"ARTICLE 7

(b)(1) The Georgia Endowment for Teaching Professionals shall be governed by a board of trustees consisting of 11 members. The members of the board of trustees shall include five members appointed by the Governor, including the commissioner of the Technical College System of Georgia and the commissioner of economic development; three members appointed by the President of the Senate; and three members appointed by Speaker of the House of Representatives.

(2) The Governor shall appoint one member to serve as chairperson of the board of trustees. The board of trustees may elect such other officers as it deems appropriate. The board of trustees shall meet at the call of the chairperson or the request of any three members.

Thereafter, such members shall serve four-year terms and until their successors are appointed and qualified. The members of the board of trustees shall serve without compensation but may be reimbursed for actual and reasonable expenses incurred while on the business of the endowment.

(d) The board of trustees shall appoint an advisory committee to assist the board members in their duties. Such advisory committee shall consist of not more than 30 members and shall be chaired by the executive director of the endowment. The advisory committee shall include at least two representatives from each of the state's congressional districts. In making its appointments, the board of trustees shall select members of the various boards of directors or trustees of postsecondary institutions, local business or industry associations, and economic development organizations; persons who have shown a commitment to education and workforce development in their communities; and persons who understand the needs of business and education. The members of the advisory committee shall serve for four-year terms and until their successors are selected and qualified; provided, however, that the board of trustees shall designate 15 of the initial appointees to serve terms of two years and until their successors are selected and qualified. Such 15 members shall thereafter serve four-year terms and until their successors are selected and qualified. (11) To perform such other tasks as may be appropriate to fulfill its purposes not inconsistent with law.

50-12-113.
(a) No funds shall be expended by the board of trustees under the provisions of paragraphs (7) and (9) of Code Section 50-12-112 until contributions to the endowment from private donors aggregate $50,000.00 and funding and grants from public sources aggregate $50,000.00. In the event that contributions to the endowment do not meet the minimum requirements of this subsection by December 31, 2025, then the endowment shall be discontinued effective July 1, 2026. In such event, during the period from January 1, 2026 to June 30, 2026, the endowment shall take all reasonable and necessary steps to wind up its affairs and to return any contributions to the donors thereof, public or private. (b) The funds and assets of the endowment shall be independently audited annually, and the results of such audit shall be open to inspection at reasonable times by any person. A copy of the audit report shall be sent to the state auditor and the state accounting officer.
(c) The board of trustees shall provide the Governor and the members of the General Assembly with a full report of its activities and funds distribution in December of each year with recommendations, if any, for legislation to assist the endowment in achieving its purposes. The report shall include information on the impact of the endowment on education and economic development, specifying the metric results using the measurement system developed by the endowment as required in paragraph (10) of Code Section 50-12-112."

A BILL to be entitled an Act to amend Chapter 7 of Title 48 of the Official Code of Georgia Annotated, relating to income taxes, so as to repeal a limitation on the types of partnerships that may elect to pay income taxes at the entity level; to provide for related matters; to provide for an effective date and applicability; to repeal conflicting laws; and for other purposes.

The following Committee substitute was read and adopted:

A BILL TO BE ENTITLED
AN ACT

To amend Chapter 7 of Title 48 of the Official Code of Georgia Annotated, relating to income taxes, so as to provide that an election to pay income taxes at the entity level shall have no impact on the accounting or tax treatment of distributions for an electing pass-through entity; to repeal a limitation on the types of partnerships that may elect to pay income taxes at the entity level; to provide for related matters; to provide for an effective date and applicability; to repeal conflicting laws; and for other purposes.

BE IT ENACTED BY THE GENERAL ASSEMBLY OF GEORGIA:

SECTION 1.

Chapter 7 of Title 48 of the Official Code of Georgia Annotated, relating to income taxes, is amended by revising subsection (b) of Code Section 48-7-23, relating to taxation of partnerships, computation of net income, disallowance of charitable contributions, individual liability of partners, individual returns of distributive shares, taxable years, and elections, as follows:

"(b)(1) As used in this subsection, the term 'electing partnership' means, with respect to a taxable period, a partnership that has made the election pursuant to paragraph (2) of this subsection with respect to such taxable period.

(2) A partnership may annually make an irrevocable election, on its timely filed return under Code Section 48-7-53, to pay the tax levied by this chapter at the entity level for the taxable period covered by such return. Such election must be made on or before the due date for filing the applicable income tax return, including any extensions which have been granted.

(3) Notwithstanding subsection (a) of this Code section, an electing partnership with respect to a taxable period shall pay an income tax equivalent to 5.75 percent of its net income as computed pursuant to Code Section 48-7-23, and allocated and apportioned pursuant to Code Section 48-7-31, for such taxable period, and such partners shall not recognize their respective share of the portion of income on which tax was actually paid pursuant to this subsection.

(4) No electing partnership nor any of its partners shall be entitled to any credit under Code Section 48-7-28 with respect to such tax so paid or any deduction for such income under subsection (d) of Code Section 48-7-27; provided, however, that such electing partnership shall otherwise be eligible for credits provided by this chapter and shall be considered an 'other entity' for purposes of Code Sections 48-7-29.16, 48-7-29.20, and 48-7-29.21.

(5) The election under this subsection shall have no impact on the determination of the basis of the partners of an electing partnership in their interests of such electing partnership, except that such partners' distributive share of the tax paid or accrued by such partnership pursuant to such election shall be taken into account in determining such basis.

(5.1) The election under this subsection shall have no impact on the accounting or tax treatment of distributions for an electing pass-through entity.

(6) In computing the net income that is subject to taxation, the electing partnership shall not be allowed any deduction for taxes that are based on or measured by gross or net income or any other variant thereof.

~~(7) This subsection shall only apply to a partnership that is 100 percent directly owned and controlled by persons eligible to be shareholders of an 'S' corporation under Section 1361 of the Internal Revenue Code of 1986, as amended.~~"

BE IT ENACTED BY THE GENERAL ASSEMBLY OF GEORGIA:

BE IT ENACTED BY THE GENERAL ASSEMBLY OF GEORGIA:

SECTION 1.

Title 36 of the Official Code of Georgia Annotated, relating to local government, is amended by enacting a new chapter to read as follows:

"CHAPTER 83A

36-83A-1.

(a) As used in this chapter, the term 'unit of local government' means a county, municipality, consolidated government, county or independent school system, or local authority.

(b) This chapter shall apply to surplus public funds under the control of units of local government in excess of those required to meet current expenses. This chapter shall not apply to pension funds or funds related to the issuance of debt where there are other existing laws, policies, or indentures in effect for such funds.

36-83A-2.

Any investment policy made pursuant to this chapter shall describe the investment objectives of the unit of local government. Investment objectives shall provide for the following:

(1) Safety of capital, with investments to be managed in a manner that seeks to ensure preservation of principal in each portfolio of investments;

(2) Sufficient liquidity for each portfolio so as to enable the funding of all cash needs reasonably anticipated given the profile of each respective portfolio;
(3) The management of each portfolio shall include the objective of obtaining a market rate of return taking into consideration cash flow requirements for each respective portfolio; and
(4) The reduction of overall portfolio risks while maintaining market rates of return, by ensuring that investments in each portfolio are diversified to eliminate risk of loss from an overconcentration in a specific maturity, issuer, and security or class of securities.

36-83A-3.
(a) An investment policy should specify performance measures as are appropriate for the nature and size of the surplus public funds under the supervision of the unit of local government.
(b) The investment policy shall describe the level of prudence and ethical standards to be followed by the unit of local government in carrying out its investment activities with respect to funds described in this chapter. The unit of local government shall adopt a Prudent Person Rule, which shall provide that investments shall be made with judgment and care, under circumstances then prevailing, which persons of prudence, discretion, and intelligence exercise in the management of their own affairs, not for speculation, but for investment, considering the probable safety of their capital as well as the probable income to be derived from the investment.

36-83A-4.
(a) Investment policies shall list investments authorized by the governing body of the unit of local government, subject to the provisions of this chapter. Investments not listed in the investment policy are prohibited.
(b) Investment policies shall require that the investment portfolio is structured in such manner as to provide sufficient liquidity to pay obligations as they come due. To that end, the investment policy shall direct that, to the extent possible, an attempt shall be made to match investment maturities with known cash needs and anticipated cash-flow requirements.
(c) Investment policies shall establish guidelines for investments and limits on security issues, issuers, and maturities. Such guidelines shall be commensurate with the nature and size of the surplus public funds within the custody of the unit of local government.
(d) Investment policies shall provide for appropriate diversification of the investment portfolio. Investments held shall be diversified to the extent practicable to control the risk of loss resulting from overconcentration of assets in a specific maturity, issuer, instrument, dealer, or bank through which financial instruments are bought and sold. Diversification strategies within the established guidelines shall be reviewed and revised periodically, as deemed necessary by the appropriate management staff.
(e) Investment policies shall provide appropriate arrangements for the holding of assets of the unit of local government. Securities shall be held with a third party; and all

securities purchased by, and all collateral obtained by, the unit of local government shall be properly designated as an asset of the unit of local government. No withdrawal of securities, in whole or in part, shall be made from the custody account, except by an authorized staff member of the unit of local government. Securities transactions between a broker-dealer and the custodian involving purchase or sale of securities by transfer of money or securities shall be made on a delivery versus payment basis, if applicable, to ensure that the custodian shall have the security or money, as appropriate, in hand at the conclusion of the transaction.

(f) The unit of local government's officials responsible for making investment decisions or finance officer shall maintain a list of authorized securities dealers, issuers, and banks from which the unit of local government may transact securities pursuant to the investment policies required by this chapter.

36-83A-5.

(a) Investment policies shall require that the unit of local government's finance officer determine the approximate maturity date based on cash-flow needs and market conditions, analyze and select one or more optimal types of investment, and seek competitive offers for the security in question when feasible and appropriate. Except as otherwise required by law, the offer deemed to best meet the investment specified in Code Section 36-83A-2 shall be selected.

