Accompanied by the Committee of Escort and other distinguished guests, His Excellency, Governor Brian P. Kemp, appeared upon the floor of the House and delivered the following address:

Lt. Governor Jones, Speaker Burns, President Pro Tem Kennedy, Speaker Pro Tem Jones, members of the General Assembly, Constitutional Officers, members of the Public Service Commission, Mayor Dickens, members of the judiciary, members of the consular corps, and my fellow Georgians:

Later this year, the people of this state will once again fulfill their civic duty, they will choose who occupies these seats of service, and they will determine what course America takes in the years to come.

As they have in years past, when they go to the ballot box, they'll see a stark difference between Georgia and our nation's capital.

They will see what we've achieved together on the state level to make Georgia an even greater place to live, work, and raise a family, and they'll see the hardships Washington D.C. has brought into every home and placed on every kitchen table across our state.

Congress has become synonymous with runaway spending, bloated budgets, job-killing regulations, gridlock and partisanship, and elected representatives in both

parties who are more interested in getting famous on cable news than delivering results for the American people.

All the while across the nation, over 60 percent of households are living paycheck to paycheck.

Over 8.4 million Americans are working two jobs to make ends meet.

Mortgage rates remain at highs not seen in a generation.

And while the rate of inflation may have fallen, high prices on everything from groceries to rent have not.

In fact, it costs Americans over 11,000 dollars more per year to maintain the same quality of life they had just a few short years ago.

For the hardworking men and women of this country, paying 11,000 dollars more a year is not a choice between the luxuries of life.

For too many people, that's a decision between putting food on the table for their family, making your car payment, buying clothes for their kids, or going further into debt.

For a recent graduate, it's about whether you can afford to get your own place and pay off student loans.

For a single mom, it's a decision about taking that new job in a career that pays better, but it doesn't offer affordable childcare.

For a family of four, can they make ends meet when saving for their kids' college and paying their mortgage?

And for our seniors, are they able to stretch a fixed income to meet their basic needs?

These are the people that Washington D.C has left behind. Because for every challenge our nation faces, the federal response is to spend more, regulate more, tax more, and come up with yet another government program meant to cure every ill.

Instead of empowering hardworking Americans to innovate, create, and seek greater prosperity, their answer is more government.

But here in Georgia, we've chosen a different path.

Because we realize that the success of our state does not rely on the actions of government, but on the prosperity of our people.

Washington D.C forgot a long time ago that it's not the brilliance of politicians or the good intentions of a new program that make our nation great.

It's the resolve, ingenuity, and character of the American people.

Those were the hardworking Georgians we heard from on the campaign trail.

As a family, we heard their stories, their struggles, and their hopes for a brighter future.

And as you all know, that was truly a family affair. And I want to thank Marty, Jarrett, Lucy, and Amy Porter for being there every step of the way – including today!

My commitment to the people of our state was simple. I promised to put hardworking Georgians first, fund our priorities as a state like education, public safety, and healthcare, but also keep government efficient, responsible, and accountable.

The federal government may have abandoned those principles, but here in Georgia, thanks to the partnership between my administration and the General Assembly, we've delivered real results for the people of our state, ahead of schedule and under budget.

Thanks to a strong economy and conservative fiscal management of state revenues, we've provided nearly 5 billion dollars of direct relief to taxpayers in tax refunds, gas tax suspensions, homestead tax exemptions, and more.

Despite unprecedented challenges, we have maintained a Triple-A bond rating while celebrating the creation of more than 171,000 new jobs and roughly 74.5 billion dollars of investment in every corner of the Peach State over the last 5 years!

And unlike a lot of blue states, these are private sector jobs – not growing the ranks of government!

And we're not done yet.

Last month, I joined Lt. Governor Jones, Speaker Burns, and others to announce our plan to speed up implementation of the largest tax cut in state history.

With your support, I look forward to signing legislation that decreases our state income tax to 5.39 percent starting this year.

That represents savings of 3 billion dollars for Georgia taxpayers over the next ten years.

Mr. Speaker and Lt. Governor, while President Biden hires tens of thousands of new IRS agents, my vote is we just keep cutting taxes here in Georgia!

The path Georgia has taken over the last five years has led to record job growth, historic investment in communities from Bainbridge to Blue Ridge, 5 billion dollars in tax relief, and enough funds saved to operate state government for months in an emergency, not days.

That's the choice before Georgians this November, and I feel confident they'll vote to keep Georgia moving in the right direction once again.

So, to answer the question, the state of our state is strong, growing, and prosperous because we trust our citizens more than we trust the government.

Georgia is succeeding because we've charted our own path, rejected the failed policies of Washington D.C, and worked together to put our citizens first.

But I believe the worst thing we could do is call it a day and coast through what is certain to be a contentious election year.

We have accomplished so much over the last five years – despite unprecedented times and challenges – because we haven't gotten distracted from doing the job we were all sent here to do.

Like I mentioned four years ago in my second state of the state address, we stayed true to the example of Nehemiah, committed to our great work, and now we're seeing the results.

It's no secret that Georgia is growing. As the top state for business for a record ten years in a row, new jobs are headed our way on a daily basis, existing businesses are looking to expand, and companies all over the world look to the Peach State to locate their next headquarters.

But with growth comes the need for more trained workers to fill these good-paying jobs in a rapidly changing labor environment.

That's why I was proud to unveil the Georgia MATCH program at last year's Workforce Summit.

The largest direct college admissions program in the nation, Georgia MATCH is already doing an incredible job linking the upcoming generation with the school that meets their needs.

As of today, over 10,000 students have already "met their match," and we will keep working to reach every high school senior in Georgia, so that they know there is a higher education path open to them right here in the Peach State, no matter their circumstances.

Speaking of education, my amended 2024 budget and fiscal year 2025 budget proposals double down on our continued and historic support of K thru 12 education, with 1.4 billion dollars in additional funds allocated for a total of 12.8 billion dollars.

Republicans and Democrats alike have supported this record investment in our students, and I want to take a moment and thank all of you for that strong, bipartisan achievement.

It's also important for us to remember that increased funding does not always guarantee greater success.

As a small business owner for almost forty years now, I believe – like many of you – that competition and the free market drive innovation and, at the end of the day, result in a better product for the consumer.

When it comes to education, the same principles hold true.

Over the last few years, there has been a great deal of debate around different proposals to expand options for students and families when it comes to finding the education that best fits their individual needs.

Many members in both chambers have worked hard on this important issue and I want to thank and applaud them for their efforts.

Some prefer the term school choice or educational freedom, some call them vouchers.

In my opinion, what each of those terms or slogans fail to mention is the child. At the end of the day, our first and foremost consideration should be the future of that student.

Our job is not to decide for each family, but to support them in making the best choice for their child.

This week, as we begin the second year of another biennial of the General Assembly, I believe we have run out of "next years."

I firmly believe we can take an all-of-the-above approach to education… whether it's public, private, homeschooling, charter, or otherwise.

It is time for all parties to get around a table and agree on the best path forward to provide our kids the best educational opportunities we can – because that's what we were elected to do.

To that end, my office and I look forward to working with the members and leadership of both chambers to get a bill passed and signed into law this session.

Finally, our students and teachers deserve to have a safe learning environment, no matter their zip code.

Since I took office, I have had the opportunity to hold more than 30 roundtable discussions with educators and superintendents from all over this state. We heard frequently that our schools were in need of additional resources to enhance this security.

That is why since 2019, we have provided more than 185 million dollars to all of our schools to help ensure the safety and well-being of our students and teachers.

This year, I am proposing we continue those efforts by making school security funding permanent. In my budget proposal, I have included a request for 104 million dollars that will go directly to school districts for school safety enhancements.

Schools will determine how best to use this money, whether for personnel like school resource officers or for physical and technology improvements that make our places of learning more secure.

This investment is more significant because it will enable schools and administrators to plan accordingly, knowing that this money is headed their way for this specific purpose.

I hope to see strong bipartisan support for this budget item to keep our kids and our schools safe.

Since being sworn in as your 83rd governor, a top priority of my administration has been ensuring the safety and security of our communities.

There's no doubt we have made great progress. From the GBI's Anti-Gang Taskforce and HEAT Unit, and the Department of Public Safety's Crime Suppression Unit, to the First Lady's GRACE Commission, the Attorney General's Human Trafficking

Prosecution Unit, and the school security measures I just mentioned, we have not wavered in our commitment to strengthening public safety.

