices of the local government; and

(2) The elected official or his or designee who shall have authority to accept service and upon whom service of an appeal of a quasi-judicial decision may be effected or accepted on behalf of the local governing authority, during normal business hours, at the regular offices of the local government.

(d) An appeal or challenge by an opponent filed pursuant to this chapter shall stay all legal proceedings in furtherance of the action appealed from or challenged, unless the local government, officer, board, or agency from which or from whom the appeal or challenge is taken certifies that, by reason of the facts stated in the certificate, a stay would cause imminent peril to life or property. In such actions, the applicant for the zoning decision or the quasi-judicial decision shall be a necessary party and shall be named as a defendant in the action and served in accordance with the requirements of Title 5 or Title 9, as appropriate.

36-66-6.

(a) In any local government which has established a planning department or other similar agency charged with the duty of reviewing zoning proposals, such planning department or other agency shall, with respect to each proposed zoning decision involving land that is adjacent to or within 3,000 feet of any military base or military installation or within the 3,000 foot Clear Zone and Accident Prevention Zones Numbers I and II as prescribed in the definition of an Air Installation Compatible Use Zone of a military airport, investigate and make a recommendation with respect to each of the matters enumerated in subsection (b) of this Code section, in addition to any other duties with which the planning department or agency is charged by the local government. The planning department or other agency shall request from the commander of such military base, military installation, or military airport a written recommendation and supporting facts relating to the use of the land being considered in the proposed zoning decision at least 30 days prior to the hearing required by subsection (a) of Code Section 36-66-4. If the base commander does not submit a response to such request by the date of the public hearing, there shall be a presumption that the proposed zoning decision will not have any

adverse effect relative to the matters specified in subsection (b) of this Code section. Any such information provided shall become a part of the public record.

(b) The matters with which the planning department or agency shall be required to make such investigation and recommendation shall be:

(1) Whether the zoning proposal will permit a use that is suitable in view of the use of adjacent or nearby property within 3,000 feet of a military base, military installation, or military airport;

(2) Whether the zoning proposal will adversely affect the existing use or usability of nearby property within 3,000 feet of a military base, military installation, or military airport;

(3) Whether the property to be affected by the zoning proposal has a reasonable economic use as currently zoned;

(4) Whether the zoning proposal will result in a use which will or could cause a safety concern with respect to excessive or burdensome use of existing streets, transportation facilities, utilities, or schools due to the use of nearby property as a military base, military installation, or military airport;

(5) If the local government has an adopted land use plan, whether the zoning proposal is in conformity with the policy and intent of the land use plan; and

(6) Whether there are other existing or changing conditions affecting the use of the nearby property as a military base, military installation, or military airport which give supporting grounds for either approval or disapproval of the zoning proposal."

SECTION 2.

This Act shall become effective on July 1, 2022, and shall apply to all zoning and quasi-judicial decisions occurring on and after that date; however, no zoning or quasi-judicial decision prior to July 1, 2023, shall be rendered invalid or void because of a local government's failure to implement language in their ordinances accomplishing the provisions of Code Section 36-66-5.1.

SECTION 3.

All laws and parts of laws in conflict with this Act are repealed.