(b) The unit of local government's officials responsible for making the investment decisions with regard to investment policy shall establish a system of internal controls in writing and make such system a part of the governmental entity's operational procedures. The internal controls shall be designed to prevent losses of funds which might arise from fraud, employee error, misrepresentation by third parties, or imprudent actions by employees of the unit of local government.

36-83A-6.

Investment policies shall provide for appropriate annual or more frequent reporting of investment activities. The unit of local government's officials responsible for making investment decisions or finance officer shall prepare periodic reports for submission to the governing body of the unit of local government, which report shall include securities in the portfolio by class or type, book value, income earned, and market value as of the report date. Such reports shall be available to the public.

SECTION 1.

Subpart 2 of Part 6 of Article 6 of Chapter 2 of Title 20 of the Official Code of Georgia Annotated, relating to conditions of employment in elementary and secondary education, is amended by revising Code Section 20-2-218, relating to duty-free lunch period, exchange of lunch period for compensation or other benefit, length of school day not affected, exemption for extenuating circumstances, and funding, as follows:

"20-2-218.

(a) As used in this Code section, the term 'planning period' means a block of time when a teacher is not responsible for the direct supervision of student safety or conduct or for providing instruction to students and is responsible for participating in activities that are part of the established duties of a teacher, including, but not limited to, instructional lesson design, grading and assessment, data analysis of student achievement, and growing skills and knowledge in the profession of teaching.

(b)(1) Every teacher who is employed in grades kindergarten through five for a period of time of more than one-half of the class periods of the regular school day shall be provided a daily lunch period of not less than 30 consecutive minutes, and such employee shall not be assigned any responsibilities during ~~this~~ such lunch period. Such lunch period shall be included in the number of hours worked, and no local board of education shall increase the number of hours to be worked by an employee as a result of such employee's being granted a lunch period under the provisions of this Code section. This duty-free lunch period shall not be calculated under any circumstances as a part of any daily planning period or other noninstructional time.

(2) Every teacher who is employed in grades kindergarten through 12 for a period of time of more than one-half of the class periods of the regular school day shall be provided a daily planning period. Such planning period shall be included in the number of hours worked, and no local board of education shall increase the number of hours to be worked by an employee as a result of such employee's being granted a planning period under the provisions of this Code section. This planning period shall not be calculated under any circumstances as a part of any daily lunch period or other noninstructional time.

~~(b)~~(c) Nothing in this Code section shall be construed to prevent any teacher from exchanging that teacher's lunch period or planning period for any compensation or benefit

mutually agreed upon by the employee and the local superintendent of schools or such superintendent's agent, except that a teacher and the superintendent or agent may not agree to terms which are different from those available to any other teacher granted rights under this Code section within the individual school or to terms which in any way discriminate among such teachers within the individual school.

~~(c)~~(d) The implementation of this Code section may not result in a lengthened school day.

~~(d)~~(e) If necessary where due to extreme economic conditions or an unforeseen and unavoidable personnel shortage, a local unit of administration may:

(1) Require ~~require~~ a teacher otherwise entitled to a duty-free lunch period to supervise students during such lunch period but for no more than one day in any school week; and

(2) Require a teacher otherwise entitled to a planning period to supervise students during such planning period but for no more than one day in any school week except when necessary to ensure the safety of students and staff.

(f) During planning periods teachers are encouraged to review the school safety plan and incorporate it into lesson plans as appropriate.

~~(e)~~(g) Notwithstanding any of the foregoing provisions of this Code section to the contrary, nothing in this Code section shall require the General Assembly to appropriate funds for the implementation of the planning period and duty-free lunch program; provided, however, that any such funds appropriated for this purpose shall be used by local school systems for duty-free lunch periods for classroom teachers in grades kindergarten through five and planning periods for classroom teachers in grades kindergarten through 12."

A BILL TO BE ENTITLED
AN ACT

To amend Chapter 36 of Title 36 of the Official Code of Georgia Annotated, relating to municipal annexation of territory, so as to provide for municipal deannexation of property by application of 100 percent of property owners; to provide for procedures, conditions, and limitations; to provide for ad valorem taxes; to provide for special tax districts for outstanding general obligation bonded indebtedness; to provide for related matters; to provide for an effective date; to repeal conflicting laws; and for other purposes.

BE IT ENACTED BY THE GENERAL ASSEMBLY OF GEORGIA:

SECTION 1.
Chapter 36 of Title 36 of the Official Code of Georgia Annotated, relating to municipal annexation of territory, is amended by adding a new article to read as follows:

"ARTICLE 8

36-36-130.
The procedures of this article shall apply to all deannexations pursuant to this chapter but shall not apply to deannexations by local Acts of the General Assembly.

36-36-131.
(a) Authority is granted to the governing authority of any municipality to deannex an area or areas of the existing corporate limits thereof, in accordance with the procedures provided in this article and in Article 1 of this chapter, upon the written and signed applications of all of the owners of all of the land, except the owners of any public street, road, highway, or right of way, proposed to be deannexed, containing a complete description of the lands to be deannexed; provided, however, that no more than ten parcels of property may be deannexed in one action and only upon the adoption of a resolution by the governing authority of the county in which such property is located consenting to such deannexation. If the governing authority of the county consents to the deannexation and the deannexation conforms with the requirements of this article, the governing authority of the municipal corporation is obligated to approve such deannexation unless it finds that the deannexation would be detrimental to the health, safety, and welfare of the residents and property owners of the area to be deannexed or to the area remaining within the municipality.
(b) Lands to be deannexed at any one time under this article shall be treated as one body, regardless of the number of owners, and all parts shall be considered as adjoining the limits of the municipality when any one part of the entire body abuts such limits; provided, however, that at least one-eighth of the aggregate external boundary or 50 feet

of the area to be deannexed, whichever is less, either abuts directly on the municipal boundary or would directly abut on the municipal boundary if it were not otherwise separated from the municipal boundary by lands owned by the municipal corporation or some other political subdivision, by lands owned by this state, or by the definite width of:

(1) Any street or street right of way;

(2) Any creek or river; or

(3) Any right of way of a railroad or other public service corporation

which divides the municipal boundary and any area proposed to be deannexed.

(c) When such application is acted upon by the municipal governing authority and the land is, by ordinance, deannexed from the municipality, an identification of the property so deannexed shall be filed with the Department of Community Affairs and with the governing authority of the county in which the property is located in accordance with Code Section 36-36-3.

(d) When so deannexed, such lands shall cease to constitute a part of the lands within the corporate limits of the municipality as completely and fully as if the limits had been marked and defined by local Act of the General Assembly.

(e)(1) Except as provided in paragraph (2) of this subsection and Code Section 36-36-133, when so deannexed, the land shall be deannexed from the municipality effective for ad valorem tax purposes on December 31 of the year during which such application is submitted and for all other purposes on the first day of the next calendar quarter that begins at least one month after the month during which the requirements of this article have been met.

(2) Unless otherwise agreed in writing by the governing authority of the county and a municipal governing authority, where property zoned and used for commercial purposes is deannexed from a municipality with an independent school system, the effective date for the purposes of ad valorem taxes levied for educational purposes shall be December 31 of the year after the year in which the requirements of this article have been met.

(f) Property that has been deannexed from a municipality under this article shall not be annexed again until at least two calendar years after the effective date of such deannexation unless such annexation is accomplished by local Act of the General Assembly.

36-36-132.

There shall be no deannexation under this article that results in the formation of one or more unincorporated islands or in part of the area remaining in the municipal corporation no longer being a contiguous area of such municipal corporation.

36-36-133.

Property that has been deannexed from a municipality under this article shall be subject to all general obligation bonded indebtedness of the municipality which is outstanding on the effective date of such deannexation. On the effective date of such deannexation,

a special tax district shall be created whose geographical boundary shall correspond to and be conterminous with the property that has been deannexed. The ad valorem taxes imposed by the municipality on the effective date of the deannexation to retire such bonded indebtedness shall continue to be imposed within such special district in the same manner and to the same extent that such ad valorem taxes were previously imposed by the municipality in accordance with the terms of the obligations of such bonded indebtedness. The governing authority of the municipality shall administer such special district for the purposes relating to such bonded indebtedness, including enforcement of the rights and remedies of the bondholders."

SECTION 2.

This Act shall become effective upon its approval by the Governor or upon its becoming law without such approval.

SECTION 3.

All laws and parts of laws in conflict with this Act are repealed.

The licensee or licensees may award prizes to the winners of such tournaments, but such prizes shall be limited to gift cards or other forms of noncash redemption. If such tournaments are jointly sponsored, such licensees shall share equally in the cost of such prizes.

(p) At any time following a proposed revocation or a proposed nonrenewal of a master license by the corporation, any settlement of such proposed revocation or proposed nonrenewal involving the sale of the master license and associated assets, including, but not limited to, location licenses, master license contracts, and bona fide coin operated amusement machines, shall require a public auction."

(b)(1) No location owner or location operator shall derive more than 50 percent of such location owner's or location operator's ~~monthly~~ quarterly gross retail receipts for the business location in which the Class B machine or machines are situated from such Class B machines; provided, however, that revenues that are due to a master licensee or the corporation or noncash redemption that is earned by the player shall not be deemed revenue derived from Class B machines. This paragraph shall not apply to historical fraternal benefit associations or veterans organizations which are exempt from taxes and are described in Code Section ~~48-5-41~~ or Code Section ~~48-5-478.4~~.

(2) No location owner or location operator shall offer more than nine Class B machines to the public for play in the same business location; provided, however, that this limitation shall not apply to an amusement or recreational establishment.

(c) For each business location which offers to the public one or more Class B machines, the location owner or location operator shall prepare a ~~monthly~~ quarterly verified report setting out separately by location in Georgia:

(1) The gross receipts from the Class B machines;

(2) The gross retail receipts for the business location; and

(3) The net receipts of the Class B machines.

(c.1) Each person holding a Class B master license shall prepare a ~~monthly~~ quarterly verified report setting out separately by location in Georgia:

(1) The gross receipts from the Class B machines which the master licensee maintains; and

(d) In accordance with the provisions of Code Section 50-27-73 and the procedures set out in Code Sections 50-27-74 and 50-27-75, the corporation may fine an applicant or holder of a license, refuse to issue or renew a location license or master license, or revoke or suspend a location license or master license for single or repeated violations of subsection (b) of this Code section.