But the state can't do it alone. Thankfully, over the last two years, we have had strong partners at the local level who have worked alongside state law enforcement to make our capital city safer.

Two of those gentlemen are here with us today, and I want to take a moment to thank Mayor Dickens and Chief Schierbaum for their partnership.

While the mayor and I come from different political parties and don't agree on everything, we do agree on the importance of reducing crime and keeping our citizens safe.

Bipartisan majorities of both chambers, the mayor, and myself all agree on the critical need for the completion of the Atlanta Public Safety Training Center.

This facility will provide our law enforcement officers, firefighters and additional first responders the critical tools, knowledge, and skills needed to keep themselves and our communities safe.

One of our brave public safety officers is here with us this morning.

Exactly a year ago this week, this dedicated trooper was shot and severely wounded near the site of the future training center.

He spent weeks in the hospital fighting for his life, he endured multiple surgeries, and spent the better part of this year in recovery while his family stood strong beside him.

Marty and I were honored to spend time with him while he was in the hospital, and I was honored when he gave me one of my most prized possessions: his SWAT challenge coin bearing his badge number.

He had that coin on him when he was shot that horrible day, and it is a constant reminder of the price paid by men and women like him all over this state who keep our children, our homes, our businesses, and our streets safe.

Trooper First Class Jerry Parrish, will you please stand with your wife Kelli and let us thank you for your great service.

Thank you to the entire Parrish family for your service, your bravery, and the sacrifices you've made over the past year for us.

We're also joined in the gallery by some brave men who rendered life-saving aid to Trooper Parrish on site and who helped get him to safety.

They represent some of our very finest from both the Department of Public Safety and the Department of Natural Resources. Will you all please stand and let us thank you for your inspiring actions?

I don't claim to speak for anyone else in this chamber today, but this decision is very simple for me and my family.

As long as I'm your governor, there will be no gray area or political double talk:

We support our law enforcement officers.

We support our firefighters and first responders.

And the Atlanta Public Safety Training Center should be built – period!

Article I, Section I, Paragraph II of the Georgia Constitution states: "Protection to person and property is the paramount duty of government and shall be impartial and complete."

To fulfill that paramount duty, we must do more than show our support for law enforcement in words. We have to show it through action.

That is why last year, thanks to the work of the General Assembly, I was proud to sign a budget that included a 6,000-dollar pay raise for state law enforcement officers. That pay raise was a recognition of the contributions these brave men and women make as they put their lives on the line, day in and day out.

And this year I look forward to working with each of you to, once again, provide another pay raise for state law enforcement.

Within my budget proposal are pay increases of an additional 3,000 dollars for State Patrol officers like Trooper Parrish, as well as our correctional officers and other state law enforcement agencies.

These investments will not only serve as a renewal of our commitment to these law enforcement officers, but will also support our ongoing recruitment and retention efforts.

I'm also urging the General Assembly to complete what we started last year and give final passage to the peace officer loan repayment program.

Because despite what some may say, we need more police officers, not fewer.

This year we will also be continuing our efforts to combat human trafficking in our state, thanks to the leadership of the greatest First Lady in the country, Marty Kemp!

Thanks to her work, and that of the GRACE Commission and members of both chambers, Georgia has gone from being known as a human trafficking destination to being known as the leader in going after traffickers and supporting victims.

Under the First Lady's leadership, and with overwhelming support from both chambers, we have passed and signed into law 8 pieces of legislation that go after those who work in this evil enterprise while also supporting the victims.

Our efforts have enabled the GBI's HEAT unit to investigate 369 cases of human trafficking since its creation and for Attorney General Carr's Human Trafficking Prosecution unit to secure 32 convictions while assisting in the rescue of over 129 victims since it launched.

But we still have work to do, and Marty and I are both looking forward to working with each of you this session to keep up this fight.

Five years into my administration, when it comes to healthcare, we have made enormous strides in lowering costs, expanding access, and incentivizing more healthcare providers to give care.

We began this work with the passage of the Patients First Act in 2019, and since then, we've seen strong results.

In 2019, no counties in Georgia had more than 2 health insurance carriers. Today, 87 percent of Georgia counties have three or more carriers.

And thanks to Georgia Access and the reinsurance program, enrollment in the private sector exchange over the past five years has grown from just under 460,000 to over 1.2 million Georgians.

Georgia Access is also saving hardworking families more and more in their wallets.

In all, we've reduced premiums by an average of 11 percent across the state. That represents an average annual premium reduction of almost 929 million dollars a year.

In rural counties, where premium prices were the least affordable when I took office, Georgia Access has reduced premiums by an average of 29 percent.

While some in the media refuse to acknowledge this significant progress, we'll continue to support policies that work for Georgians – not political narratives.

Because the fact is that for individuals and families struggling to make ends meet, lower insurance costs and more choices lead to better care that they can actually afford.

And because we have made sound policy choices, budgeted conservatively, and prioritize innovation and efficiency, we're able to make other important investments in the health and wellbeing of hardworking Georgians.

That includes our efforts in mental health.

Two years ago, I was proud to sign into law the Mental Health Parity Act, a fitting capstone to the late Speaker David Ralston's years of service in this chamber, and one that leaves a lasting legacy.

One of the most visible examples of that legacy was the 9-8-8 crisis hotline campaign, conducted by the Department of Behavioral Health and Developmental Disabilities last year.

Thanks to Commissioner Kevin Tanner and his team, more Georgians than ever before are accessing services and the help they need to turn their lives around for the better.

To enhance this program further, my budget proposals call for a total increase of 205 million dollars for DBHDD and other entities that address mental health.

This new funding will enable DBHDD to expand services for those struggling with mental illness, it will increase the number of crisis beds throughout the state, it will further crisis intervention resources in all communities, and improve the quality of mental health services overall.

Once passed, we will be spending 1.6 billion dollars on mental health - more than ever before.

I'm proud of what these and other agencies are doing to help their fellow Georgians and to keep us the best state to live, work, and raise a family.

As we speak, all across Georgia, there are men and women working hard to keep our neighborhoods safe, attract new jobs and industries to communities in need, teaching a whole generation that will one day occupy these roles, and much more.

They have remained committed and hardworking during unprecedented challenges over the last five years and I'm proud of everything they have accomplished for our citizens.

It's no secret that most state government jobs pay less than private sector opportunities in the same line of work. But many of our employees do it because they feel a sense of public service and they want our state to succeed.

But for state government to stay efficient and stay ahead of Georgia's continued growth, we must be able to attract and then retain employees who perform vitally important jobs.

That's why my budget proposal provides a pay increase for all state employees, including our teachers.

This will build on the historic raises we've provided for educators over recent years and will increase every state worker's pay by 4 percent.

My proposal also rewards those who gave decades of their lives and careers to serving others by allocating 500 million dollars to shore up our state retiree fund, ensuring our state keeps its promises to our retirees and stays on solid financial footing.

Instead of expanding the size and scope of government, we're putting state dollars to work in targeted, efficient ways to recruit, retain, and thank employees in vital roles from corrections officers to case workers.

By doing so, we're continuing our efforts to wisely use every penny taxpayers send us, from state agency personnel, to our schools, public safety, and the healthcare marketplace.

As we look across America, there is no doubt we are at a crossroads.

From crushing inflation and dysfunction in Washington, to the crisis at our southern border and unrest overseas, these are indeed trying times.

But I believe we have an opportunity here in Georgia, an opportunity to highlight a different path.

One of the brilliant principles of America's founding is the role of the states, for them to be the laboratories of democracy, to protect the liberties and freedoms of their citizens, and to carry out the will of the people.

Our founders didn't believe the states should always look to the federal government for answers, and judging by the current comparison, I don't think we would have much to learn.

In Georgia, we balance our budget and spend less than we take in.

We cut taxes instead of raising them.

We return money back to the taxpayers rather than justifying new government programs.

We back the blue, crack down on violent crime and gangs, and put the safety of our communities ahead of partisan political agendas.

We celebrate the free market, instead of using the heavy hand of government.

We work together across party lines on more issues than not.

And most importantly, we put our people first.

In an election year, I don't expect us all to agree on every issue. Every district represented under this Gold Dome is different and sends each of you here with a unique set of issues to address.

Over the next 36 legislative days, there will be passionate debate, there will be disagreements, there will be tough votes, there will be long nights, and maybe even some short tempers.

But in the middle of all that, I ask that we also remember Georgia is different for a reason.