(e) A location owner or location operator shall report the information prescribed in this Code section in the form required by the corporation. Such report shall be submitted in an electronic format approved by the corporation.

(f) Beginning on ~~August 20, 2013~~ July 20, 2023, and on the twentieth day of ~~each month~~ January, April, July, and October of each year thereafter, for the previous ~~month~~ calendar quarter, the reports required by subsections (c) and (c.1) of this Code section shall be supplied to the corporation on forms provided by the corporation, including electronic means. The corporation shall be authorized to audit any records for any such business location or master licensee subject to this Code section. The corporation may contract with any state agencies to perform the audits authorized by this Code section, and it may

contract or enter into a memorandum of understanding with the Department of Revenue to enforce the provisions of this Code section."

SECTION 6.

Said chapter is further amended by designating the existing text of Code Section 50-27-87.1, relating to unfair methods of competition and unfair and deceptive acts, as subsection (a) and adding a new subsection to read as follows:

"(b) The provision by the master licensee of non-fixtures on or within a building in which there is a licensed location at which bona fide coin operated amusement machines are located, including, but not limited to, branded posters; signage, including, but not limited to, digital video signage; rugs; seating; removable partition walls; or wall coverings to a location owner or location operator with whom the master licensee has a contract for the placement of Class B machines shall not be deemed to be unfair methods of competition or unfair or deceptive acts under this article. Such non-fixtures shall be exclusively for the facilitation and promotion of the play of such Class B machines and the redemption of approved gift cards. Such non-fixtures shall remain the property of the master licensee and shall be removed not later than when the Class B machines are removed from the location."

SECTION 7.

Said chapter is further amended by revising paragraph (1) of subsection (d) of Code Section 50-27-102, relating to role of corporation, implementation and certification, separation of funds and accounting, and disputes, and adding a new paragraph to read as follows:

"(d)(1) As a condition of the license issued pursuant to this article, no master licensee or location owner or location operator shall replace or remove a Class A or Class B ~~bona fide coin operated amusement~~ machine from a location until the master licensee and location owner or location operator certify to the corporation that there are no disputes regarding any agreement, distribution of funds, or other claim between the master licensee and location owner or location operator; provided, however, that this certification shall not be required if a master licensee is replacing its own Class A or Class B ~~bona fide coin operated amusement~~ machine at a location. If either the master licensee or location owner or location operator is unable to make the certification required by this Code section, the corporation shall refer the dispute to a hearing officer as set forth in this subsection. If a master licensee certifies that there is a dispute with a location owner or location operator, which certification causes the continued generation of revenue from the master licensee's Class A or Class B machine subject to the alleged dispute pending a decision on the dispute, and, after the hearing officer's or court's determination, the location owner or location operator is the prevailing party and the hearing officer or court finds by clear and convincing evidence that the action was brought by the master licensee without substantial justification or was brought for delay or harassment, the hearing officer or court shall, in addition to any other remedy provided for in this article, order that any revenues received by or due to the master

licensee as a result of the master licensee's certification of the dispute shall not be kept by the master licensee but shall be awarded to the prevailing location owner or location operator and the hearing officer or court shall also award the costs of the proceeding and attorney fees to the location owner or location operator and against the master licensee. However, if, after the hearing officer's or court's determination, the master licensee is the prevailing party and the hearing officer or court finds by clear and convincing evidence that the action was defended by the location owner or location operator without substantial justification or was defended for delay or harassment, the hearing officer or court shall, in addition to any other remedy provided for in this article, order that any revenues received by or due to the location owner or location operator as a result of the master licensee's certification of the dispute shall not be kept by the location owner or location operator but shall be awarded to the master licensee and the hearing officer or court shall also award the costs of the proceeding and attorney fees to the master licensee and against the location owner or location operator. As used in this Code section, "without substantial justification" means substantially frivolous, substantially groundless, or substantially vexatious. Applicants for licenses shall submit all disputes against existing or previous licensees under this article, including master licensees, location owners, location operators, manufacturers, and distributors, to a hearing officer under this paragraph."

"(6) In the event that a violation of paragraph (3) of Code Section 50-27-87.1 by a location owner or operator is proven in a proceeding under this Code section, the current contract with the master licensee shall not be terminated and any change in master licensees shall be denied. In the event that a violation of paragraph (4) of subsection (a) of Code Section 50-27-87.1 by a master licensee who is not a party to the current contract for such location is proven in a proceeding under this Code section, no change in master licensees shall be authorized at such location and the hearing officer or court shall award the master licensee the right to continue to provide bona fide coin operated amusement machines at such location for a period of two years or a period of time equal to the term of the previous contract, whichever is greater."

SECTION 8.

This Act shall become effective upon its approval by the Governor or upon its becoming law without such approval.

SECTION 2.

Chapter 64 of Title 33 of the Official Code of Georgia Annotated, relating to regulation and licensure of pharmacy benefits managers, is amended in Code Section 33-64-1, relating to definitions, by revising paragraph (13) and by adding new paragraphs to read as follows:

"(0.1) 'Administrative fees' means fees or payments from pharmaceutical manufacturers to, or otherwise retained by, a pharmacy benefits manager or its designee pursuant to a contract between a pharmacy benefits manager or affiliate, and the manufacturer in connection with the pharmacy benefit manager's administering, invoicing, allocating and collecting of the rebates."

(B) Reasonable estimates of any negotiated price concessions, fees, and other administrative costs that are passed through, or are reasonably anticipated to be passed through, to the pharmacy benefits manager or its insurer or health plan client and serve to reduce the pharmacy benefits manager's or its insurer or health plan client's costs for acquiring a prescription drug."

SECTION 3.

Said chapter is further amended by adding a new Code section to read as follows:

"33-64-10.1.

(a) As used in this Code section, the term 'health plan' means an individual or group plan or program that is subject to the provisions of this title and offers health insurance coverage, as defined in 42 U.S.C. Sec. 300gg-91, including any of the costs of healthcare, medical care, or pharmacy services, drugs, or devices, except that such term shall not include any healthcare coverage provided under the state health benefit plan pursuant to Article 1 of Chapter 18 of Title 45, the medical assistance program pursuant to Article 7 of Chapter 4 of Title 49, the PeachCare for Kids Program pursuant to Article 13 of Chapter 5 of Title 49, or any other health benefit plan or policy administered by or on behalf of this state.

(b) An insured's defined cost sharing for each prescription drug shall be calculated at the point of sale based on a price that is reduced by an amount equal to at least 50 percent of all rebates received, or to be received, in connection with the dispensing or administration of the prescription drug.

(c) Nothing in subsection (a) or (b) of this Code section shall preclude a pharmacy benefits manager or its insurer or health plan client from decreasing an insured's defined

cost sharing by an amount greater than that required under subsection (b) of this Code section.

(d) In addition to any other remedy provided by law, any violation of this Code section by a pharmacy benefits manager shall constitute an unfair or deceptive trade practice pursuant to Part 2 of Article 15 of Chapter 1 of Title 10, the 'Fair Business Practices Act of 1975.'

(e) In implementing the requirements of this Code section, the Commissioner shall only regulate a pharmacy benefits manager or its insurer or health plan client to the extent permissible under applicable law.

(f) Beginning on January 2, 2024, each pharmacy benefits manager shall annually provide the department, in a form to be established by the department, a report containing the following information from the prior calendar year as it pertains to pharmacy benefits provided to insureds in this state:

(6) The aggregate retained rebate percentage;

(7) Across all of the pharmacy benefits manger's contractual or other relationships with all health plans and insurers, the highest aggregate retained rebate percentage, the lowest aggregate retained rebate percentage, and the mean aggregate retained rebate percentage;

(8) The aggregate amount of rebates and administrative fees the pharmacy benefits manager or its insurer or health plan clients used to decrease premiums for insureds; and

(9) Expected and actual premium impact as a result of implementing subsection (b) of this Code section.

(g) The Commissioner shall deem information or data obtained pursuant to this Code section to be trade secret, confidential, and not subject to direct or indirect disclosure, pursuant to Article 4 of Chapter 18 of Title 50, relating to open records, if such information or data would allow for the identification of an individual drug, therapeutic class of drugs, or manufacturer and would tend, directly or indirectly, to reveal the price or prices charged or paid or rebates provided for such drug or therapeutic class of drugs, or would have the potential to compromise the financial, competitive, or proprietary nature of the information or data.

(h) The report required under subsection (f) of this Code section shall be submitted in conjunction with the report required to be submitted to the department pursuant to subsection (b) of Code Section 33-64-10.

(i) Beginning January 31, 2024, and annually thereafter, subject to the confidentiality requirements contained in subsection (g) of this Code section, the department shall submit a report summarizing, at an aggregate level, the information submitted by pharmacy benefits managers pursuant to subsection (f) of this Code section to the House Committee on Health and the Senate Health and Human Services Committee.

(j) In complying with the provisions of this Code section, a pharmacy benefits manager or its agents shall not publish or otherwise reveal information regarding the actual amount of rebates the pharmacy benefits manager or its insurer or health plan client receives on a product or therapeutic class of products, manufacturer, or pharmacy-specific basis. Such information shall be deemed a protected trade secret pursuant to Code Section 10-1-761; shall not be subject to Article 4 of Chapter 18 of Title 50, relating to open records; and shall not be disclosed directly or indirectly or in a manner that would allow for the identification of an individual product, therapeutic class of products, or manufacturer, or in a manner that would have the potential to compromise the financial, competitive, or proprietary nature of the information. A pharmacy benefits manager shall impose the confidentiality protections of this subsection on any vendor or downstream third party that performs health care or administrative services on behalf of the pharmacy benefits manager and that may receive or have access to rebate information.

(k) This Code section shall not apply to self-funded, employer sponsored health insurance plans regulated under the Employee Retirement Income Security Act of 1974, as codified and amended at 29 U.S.C. Section 1001, et seq.

(l) In implementing the requirements of this Code section, the state shall only regulate a pharmacy benefits manager, insurer, or health plan to the extent permissible under applicable law."