That our success is not an accident, but the result of a resilient people who elected their leaders to keep state government efficient, responsive, and accountable.

In Georgia, we believe the American Dream will always provide our people greater prosperity than the government ever could.

The state of our state is strong, growing, and full of opportunity.

Let's use this session to keep it that way!

Thank you all, may God Bless you, and may God Bless the great state of Georgia!

BE IT ENACTED BY THE GENERAL ASSEMBLY OF GEORGIA:

Code Section 15-6-2 of the Official Code of Georgia Annotated, relating to the number of judges of superior courts, is amended by revising paragraph (15.1) as follows:

"(15.1) Douglas Circuit ..... ~~3~~ 4"

SECTION 2.

One additional judge of the superior courts is added to the Douglas Judicial Circuit, thereby increasing to four the number of judges of said circuit.

SECTION 3.

Said additional judge shall be appointed by the Governor for a term beginning July 1, 2024, and continuing through December 31, 2026, and until his or her successor is elected and qualified. His or her successor shall be elected in the manner provided by law for the election of judges of the superior courts of this state at the nonpartisan judicial election in 2026 for a term of four years beginning on January 1, 2027, and until his or her successor is elected and qualified. Future successors shall be elected at the nonpartisan judicial election every four years thereafter for terms of four years and until their successors are elected and qualified. The newly elected and qualified judge shall take office on the first day of January following the date of the election.

SECTION 5.

The qualifications of such additional judge and his or her successors shall be the same as are now provided by law for all other superior court judges, and his or her compensation, salary, and expense allowance from the State of Georgia and from the counties comprising the Douglas Judicial Circuit shall be the same as are now provided by law for the other superior court judges of such circuit. In all such matters relating

to the fixing, arranging for, and disposing of the business of such courts and making appointments as authorized by law where the judges thereof cannot agree or shall differ, the opinion or order of the chief judge as provided for in this Act shall control.

SECTION 8.

The drawing and impaneling of all jurors, whether grand, petit, or special, may be conducted by any of the judges of the superior courts of such circuit; and they, or any one such judge, shall have full power and authority to draw and impanel jurors for service in such courts so as to have jurors for the trial of cases before any such judges separately or before each of them at the same time.

SECTION 9.

The four judges of the superior courts of the Douglas Judicial Circuit shall be authorized and empowered to appoint an additional court reporter for such circuit, whose compensation shall be as now or hereafter provided by law.

SECTION 10.

All writs, processes, orders, subpoenas, and any other official paper issuing out of the superior courts of the Douglas Judicial Circuit may bear teste in the name of any judge of the Douglas Judicial Circuit and, when issued by and in the name of any judge of such circuit, shall be fully valid and may be heard and determined before the same or any other judge of such circuit. Any judge of such circuit may preside over any case therein and perform any official act as judge thereof.

All of the expenditures authorized in this Act are declared to be an expense of the court and payable out of the county treasury as such.

SECTION 12.

Nothing in this Act shall be deemed to limit or restrict the inherent powers, duties, and responsibilities of superior court judges provided by the Constitution and statutes of the State of Georgia.

BE IT ENACTED BY THE GENERAL ASSEMBLY OF GEORGIA:

SECTION 1.

Code Section 15-6-2 of the Official Code of Georgia Annotated, relating to the number of judges of superior courts, is amended by revising paragraph (39) as follows:

"(39) Tifton Circuit ..... ~~2~~ 3"

SECTION 2.

One additional judge of the superior courts is added to the Tifton Judicial Circuit, thereby increasing to three the number of judges of said circuit.

SECTION 3.

Said additional judge shall be appointed by the Governor for a term beginning July 1, 2024, and continuing through December 31, 2026, and until his or her successor is elected and qualified. His or her successor shall be elected in the manner provided by law for the election of judges of the superior courts of this state at the nonpartisan judicial election in 2026 for a term of four years beginning on January 1, 2027, and until his or her successor is elected and qualified. Future successors shall be elected at the nonpartisan judicial election each four years after such 2026 election for terms of four years and until their successors are elected and qualified. The newly elected and qualified judge shall take office on the first day of January following the date of the election.

SECTION 4.

The additional judge of the superior courts of the Tifton Judicial Circuit shall have and may exercise all powers, duties, dignities, jurisdiction, privileges, and immunities of the present judges of the superior courts of this state. Any judge of the Tifton Judicial Circuit may preside over any cause, whether in their own or in other circuits, and perform any official act as judge thereof, including sitting on appellate courts as provided by law.

SECTION 5.

The qualifications of such additional judge and his or her successors shall be the same as are now provided by law for all other superior court judges, and his or her compensation, salary, and expense allowance from the State of Georgia and from the counties comprising the Tifton Judicial Circuit shall be the same as are now provided by law for the other superior court judges of such circuit. The provisions, if any, enacted for the supplementation by the counties of such circuit of the salary of the judges of the superior courts of the Tifton Judicial Circuit shall also be applicable to the additional judge provided for by this Act.

SECTION 6.

All writs and processes in the superior courts of the Tifton Judicial Circuit shall be returnable to the terms of such superior courts as they are now fixed and provided by law, or as they may hereafter be fixed or determined by law, and all terms of such courts shall be held in the same manner as though there were but one judge, it being the intent and purpose of this Act to provide three judges equal in jurisdiction and authority to attend and perform the functions, powers, and duties of the judges of such superior courts and to direct and conduct all hearings and trials in such courts.

SECTION 7.

Upon and after qualification of the additional judge of the superior courts of the Tifton Judicial Circuit, the three judges of such circuit may adopt, promulgate, amend, and enforce such rules of practice and procedure in consonance with the Constitution and laws of the State of Georgia as they deem suitable and proper for the effective transaction of the business of the court; and, in transacting the business of the court and in performing their

duties and responsibilities, they shall share, divide, and allocate the work and duties to be performed by each. In the event of a disagreement among the judges in respect hereof, the decision of a majority shall control, or, in the absence of a majority, the decision of the chief judge shall be controlling. The three judges of the superior courts of the Tifton Judicial Circuit shall have and are clothed with full power, authority, and discretion to determine from time to time and term to term the manner of calling the dockets, fixing the calendars, and order of business in such courts. They may assign to one such judge the hearing of trials by jury for a term and the hearing of all other matters not requiring a trial by jury to the other judges, and they may rotate such order of business at the next term. They may conduct trials by jury at the same time in the same county or otherwise within such circuit, or they may hear chambers business and motion business at the same time at any place within such circuit. They may provide in all respects for holding the superior courts of such circuit so as to facilitate the hearing and determination of all the business of such courts at any time pending and ready for trial or hearing. In all such matters relating to the fixing, arranging for, and disposing of the business of such courts and making appointments as authorized by law where the judges thereof cannot agree or shall differ, the opinion or order of the chief judge as provided for in this Act shall control.

SECTION 8.

The drawing and impaneling of all jurors, whether grand, petit, or special, may be conducted by any of the judges of the superior courts of such circuit; and they, or any one such judge, shall have full power and authority to draw and impanel jurors for service in such courts so as to have jurors for the trial of cases before any such judges separately or before each of them at the same time.

SECTION 9.

The three judges of the superior courts of the Tifton Judicial Circuit shall be authorized and empowered to appoint an additional court reporter for such circuit, whose compensation shall be as now or hereafter provided by law.

SECTION 10.

All writs, processes, orders, subpoenas, and any other official paper issuing out of the superior courts of the Tifton Judicial Circuit may bear teste in the name of any judge of the Tifton Judicial Circuit and, when issued by and in the name of any judge of such circuit, shall be fully valid and may be heard and determined before the same or any other judge of such circuit. Any judge of such circuit may preside over any case therein and perform any official act as judge thereof.

SECTION 11.

Upon request of any judge of the circuit, the governing authorities of the counties comprising the Tifton Judicial Circuit shall be authorized to furnish the judges of such circuit with suitable courtrooms and facilities, office space, telephones, furniture, office equipment, supplies, and such personnel as may be considered necessary by the court to

the proper functioning of the court. All of the expenditures authorized in this Act are declared to be an expense of the court and payable out of the county treasury as such.

SECTION 12.

Nothing in this Act shall be deemed to limit or restrict the inherent powers, duties, and responsibilities of superior court judges provided by the Constitution and statutes of the State of Georgia.

outlay grant pursuant to subparagraph (d)(1)(B) or (d)(1)(C) of this Code section for a period of ten years from the date such grant was received."

"(g) The State Board of Education shall establish rules and regulations to implement the provisions of this Code section. Such rules shall provide for, but shall not be limited to, the following:

(1) The prioritization of eligible local school systems in the event that available funds are not sufficient to cover the full amount of capital outlay grants provided for in this Code section. In such event, eligible local school systems with lesser amounts of special purpose local option sales tax revenues shall be prioritized over eligible local school systems with higher amounts of such revenues; and

(2) The manner and method by which the Department of Education shall determine whether a local school system's system-wide eligible need has been met as a result of such local school system having received a capital outlay grant pursuant to subparagraph (d)(1)(B) or (d)(1)(C) of this Code section."

A BILL TO BE ENTITLED
AN ACT

To amend Chapter 34 of Title 43 of the Official Code of Georgia Annotated, relating to physicians, assistants, and others, so as to authorize physicians to delegate the authority to advanced practice registered nurses and physician assistants to prescribe certain Schedule II controlled substances; to provide for requirements; to provide for automatic approval of nurse protocol agreements and job descriptions under certain conditions; to amend Article 3 of Chapter 2 of Title 40 of the Official Code of Georgia Annotated, relating to prestige license plates and special plates for certain persons and vehicles, so as to authorize advanced practice registered nurses and physician assistants to execute affidavits certifying an individual is disabled for purposes of obtaining special vehicle decals for persons with disabilities; to provide for legislative findings; to provide for related matters; to repeal conflicting laws; and for other purposes.

BE IT ENACTED BY THE GENERAL ASSEMBLY OF GEORGIA:

SECTION 1.

The General Assembly finds:

(1) Governor Kemp created the Georgia Healthcare Workforce Commission in 2022;

(2) The commission recognized that Georgia is now in the minority of states with restrictions on certain healthcare occupations, such as nurse practitioners and physician assistants, and that research also suggests that in appropriate circumstances, revising practice restrictions on certain healthcare occupations and granting increased practice authority have the potential to improve access to care without compromising quality or increasing costs;

(3) The commission believes that exploring updating scope of practice limitations could potentially ease pressure on the healthcare workforce by allowing certain healthcare occupations to perform more advanced work in healthcare settings which could decrease work burden on other clinical providers;

(4) Georgia is one of only three states that forbids physician assistants and nurse practitioners from prescribing any Schedule II medications; and

(5) A more streamlined process at the Georgia Composite Medical Board will allow already licensed and certified practitioners to more quickly begin work.

SECTION 2.

Chapter 34 of Title 43 of the Official Code of Georgia Annotated, relating to physicians, assistants, and others, is amended by revising paragraph (3) of subsection (a), paragraph (10) of subsection (g), and subsections (k) and (m) of Code Section 43-34-25, relating to delegation of certain medical acts to advanced practice registered nurse, construction and limitations of such delegation, definitions, conditions of nurse protocol, and issuance of prescription drug orders, and by adding a new subsection to read as follows:

"(3) 'Controlled substance' means any controlled substance as defined in Code Section 16-13-21 but shall not include any Schedule I controlled substance included in Code Section 16-13-25 or any Schedule II controlled substance included in Code Section 16-13-26, except as authorized pursuant to subsection (d.1) of this Code section."

"(d.1) An advanced practice registered nurse who has at least one year of post-licensure clinical experience and is in good standing with the board may be authorized under a nurse protocol agreement to issue prescription drug orders for hydrocodone, oxycodone, or compounds thereof in emergency situations pursuant to the following requirements:

(1) The authorization is specifically included in the nurse protocol agreement;

(2) The advanced practice registered nurse has directly evaluated the patient;

(3) The prescription drug order is limited to an initial prescription, not to exceed a five-day supply;

(4) The prescription drug order is for an individual 18 years of age or older; and

(5) The advanced practice registered nurse completes one hour of continuing education biennially in the appropriate ordering and use of hydrocodone, oxycodone, and compounds thereof."

"(10) Notwithstanding the provisions of subsection (d.1) of this Code section, in ~~In~~ any emergency medical services system operated by, or on behalf of, any county, municipality, or hospital authority with a full-time physician medical director and who does not order drugs, except that he or she may order up to a 14 day supply of drugs as necessary in an emergency situation, excluding ~~Schedule II controlled substances and~~ benzodiazepines and all Schedule II controlled substances except hydrocodone, oxycodone, or compounds thereof; provided, however, that an advanced practice registered nurse shall not order radiographic imaging, diagnostic studies, or medical devices pursuant to this paragraph; and provided, further, that a patient shall be referred to a physician, a dentist, or a federally qualified health center."

"(k) Nothing in this Code section shall be construed to authorize an advanced practice registered nurse to issue a prescription drug order for a Schedule I or II controlled substance, except as otherwise authorized pursuant to subsection (d.1) of this Code section, or authorize refills of any drug for more than 12 months from the date of the original order except in the case of oral contraceptives, hormone replacement therapy, or prenatal vitamins which may be refilled for a period of 24 months."

"(m)(1) The board shall have the authority to promulgate rules and regulations governing a delegating physician in order to carry out the intents and purposes of this Code section.

(2)(A) Further, the board shall be authorized to:

~~(1)~~(i) Require that a nurse protocol agreement shall be filed by the delegating physician with the board within a reasonable time from the date of execution;

~~(2)~~(ii) Determine, after review of a filed nurse protocol agreement, if such nurse protocol agreement fails to meet accepted standards of medical practice as established by the board; and

~~(3)~~(iii) Require the delegating physician to amend any such noncompliant nurse protocol agreement in order to meet such accepted standards.

(B) If a medical practice has an existing approved nurse protocol agreement and an alternate delegating physician or a change in the delegating physician within the same or similar specialty, such new nurse protocol agreement for the new alternate delegating physician or a change in the delegating physician, upon submission, shall be automatically deemed approved by the board.

(C) If a delegating physician submits a nurse protocol agreement for a new advanced practice registered nurse and such nurse protocol agreement that has substantially the same terms and provisions as a nurse protocol agreement previously submitted by such delegating physician for another advanced practice registered nurse and approved by the board, the nurse protocol agreement for the new advanced practice registered nurse, upon submission, shall be automatically deemed approved by the board."

SECTION 3.

Said chapter is further amended by revising subsections (c) and (e.1) of Code Section 43-34-103, relating to delegation of authority to physician assistants, as follows:

"(c)(1) At all times while providing patient services, a physician assistant shall have a signed job description submitted by his or her primary supervising physician and approved by the board.

(2) Nothing in this article shall prevent a primary supervising physician from submitting to the board a new or amended physician assistant job description.

(3) If a medical practice has an existing approved job description and an alternate supervising physician or a change in the supervising physician within the same or similar specialty, such new job description for the new alternate supervising physician or a change in the supervising physician, upon submission, shall be automatically deemed approved by the board.

(4) If a primary supervising physician submits a job description for a new physician assistant and such job description that has substantially the same terms and provisions as a job description previously submitted by such primary supervising physician for another physician assistant and approved by the board, the job description for the new physician assistant, upon submission, shall be automatically deemed approved by the board."

"(e.1)(1)(A) In addition to and without limiting the authority granted by Code Section 43-34-23, a physician may delegate to a physician assistant, in accordance with a job description, the authority to issue a prescription drug order or orders for any device as defined in Code Section 26-4-5 or to issue any dangerous drug as defined in Code

Section 16-13-71, hydrocodone, oxycodone, or compounds thereof in accordance with subparagraph (B) of this paragraph, or any Schedule III, IV, or V controlled substance as defined in Code Section 16-13-21 on a prescription drug order or prescription device order form as specified in paragraph (3) of this subsection. Delegation of such authority shall be contained in the job description required by this Code section. The delegating physician shall remain responsible for the medical acts of the physician assistant performing such delegated acts and shall adequately supervise the physician assistant. If an existing job description for a physician assistant does not contain such authority to order a prescription drug or device order as provided by this subsection, that physician assistant may not issue any such prescription drug or device order until a new job description delegating such authority is submitted to and approved by the board. Nothing in this Code section shall be construed to authorize the written prescription drug order of a Schedule I or II controlled substance, except as authorized pursuant to subparagraph (B) of this paragraph.