SECTION 4.

This Act shall become effective on January 1, 2024, and shall apply to all policies issued, delivered, issued for delivery, or renewed in this state on or after such date.

SECTION 5.

AN ACT

To repeal an Act to incorporate the City of Sunny Side, to provide a new charter for the government of said city, approved February 17, 1950 (Ga. L. 1950, p. 2626), as amended; to provide for transfer of duties and obligations to Spalding County; to provide for transfer of all legal rights, privileges, and assets to Spalding County; to establish a special tax and service district for outstanding bonded indebtedness and other obligations; to provide for transfer of all federal and state permits and licenses; to provide for the transfer of ongoing judicial actions; to provide for the continuation of zoning and land use regulations; to provide for future proceeds of special and regular local option sales taxes; to provide for the designation of the historic Sunny Side community; to provide for related matters; to provide an effective date; to repeal conflicting laws; and for other purposes.

BE IT ENACTED BY THE GENERAL ASSEMBLY OF GEORGIA:

SECTION 1.

An Act to incorporate the City of Sunny Side, to provide a new charter for the government of said city, approved February 17, 1950 (Ga. L. 1950, p. 2626), as amended, is hereby repealed in its entirety.

SECTION 2.

Spalding County, Georgia, shall be vested with full authority to provide all governmental services within that area comprising the former jurisdictional boundary of the City of Sunny Side. All ordinances, rules, and regulations of Spalding County shall apply within that area as they do in other unincorporated areas of the county, and the appropriate courts of Spalding County shall have jurisdiction to enforce such ordinances; provided that this transition shall not impact any vested rights accrued prior to the effective date of this Act.

SECTION 3.

Upon the effective date of this Act, the existence of any local authority created by or for the City of Sunny Side shall likewise terminate on the same date; provided, however, that any joint authority of which the City of Sunny Side was a part shall be modified by operation of law to remove the City of Sunny Side, and that authority shall continue in existence with its remaining members. The assets and liabilities of any authority terminated pursuant to this section shall be treated in the same manner as assets and liabilities of the City of Sunny Side under this Act.

SECTION 4.

There is hereby created a special tax and service district to be known as the Sunny Side Services District which shall correspond to and be coterminous with the corporate limits of the City of Sunny Side as those corporate limits existed on the effective date of this Act. Upon the completion of the purposes provided in this Act for such service district, the tax and service district may be abolished by resolution of the governing authority of Spalding County.

SECTION 5.

(a) Except as provided herein, all legal rights, privileges, and assets of the City of Sunny Side and all records of such assets shall pass to Spalding County without the necessity or formality of a deed, bill of sale, or other instrument of transfer. The assets that shall transfer include all real property assets of the City of Sunny Side of any nature, including, without limitation, freehold estates, easements, life estates, future interests, and co-owned interests; all tangible and intangible personal property assets of the City of Sunny Side of any nature, including, without limitation, vehicles, heavy equipment, office equipment, and software; all accounts receivable, rights to payment under contracts fully performed by the City of Sunny Side, and similar financial assets of the City of Sunny Side of any nature; and all digital and electronic papers and records of the City of Sunny Side. Expressly excluded from this section are any rights or assets that derive from executory contracts of the City of Sunny Side addressed in Section 6 of this Act.

(b) Those amounts in any general fund for the City of Sunny Side shall be immediately transferred to the general fund of Spalding County and segregated by Spalding County for the provision of services within the Sunny Side Services District.
(c) Those amounts in any special fund for the City of Sunny Side shall immediately be transferred to a special fund of Spalding County and segregated by Spalding County for their designated special purpose.

SECTION 6.

(a) Except as specifically provided in this Act, neither Spalding County nor the State of Georgia nor any political subdivision of the State of Georgia shall bear any responsibility or liability for obligations, amounts, claims, debts, causes of action, judgments, or liabilities that have accrued to the City of Sunny Side or its local public authorities, up to and including the effective date of this Act. Nothing in this Act shall in any manner obligate Spalding County to provide continued employment for any employee of the City of Sunny Side or any local public authority of the city.
(b) Any bonded indebtedness of the City of Sunny Side shall become the debt and obligation of the special tax and service district established pursuant to Section 4 of this Act. Spalding County shall be the successor to the City of Sunny Side for all purposes relating to such bonded indebtedness, including the enforcement of rights and remedies of bondholders. The County shall be authorized but not required to levy a special district tax, fee, or assessment within the Sunny Side Services District for the purpose of paying the amounts due on such bonded debt.
(c) Other than those bonded debts provided for in subsection (b) of this section and Section 11 of this Act, Spalding County shall be authorized but not required to assume the rights and duties of any executory contract of the City of Sunny Side in effect as of the effective date of this Act. If assumed, any rights and obligations of such contracts that by their nature are personal to the city shall be deemed to apply to the personnel, services, and assets formerly belonging to the city so as to reasonably fulfill the basic purpose and bargain of the original contract. The county shall be authorized but not required to levy a special district tax, fee, or assessment within the Sunny Side Services District for the purpose of paying the amounts due under such assumed contracts, to the extent that the financial obligations under such contract cannot be fully funded by funds and assets devolved to the county from the City of Sunny Side.
(d) Financial assets and property devolved to Spalding County that are deemed by the county to be excess for purposes of serving the Sunny Side Services District shall be used to satisfy any obligations and retire any indebtedness of the City of Sunny Side.

SECTION 7.

To the maximum extent permitted by law, all federal and state permits and licenses issued to the City of Sunny Side or its local authorities shall be transferred by operation of law to Spalding County.

SECTION 8.

Notwithstanding any provisions of this Act to the contrary, on the effective date of this Act, if any person is held in the custody of the City of Sunny Side, such person may be transferred over to the custody of the Spalding County Sheriff's Office or other appropriate law enforcement agency.

SECTION 9.

All cases pending in the Sunny Side Municipal Court shall be automatically transferred to the Spalding County Magistrate Court or the appropriate court of competent jurisdiction in Spalding County if jurisdiction does not lie in magistrate court. Any transfer of law enforcement jurisdiction to Spalding County shall not in and of itself abate any pending prosecution of any violation of any ordinance of the City of Sunny Side, and the county shall be entitled to enforce such city ordinance if a violation occurred while the city ordinances were in effect. As for any other lawsuits involving the City of Sunny Side in the Georgia judicial system, the city shall cease to exist and therefore shall no longer be a proper party to any legal action.

SECTION 10.

The zoning and land use regulations of the City of Sunny Side shall be deemed Spalding County ordinances and shall apply within the Sunny Side Services District only, unless and until Spalding County adopts zoning and land use regulations covering the properties within the Sunny Side Services District.

SECTION 11.

Spalding County shall be entitled to receive the City of Sunny Side's share of proceeds of any special purpose local option sales tax imposed pursuant to Article 3 of Chapter 8 of Title 48 of the O.C.G.A. and shall use those proceeds to complete the city projects authorized by the applicable referendum or otherwise abandon the projects in accordance with general law. To the extent that any intergovernmental agreement has been approved between Spalding County and its qualified municipalities in connection with such special purpose local option sales tax, the county shall have the power to act in place of the city for purposes of that agreement.

SECTION 12.

Spalding County and its qualified municipalities shall divide the City of Sunny Side's share of proceeds of any local option sales tax in accordance with the provisions of Code Section 48-8-89.2 of the O.C.G.A.

SECTION 13.

Bill Reilly
Clerk of the House of Representatives
Room 309 State Capitol Building

Dear Mr. Reilly,

Earlier this morning, I intended to vote YES for the local calendar. In fact, I enthusiastically pressed the green button several times, as I am so supportive of SB 104, Senator Rhett's bill that would increase the salary of the Cobb County Sheriff. Alas, I was thwarted by user error, as I had neglected to insert my white card into the slot after I arrived on the Floor this morning. Perhaps my absentmindedness can be attributed to the fact that earlier this morning, I accompanied my youngest child to the Department of Driver Services for her to get her learner's permit. Sunrise, sunset.

Sincerely,

Teri Anulewicz

The following Committee substitute was read and adopted:

A BILL TO BE ENTITLED
AN ACT

To amend Article 1 of Chapter 7 of Title 31 of the Official Code of Georgia Annotated, relating to regulation of hospitals and related institutions, so as to prohibit certain surgical procedures for the treatment of gender dysphoria in minors from being performed in hospitals and other licensed healthcare facilities; to provide for exceptions; to provide for violations; to amend Article 1 of Chapter 34 of Title 43 of the Official Code of Georgia Annotated, relating to the Georgia Composite Medical Board, so as to prohibit certain surgical procedures for the treatment of gender dysphoria in minors; to provide for exceptions; to provide for violations; to provide for legislative findings; to provide for related matters; to repeal conflicting laws; and for other purposes.

BE IT ENACTED BY THE GENERAL ASSEMBLY OF GEORGIA:

SECTION 1.

The General Assembly finds that:

(1) There has been a massive unexplained rise in diagnoses of gender dysphoria among children over the past ten years, with most of those experiencing this phenomenon being girls;

(2) Gender dysphoria is often comorbid with other mental health and developmental conditions, including autism spectrum disorder;

(3) A significant portion of children with gender dysphoria do not persist in their gender dysphoric conditions past early adulthood;

(4) Certain medical treatments for gender dysphoria, including hormone replacement therapies and surgeries, have permanent and irreversible effects on children;

(5) No large-scale studies have tracked people who received gender-related medical care as children to determine how many remained satisfied with their treatment as they aged and how many eventually regretted transitioning; on the contrary, the General Assembly is aware of statistics showing a rising number of such individuals who, as adults, have regretted undergoing such treatment and the permanent physical harm it caused;

(6) Under the principle of "do no harm," taking a wait-and-see approach to minors with gender dysphoria, providing counseling, and allowing the child time to mature and develop his or her own identity is preferable to causing the child permanent physical damage; and

(7) The General Assembly has an obligation to protect children, whose brains and executive functioning are still developing, from undergoing unnecessary and irreversible medical treatment.

SECTION 2.