(B) A physician may delegate to a physician assistant who has at least one year of post-licensure clinical experience and is in good standing with the board the authority to issue prescription drug orders for hydrocodone, oxycodone, or compounds thereof in emergency situations pursuant to the following requirements:

(i) The authorization is specifically included in the job description;

(ii) The physician assistant has directly evaluated the patient;

(iii) The drug order is limited to an initial prescription not to exceed a five-day supply; and

(iv) The prescription drug order is for an individual 18 years of age or older.

(2) Nothing in this subsection shall be construed to create a presumption of liability, either civil or criminal, on the part of a pharmacist who is duly licensed under Title 26 and who in good faith fills a prescription drug or device order presented by a patient pursuant to this subsection. The pharmacist shall presume that the prescription drug or device order was issued by a physician assistant duly licensed under this article who has qualified under this Code section to prescribe pharmaceutical agents. The pharmacist shall also presume that the pharmaceutical agent prescribed by the physician assistant is an approved pharmaceutical agent, unless the pharmacist has actual or constructive knowledge to the contrary.

(3) The physician assistant shall only be authorized to exercise the rights granted under this subsection using a prescription drug or device order form which includes the name, address, and telephone number of the prescribing supervising or alternate supervising physician, the patient's name and address, the drug or device prescribed, the number of refills, and directions to the patient with regard to the taking and dosage of the drug. A prescription drug order which is transmitted either electronically or via facsimile shall conform to the requirements set out in paragraphs (1) and (2) of subsection (c) of Code Section 26-4-80, respectively. Any form containing less information than that described in this paragraph shall not be offered to or accepted by any pharmacist who is duly licensed under Title 26.

(4) Nothing in this Code section shall be construed to authorize a physician assistant to authorize refills of any drug for more than 12 months from the date of the original prescription drug or device order.

(5) A supervising physician or alternate supervising physician shall evaluate or examine, at least every three months, any patient receiving controlled substances.

(6) In addition to the copy of the prescription drug or device order delivered to the patient, a record of such prescription shall be maintained in the patient's medical record in the following manner:

(A) The physician assistant carrying out a prescription drug or device order shall document such order either in writing or by electronic means; and

(B) The supervising physician shall periodically review patient records. Such review may be achieved with a sampling of such records as determined by the supervising physician.

(7) A physician assistant is not permitted to prescribe drugs or devices except as authorized in the physician assistant's job description and in accordance with this article.

(8) The board shall adopt rules establishing procedures to evaluate an application for a job description containing the authority to order a prescription drug or device and any other rules the board deems necessary or appropriate to regulate the practice of physician assistants, to carry out the intent and purpose of this article, or to protect the public welfare.

(9) A physician assistant authorized by a primary supervising physician to order controlled substances pursuant to this Code section is authorized to register with the ~~federal~~ United States Drug Enforcement Administration.

(10)(A) A physician assistant delegated the authority by the primary supervising physician to issue a prescription drug or device order shall be required to complete a minimum of three hours of continuing education biennially in practice specific pharmaceuticals in which the physician assistant has prescriptive order privileges.

(B) A physician assistant delegated the authority by the primary supervising physician to issue a prescription drug or device order for hydrocodone, oxycodone, or compounds thereof shall be required to complete one additional hour of continuing education biennially in the appropriate ordering and use of hydrocodone, oxycodone, or compounds thereof.

(11) A managed care system, health plan, hospital, insurance company, or other similar entity shall not require a physician to be a party to a job description as a condition for participation in or reimbursement from such entity."

SECTION 4.

Article 3 of Chapter 2 of Title 40 of the Official Code of Georgia Annotated, relating to prestige license plates and special plates for certain persons and vehicles, is amended by revising Code Section 40-2-74.1, relating to temporary, permanent, and special permanent parking permits for persons with disabilities, as follows:

"40-2-74.1.

(a) The department shall issue parking permits for persons with disabilities and may delegate to county tag agents the responsibility for issuance of such permits to residents of the county served by the tag agent. Permits shall be in such form as the department prescribes but shall be of sufficient size and sufficiently distinctively marked to be easily visible when placed on or affixed to the driver's side of the dashboard or hung from the rearview mirror of the parked vehicle. Permits shall be made of a substrate as determined by the commissioner and shall be of sufficient quality to ensure that the coloring of the permit and the ink used thereon will resist fading for a period of at least four years. Permits shall be issued to individuals, and the name of the individual and an identification number shall appear on the permit. The individual to whom a permit is issued may use the permit for any vehicle he or she is operating or in which he or she is a passenger. The department shall also issue a permanent permit to an institution which operates vehicles used primarily for the transportation of individuals with disabilities upon presentation of a certification from the institution regarding use of its vehicles. The institution shall receive permits only for the number of vehicles so used and shall affix the permits to the driver's side of the dashboards of such vehicles. The permanent permit shall be predominantly blue in color and shall show prominently on its face an expiration date four years from the date it is issued. A BILL TO BE ENTITLED
AN ACT

To amend Article 3 of Chapter 3 of Title 50 of the Official Code of Georgia Annotated, relating to other state symbols, so as to designate cornbread as the official state bread; to

provide legislative findings and declarations; to provide for related matters; to repeal conflicting laws; and for other purposes.

BE IT ENACTED BY THE GENERAL ASSEMBLY OF GEORGIA:

SECTION 1.

The General Assembly finds and declares as follows:

(1) The colorful history and traditions of the State of Georgia are inextricably associated with the food traditions of corn and among the many legacies of this proud heritage is the delicious bread known as cornbread;

(2) Relied upon by indigenous people to sustain themselves, cornbread has transcended its humble origins to take a place of honor at such events as the Prater's Mill Country Fair in Whitfield County;

(3) With thousands of participants and visitors, such celebrations include cornbread cooked on a wood-burning stove and served with collard greens and pinto beans;

(4) Corn is grown, ground, and made into cornmeal at historic mills like Prater's Mill, Nora Mill, Berry College Mill, and Ogeechee River Mill and modern mills like Southeastern Mills and Logan Turnpike Mill;

(5) Cornmeal is then sold in stores and served in eating establishments throughout the state, and cornbread is enjoyed by young and old at home and in restaurants; and

(6) Cornbread enjoys a singular stature in Georgia history and culture that is rivaled only by its undeniable appeal as a versatile and satisfying food. Establishing cornbread as the official Georgia state bread is necessary to fully recognize the importance of this product to this state.

SECTION 2.

Article 3 of Chapter 3 of Title 50 of the Official Code of Georgia Annotated, relating to other state symbols, is amended by adding a new Code section to read as follows:

"50-3-92.

Cornbread is designated as the official Georgia state bread."

(B) With a railroad company or utility concerning relocation of its tracks or facilities where the same are not then located on a public road and such relocation is necessary as an incident to the construction or improvement of a public road. In addition, the department shall hold at least one public hearing, which may be held by teleconference, not later than the conclusion of the period for public comment; provided, however, that such requirement shall not apply when a public hearing has been held during the environmental phase of a project."

(d) A landowner shall make any request provided by a solar power facility agreement pursuant to subsection (b) or (c) of this Code section no later than 12 months after the later of:

(1) The date on which the solar power facility is no longer capable of generating electricity in commercial quantities, except when such inability to generate electricity is the result of an event of force majeure or when the grantee is in the process of repairing the solar power facility, provided that, in either case, the solar power facility resumes generating electricity in commercial quantities within 180 days;

(2) The date the landowner receives written notice of intent to decommission the solar power facility from the grantee; or

46-3-69.1.

(a) A solar power facility agreement shall provide that:

(1) The grantee shall obtain and deliver to the landowner and record with the clerk of the superior court of the county where the solar power facility is located evidence of financial assurance that conforms to the requirements of this subsection to secure the performance of the grantee's obligation to remove the grantee's solar power facilities located on the landowner's property pursuant to Code Section 46-3-69;

(2) The amount of the financial assurance shall be:

(B) At least once every five years after the commercial operations date of the solar power facilities for the remainder of the term of the agreement;

(4) The grantee shall be responsible for ensuring that the amount of the financial assurance remains sufficient to cover the amount required by paragraph (2) of this subsection, consistent with the estimates required by paragraph (3) of this subsection;

(5) The grantee shall be responsible for the costs of obtaining financial assurance and costs of determining the estimated removal costs and salvage value; and

(6) The grantee shall deliver the financial assurance not later than the commercial operations date of the solar power facilities.

(b) No county or municipal corporation shall impose on a grantee who has entered into a solar power facility agreement that conforms to the requirements of this Code section financial assurance requirements relating to the removal or decommissioning of solar power facilities.

(c) No grantee shall cancel the financial assurance delivered to the landowner pursuant to this Code section before the date the grantee has completed the grantee's obligation to remove the grantee's solar power facilities located on the landowner's property in the manner provided by this part, unless the grantee provides the landowner with replacement financial assurance at the time of or before such cancellation. In the event of a transfer of ownership of the grantee's solar power facilities, the financial assurance provided by the grantee shall remain in place until the date on which evidence of substitute financial assurance meeting the requirements of this part is provided to the landowner."

A BILL TO BE ENTITLED
AN ACT

To amend Title 15 of the Official Code of Georgia Annotated, relating to courts, so as to create juvenile treatment court divisions; to provide alternative adjudication to the traditional judicial system; to provide definitions; to provide for assignment of cases; to provide for planning groups and work plans; to provide for standards; to provide for staffing and expenses; to provide for completion of juvenile treatment court division programs; to provide for records, fees, grants, and donations; to revise a definition; to provide for related matters; to provide for an effective date; to repeal conflicting laws; and for other purposes.

BE IT ENACTED BY THE GENERAL ASSEMBLY OF GEORGIA:

SECTION 1.

Title 15 of the Official Code of Georgia Annotated, relating to courts, is amended by revising subsection (a) of Code Section 15-1-18, relating to Council of Accountability Court Judges of Georgia, as follows:

"(a) As used in this Code section, the term:

(1) 'Accountability court' means a superior, state, or juvenile court that has a drug court division, mental health court division, veterans court division, juvenile treatment court

division, ~~or~~ operating under the influence court division, or a juvenile court that has a family treatment court division.

(2) 'Council' means the Council of Accountability Court Judges of Georgia."

SECTION 2.

Said title is further amended in Chapter 11, relating to the juvenile code, by adding a new Code section to read as follows:

"15-11-71.

(a)(1) As used in this subsection, the term 'risk and needs assessment' means an actuarial tool approved by the Council of Accountability Court Judges of Georgia and validated on a target population that is scientifically proven to determine an individual's risk to recidivate and to identify criminogenic risk factors that, when properly addressed, can reduce such individual's likelihood of committing future delinquent or criminal behavior.

(2) As used in this subsection, the term 'child' has the same meaning as defined in Code Section 15-11-2.

(3) Any juvenile court may establish a juvenile treatment court division to provide an alternative to the traditional judicial system for the disposition of juvenile delinquency and child in need of services cases, provided that nothing in this Code section shall extend a court's ability to incarcerate a child. The goal of a juvenile treatment court division is to reduce the likelihood of family disruption or removal to an alternative placement, reduce the use of detention and commitments to the state, reduce recidivism, and increase likelihood of successful rehabilitation through early, continuous, and intense judicially supervised treatment by:

(A) Reducing alcohol or drug abuse and addiction in the child;

(B) Treating the mental and behavioral health and related needs of the child;

(C) Increasing the educational, personal, familial, and societal accountability of the child;

(D) Preventing and reducing gang involvement and affiliation; and

(E) Promoting effective intervention and use of resources among child welfare personnel, law enforcement agencies, treatment providers, community agencies, the department of juvenile justice, independent probation officers, and the courts.

(4) In any delinquency or child in need of services proceeding, when the child meets the eligibility criteria for the juvenile treatment court division and consents to the participation, such case may be assigned to the juvenile treatment court:

(A) Prior to the entry of adjudication if the prosecuting attorney or other petitioner consents;

(B) As part of a disposition in a case; or

(C) Upon modification or revocation of probation or a new petition for a violation of probation.

(5) Each juvenile treatment court division shall establish a planning group to develop a work plan. The planning group shall include the judges, prosecuting attorneys, sheriffs or their designees, public defenders, community supervision officers, and

probation officers and may include other individuals and agencies that the court finds have expertise in services available to children. The work plan shall address the operations, coordination, resource management, information management, and evaluation needs of the juvenile treatment court division. The work plan shall include juvenile treatment court division policies and practices related to the implementation of the standards and practices developed pursuant to this paragraph. The work plan shall ensure a risk and needs assessment is used to identify the likelihood of recidivating and identify the needs that, when met, reduce recidivism. The work plan shall include eligibility criteria for the juvenile treatment court division. The juvenile treatment court division shall combine judicial supervision, treatment of juvenile treatment court division participants, drug testing, and mental health treatment.

(6)(A) The Council of Accountability Court Judges of Georgia shall establish standards and practices for juvenile treatment court divisions, taking into consideration guidelines and principles based on current research and findings that are published by experts on the health needs and treatment options for children. Standards and practices shall include, but shall not be limited to, the use of a risk and needs assessment to identify the likelihood of recidivating and identify the needs that, when met, reduce recidivism. The Council of Accountability Court Judges of Georgia shall update its standards and practices to incorporate research, findings, and developments in the juvenile treatment court field. The Council of Accountability Court Judges of Georgia may further adopt standards and practices for separate tracks of juvenile treatment courts such as, but not limited to, a juvenile drug court track or a juvenile mental health court track. Each juvenile treatment court division shall adopt policies and practices that are consistent with the standards and practices published by the Council of Accountability Court Judges of Georgia.

(B) The Council of Accountability Court Judges of Georgia shall provide technical assistance to the juvenile treatment court division to assist them with the implementation of policies and practices, including, but not limited to, guidance on the implementation of risk and needs assessments in the juvenile treatment court division.

(C) The Council of Accountability Court Judges of Georgia shall create and manage a certification and peer review process to ensure juvenile treatment court divisions are adhering to the Council of Accountability Court Judges of Georgia's standards and practices and shall create a waiver process for juvenile treatment court divisions to seek an exception to the Council of Accountability Court Judges of Georgia's standards and practices. A BILL TO BE ENTITLED
AN ACT

BE IT ENACTED BY THE GENERAL ASSEMBLY OF GEORGIA:

SECTION 1.

Chapter 80 of Title 36 of the Official Code of Georgia Annotated, relating to general provisions applicable to counties, municipal corporations, and other governmental entities, is amended by adding a new Code section to read as follows:

"36-80-29.

(a) Notwithstanding any law to the contrary, a county, municipality, or local authority that operates a public water or sewer system may dispose of any easement interest in real property it possesses by conveyance of such interest to the owner of the real property burdened by the easement in accordance with this Code section. Notwithstanding any law to the contrary, a county, municipality, or local authority that operates a public water or sewer system may grant an easement through its real property by conveyance of such interest in accordance with this Code section.

(b) Before proceeding to dispose of or grant an easement, the governing authority of the county, municipality, or board of a local authority shall by majority vote determine whether an existing easement no longer serves a public purpose or whether the grant of an easement is beneficial to the county, municipality, or local authority.

(c)(1) When it is determined that the easement has a value at $5,000.00 or more based on the previous year's published assessment by the jurisdiction's chief assessor of the tax parcel burdened or to be burdened by the easement, the governing authority of the county, municipality, or board of a local authority shall obtain and may by majority vote accept at least one appraisal for the value of the easement performed by an appraiser licensed in this state. (3) On or after July 1, 2025, in the event that the annual salary provided by Code Section 45-7-4 and locality pay provided for by Code Section 15-6-29.2 exceeds the annual salary and county salary supplements received by a judge who did not exercise the option provided by paragraph (1) of this subsection, such judge may still exercise such option by filing a written notification thereof with The Council of Superior Court Judges of Georgia and the governing authority of each county comprising the judicial circuit. The option exercised pursuant to this paragraph shall go into effect on the first day of the state fiscal year following the exercising of such option.

(c) The annual salary shall be the total compensation to be paid by the state to the superior court judges and shall be in lieu of any and all other amounts to be paid from The Council of Superior Court Judges of Georgia, except as provided in Code Sections 15-6-29.1, 15-6-29.2, 15-6-30, and 15-6-32.

~~(c) When a new superior court judgeship is created by law for any judicial circuit, the new superior court judge shall upon taking office become entitled to and shall receive from the county or counties comprising the circuit the same county salary supplement, if any, then in effect for the other judge or judges of the judicial circuit. Such salary supplement for such new judge shall be authorized by this subsection and no other legislation or local legislation shall be required in order to authorize such salary supplement, but nothing in this Code section shall be construed to prohibit the enactment~~

~~of local legislation relating to such salary supplements. A publication of notice of intention to introduce local legislation as provided for in Code Section 28-1-14 shall be required for any local legislation granting, changing the amount of, or removing a salary supplement; but no publication of notice of intention shall be required for a bill creating one or more new superior court judgeships.~~"

SECTION 2.