Article 1 of Chapter 7 of Title 31 of the Official Code of Georgia Annotated, relating to regulation of hospitals and related institutions, is amended by adding a new Code section to read as follows:

"31-7-3.5.

(a) Except as provided in subsection (b) of this Code section, none of the following irreversible procedures or therapies shall be performed on a minor for the treatment of gender dysphoria in an institution licensed pursuant to this article:

(1) Sex reassignment surgeries, or any other surgical procedures, that are performed for the purpose of altering primary or secondary sexual characteristics; or

(2) Hormone replacement therapies.

(b) The provisions of subsection (a) of this Code section shall not apply to treatment provided pursuant to an exception contained in subsection (b) of Code Section 43-34-15.

(c) The department shall establish sanctions, by rule and regulation, for violations of this Code section up to and including the revocation of an institution's permit issued pursuant to Code Section 31-7-3."

SECTION 3.

Article 1 of Chapter 34 of Title 43 of the Official Code of Georgia Annotated, relating to the Georgia Composite Medical Board, is amending by adding a new Code section to read as follows:

"43-34-15.

(a) Except as otherwise provided in subsection (b) of this Code section, the following irreversible procedures and therapies performed on a minor for the treatment of gender dysphoria are prohibited in this state:

(1) Sex reassignment surgeries, or any other surgical procedures, that are performed for the purpose of altering primary or secondary sexual characteristics; and

(2) Hormone replacement therapies.

(b) The board shall adopt rules and regulations regarding the prohibitions contained in subsection (a) of this Code section, which shall contain limited exceptions for:

(1) Treatments for medical conditions other than gender dysphoria or for the purpose of sex reassignment where such treatments are deemed medically necessary;

(2) Treatments for individuals born with a medically verifiable disorder of sex development, including individuals born with ambiguous genitalia or chromosomal abnormalities resulting in ambiguity regarding the individual's biological sex;

(3) Treatments for individuals with partial androgen insensitivity syndrome; and

(4) Continued treatment of minors who are, prior to July 1, 2023, being treated with irreversible hormone replacement therapies.

(c) A licensed physician who violates this Code section shall be held administratively accountable to the board for such violation."

SECTION 4.

All laws and parts of laws in conflict with this Act are repealed.

Mr. Clerk,

I would like to apologize for my Excused (E) vote today on SB 140, and it was absolutely not intentional. I mistakenly hit the E button.

I am in full support of this bill, and want to record my vote as a yes. Our work today stopped adults from mutilating children's bodies and their genitalia.

If, in the course of such a visit, the seller sells the buyer the right to receive additional goods or services, other than replacement parts necessarily used in performing maintenance or making repairs, the sale of those additional goods or services would not fall under this exclusion; or

(5) Provide the buyer with a duplicate notice of cancellation as outlined in Code Section 10-1-23.

(b) In the event of cancellation, the buyer must be able to retain a complete copy of the receipt or contract.

10-1-23.

provided, however, that they are altered to accurately reflect the provisions of such Code sections and are in compliance with all provisions of this article.

10-1-26.
The rights of buyers in a door-to-door sale shall be not limited to those provided for in this article. Buyers in a door-to-door sale shall also have all applicable rights and remedies afforded under any other state or federal laws.

10-1-27.
(a) The requirements of this article shall not apply to sellers of automobiles, vans, trucks, motorized farm equipment, or other motor vehicles that are sold at auctions, tent sales, or other temporary places of business, provided that the seller is a seller of vehicles with a permanent place of business.

(2) Make or use any false or misleading representations or omit any material fact in the offer or sale of the services of a broker or engage, directly or indirectly, in any act that

(b) No service of summons shall be required for any parent whose parental rights have been terminated or voluntarily surrendered.

(c) The court shall direct notice and a copy of the petition be provided to the child named in the petition if the child is 14 years of age or older.

(e) A party other than the child named in the petition may waive service of summons by written stipulation or by voluntary appearance at the hearing.

15-11-243.2.

(a) If a party to be served with a summons is within this state and can be found, the summons shall be served upon him or her personally as soon as possible and at least 14 days before the permanent guardianship hearing.

(b) If a party to be served is within this state and cannot be found, but his or her address is known or can be ascertained with due diligence, the summons shall be served upon such party at least 14 days before the permanent guardianship hearing by mailing him or her a copy by registered or certified mail or statutory overnight delivery, return receipt requested.

(c) If a party to be served is outside this state but his or her address is known or can be ascertained with due diligence, service of the summons shall be made at least 14 days before the permanent guardianship hearing either by delivering a copy to such party personally or by mailing a copy to him or her by registered or certified mail or statutory overnight delivery, return receipt requested.

(e) Service of the summons may be made by any suitable person under the direction of the court.

15-11-243.3.

The notice shall include the name of the individual who will be the minor's permanent guardian if the petition is granted.

(c) If the biological father files a timely objection to the petition, the court shall hear the objection and, if the biological father makes a request, shall continue the hearing for 30 days to allow the father to file a petition to legitimate the minor.

(d) If the biological father does not file a petition for legitimation within 30 days or files a petition that is subsequently dismissed for failure to prosecute or files a petition and the action is subsequently concluded without a court order declaring that he is the father of the minor, the biological father shall have no further rights to receive notice of or object to the appointment of a permanent guardian for the minor.

(e) If the identity of the biological father of the child for whom a permanent guardianship is sought is not known to the petitioner or the petitioner's attorney and the biological father would not be entitled to notice in accordance with subsection (a) of Code Section 15-11-243.1, then it shall be rebuttably presumed that he is not entitled to notice of the

proceedings. The court shall be authorized to require the mother to execute an affidavit supporting the presumption or show cause before the court if she refuses. Absent evidence rebutting the presumption, no further inquiry or notice shall be required by the court, and the biological father shall have no further rights to receive notice of or object to the appointment of a permanent guardian for the minor."

(2) "Base year" means the taxable year immediately preceding the taxable year in which the exemption under this Act is first granted to the most recent owner of such homestead; provided, however, that the tax commissioner shall adjust the base year assessed value annually by no more than 4 percent.

(3) "Homestead" means homestead as defined and qualified in Code Section 48-5-40 of the O.C.G.A., as amended, with the additional qualification that it shall include only the primary residence and not more than five contiguous acres of land immediately surrounding such residence.

(b) Each resident within the Forsyth County school district is granted an exemption on that person's homestead from Forsyth County school district ad valorem taxes for educational purposes in an amount equal to the amount by which the current year assessed value of that homestead exceeds the adjusted base year assessed value, including any final determination of value on appeal pursuant to Code Section 48-5-311 of the O.C.G.A., as amended, of the homestead. This exemption shall apply to taxes assessed on improvements to the homestead or additional land that is added to the homestead after January 1 of the base year, provided that the base year for assessing the value of such improvements or additions shall be the taxable year such improvements or additions were made. If any real property is removed from the homestead, the base year assessed value, including any final determination of value on appeal pursuant to Code Section 48-5-311 of the O.C.G.A., as amended, shall be adjusted to reflect such removal and the exemption shall be recalculated accordingly. The value of that property in excess of such exempted amount shall remain subject to taxation.

(c) The surviving spouse of the person who has been granted the exemption provided for in subsection (b) of this section shall continue to receive the exemption provided under subsection (b) of this section, so long as that surviving spouse continues to occupy the home as a residence and homestead.

(d) A person shall not receive the homestead exemption granted by subsection (b) of this section unless the person or person's agent files an application with the tax commissioner of Forsyth County giving such information relative to receiving such exemption as will enable the tax commissioner to make a determination regarding the initial and continuing eligibility of such owner for such exemption. The tax commissioner of Forsyth County shall provide application forms for this purpose.

(e) The exemption shall be claimed and returned as provided in Code Section 48-5-50.1 of the O.C.G.A., as amended. The exemption shall be automatically renewed from year to year so long as the owner occupies the residence as a homestead. After a person has filed the proper application as provided in subsection (d) of this section, it shall not be necessary to make application thereafter for any year and the exemption shall continue to be allowed to such person. It shall be the duty of any person granted the homestead exemption under subsection (b) of this section to notify the tax commissioner of Forsyth County in the event that person for any reason becomes ineligible for that exemption.

(f) The exemption granted by subsection (b) of this section shall not apply to or affect state ad valorem taxes, municipal ad valorem taxes for municipal purposes, municipal ad valorem taxes for educational purposes, or county ad valorem taxes for county purposes. The homestead exemption granted by subsection (b) of this section shall be in addition to and not in lieu of any other homestead exemption applicable to county ad valorem taxes for educational purposes.

(g) The exemption granted by subsection (b) of this section shall apply to all taxable years beginning on or after January 1, 2025, through the tax year ending on December 31, 2035.

All persons desiring to vote for approval of the Act shall vote "Yes," and those persons desiring to vote for rejection of the Act shall vote "No." If more than one-half of the votes cast on such question are for approval of the Act, Section 1 of this Act shall become of full force and effect on the first day of January, 2025. If the Act is not so approved or if the election is not conducted as provided in this section, Section 1 of this Act shall not become effective and this Act shall be automatically repealed on the first day of July, 2025. The expense of such election shall be borne by Forsyth County. It shall be the county election superintendent's duty to certify the result thereof to the Secretary of State. The provisions of this section shall be mandatory upon the county election superintendent and are not intended as directory. If the county election superintendent fails or refuses to comply with this section, any elector of the Forsyth County school district may apply for a writ of mandamus to compel the county election superintendent to perform his or her duties under this section. BE IT ENACTED BY THE GENERAL ASSEMBLY OF GEORGIA:

SECTION 1.

Chapter 2 of Title 21 of the Official Code of Georgia Annotated, relating to primaries and elections generally, is amended by revising subsection (a) of Code Section 21-2-106, relating to performance review of local election official, role of performance review board, and findings as grounds for removal, as follows:

"(a) The following officials may request that a performance review of a local election official be conducted:

(1) The governing authority of the same jurisdiction as the local election official;

(2) For counties represented by more than three members of the Georgia House of Representatives and Georgia Senate, at least two members of the Georgia House of Representatives and two members of the Georgia Senate who represent the county; and

(3) For counties represented by fewer than four members of the Georgia House of Representatives and Georgia Senate, at least one member of the Georgia House of Representatives and one member of the Georgia Senate who represent the county.