Said article is further amended in Code Section 15-6-29.1, relating to accountability court supplement and limitation by repealing subsection (c) in its entirety.

SECTION 3.

Said article is further amended by adding a new Code section to read as follows:

"15-6-29.2.

(a) On or after July 1, 2024, the county or counties comprising a judicial circuit may provide each judge of such circuit with locality pay as authorized under this Code section. All such locality pay shall be in lieu of and not in addition to any county salary supplements previously provided by the county or counties. All judges within a judicial circuit who elect to exercise the option provided by paragraph (1) of subsection (b) of Code Section 15-6-29 shall receive equal locality pay from any given county within such circuit that has opted to provide such pay.

(b) In no event shall the annual locality pay provided to a judge by the county or counties comprising a judicial circuit in aggregate exceed 10 percent of the state annual salary provided by Code Section 45-7-4.

(c) When a new superior court judgeship is created by law for any judicial circuit, the new superior court judge shall upon taking office become entitled to and shall receive from the county or counties comprising the circuit the same locality pay, if any, then in effect for the other judge or judges of the judicial circuit. Such locality pay for such new judge shall be authorized by this subsection and no other legislation or local legislation shall be required to authorize such locality pay.

(d) Except as provided for in subsection (b) of Code Section 15-6-29 and subsection (e) of this Code section and notwithstanding any other provision of law to the contrary, on and after July 1, 2024, no county or counties comprising a judicial circuit shall provide county salary supplements to a superior court judge.

(e)(1) Nothing in subsection (d) of this Code section shall operate to prevent a county or counties comprising a judicial circuit from continuing to provide a local salary supplement to the chief judge of the circuit that was otherwise authorized by law on June 30, 2024. On or after July 1, 2024, no local supplement for a chief judge shall be enacted or increased.

(2) For all judges who elect to exercise the option provided by paragraph (1) of subsection (b) of Code Section 15-6-29, to the extent the aggregate salary provided for by subsection (a) of Code Section 15-6-29 and locality pay provided for by subsection (a) of this Code section to a particular judge do not equal or exceed that judge's aggregate salary and local supplement in effect at the time of the judge's exercise of

such option, then the county or counties of the circuit shall pay an additional supplement in an amount equal to the difference between the aggregate salary and supplement in effect at the time of the judge's exercise of such option and the aggregate salary provided for by subsection (a) of Code Section 15-6-29 and locality pay provided for by subsection (a) of this Code section. When an additional supplement is required by this paragraph in a circuit consisting of more than one county, then each county shall pay such additional supplement in proportion to each county's contribution to the local supplement in effect at the time of the judge's exercise of the option to participate. In no event shall the additional supplement required by this paragraph result in a judge's aggregate salary that exceeds the aggregate salary and supplement existing at the time of a judge's exercise of such option.

(f) Nothing in subsection (d) of this Code section shall operate to prevent a county or counties comprising a judicial circuit from continuing to provide fringe benefits to any judge of a judicial circuit in the same manner that such benefits were provided on June 30, 2024.

(g) Nothing in this Code section or subsection (b) of Code Section 15-6-29 shall operate to alter, amend, contract, expand, extend, limit, modify, or terminate retirement benefits or rights thereto in existence prior to July 1, 2024. All judges who exercise the option provided by paragraph (1) of subsection (b) of Code Section 15-6-29 shall have no right to any benefit existing at the time such option is exercised reduced. To the extent otherwise permitted by law, each county within a judicial circuit is authorized, but not required, to provide retirement benefits based upon the locality pay it provides pursuant to subsection (a) of this Code section."

(C) In addition to any other compensation and allowances authorized for members of the General Assembly, each member may be reimbursed for per diem differential and for actual expenses incurred in the performance of duties as a member of the General Assembly in an amount not to exceed $7,000.00 per year. Expenses reimbursable up to such amount shall be limited to one or more of the following purposes: lodging, meals, per diem differential, postage, personal services, printing and publications, rents, supplies (including software), telecommunications, transportation, utilities, purchasing or leasing of equipment, and other reasonable expenditures directly related to the performance of a member's duties. Such vouchers shall be submitted in such form and manner as prescribed by the Legislative Services Committee pursuant to subparagraph (E) of this paragraph, provided that each such voucher shall be accompanied by a supporting document or documents, or legible copies thereof, showing payment for each expense claimed or an explanation of the absence of such documentation; in addition, each such voucher shall include a certification by the member that the information contained in such voucher and supporting document or documents, or legible copies thereof, is true and correct and that such expenses were incurred by the member. The provisions of Code Section 16-10-20 shall be applicable to any person submitting such certified vouchers and supporting documents or copies the same as if the General Assembly were a department or agency of state

No reimbursement shall be made on any voucher or claim submitted after that date. Any amounts remaining in such expense account at the end of the first year of the two-year biennium may be claimed for expenses incurred during the second year of the two-year biennium. Any amounts remaining in any expense account which are not so claimed by April 15 of the year following the second year of the biennium and any amounts claimed which are returned as hereafter provided for in this paragraph shall lapse and shall be remitted by the legislative fiscal office to the general fund of the state treasury. Any former member of the General Assembly may be reimbursed for expenses incurred while a member of the General Assembly upon compliance with the provisions of this paragraph. The Legislative Services Committee is empowered to provide such procedures as it deems advisable to administer the provisions of this paragraph, including, but not limited to, definitions of the above list of items for which reimbursement may be made; provided, however, that the term 'other reasonable expenditures directly related to the performance of a member's duties' shall be as defined by policies adopted by the Speaker of the House of Representatives and by the Senate Administrative Affairs Committee as to reimbursement of such expenditures incurred by members of the House and Senate, respectively; and provided, further, that the amount

of expenses which may be reimbursed within the limits of subparagraph (C) of this paragraph for travel outside the state may be as provided by policies adopted by the Speaker of the House of Representatives and by the Senate Administrative Affairs Committee as to such expenditures of members of the House and Senate, respectively. The Legislative Services Committee is further empowered to prescribe the form of the voucher or claim which must be submitted to the legislative fiscal office. In the event of any disagreement as to whether any reimbursement shall be made or any allowance shall be paid, the Legislative Services Committee shall make the final determination; except that in the event of any disagreement as to whether any reimbursement under subparagraph (C) of this paragraph shall be made for other reasonable expenses directly related to the performance of a member's duties or for travel outside the state, the Speaker of the House of Representatives shall make the final determination as to such expenses incurred by a member of the House, and the Senate Administrative Affairs Committee shall make the final determination as to such expenses incurred by a member of the Senate. In the event any such person refuses to make such remittance, the legislative fiscal office is authorized to withhold the payment of any other moneys to which such person is entitled until the amount of such reimbursement or payment which was made in error shall be realized.

(23) Speaker of the House of Representatives 17,800.00

The Speaker of the House of Representatives shall also receive the salary and allowances authorized as a member of the General Assembly. Upon the taking of office by the members of the General Assembly on the convening day of the regular session of the General Assembly in 1983, the annual salary of the Speaker of the House of Representatives shall become $22,800.00. After such date, the Speaker shall also receive as additional salary a sum equal to the amount of salary over $30,000.00 per annum which is received by the Lieutenant Governor as of that date or thereafter; and the salary of the Speaker shall be adjusted at the beginning of each term so as to include such additional sum.

(24) President Pro Tempore of the Senate 4,800.00

The President Pro Tempore of the Senate shall also receive the salary and allowances authorized as a member of the General Assembly.

(25) Speaker Pro Tempore of the House of Representatives..... 4,800.00

The Speaker Pro Tempore of the House of Representatives shall also receive the salary and allowances authorized as a member of the General Assembly.

(b) As an adjustment except as qualified below as to members and member-officers of the General Assembly, the annual salary of each state official whose salary is established by Code Section 45-7-3, this Code section, and Code Sections 45-7-20 and 45-7-21, including members of the General Assembly, the Speaker of the House of Representatives, the President Pro Tempore of the Senate, and the Speaker Pro Tempore of the House of Representatives, may be increased by the General Assembly in the General Appropriations Act by a percentage not to exceed the average percentage of the increase in salary as may from time to time be granted to employees of the executive, judicial, and legislative branches of government. However, any increase for such officials shall not include within-grade step increases for which employees subject to compensation plans authorized and approved in accordance with Code Section 45-20-4 are eligible. Any increase granted pursuant to this subsection shall become effective at the same time that funds are made available for the increase for such employees, except increases for members and member-officers of the General Assembly. That portion of the increase determined by the Legislative Services Committee to reflect a cost-of-living increase based upon objective economic criteria shall become effective for members and member-officers at the same time that funds are made available for the increase for such employees. The balance of the increase for members and member-officers of the General Assembly shall become effective on the convening of the next General Assembly in January of the next odd-numbered year. The Office of Planning and Budget shall calculate the average percentage increase.

(c) The annual salary being received on June 30, 1980, shall be increased by 8 percent for each state official listed in subsection (a) of this Code section who:

(1) Is not a member of the General Assembly; and

(2) Is not a contributing member of a state retirement system and, therefore, does not benefit by or participate in any program whereunder a portion of the employee contributions to the state retirement system are made on behalf of the employee by the employer.

(d)(1) For the purposes this subsection, 'base salary' means the annual salary fixed for the judges of the United States District Court for the Northern District of Georgia on July 1 of the second preceding state fiscal year.

(2) Except as provided for in subsection (b) of Code Section 15-6-29, the annual salary of each of the state officials listed below shall be set by the General Assembly in the General Appropriations Act, provided that such salary shall not exceed the ratio of the base salary listed below for such officials:

(A) Each Justice of the Supreme Court.....100%

(B) Each Judge of the Court of Appeals.....95%

(C) Judge of the Georgia State-wide Business Court.....92%

(D) Each superior court judge.....90%."

"1-3-12.

(a)(1) Notwithstanding any provision of law to the contrary, as of July 1, 2024, all local laws and local ordinances or resolutions in effect as of such date that provide for a salary, supplement, or other compensation to be paid to a state, county, or local officer, official, or employee based on a percentage of, total compensation for, or similar mathematical relationship to a superior court judge's salary or supplement shall be suspended with respect to any salary, supplement, or other compensation increase during the term of such suspension as a matter of law.

(2) No change in the salary of a superior court judge shall result in a change in the calculation of any compensation to be paid by any county, municipality, consolidated, or other local government that may otherwise be required pursuant to a local law or local ordinance or resolution during the period of suspension provided for in paragraph (1) of this subsection. The provisions of this subsection do not repeal or amend any such local law or local ordinance or resolution, and the provisions of such local laws or local ordinances or resolutions related to calculating compensation shall be merely suspended until otherwise provided by this Code section.

(b) As of July 1, 2025, the suspension provided for in subsection (a) of this Code section shall be terminated as to judges, but shall otherwise remain in place. Any salary or compensation change that otherwise would have gone into effect between July 1, 2024, and June 30, 2025, by operation of a local law or local ordinance or resolution if such suspension did not occur shall go into effect for calculations of prospective salary or other compensation accrued on or after July 1, 2025. The termination of the suspension provided for in this subsection shall not entitle any officer, official, or employee to retroactive compensation that he or she otherwise may have been earned except for such suspension, and no such retroactive payments shall be made by any county, municipality, consolidated, or other local government.

(c)(1) Nothing in this Code section shall operate to prevent the General Assembly from repealing or amending, in whole or in part, any local law that is suspended pursuant to subsection (a) of this Code section during the period of such suspension through the enactment of local legislation.

(2) Nothing in this Code section shall operate to prevent a county, municipality, consolidated, or other local government from enacting, during the period of the suspension provided for in subsection (a) of this Code section, any salary or compensation changes for any state, county, or local officer, official, or employee that may otherwise be authorized by general or local law."

SECTION 6.

This Act shall become effective on July 1, 2024.

BE IT ENACTED BY THE GENERAL ASSEMBLY OF GEORGIA:

SECTION 1.

Part 1 of Article 5A of Chapter 8 of Title 48 of the Official Code of Georgia Annotated, relating to the special district mass transportation sales and use tax, is amended in Code Section 48-8-260, relating to definitions, by revising subparagraph (B) of paragraph (4) as follows:

"(B) The retirement of previously incurred general obligation debt with respect only to such purposes as identified in subparagraph (A) of this paragraph~~, but only if an intergovernmental agreement has been entered into under this part~~;"

(A) A list of the projects and purposes qualifying as transportation purposes proposed to be funded from the tax, including an expenditure of at least 30 percent of the estimated revenue from the tax on projects consistent with the state-wide strategic transportation plan as defined in paragraph (6) of subsection (a) of Code Section 32-2-22;

(B) The estimated or projected dollar amounts allocated for each transportation purpose from proceeds from the tax;

(C) The procedures for distributing proceeds from the tax to qualified municipalities;

(D) A schedule for distributing proceeds from the tax to qualified municipalities which shall include the priority or order in which transportation purposes will be fully or partially funded;

(E) A provision that all transportation purposes included in the agreement shall be funded from proceeds from the tax except as otherwise agreed;

Said part is further amended by revising paragraph (1) of subsection (d) of Code Section 48-8-263, relating to ballot question, expenses of election, resubmission of question, and general obligation debt, as follows:

"(d)(1) If the intergovernmental agreement~~, if applicable,~~ and proposal include the authority to issue general obligation debt and if more than one-half of the votes cast are in favor of the proposal, then the authority to issue such debt in accordance with Article IX, Section V, Paragraph I of the Constitution is given to the proper officers of the county or qualified municipality; otherwise, such debt shall not be issued. If the

authority to issue such debt is so approved by the voters, then such debt may be issued without further approval by the voters."

SECTION 4.

Said part is further amended by revising paragraph (3) of subsection (b) of Code Section 48-8-264, relating to timing of tax, as follows:

"(3) As of the end of the calendar quarter during which the commissioner determines that the tax will have raised revenues sufficient to provide to the special district net proceeds equal to or greater than the amount specified as the maximum amount of net proceeds to be raised by the tax; provided, however, that, if an intergovernmental agreement has been entered into ~~pursuant to subsection (b) of Code Section 48-8-262~~ by the county and all qualified municipalities therein, the tax shall cease to be imposed on the final day of the maximum period of time specified for the imposition of the tax in the resolution."

Said part is further amended by revising Code Section 48-8-267, relating to procedure for disbursement of proceeds from taxation, as follows:

"48-8-267.

~~(a)~~ The proceeds of the tax collected by the commissioner in each special district under this part shall be disbursed as soon as practicable after collection as follows:

~~(2) Utilizing the audit information under paragraph (1) of this subsection, the county and each qualified municipality shall receive a proportional amount of proceeds of the tax based upon the amount of expenditures made for transportation in the most recent three fiscal years. The proportional amount for the county and each qualified municipality shall be determined by dividing the average expended on transportation during the most recent three fiscal years by the county or qualified municipality by the aggregate average expended on transportation by the county and all qualified municipalities in the special district during the most recent three fiscal years. Amounts expended on transportation include transportation maintenance and operation costs and shall correspond with classifications and subclassifications specified in the local~~

"(c) The intergovernmental agreement~~, if applicable,~~ and resolution calling for the imposition of the tax may specify that all of the proceeds of the tax will be used for payment of general obligation debt issued in conjunction with the imposition of the tax, and, in that event, such proceeds shall be solely for such purpose except as otherwise provided in subsection (f) of this Code section.

(d) The intergovernmental agreement~~, if applicable,~~ and resolution calling for the imposition of the tax may specify that a part of the proceeds of the tax will be used for payment of general obligation debt issued in conjunction with the imposition of the tax. The intergovernmental agreement~~, if applicable,~~ and resolution shall specifically state the other purposes for which such proceeds will be used. In such a case, no part of the net proceeds from the tax received in any year shall be used for such other purposes until all debt service requirements of the general obligation debt for that year have first been satisfied from the account in which the proceeds of the tax are placed.

(e) The resolution calling for the imposition of the tax may specify that no general obligation debt is to be issued in conjunction with the imposition of the tax. The intergovernmental agreement~~, if applicable,~~ and resolution shall specifically state the purpose or purposes for which the proceeds will be used."

"(B) If the special district receives from the tax net proceeds in excess of the maximum cost of the transportation projects and purposes stated in the resolution calling for the imposition of the tax or in excess of the actual cost of such projects and purposes, then such excess proceeds shall be subject to and applied as provided in paragraph (2) of this subsection unless otherwise specified in the intergovernmental agreement~~, if applicable~~."