Such request shall be transmitted to the State Election Board which shall appoint an independent performance review board within 30 days after receiving such resolution. The State Election Board shall appoint three competent persons to serve as members of the performance review board, one of whom shall be an employee of the elections division of the Secretary of State and two of whom shall be local election officials or members of a county board of elections or county board of elections and registration, provided that no such appointee shall be a local election official or member of a county board of elections or county board of elections and registration for the county or municipality, as applicable, under review."

SECTION 2.

Said chapter is further amended by revising subparagraph (a)(1)(C) of Code Section 21-2-381, relating to making of application for absentee ballot, determination of eligibility by ballot clerk, furnishing of applications to colleges and universities, and persons entitled to make application, as follows:

"(C)(i) Any person applying for an absentee-by-mail ballot shall make application in writing on the form made available by the Secretary of State. In order to confirm the identity of the voter, such form shall require the elector to provide his or her name, date of birth, address as registered, address where the elector wishes the ballot to be mailed, and the number of his or her Georgia driver's license or identification card issued pursuant to Article 5 of Chapter 5 of Title 40. If such elector does not have a Georgia driver's license or identification card issued pursuant to Article 5 of Chapter 5 of Title 40, the elector shall affirm this fact in the manner prescribed in the application and the elector shall provide a copy of a form of identification listed

in subsection (c) of Code Section 21-2-417. The form made available by the Secretary of State shall include a space to affix a photocopy or electronic image of such identification. The Secretary of State shall develop a method to allow secure electronic transmission of such form. The application shall also include the identity of the primary, election, or runoff in which the elector wishes to vote; the name and relationship of the person requesting the ballot if other than the elector; and an oath for the elector or relative to write his or her usual signature with a pen and ink affirming that the elector is a qualified Georgia elector and the facts presented on the application are true. Submitting false information on an application for an absentee ballot shall be a violation of Code Sections 21-2-560 and 21-2-571.

(ii) A blank application for an absentee ballot shall be made available online by the Secretary of State and each election superintendent and registrar, but neither the Secretary of State, election superintendent, board of registrars, other governmental entity, nor employee or agent thereof shall send absentee ballot applications directly to any elector except upon request of such elector or a relative authorized to request an absentee ballot for such elector. No person or entity other than a relative authorized to request an absentee ballot for such elector or a person signing as assisting an illiterate or physically disabled elector shall send any elector an absentee ballot application that is prefilled with the elector's required information set forth in this subparagraph. No person or entity other than the elector, a relative authorized to request an absentee ballot for such elector, a person signing as assisting an illiterate or physically disabled elector with his or her application, a common carrier charged with returning the ballot application, an absentee ballot clerk, a registrar, or a law enforcement officer in the course of an investigation shall handle or return an elector's completed absentee ballot application. Handling a completed absentee ballot application by any person or entity other than as allowed in this subsection shall be a misdemeanor. Any application for an absentee ballot sent to any elector by any person or entity shall utilize the form of the application made available by the Secretary of State and shall clearly and prominently disclose on the face of the form:

'~~This is NOT an official government publication and was NOT provided to you by any governmental entity and this is NOT a ballot. It is being distributed by [insert name and address of person, organization, or other entity distributing such document or material]~~

This application is being distributed by [insert name and address of person, organization, or other entity distributing such document or material], not by any government agency or any state or local election office. THIS IS NOT A BALLOT.'

(iii) The disclaimer required by division (ii) of this subparagraph shall be:

(I) Of sufficient font size to be clearly readable by the recipient of the communication;

(II) ~~Be contained~~ Contained in a printed box set apart from the other contents of the communication; and

(III) ~~Be printed~~ Printed with a reasonable degree of color contrast between the background and the printed disclaimer."

SECTION 3.

"21-2-404.

Each employee in this state shall, upon reasonable notice to his or her employer, be permitted by his or her employer to take any necessary time off from his or her employment to vote in any municipal, county, state, or federal political party primary or election for which such employee is qualified and registered to vote either on one of the days that are designated for advance in-person voting or on the day on which such primary or election is held; provided, however, that such necessary time off shall not exceed two hours~~; and provided, further, that, if the hours of work of such employee commence at least two hours after the opening of the polls or end at least two hours prior to the closing of the polls, then the time off for voting as provided for in this Code section shall not be available~~. The employer may specify the hours during which the employee may absent himself or herself as provided in this Code section."

SECTION 4.

Said chapter is further amended by revising Code Section 21-2-421, relating to posting of required information after closing of polls and reporting to Secretary of State, as follows:

"21-2-421.

(a) As soon as possible but not later than ~~10:00~~ 11:59 P.M. following the close of the polls on the day of a primary, election, or runoff, the election superintendent shall report to the Secretary of State and post in a prominent public place the following information:

(2) The number of ballots cast at advance voting locations during the advance voting period for the primary, election, or runoff; and

(3) The total number of absentee ballots returned to the board of registrars by the deadline to receive such absentee ballots on the day of the primary, election, or runoff.

(b) Upon the completion of the report provided for in subsection (a) of this Code section, the election superintendent shall compare the total number of ballots received as reported in subsection (a) of this Code section and the counting of the ballots in the primary, election, or runoff minus any rejected and uncured absentee ballots, uncounted provisional ballots, and any other uncounted ballots, with the total number of ballots cast in the primary, election, or runoff. The results of such comparison and all explanatory materials shall be reported to the Secretary of State. The reason for any discrepancy shall be fully investigated and reported to the Secretary of State."

SECTION 5.

Said chapter is further amended by revising Code Section 21-2-498, relating to precertification tabulation audits, as follows:

"21-2-498.

(a) As used in this Code section, the term:

(1) 'Incorrect outcome' ~~is when~~ means the winner of a contest or the answer to a proposed constitutional amendment or question would be different from the results found in a manual recount of paper official ballots.

(2) 'Risk limit' means the largest statistical probability that an incorrect outcome is not detected or corrected in a risk-limiting audit.

(3) 'Risk-limiting audit' means an audit protocol that makes use of statistical methods and is designed to limit to acceptable levels the risk of certifying a preliminary election outcome that constitutes an incorrect outcome.

(b) ~~As soon as possible, but no later than the November, 2020, general election, the local~~ Local election superintendents shall conduct precertification tabulation or risk-limiting audits on one contest following any election, special election, election runoff, special election runoff, primary, special primary, primary runoff, or special primary runoff ~~for any~~ with federal or ~~state general election~~ state-wide contests in accordance with requirements set forth by rule or regulation of the State Election Board. Audits performed under this Code section shall be conducted by manual inspection of random samples of the paper official ballots.

(c) In conducting each audit, the local election superintendents shall:

(2) Ensure that all types of ballots are included in the audit, whether cast in person, by absentee ballot, advance voting, provisional ballot, or otherwise;

(3) Provide a report of the unofficial final tabulated vote results for the contest to the public prior to conducting the audit;

(4) Complete the audit in public view; and

(5) Provide details of the audit to the public within 48 hours of completion.

(d) The State Election Board shall be authorized to promulgate rules, regulations, and procedures to implement and administer the provisions of this Code section. The procedures prescribed by the State Election Board shall include security procedures to ensure that collection of validly cast ballots is complete, accurate, and trustworthy throughout the audit.

~~(e) The Secretary of State shall conduct a risk-limiting audit pilot program with a risk limit of not greater than 10 percent in one or more counties by December 31, 2021. The Secretary of State shall review the results of the pilot program and, within 90 days following the election in which such pilot program is used, shall provide the members of the General Assembly with a comprehensive report, including a plan on how to implement risk-limiting audits state wide. If such risk-limiting audit is successful in achieving the specified confidence level within five business days following the election for which it was conducted, then all audits performed pursuant to this Code section shall be similarly conducted, beginning not later than November 1, 2024.~~"

SB 204. By Senators Dolezal of the 27th, Beach of the 21st, Gooch of the 51st, Kennedy of the 18th, Anavitarte of the 31st and others:

A BILL to be entitled an Act to amend Chapter 14 of Title 20 of the O.C.G.A., relating to education accountability, so as to provide for the recognition of certain accrediting agencies as evaluators of the quality of education offered in public schools in this state; to provide for related matters; to repeal conflicting laws; and for other purposes.

The following Committee substitute was read and adopted:

A BILL TO BE ENTITLED
AN ACT

To amend Chapter 14 of Title 20 of the Official Code of Georgia Annotated, relating to education accountability, so as to provide for the recognition of certain accrediting agencies as evaluators of the quality of education offered in public schools in this state; to provide for the accreditation of public schools and local school systems by recognized accrediting agencies; to provide for requirements for such accreditation; to prohibit the recognition of certain accrediting agencies by the state; to require the State Board of Education to establish evaluation criteria, procedures, and other requirements for recognized accrediting

agencies; to provide for legislative findings and intent; to provide for appeals to the State Board of Education and for mediation; to provide for definitions; to provide for applicability; to provide for construction; to provide for an effective date; to provide for related matters; to repeal conflicting laws; and for other purposes.

BE IT ENACTED BY THE GENERAL ASSEMBLY OF GEORGIA:

SECTION 1.

The General Assembly does not affirmatively require any elementary or secondary school or school system in the state to be accredited. Nevertheless, the General Assembly finds that accreditation, or the lack thereof, can have significant impacts on the operation of public and private schools in this state as well as on the students and families served by such schools. For example, a lack of accreditation can impact a student's eligibility to qualify for HOPE awards or to be considered for acceptance to postsecondary educational institutions in this state and elsewhere, and the loss or potential loss of accreditation can result in the removal of local board of education members from their offices. The General Assembly finds that even though accreditation is not legislatively required in elementary and secondary schools in this state, high school accreditation in particular is considered a practical necessity by many families, schools, and school systems. The General Assembly also finds that accreditation agencies, when properly focused on student achievement, academic success, and the fiscal solvency of schools and school systems, can aid schools and school systems in promoting improved quality of learning and teaching and financial efficiency. It is the intent of the General Assembly that the state government, including all offices, agencies, departments, boards, bureaus, commissions, institutions, or other entities thereof, recognize only those accrediting agencies which are primarily focused on the evaluation of quality of learning and teaching and financial efficiency of schools and which are committed to fairness, consistency, and transparency.

SECTION 2.

Chapter 14 of Title 20 of the Official Code of Georgia Annotated, relating to education accountability, is amended by adding a new article to read as follows:

"ARTICLE 3

20-14-96.

(a) As used in this article, the term:

(1) 'Accrediting agency' means a governmental organization or a person, firm, association, partnership, corporation, or other entity, whether for profit or not for profit, which purports to be a reliable authority as to the quality of education offered in public schools in this state.

(2) 'Public school' means any school under the control and management of a county, independent, or area board of education supported by public funds; any school subject to the provisions of Article 31 or 31A of Chapter 2 of this title supported by public

funds; or any school under the control and management of the State Board of Education or a department or agency thereof supported by public funds.

(3) 'Recognized accrediting agency' means an accrediting agency that meets the requirements of this article for recognition as an evaluator as to the quality of education offered in public schools in this state by any office, agency, department, board, bureau, commission, institution, or other entity of the state government.

(b) An accrediting agency shall not be deemed a recognized accrediting agency by any office, agency, department, board, bureau, commission, institution, or other entity of the state government, including, but not limited to, the State Board of Education, the Board of Regents of the University System of Georgia, the State Board of the Technical College System of Georgia, the Georgia Student Finance Authority, the Georgia Student Finance Commission, or the Office of Student Achievement, unless:

(1) Such agency meets the following evaluation criteria that shall be established by the State Board of Education pursuant to this article:

(A) Relevant evaluation criteria used by regional and national accrediting agencies and other relevant information as deemed appropriate by the State Board of Education;

(B) Rigorous and appropriate measures of the quality of learning and teaching in public schools or school systems, as determined by the State Board of Education in collaboration with education professionals and prescribed as an appropriate percentage, which shall not be less than 65 percent, of the evaluation results, which measures shall:

(i) Include all students regardless of ethnicity, sex, disability, language proficiency, and socioeconomic status; and

(ii) Be disaggregated by all subgroups as required under the federal Elementary and Secondary Education Act, as amended; and

(C) Rigorous and appropriate measures of the financial efficiency of a public school or school system which shall include an analysis of how federal and state funds spent by the public school or school system impact quality of learning and teaching, with such measures comprising an appropriate percentage of the evaluation results as determined by the State Board of Education;

(2) Such agency demonstrates the ability and the experience to operate as a recognized accrediting agency in this state;

(3) The principal purpose of such agency is the accreditation of public schools and schools systems in this state;

(4) Such agency has a voluntary membership of public schools, school systems, and programs;

(5) Such agency consistently applies and enforces evaluation criteria that ensure the courses or programs of instruction, training, or study offered by a public school or school system, including virtual instruction, are of sufficient quality to achieve, for the duration of the accreditation period, the stated objective for which the courses or programs are offered;

(6) Such agency consistently adheres to procedures throughout the accreditation process, including evaluation and withdrawal procedures, that comply with due process, including:

(A) Adequate specification of requirements and deficiencies at the public school or school system being evaluated; provided, however, that all requirements or deficiencies specified by such agency are directly related to measures of quality of learning and teaching and financial efficiency; provided, further, that any findings, comments, or notes included in an evaluation that are not directly related to quality of learning and teaching or financial efficiency shall not provide the basis for any adverse action against a public school or school system by such agency, including, but not limited to, denial, withdrawal, suspension, or termination of accreditation or placement of a public school or school system on any probationary status;

(B) Notice of an opportunity for a hearing by a public school or school system;

(C) The right to appeal any adverse action against a public school or school system; and

(D) The right to representation by counsel for a public school or school system;

(7) Such agency notifies the State School Superintendent within 30 days of the accreditation of a public school or school system or of any final denial, withdrawal, suspension, or termination of accreditation or placement on probation of a public school or school system, together with any other adverse or remedial action recommended with respect to such public school or school system;

(8) Such agency, either directly or indirectly by means of a related entity, by contract or otherwise, does not offer or agree to provide any services or materials for an additional fee or other consideration intended to assist a public school or school system with addressing any requirement or deficiency or other issue raised by such agency at the time of the evaluation for accreditation of such public school or school system; and

(9) Such agency makes available to the public and the State School Superintendent, upon request:

(A) A summary of any evaluation resulting in a final decision involving the approval, denial, termination, withdrawal, suspension, or probation of a public school or school system's accreditation, together with the comments of such public school or school system; and

(B) A copy of any complaint or report upon which such agency initiates, or provides notice to a public school or school system of the intent to initiate, any intervention, investigation, or evaluation of such public school or school system's accreditation status; provided, however, that personally identifiable information of the person, persons, or entity that submitted the complaint or report may be redacted to the extent necessary to comply with the confidentiality protections provided under Code Section 45-1-4 or other applicable law relating to the confidentiality of complaints against organizations that receive public funds.

(c)(1) An accrediting agency shall not apply any standards, measures, or evaluation criteria not in compliance with state law.

(2) The State Board of Education shall be authorized to determine whether an accrediting agency is not in compliance with the provisions of paragraph (1) of this subsection. The State Board of Education shall notify such accrediting agency upon making such determination and shall allow no more than 30 days for such accrediting agency to demonstrate compliance with such provisions.

(d) The provisions of this article shall not apply to any initial or renewal agreement by and between any public school or school system in this state and any accrediting agency entered into before July 1, 2023.

(e) Nothing in this article shall be construed to:

(1) Require any public school or school system in this state to be accredited; or

(2) Prohibit or restrict an accrediting agency from adopting evaluation criteria and procedures not provided for in this article; provided, however, that to the extent an accrediting agency adopts evaluation criteria or procedures which are inconsistent with the provisions of this article, such accrediting agency may not be deemed a recognized accrediting agency.

20-14-97.

(a) In the event of a dispute between an accrediting agency and a public school or school system regarding the findings and recommendations of an assessment by the accrediting agency of such public school or school system, the public school or school system shall have the right to appeal as follows:

(1) The public school or school system may appeal the findings and recommendations within 70 days to an accreditation committee established by the State Board of Education for such appeal and may provide evidence in support of such appeal. The accrediting agency's findings and recommendations which are the subject of such appeal shall be suspended from public access or disclosure during the pendency of such appeal and any mediation or appeal following therefrom;

(2) The accreditation committee shall work with both the accrediting agency and the appealing public school or school system to seek a resolution; and

(3) Should the parties fail to agree to a resolution, the appealing public school or school system shall have the right to submit the dispute to mediation under the provisions of Chapter 17 of Title 9, relating to the Georgia Uniform Mediation Act. The public school or school system and the accrediting agency shall be the parties to such mediation. The accrediting agency shall be responsible for the costs of such mediation.

(b) Notwithstanding any other provision of law to the contrary, a mediator's decision rendered pursuant to paragraph (3) of subsection (a) of this Code section may be appealed by either party to the State Board of Education, the ruling of which shall be binding on the parties.

(c) Failure by an accrediting agency to comply without appeal to a decision under subsection (a) of this Code section or failure to comply with a ruling under subsection (b) of this Code section shall disqualify such agency from accrediting public schools or school systems in this state. The accreditation committee shall be granted the authority by the State Board of Education to:

(1) Create general accreditation standards applicable to all parties before it; and

(2) Grant accreditation directly to a public school or school system appealing under the provisions of this Code section.

(d) Failure of a public school or school system to comply with a final ruling of the State Board of Education shall cause such public school or school system to be placed on probationary accreditation status until compliance is achieved."

SECTION 3.

This Act shall become effective on July 1, 2023.

BE IT ENACTED BY THE GENERAL ASSEMBLY OF GEORGIA:

SECTION 1.

Code Section 15-6-2 of the Official Code of Georgia Annotated, relating to the number of judges of superior courts, is amended by revising paragraph (4) as follows:

"(4) Atlantic Circuit .....~~4~~ 5"

SECTION 2.

The additional judge of the superior courts of the Atlantic Judicial Circuit provided for in this Act shall be appointed by the Governor for a term beginning January 1, 2024, and expiring December 31, 2026, and until a successor is elected and qualified. At the nonpartisan judicial election to be held in 2026, there shall be elected a successor to such additional judge appointed as provided in this section, and he or she shall take office on January 1, 2027, and shall serve for a term of office of four years and until a successor is duly elected and qualified. All subsequent successors to such judge shall be elected at the nonpartisan judicial election conducted in the year in which the term of office expires for a term of four years and until his or her successor is duly elected and qualified. Each newly elected and qualified successor shall take office on the first day of January following the

date of their election. Such elections shall be held and conducted as is now or may hereafter be provided by law for the election of judges of the superior courts of the State of Georgia.

SECTION 3.

Each person who offers for election as one of the judges of such superior courts of the Atlantic Judicial Circuit shall designate with the proper authority in all general elections the specific seat for which such person offers by naming the incumbent judge whom he or she desires to succeed and thereupon such person shall be permitted, if otherwise qualified, to run for such designated judgeship and no other. In the event that there is no incumbent judge in the seat for which such person desires to offer, the person shall qualify by announcing his or her intention to run for the office for which there is no incumbent.

SECTION 4.

The additional judge of the superior courts of the Atlantic Judicial Circuit provided for in this Act shall have and may exercise all powers, duties, dignities, jurisdiction, privileges, and immunities of the present judges of the superior courts of this state. Any of the judges of such court may preside over any cause, whether in their own or in other circuits, and perform any official act as judge thereof, including sitting on appellate courts as provided by law.

SECTION 5.

The qualifications of such additional judge and his or her successors shall be the same as are now provided by law for all other superior court judges, and his or her compensation, salary, and expense allowance from the State of Georgia and from the counties comprising such circuit shall be the same as that of other judges of the superior courts of the Atlantic Judicial Circuit. The salary supplements enacted by the counties comprising such circuit for the present superior court judges of such circuit shall also be applicable to the additional judge provided by this Act.

SECTION 6.

All writs and processes in the superior courts of the Atlantic Judicial Circuit shall be returnable to the terms of such superior court as they are now fixed and provided by law, or as they may hereafter be fixed or determined by law, and all terms of such court shall be held in the same manner as though there were but one judge, it being the intent and purpose of this Act to provide the five judges of such circuit with equal jurisdiction and authority to attend to and perform the functions, powers, and duties of the judges of such superior court and to direct and conduct all hearings and trials in such court.

SECTION 7.

Upon and after qualification of the additional judge of the superior courts of the Atlantic Judicial Circuit, the five judges of the superior courts of the Atlantic Judicial Circuit may adopt, promulgate, amend, and enforce such rules of practice and procedure in consonance with the Constitution and laws of the State of Georgia as they deem suitable and proper for

the effective transaction of the business of the court; and, in transacting the business of the court and in performing their duties and responsibilities, the judges shall share, divide, and allocate the work and duties to be performed by each. In the event of a disagreement among the judges in respect hereof, the majority shall rule, or failing a majority, the decision of the chief judge shall be controlling.

SECTION 8.

The drawing and impaneling of all jurors, whether grand, petit, or special, may be conducted by any of the judges of the superior court of such circuit; and they, or each of them, shall have full power and authority to draw and impanel jurors for service in such court so as to have jurors for the trial of cases before any of such judges separately or before each of them at the same time.

SECTION 9.

The five judges of the superior courts of the Atlantic Judicial Circuit shall be authorized and empowered to employ an additional court reporter for such circuit whose compensation shall be as now or hereafter provided by law.

SECTION 10.

Any judge of such court may preside over any cause therein and perform any official act as judge thereof.

SECTION 11.

The governing authorities of the counties comprising the Atlantic Judicial Circuit shall provide the judges of such circuit with suitable courtrooms and facilities, office space, telephones, furniture, office equipment, supplies, and such personnel as may be considered necessary to the proper functioning of the court. All of the expenditures authorized in this Act are declared to be an expense of the court and payable out of the counties' treasuries as such.

SECTION 12.

Nothing enumerated in this Act shall be deemed to limit or restrict the inherent powers, duties, and responsibilities of superior court judges provided by the Constitution and statutes of the State of Georgia.

SECTION 13.

This Act shall become effective for the purpose of appointing the additional judge upon its approval by the Governor or upon its becoming law without such approval and for all other purposes on July 1, 2023.

SECTION 14.

All laws and parts of laws in conflict with this Act are repealed.

damages against certain persons for violating provisions relating to telephone solicitations; to provide for legislative findings; to provide for actions and damages against persons and entities on whose behalf such provisions were violated; to provide for and prohibit certain defenses in such actions; to provide for related matters; to repeal conflicting laws; and for other purposes.

The following Committee substitute was read and withdrawn:

A BILL TO BE ENTITLED
AN ACT

To amend Title 46 of the Official Code of Georgia Annotated, relating to public utilities and public transportation, so as to provide for class action suits and for damages against certain persons for violating provisions relating to telephone solicitations; to provide for legislative findings; to provide for actions and damages against persons and entities on whose behalf such provisions were violated; to provide for and prohibit certain defenses in such actions; to provide for related matters; to repeal conflicting laws; and for other purposes.

BE IT ENACTED BY THE GENERAL ASSEMBLY OF GEORGIA:

SECTION 1.

Title 46 of the Official Code of Georgia Annotated, relating to public utilities and public transportation, is amended by revising Code Section 46-5-27, relating to telephone solicitations to residential, mobile, or wireless subscribers, Public Service Commission to establish and maintain list of certain subscribers, authorization for imposition of administrative fees, confidential nature of data base, and required identification, as follows:

"46-5-27.

(a) The General Assembly finds that:

(1) The use of the telephone to market goods and services is pervasive now due to the increased use of cost-effective telemarketing techniques;

(2) Over 30,000 businesses actively telemarket goods and services to business and residential customers;

(3) Every day, over 300,000 solicitors place calls to more than 18 million Americans, including citizens of this state;

(4) Telemarketing, however, can be an intrusive and relentless invasion of the privacy and peacefulness of individuals;

(5) Many citizens of this state are outraged over the proliferation of nuisance calls from telemarketers;

(6) Individuals' privacy rights and commercial freedom of speech can be balanced in a way that accommodates both the privacy of individuals and legitimate telemarketing practices; and

(7) It is in the public interest to establish a mechanism under which the ~~individual~~ citizens of this state can decide whether or not to receive telemarketing calls and can seek injunctive relief and damages against those in violation of this Code section and against those on whose behalf such violations were committed.

(b) As used in this Code section, the term:

(1) 'Caller identification service' means a type of telephone service which permits telephone subscribers to see the telephone number of incoming telephone calls.

(2) 'Residential, mobile, or wireless subscriber' means a person who has subscribed to telephone service from a local exchange company or mobile or wireless telephone service provider or other persons living or residing with such person.

(3) 'Telephone solicitation' means any voice communication over a telephone line for the purpose of encouraging the purchase or rental of, or investment in, property, goods, or services, but does not include communications:

(A) To any residential, mobile, or wireless subscriber with that subscriber's prior express invitation or permission;

(B) By or on behalf of any person or entity with whom a residential, mobile, or wireless subscriber has a prior or current business or personal relationship; or

(C) By or on behalf of a charitable organization which has filed a registration statement pursuant to Code Section 43-17-5, is exempt from such registration under paragraphs (1) through (6) of subsection (a) of Code Section 43-17-9, or is exempt from such registration as a religious organization or agency referred to in paragraph (2) of Code Section 43-17-2.

Such communication may be from a live operator, through the use of ADAD equipment as defined in Code Section 46-5-23, or by other means.

(c) No person or entity shall make or cause to be made on behalf of any person or entity any telephone solicitation to the telephone line of any residential, mobile, or wireless subscriber in this state who has given notice to the commission, in accordance with regulations promulgated under subsection (d) of this Code section, of such subscriber's objection to receiving telephone solicitations.

(d)(1) The commission shall establish and provide for the operation of a data base to compile a list of telephone numbers of residential, mobile, and wireless subscribers who object to receiving telephone solicitations. It shall be the duty of the commission to have such data base in operation no later than January 1, 1999.

(2) Such data base may be operated by the commission or by another entity selected by and awarded a contract by the commission.

(3) No later than January 1, 1999, the commission shall promulgate regulations which:

(A) Require each local exchange company to inform its residential, mobile, or wireless subscribers of the opportunity to provide notification to the commission or its contractor that such subscriber objects to receiving telephone solicitations;

(B) Specify the methods by which each residential, mobile, or wireless subscriber may give notice to the commission or its contractor of his or her objection to receiving such solicitations and methods for revocation of such notice;

(C) Specify the length of time for which a notice of objection shall be effective and the effect of a change of telephone number on such notice;

(D) Specify the methods by which such objections and revocations shall be collected and added to the data base;

(E) Specify the methods by which any person or entity desiring to make telephone solicitations will obtain access to the data base as required to avoid calling the telephone numbers of residential, mobile, or wireless subscribers included in the data base; and

(F) Specify such other matters relating to the data base that the commission deems desirable.

(4) If, pursuant to 47 U.S.C. Section 227(c)(3), the Federal Communications Commission establishes a single national data base of telephone numbers of subscribers who object to receiving telephone solicitations, the commission shall include the part of such single national data base that relates to Georgia in the data base established under this Code section.

(e) The commission may provide by rule or regulation for administrative fees to be imposed upon:

(1) A residential, mobile, or wireless subscriber for each notice of inclusion in the data base established under this Code section; provided, however, that the commission shall not set this fee in an amount greater than $5.00; and

(2) A person or entity desiring to make telephone solicitations for access to or for electronic copies of the data base established under this Code section.

(f)(1) Information contained in the data base established under this Code section shall be used only for the purpose of compliance with this Code section or in a proceeding or action under subsection (h) or (i) of this Code section. "46-5-27.

(a) The General Assembly finds that:

(1) The use of the telephone to market goods and services is pervasive now due to the increased use of cost-effective telemarketing techniques;

(2) Over 30,000 businesses actively telemarket goods and services to business and residential customers;

(3) Every day, over 300,000 solicitors place calls to more than 18 million Americans, including citizens of this state;

(4) Telemarketing, however, can be an intrusive and relentless invasion of the privacy and peacefulness of individuals;

(5) Many citizens of this state are outraged over the proliferation of nuisance calls from telemarketers;

(6) Individuals' privacy rights and commercial freedom of speech can be balanced in a way that accommodates both the privacy of individuals and legitimate telemarketing practices; and

(7) It is in the public interest to establish a mechanism under which the ~~individual~~ citizens of this state can decide whether or not to receive telemarketing calls and can seek injunctive relief and damages against those in violation of this Code section and against those on whose behalf such violations were committed.

(b) As used in this Code section, the term:

(1) 'Caller identification service' means a type of telephone service which permits telephone subscribers to see the telephone number of incoming telephone calls.

(2) 'Residential, mobile, or wireless subscriber' means a person who has subscribed to telephone service from a local exchange company or mobile or wireless telephone service provider or other persons living or residing with such person.

(3) 'Telephone solicitation' means any voice communication over a telephone line for the purpose of encouraging the purchase or rental of, or investment in, property, goods, or services, but does not include communications:

(C) Specify the length of time for which a notice of objection shall be effective and the effect of a change of telephone number on such notice;

(D) Specify the methods by which such objections and revocations shall be collected and added to the data base;

(E) Specify the methods by which any person or entity desiring to make telephone solicitations will obtain access to the data base as required to avoid calling the telephone numbers of residential, mobile, or wireless subscribers included in the data base; and

(F) Specify such other matters relating to the data base that the commission deems desirable.

(4) If, pursuant to 47 U.S.C. Section 227(c)(3), the Federal Communications Commission establishes a single national data base of telephone numbers of subscribers who object to receiving telephone solicitations, the commission shall include the part of such single national data base that relates to Georgia in the data base established under this Code section.

(e) The commission may provide by rule or regulation for administrative fees to be imposed upon:
