Dear Mr. Cook,

As you may know, last year, as part of tax reform legislation in House Bill 1437, the General Assembly enacted O.C.G.A. § 28-12-1. That statute provides:

> On or before May 1, 2023, the House Ways and Means Committee and the Senate Committee on Finance shall jointly undertake a thorough review of any and all state tax credits, deductions, and exemptions. No later than December 1, 2023, said committees shall submit a report of their findings and recommendations to the presiding officers of their respective chambers.

In preparation for the joint work of these committees, I have conferred with House Speaker Jon Burns, and we have agreed that five members from the House Ways and Means Committee and five members of the Senate Finance Committee will be appointed to work as a joint subcommittee to conduct the initial review required by this statute. We have also agreed that representatives from the Office of Governor Brian Kemp and the Office of Planning and Budget will serve as ex-officio members of the joint subcommittee and that the joint committee will engage the services of an outside consulting firm to assist with the review required by statute. The joint subcommittee will prepare a report to the full membership of the House Ways and Means Committee and the Senate Finance Committee, which will jointly issue a report to Speaker Burns and myself no later than December 1.

Pursuant to O.C.G.A. § 28-12-1 and Senate Rule 2-1.4, I write to inform you that the Senate Committee on Assignments has appointed the following Senators to serve as members of the aforementioned subcommittee:

Senator Chuck Hufstetler (District 52), who shall serve as a co-chair of the subcommittee,
Senator John Albers (District 56),
Senator Greg Dolezal (District 27),
Senator Bill Cowsert (District 46), and
Senator Michael "Doc" Rhett (District 33).

These appointments are effective immediately, and the Senators shall serve as members of the subcommittee until December 1, 2023. Please let me know if you need any additional information about these appointments.

Sincerely,

GOVERNOR BRIAN P. KEMP
2023 SESSION OF THE GEORGIA GENERAL ASSEMBLY
VETO MESSAGES & SIGNING STATEMENT

VETO 1

House Bill 319 would require legislative approval for any year-over-year tuition increase exceeding 3% at any University System of Georgia institution. The Georgia Constitution

makes plain the authority to govern, control, and manage the University System and all system institutions is vested in the Board of Regents. GA. CONST. art. VIII, § 4, ¶ I(b). Because of the constitutional reservation of authority in the Board of Regents, the legislation cannot be adopted without the approval of Georgians through exercise of their franchise.

For these reasons, **I VETO HOUSE BILL 319.**

VETO 2

House Bill 52 is a housekeeping bill brought at the request of the Georgia Department of Transportation. A late amendment altered certain provisions of the bill.

For the foregoing reasons, **I VETO HOUSE BILL 52**.

VETO 3

House Bill 169 would change the compensation for members of the Carroll County Board of Education.

At the request of the sponsor, **I VETO HOUSE BILL 169**.

VETO 4

House Bill 193 increases the value of local government public works contracts subject to competitive bidding requirements from $100,000.00 to $250,000.00. A similar requirement, which this bill does not address, exists for public works construction contracts issued by state government entities. As a general matter. the State must competitively bid any construction or public works contracts more than $100,000.00. There is no reason competitive bidding requirements for local governments should be more lenient than those for state-issued contracts.

For the foregoing reasons, **I VETO HOUSE BILL 193**.

VETO 5

House Bill 249 requires the Technical College System of Georgia to offer tuition-free commercial driver's license training programs to veterans and increases needs-based grant funding for certain students. I support veterans initiatives and making education more affordable. However, the proposals in this bill are subject to appropriations and the General Assembly failed to fully fund these educational incentives.

For the foregoing reasons, **I VETO HOUSE BILL 249**.

VETO 6

House Bill 317 would allow beneficiaries to assign a deceased state employee's life insurance and pension benefits to funeral directors to pay for funeral costs. Georgia law already allows beneficiaries to use the funds they receive from a loved one's life insurance or pension benefits to pay for funeral expenses as they see fit. However, allowing persons to directly assign control of such benefits to funeral homes, or any other interested party, would place families at risk of assigning away important benefits without fully realizing the long-term costs of such a decision.

For the foregoing reasons, **I VETO HOUSE BILL 317**.

VETO 7

House Bill 541 would expand Georgia's "move over" law to apply to any stationary vehicle displaying flashing hazard lights and would require motorists to change lanes, potentially into oncoming traffic, to give space to such vehicles. This bill originally expanded the "move over" law only to stationary postal service vehicles in keeping with the law's scope of protecting public service workers who routinely stop on the side of the road in the course of their duties, but was amended to cover all vehicles displaying flashing hazard lights even if such vehicle is unoccupied. Expanding the "move over" law to apply to every vehicle displaying flashing hazard lights will create additional safety and enforcement issues.

For the foregoing reasons, **I VETO HOUSE BILL 541**.

VETO 8

House Bill 611 requires the proceeds of all legal settlements paid to the State be held in the state treasury and appropriated by the General Assembly, "subject to any terms or conditions contained in a judgment, settlement agreement, or memorandum of understanding." H.B. 611, lines 13-15 (2023). As the bill's language contemplates, settlement agreements often restrict the use of proceeds or require proceeds to be paid to certain persons or entities. Such restrictions and requirements are frequently material, negotiated terms of the settlement and crucial to the effective resolution of the underlying claims.

By subjecting all legal settlements to the appropriations process, regardless of their distribution requirements, House Bill 611 would add an unnecessary, bureaucratic hoop for the State to jump through to meet its legal obligations. This would only serve to delay, frustrate, and potentially threaten the final resolution of claims owed to the State and its citizens. Further, it would impair the expertise of the Office of Planning and Budget who routinely develop delicate spending plans for settlement funds and ensure the seamless

administration of such funds.

My consideration of this legislation recognizes the General Assembly's authority to appropriate settlement proceeds received by the State that are not, by the terms of the underlying agreements, encumbered by specific use restrictions or intended for certain persons or entities. These proceeds, such as those received in perpetuity by the State pursuant to the tobacco Master Settlement Agreement, are considered alongside general funds and serve an important role in the State's budget each year. House Bill 611 would not affect the General Assembly's discretion regarding such proceeds.

For the foregoing reasons, **I VETO HOUSE BILL 611.**

VETO 9

House Bill 680 would reapportion the electoral districts for the City of Thomasville City Council and Board of Education.

At the request of the sponsor, **I VETO HOUSE BILL 680**.

VETO 10

House Bill 774 would change the compensation for the members of the Board of Commissioners of Irwin County, provide for the appointment of a county administrator for Irwin County, and revise the provisions for the appointment of a superintendent of roads and bridges for Irwin County.

At the request of the sponsor, **I VETO HOUSE BILL 774**.

VETO 11

Senate Bill 23 has many parts. Parts I through XIII amend various titles of the Georgia Code to revise committee names and repeal certain provisions related to inactive state entities and legislation prefiling in the General Assembly. A late amendment to Senate Bill 23 added Part XIIIA, which in part provides for a dispute resolution process for the Georgia Data Analytics Center including an administrative appeal to the Director of the Office of Planning and Budget. The process requires the Director to "consult with the chairpersons of the Senate and House appropriations committees prior to making a final determination." S.B. 23, lines 360-362 (2023). This provision raises separation of powers concerns under the Georgia Constitution. *See* GA. CONST. art. I, § 2, ¶ III.

Because this administrative appeal process can also be accomplished via Executive Order without implicating separation of powers questions, **I VETO SENATE BILL 23**.

VETO 12

Senate Bill 164 would create professional licenses for advanced practice registered nurses and anesthesiologist assistants and revise the composition of the Georgia Composite Medical Board**.**

At the request of the sponsor, **I VETO SENATE BILL 164**.

VETO 13

Senate Bill 199 would allow the Employee Benefit Plan Council to include health savings accounts ("HSA") in the flexible benefit plan options offered to all eligible state employees to be funded through automatic salary deductions. HSA benefits may be a valuable benefit to state employees; however, the fiscal impact of these changes is unknown. Adding these programs without a full understanding of the fiscal impact risks significant financial harm to the State and to affected employees. While I support expanding benefits to our state employees, I cannot do so without a clear understanding of the financial implications.

For the foregoing reasons, **I VETO SENATE BILL 199**.

VETO 14

Senate Bill 303 would alter the existing homestead exemption from Fulton County ad valorem taxes for senior citizens making annual income less than 200% of the federal poverty level by removing the requirement that property owners reapply for this exemption every two years. Senate Bill 303 does not provide for a new referendum for voters to approve this modification. Such a referendum is required under Georgia's constitution. *See* GA. CONST. art. 7, § 2, ¶ 2(a)(2).

Because Senate Bill 303 does not provide for the required referendum, and at the request of several members of the local delegation, **I VETO SENATE BILL 303**.

SIGNING STATEMENT 1

Senate Bill 115 seeks to ensure sportsman have use of Georgia's navigable rivers. My office has received many calls both in support of and in opposition to this piece of legislation. After careful analysis, I have signed Senate Bill 115 for the following reasons.

One, the state has invested millions of dollars collected through license fees to establish fisheries and boat ramps and to manage sport fishing populations in our rivers. Two, this legislation does not affect non-navigable rivers or streams or change the definition of navigability. The definition of navigability is codified in a different subsection of this statute: O.C.G.A. § 44-8-5(a). Three, this legislation does not impact the use of water by

adjacent landowners in navigable rivers. Four, this statute does not create a private right of action. Any implied private right of action is abrogated by statute. *See* O.C.G.A. § 9-2-8.

This bill allows for the public to hunt, fish, and transit the navigable waters of this state – an embodiment of the principle of *sic vos non vobis* and a privilege that has been assured Georgians for generations. To the extent some believe it stands for more, House Resolution 519 establishes the House Study Committee on Fishing Access to Freshwater Resources. This study committee will meet between legislative sessions this summer and is the appropriate venue to receive suggested amendments to the language in Senate Bill 115.

The General Assembly seeks to appropriate $4,528,476 in state general funds to the State Accounting Office for the Financial Systems program to be used for operating, maintaining, and staffing the statewide financial and human capital management systems. The office has numerous vacant positions and is in the process of substantially modifying this program with the implementation of the NextGen project that will produce efficiencies in operations. The General Assembly seeks to appropriate $2,000,000 in state general funds to the Department of Administrative Services for the Risk Management program to be used for paying negotiated Workers' Compensation settlements to reduce outstanding claims. While the state has made substantive investments in reducing outstanding Workers Compensation claims in recent budgets, this appropriation is not sufficient to meet estimated needs. Therefore, the agency is directed to disregard the language included in line 42.3.

Section 13, pertaining to the Department of Agriculture, page 34, line 50.7:
The General Assembly seeks to appropriate $340,000 in state general funds to the Department of Agriculture for the Consumer Protection program for the State Agricultural Response Team (SART). As specific uses for these funds were not identified, the agency is instructed to use these funds for training, equipment, or for overtime or conditional pay supplements for team members earned during event response pursuant to Policy 7 - the Statewide Overtime Policy and State Personnel Board Rule 478-1-.12(9).

Section 13, pertaining to the Department of Agriculture, page 37, line 50.11:
The General Assembly seeks to appropriate $850,000 in state general funds to the Department of Agriculture for the Consumer Protection program to increase funds for operations. As specific uses for these funds were not identified, the agency is instructed to use these funds for one-time equipment replacement and facility improvement projects at the Tifton laboratory in conjunction with the recommissioning funded by HB 18 (2023).

Section 13, pertaining to the Department of Agriculture, page 37, line 55.1:
The General Assembly seeks to appropriate $224,400 in state general funds to the Department of Agriculture for the Payments to Georgia Agricultural Exposition Authority program to be used for a one-time salary adjustment to provide parity for all full-time, benefit-eligible state employees not directly state funded to address agency retention needs.

The Authority is a self-funded agency, and its employees are funded through revenues generated by the Authority's activities. State funding for the program is supplementary and not related to personal services. Therefore, the Authority is directed to disregard the language included in line 55.1 and manage personal services costs through the Authority's existing revenue model.

Section 13, pertaining to the Department of Agriculture, page 37, line 55.2:
The General Assembly seeks to appropriate $98,400 in state general funds to the Department of Agriculture for the Payments to Georgia Agricultural Exposition Authority program to be used for an adjustment to agency premiums for Department of Administrative Services administered insurance programs. Section 15, pertaining to the Department of Behavioral Health and Developmental Disabilities, page 42, line 62.7:
The General Assembly seeks to appropriate $10,950,021 in state general funds to the Department of Behavioral Health and Developmental Disabilities for the Adult Developmental Disabilities Services program to annualize the cost of 513 New Options Waiver (NOW) and Comprehensive Supports Waiver Program (COMP) slots for individuals with intellectual and developmental disabilities. $771,514 of this appropriation would fund only administrative overhead costs rather than provide additional waiver slots. The Department has sufficient existing program funding to deploy the additional slots without additional administrative overhead. Therefore, the agency is directed to utilize the funds included in line 62. 7 for direct waiver expenses only.

Section 15, pertaining to the Department of Behavioral Health and Developmental Disabilities, page 42, line 62.9:
The General Assembly seeks to appropriate $1,112,791 in state general funds to the Depa1tment of Behavioral Health and Developmental Disabilities for the Adult Developmental Disabilities Services program to increase salaries for state psychiatric hospital staff. Previous efforts to address staff salaries have addressed retention allowing the department to increase bed capacity across the state hospital system. Therefore, the agency is directed to disregard the language included in line 62.9.

Section 15, pertaining to the Department of Behavioral Health and Developmental Disabilities, page 42, line 62.10:
The General Assembly seeks to direct the Department of Behavioral Health and Developmental Disabilities in the Adult Developmental Disabilities Services program to

begin implementation of the 2022-2023 provider rate study pending approval by Centers for Medicare and Medicaid Services (CMS). The General Assembly did not appropriate any additional funds to support implementation of the provider rate study. The study estimated a $105 million cost to implement the rate increase which would require the Department to redirect 25 percent of existing program funding from other services to meet the additional cost. This unfunded mandate would have devastating impacts on the Department's ability to maintain existing levels of service to the adult developmentally disabled community. Therefore, the agency is directed to disregard the language included in line 62.10 until the resources necessary to support implementing this important study have been appropriated.

Section 15, pertaining to the Department of Behavioral Health and Developmental Disabilities, page 43, line 63.2:

The Department received funding for additional peer mentors in FY 2023 and has been unable to fully fill those positions. The Department should utilize existing funding for these activities before additional funds are added. Therefore, the agency is directed to disregard the language included in line 63.2.

Section 15, pertaining to the Department of Behavioral Health and Developmental Disabilities, page 43, line 63.3:
The General Assembly seeks to appropriate $277,027 in state general funds to the Department of Behavioral Health and Developmental Disabilities for the Adult Forensic Services program to increase salaries for forensic peer mentors. As the Department has not fully filled the forensic peer mentors added in FY 2023, existing funding could be used to increase salaries for forensic peer mentors without requiring additional program funding. Therefore, the agency is directed to disregard the language included in line 63.3.

Section 15, pertaining to the Department of Behavioral Health and Developmental Disabilities, page 43, line 63.4:

Department of Behavioral Health and Developmental Disabilities for the Adult Mental Health Services program to annualize the operations of a 24-bed and 16 temporary observation chair behavioral health crisis center at Serenity Behavioral Health Systems in Augusta. The state contracts with community service boards (CSBs) and other providers to provide crisis capacity across the state. Current behavioral health crisis centers are staffed at specific ratios and are reimbursed by the department based upon established budgets set each fiscal year. Each budget should reflect a similar and appropriate staffing ratio based on utilization of each facility. national '988' hotline. These funds would increase administrative funding to the '988' hotline rather than direct response services for those in crisis. Call volume has not increased to a level requiring additional administrative support over existing levels. Therefore, the agency is directed to disregard the language included in line 64.11.

The General Assembly seeks to appropriate $1,000,000 in state general funds to the Department of Behavioral Health and Developmental Disabilities for the Child and Adolescent Mental Health Services program for the Multi-Agency Treatment for Children (MATCH) teams to support collaboration across state agencies. Agencies should look for

opportunities to collaborate strategically on providing appropriate health care to vulnerable populations as an integral part of their duties without requiring additional funding to do so. Therefore, the agency is directed to disregard the language included in line 68.5 and work directly with other stakeholder agencies to ensure positive outcomes for children.

Base funding already exists for this program in addition to other accessibility programs offered through other agencies. Therefore, the agency is directed to disregard the language included in line 82.1.

Section 16, pertaining to the Department of Community Affairs, page 56, line 83.6: The General Assembly seeks to appropriate $200,000 in state general funds to the Department of Community Affairs for the State Community Development Programs program to increase funds for the Helping Hands Ending Hunger program. Agencies should use a competitive grant process in awarding state funds for community-based services to ensure non-profit organizations have equal opportunity to apply for available state funding and that funds are awarded to the programs delivering the largest impact on Georgians in need. Therefore, the agency is directed to disregard the language included in line 83.6.

Section 16, pertaining to the Department of Community Affairs, page 56, line 83.8: The General Assembly seeks to appropriate $200,000 in state general funds to the Department of Community Affairs for the State Community Development Programs program to expand 2-1-1 services in rural Georgia. Therefore, the agency is directed to disregard the language included in line 83.8.

Section 16, pertaining to the Department of Community Affairs, page 58, line 87.5: The General Assembly seeks to appropriate $1,000,000 in state general funds to the Department of Community Affairs for the Payments to OneGeorgia Authority program. The appropriations act did not identify a need for or an intended use of the funds. Therefore, the Authority is directed to disregard the language included in line 87.5.

Section 17, pertaining to the Department of Community Health, page 59, line 88.8: The General Assembly seeks to direct the Department of Community Health in the Departmental Administration (DCH) program to submit a State Plan Amendment (SPA) to the Centers for Medicare and Medicaid Services (CMS) to change any rules, regulations, or policies necessary to allow for reimbursement of Occupational Therapy Assistants (OTAs) and Physical Therapy Assistants (PTAs) providing services for Medicaid members receiving Children's Intervention Services (CIS). The 1915(i) State Plan Amendment would expand the scope of services covered by Medicaid, but the General Assembly authorized no additional funding for this purpose. It is unclear what specific services such an amendment would add to the State Plan, and as such, it is not possible to estimate the likely cost of such an expansion. Additionally, the budget reduces required base funding for Medicaid, which could create a shortfall in the program. Therefore, the agency is directed to disregard the language included in line 88.11.

The Department will need time to develop quality metrics for value-based purchasing that would make it difficult to fully implement in FY 2024. As the state must reprocure these contracts within the next two years, the Department should utilize that time to develop the quality metrics necessary to implement value-based purchasing as part of the reprocurement process. Therefore, the agency is directed to disregard the

language in line 95.18.

Section 17, pertaining to the Department of Community Health, page 68, line 96.3: The General Assembly seeks to appropriate $11,243 in state general funds to the Department of Community Health for the Medicaid: PeachCare program for a 5% increase to emergency medical services (EMS) reimbursement rates. Therefore, the agency is directed to disregard the language in line 98.3.

Section 17, pertaining to the Department of Community Health, page 70, line 99.7:

The General Assembly seeks to appropriate $432,338 in state general funds to the Department of Community Health for the Georgia Board of Healthcare Workforce: Graduate Medical Education program to increase funds for child and adolescent psychiatry fellows at the Medical College of Georgia. Therefore, the agency is directed to disregard the language in line 99.7.

Section 17, pertaining to the Department of Community Health, page 71, line 102.1:
The General Assembly seeks to appropriate $850,000 in state general funds to the Department of Community Health for the Georgia Board of Healthcare Workforce: Physicians for Rural Areas program to establish a loan repayment program for mental health professionals. Therefore, the agency is directed to disregard the language in line 102.1.

Section 17, pertaining to the Department of Community Health, page 73, line 104.3:
The General Assembly seeks to appropriate $431,836 in state general funds to the Department of Community Health for the Georgia Composite Medical Board program to increase funds for personnel to support increased licensure application volume. The General Assembly seeks to appropriate $3,551,094 in state general funds to the Department of Corrections for the Offender Management program to provide a two dollar per diem increase for County Correctional Institutions. Historically, per diem rates have been negotiated with the Department to determine reimbursement levels for County Correctional Institutions. The General Assembly seeks to appropriate $2,310,516 in state general funds to the Department of Driver Services for the License Issuance program for salary adjustments to address high turnover. These funds would only impact salaries at select customer service centers and create substantial disparities in salaries based on geography rather than workload, potentially worsening turnover at customer service centers not receiving salary adjustments. Additionally, these salaries would violate the statewide salary structure established by the Human Resources Administration. Therefore, the agency is directed to disregard the language included in line 128.8.

Section 23, pertaining to the Department of Economic Development, page 99, line 143.6:
The General Assembly seeks to reduce state general funds by $240,251 to the Department of Economic Development for the Tourism program for the Martin Luther King Jr. Center for Nonviolent Social Change and direct the agency to utilize $500,000 in existing funds for ongoing facility improvements and educational exhibits. Ga. Const. Art. III, VI, Para VI prohibits the use of state funds to provide gratuities to any individual, corporation, or association. Subsequent Attorney General opinions of the Gratuity Clause have deemed that "It is unlawful to expend state funds in order to make permanent improvements to property unless the state owns the fee interest in the property concerned or unless the improvements are of such a nature or character to be subject to either recoupment or removal by the state at the time the state's use of the property terminates." Therefore, the Department is authorized to use up to $500,000 for educational exhibits at the Center, but the agency shall ensure that appropriated funds are not used for facility improvements at non-state owned property.

The Department of Audits' recent audit of the Georgia Young Farmers program noted concerns with a lack of performance measures and activity data that would enable the Department of Education to track effectiveness in achieving program goals. additional locations. Therefore, the agency is directed to disregard the language in line 144.10.

Section 24, pertaining to the Department of Education, page 103, line 147.5:
The General Assembly seeks to appropriate $1,700,000 in state general funds to the Department of Education for the Chatter Schools program for charter facility grants pursuant to HB 430 (2017 Session). HB 430 does not require additional funding for charter facility grants but instead allows the state board to award facilities grants to local and state charter schools, subject to appropriations. As additional chatter schools are added at the state and local level annually, this creates a compounding outyear liability for program funding. Therefore, the Department is directed to disregard the language in line 147.5.

Section 24, pertaining to the Department of Education, page 107, line 154.6:
The General Assembly seeks to appropriate $50,000 in state general funds to the Department of Education for the Non Quality Basic Education Formula Grants program for feminine hygiene grants due to inflation and increased enrollment. The General Assembly seeks to appropriate $6,333,713 in state general funds to the Department of Education for the Nutrition program for the cost of breakfast and lunch for reduce-pay students. These funds would offset the loss of federal pandemic relief funds previously used to provide free breakfast and lunch for reduce-pay students through September 2022. As Georgia is participating in a federal pilot program that is expected to expand and streamline access to reduced cost meals for Georgia students, the amount provided in this line item is likely insufficient to fully fund the cost of providing free breakfast and lunch for reduce-pay students. The Department of Education should continue to implement the school nutrition program in accordance with federal guidelines until the full impact of improving program access through the federal pilot program can be determined. Therefore, the agency is directed to disregard the language in line 155.5.

Section 24, pertaining to the Department of Education, page 110, line 160.11:

Section 24, pertaining to the Department of Education, page 110, line 160.12:

The General Assembly seeks to appropriate $8,636,781 in state general funds to the Department of Education for the Quality Basic Education program for a salary supplement of $1,000 to custodians. The Quality Basic Education funding formula as outlined in O.C.G.A. Title 20, Ch. 2, Art. 6 does not authorize funding to school districts for custodians. Funding recurring salary payments for custodial staff in school districts through the Quality Basic Education program would require a legislative change to the Quality Basic Education funding formula. As the appropriations act cannot make change to general law, the agency, therefore, is directed to disregard the language in line 160.12.

Section 24, pertaining to the Department of Education, page 113, line 166.6:
The General Assembly seeks to appropriate $711,000 in state general funds to the Department of Education for the Technology/Career Education for construction industry certification. Therefore, the Department is directed to disregard the language in line 166.6.

Section 25, pertaining to the Employees' Retirement System of Georgia, page 116, line 172.1:
The General Assembly seeks to appropriate $26,750,000 in state general funds to the Employees' Retirement System of Georgia for the System Administration program for an annual benefit adjustment to retired state employees. O.C.G.A. Title 47 Chapter 2 Article 2 authorizes the board of trustees for the Employees' Retirement System to determine the formula for benefit payments to retirees and any postretirement benefit adjustments. The Board of Trustees therefore shall determine the most appropriate formula for disbursing these funds in accordance with the most recently adopted postretirement benefit adjustment methodology.

The General Assembly seeks to direct the Office of the Governor within the Office of Health Strategy and Coordination to coordinate and facilitate inter-agency cooperation in developing a 1915(i) State Plan Amendment (SPA) to support youth with behavioral and mental health conditions. The 1915(i) State Plan Amendment would expand the scope of services covered by Medicaid, but the General Assembly authorized no additional funding

for this purpose. It is unclear what specific services such an amendment would add to the State Plan, and as such, it is not possible to estimate the likely cost of such an expansion. Additionally, the budget reduces required base funding for Medicaid, which could create a shortfall in the program. Therefore, the agency is directed to disregard the language included in line 181.4.

Section 27, pertaining to the Office of the Governor, page 124, line 183.1:
The General Assembly seeks to appropriate $209,924 in state general funds to the Office of the Governor for the Georgia Emergency Management and Homeland Security Agency program to provide a $2,000 cost-of-living adjustment for all full-time, benefit-eligible state employees. Therefore, the agency is directed to disregard the language included in line 183.7.

Section 27, pertaining to the Office of the Governor, page 124, line 183.8:
The General Assembly seeks to appropriate $1,250,000 in state general funds to the Office of the Governor for the Georgia Emergency Management and Homeland Security Agency program to deploy Formulytics in the gang database statewide. State vendors must be selected in accordance with state procurement regulations and cannot be specified through

an appropriations act. Therefore, the agency is directed to disregard the language included in line 183.8 and utilize the funds for a competitive grant to facilitate gang activity prosecution.

Section 27, pertaining to the Office of the Governor, page 125, line 185.5:
The General Assembly seeks to appropriate $250,000 in state general funds to the Office of the Governor for the Governor's Office of Student Achievement program to increase funds for the Literacy Lab's Leading Men Fellowship program. While literacy education is a high priority for the state, this line item awards funds to an individual organization on a non-competitive basis. Agencies should use a competitive grant process in awarding state funds for community-based services to ensure non-profit organizations have equal opportunity to apply for available state funding and that funds are awarded to the programs delivering the largest impact on Georgians in need. Therefore, the agency is directed to disregard the language in line 185.5.

Section 28, pertaining to the Department of Human Services, page 132, line 195.8:
The General Assembly seeks to direct the Department of Human Services in the Departmental Administration (DHS) program to work with the Department of Community Health to submit a 1915(i) State Plan Amendment (SPA) providing youth with behavioral and mental health conditions access to Home and Community Based Services. The 1915(i) State Plan Amendment would expand the scope of services covered by Medicaid, but the General Assembly authorized no additional funding for this purpose. It is unclear what specific services such an amendment would add to the State Plan, and as such, it is not possible to estimate the likely cost of such an expansion. Additionally, the budget reduces required base funding for Medicaid, which could create a shortfall in the program. Therefore, the agency is directed to disregard the language included in line 195.8.

Section 28, pertaining to the Department of Human Services, page 133, line 196.4:
The General Assembly seeks to appropriate $590,000 in state general funds to the Department of Human Services for the Elder Abuse Investigations and Prevent program for the Long-term Care Ombudsman program. These funds would be used to increase contract amounts for existing long-term care ombudsmen representatives for salary, benefit, and administrative expenses. These funds would not expand the number of ombudsmen representatives nor the services provided to the state's aging population. Therefore, the agency is directed to disregard the language in line 196.4.

Section 28, pertaining to the Department of Human Services, page 133, line 197.4:
The General Assembly seeks to appropriate $1,000,000 in state general funds to the Department of Human Services for the Elder Community Living Services program for Alzheimer's and related dementias respite. The program has an existing base budget of $1.3 million for respite services. The agency should evaluate current respite care utilization to determine respite needs that serve the broader aging population and are not limited by a specific diagnosis. Therefore, the agency is directed to disregard the language in line 197.4.

Section 28, pertaining to the Department of Human Services, page 137, line 206.3: The General Assembly seeks to appropriate $10,000 in state general funds to the Department of Human Services for the Council on Aging program to improve meeting technology. The Vocational Rehabilitation Program purpose is to assist people with disabilities so that they may go to work. The additional funding does not directly assist individuals finding employment and is a 35% increase to the base budget. The agency should determine metrics to demonstrate the effectiveness of the service in assisting individuals in going to work prior to further expanding the existing contract. Therefore, the agency is directed to disregard the language in line 212.6.

Section 28, pertaining to the Department of Human Services, page 140, line 212.7: The General Assembly seeks to appropriate $150,000 in state general funds to the Department of Human Services for the Georgia Vocational Rehabilitation Agency: Vocational Rehabilitation program to increase services. Therefore, the agency is directed to disregard the language in line 216.6.

Section 30, pertaining to the Georgia Bureau of Investigation, page 147, line 221.5:
The General Assembly seeks to appropriate $4,925,155 in state general funds to the Georgia Bureau of Investigation for maintenance and collaboration of the Georgia Crime Information Center. These funds would be used to replace fees collected for firearm permit background checks following passage of SB 319 during the 2022 session. Any reduction in permitting should also reduce the workload of the Center in completing background checks. As the Bureau has not seen a full year of impact of the legislation on either revenues or workload, the Center should maintain existing funding and evaluate funding and operational needs once the impact is known. Therefore, the agency is directed to disregard the language included in line 221.5.

This amount includes an additional $109,172 based on a higher retirement cost across the program; however, it does not account for standard variations between individual employee rates based on retirement plans and natural turnover. The General Assembly authorizes the appropriation of $363,200 in debt service for the purpose of financing projects and facilities for the Georgia Bureau of Investigation, specifically for the design and construction for renovation and expansion of the Medical Examiner Office at Central Lab, Dry Branch, Bibb County through the issuance of $4,000,000 in 20-year general obligation bonds. The Bureau has already received a previously authorized bond for this same purpose. The Department should collaborate with the Georgia State Financing and Investment Commission's Construction Division to develop a comprehensive capital plan addressing medical examiner space needs statewide to ensure the most strategic use of capital funds. Therefore, I veto this authorization (page 258, line 376.405) in the provisions relative to Section 50: State of Georgia General Obligation Debt Sinking Fund and the state general funds of $363,200.

Dear Secretary Cook,

The Committee on Assignments has delegated to the President of the Senate the authority, under Rule 2-3.2 of the Senate Rules, to temporarily appoint ex-officio members of standing committees without further action by the Committee on Assignments.

Pursuant to that authority, I hereby appoint Senator Brian Strickland of the 17th District and Senator Sonya Halpern of the 39th District as temporary ex-officio members of the Senate Public Safety Committee. Their appointments are effective immediately. Pursuant to these appointments, Senator Strickland and Senator Halpern shall count as voting members of the Committee for purposes of determining whether a quorum is present and may vote on any matter before the Committee, subject to the terms of their temporary appointments set forth below.

I understand that the Public Safety Committee's chairman, Senator John Albers, will be forming a subcommittee to examine issues and problems relating to the Fulton County jail and its operations in an effort to better address longstanding issues relating to overcrowding, violence, and other issues affecting the health, safety, and welfare of inmates and jail personnel. I believe that in their respective roles as Senate Judiciary Committee chairman and chair of the Fulton County Senate Delegation, Senator Strickland and Senator Halpern will bring valuable perspectives to the work of this subcommittee and any findings or recommendations it ultimately makes.

It is my understanding that Senator Albers will charge the subcommittee, which will be chaired by Senator Randy Robertson, with reporting its findings and recommendations to the full committee and that the subcommittee will be dissolved once any such findings and recommendations have been reported. The ex-officio appointments made hereby are solely for the purpose of allowing Senator Strickland and Senator Halpern to serve as members of the subcommittee and participate in its activities, including any meetings convened by Chairman Robertson and voting upon any findings or recommendations the subcommittee

may wish to make. Their appointments as ex-officio members of the Public Safety Committee shall expire at the conclusion of the subcommittee's work.

SB 1EX. By Senators Echols of the 49th, Kennedy of the 18th, Gooch of the 51st, Robertson of the 29th, Brass of the 28th and others:

A BILL TO BE ENTITLED
AN ACT

To provide for the composition and number of state senatorial districts; to provide for a

short title; to provide for the contingent nature of this Act and the circumstances under which it shall or shall not apply, according to the enforceability of prior provisions under federal law; to provide for the continuation of present Senators; to provide an effective date; to repeal conflicting laws; and for other purposes.

BE IT ENACTED BY THE GENERAL ASSEMBLY OF GEORGIA:

SECTION 1.

This Act shall be known and may be cited as the "Georgia Senate Redistricting Act of 2023."

SECTION 2.

(a) As used in this Act, the term "2021 Senate redistricting plan" means the districts for the Georgia State Senate as described in the Georgia Senate Redistricting Act of 2021, approved December 30, 2021 (Ga. L. 2021, Ex. Sess., p. 173).

(b) If, as of 60 days prior to the first day of qualifying for nomination or election to the entire Georgia State Senate in 2024 or any future year, the 2021 Senate redistricting plan may lawfully be implemented pursuant to court order or otherwise, then qualifying for the Georgia State Senate in 2024 or such future year and the ensuing elections shall be conducted according to the 2021 Senate redistricting plan; and this Act shall not apply to such qualifying or elections or otherwise be of any further force or effect.

(c) If, as of 60 days prior to the first day of qualifying for nomination or election to the entire Georgia State Senate in 2024 or any future year, the 2021 Senate redistricting plan may not lawfully be implemented, then qualifying for the Georgia State Senate in 2024 or such future year and the ensuing elections shall be conducted according to the Senate redistricting plan provided for in this Act.

(d) Notwithstanding any provisions of subsections (b) or (c) of this section to the contrary, any special election to fill a vacancy in the General Assembly occurring after enactment of this Act shall use the same Georgia State Senate redistricting plan in place during the immediately preceding regular election. Except for the initial adoption of the Senate redistricting plan provided for in Section 3 of this Act, it is the intention of the General Assembly that any alteration or amendment to the composition of Senate districts provided for in this Act shall only apply to subsequent bienniums of the General Assembly and that the Senate redistricting plan used for the regular election of the entire Senate shall apply for the entire biennium of the General Assembly elected at such regular election.

(e) This Act does not repeal or amend the provisions of the Georgia Senate Redistricting Act of 2021 or the 2021 Senate redistricting plan; and those provisions are merely suspended pending a final determination of their enforceability by the federal judiciary.

SECTION 3.

(a) Subject to the provisions of Section 2 of this Act, for the purpose of electing members of the Senate, the State of Georgia is divided into 56 senatorial districts. Such senatorial

districts shall be and correspond to those 56 numbered districts described in Appendix A, incorporated into and made a part of this Act and further identified as "User: S049 Plan Name: Senate-2023 Plan Type: Senate".

(b) For the purposes of such plan:

(1) The term "VTD" shall mean and describe the same geographical boundaries as provided in the report of the Bureau of the Census for the United States decennial census of 2020 for the State of Georgia. The separate numeric designations in a district description which are underneath a "VTD" heading shall mean and describe individual Blocks within a VTD as provided in the report of the Bureau of the Census for the United States decennial census of 2020 for the State of Georgia; and

(2) Whenever the description of any senatorial district refers to a named county without any additional VTD, it shall mean the geographical boundaries of that county as shown on the census maps for the United States decennial census of 2020 for the State of Georgia.

(c) Any part of the State of Georgia which is not included in any senatorial district described in subsection (a) of this section shall be included within that district contiguous to such part which contains the least population according to the United States decennial census of 2020 for the State of Georgia.

(d) Any part of the State of Georgia which is described in subsection (a) of this section as being included in a particular senatorial district shall nevertheless not be included within such senatorial district if such part is not contiguous to such senatorial district. Such noncontiguous part shall instead be included within that senatorial district contiguous to such part which contains the least population according to the United States decennial census of 2020 for the State of Georgia.

(e) The members of the Senate elected in 2022 shall continue to serve for the terms of office to which they were elected.

(f) Subject to Section 2 of this Act, any special election to fill a vacancy in the 157th General Assembly shall use the composition of districts provided for in this Act.

SECTION 4.

Subject to the provisions of Section 2 of this Act, this Act shall become effective upon its approval by the Governor or upon its becoming law without such approval and shall apply to future elections for the Georgia State Senate to the extent provided for in Section 2 of this Act.

SECTION 5.

All laws and parts of laws in conflict with this Act are repealed.

Senator Harold Jones Explanation of Vote under Senate Rule 5-1.9
SB 1EX
Georgia Senate Redistricting Act of 2023

The Republican Proposal modifies fifteen districts to create the two majority-Black districts required by the Court. The Democratic Proposal only modifies ten districts, i.e., the ten districts identified by the Court. The Republican Proposal reached well outside of the area identified by the Federal District Court as violating the Voting Rights Act ("VRA"). The Democratic Proposal only modified districts in the area identified by the Court as violating the VRA. The Republican Proposal changed the numbers of districts where the boundaries of the districts remained substantially the same. The Democratic Proposal did not. The Republican Proposal uses smoke and mirrors by changing district numbers and shifting around voters who were already in districts where they had an equal opportunity to elect the candidates of their choice. This does not comply with the Court's Order.

Ultimately, the Republican Proposal moves approximately 29,301 Black residents (20,974 of voting age population) that currently live in majority-Black districts in the area identified by the Court as violating the VRA out of their majority districts and into majority-white districts. The Republican proposal only moves approximately 33,746 Black residents (23,912 of voting age population) into majority-Black districts in the same area. This means that, in the vote dilution area, the Republican Proposal moves almost an equal number of Black residents *out* of existing majority-Black districts as it moves into majority districts. Net, there are only about 4,445 additional Black residents in the vote dilution area who are moved into majority-Black districts in the Republican Proposal.

Leader Gloria Butler Explanation of Vote under Senate Rule 5-1.9
SB 1EX
Georgia Senate Redistricting Act of 2023

The Republican Proposal fails to comply with the Federal Court's Order. On page 514 of the Order, Judge Jones clearly states that with regard to SB 1EX of

2021, "SB 1EX violates Section 2 of the Voting Rights Act *as to the following areas/districts*: Enacted Senate Districts 10, 16, 17, 25, 28, 30, 34, 35, 43, and 44." And on page 509, after finding in favor of the Plaintiffs, Judge Jones clearly states that the remedy for this constitutional violation is the creation of "two additional majority-Black Senate districts in south-metro Atlanta." The Order therefore contained two directives: (1) that two new majority-Black districts be created and (2) that the new majority-Black districts be created in the vote-dilution area that the Court identified as not providing Black voters with an equal opportunity to elect the candidates of their choice (the "Affected Area").

While the Republican Proposal (1) contains two additional majority-Black districts and (2) does not pair incumbents, it clearly violates the Voting Rights Act ("VRA") and the Court's Order. The Republican Proposal makes dramatic, unnecessary changes outside of the vote dilution area that the Court ruled violated the VRA by packing Black voters from districts not in the Affected Area into newly created districts. That is, it makes changes that the Federal District Court did not find necessary to remedy the VRA violations, while ignoring tens of thousands of Black voters in areas where the Court specifically found discrimination against Black voters and vote dilution.

Senator Kennedy of the 18th, President Pro Tempore, assumed the Chair.

BE IT ENACTED BY THE GENERAL ASSEMBLY OF GEORGIA:

(c) If, as of 60 days prior to the first day of qualifying for nomination or election to the entire Georgia State House in 2024 or any future year, the 2021 House redistricting plan may not lawfully be implemented, then qualifying for the Georgia State House in 2024 or such future year and the ensuing elections shall be conducted according to the House redistricting plan provided for in this Act.

(d) Notwithstanding any provisions of subsections (b) or (c) of this section to the contrary, any special election to fill a vacancy in the Georgia State House occurring after enactment of this Act shall use the same Georgia State House redistricting plan in place during the immediately preceding regular election. The Senate Committee on Reapportionment and Redistricting offered the following substitute to SB 3EX:

A BILL TO BE ENTITLED
AN ACT

To provide for the composition and number of congressional districts; to provide for a short title; to provide for the contingent nature of this Act and the circumstances under which it shall or shall not apply, according to the enforceability of prior provisions under federal law; to provide for the continuation of present members of the United States House of Representatives; to provide an effective date; to repeal conflicting laws; and for other purposes.

BE IT ENACTED BY THE GENERAL ASSEMBLY OF GEORGIA:

SECTION 1.

This Act shall be known and may be cited as the "Georgia Congressional Redistricting Act of 2023."

SECTION 2.

(a) As used in this Act, the term "2021 Congressional redistricting plan" means the congressional districts as described in the Georgia Congressional Redistricting Act of 2021, approved December 30, 2021 (Ga. L. 2021, Ex. Sess., p. 251).

(b) If, as of 60 days prior to the first day of qualifying for nomination or election for Georgia's entire delegation to the United States House of Representatives in 2024 or any future year, the 2021 Congressional redistricting plan may lawfully be implemented pursuant to court order or otherwise, then qualifying for Georgia's entire delegation to the United States House of Representatives in 2024 or such future year and the ensuing elections shall be conducted according to the 2021 Congressional redistricting plan; and this Act shall not apply to such qualifying or elections or otherwise be of any further force or effect.

(c) If, as of 60 days prior to the first day of qualifying for nomination or election for Georgia's entire delegation to the United States House of Representatives in 2024 or any future year, the 2021 Congressional redistricting plan may not lawfully be implemented, then qualifying for Georgia's entire delegation to the United States House of Representatives in 2024 or such future year and the ensuing elections shall be conducted according to the Congressional redistricting plan provided for in this Act.

(d) Notwithstanding any provisions of subsections (b) or (c) to the contrary, any special election to fill a vacancy in Georgia's delegation to the United States House of Representatives occurring after enactment of this Act shall use the same Georgia congressional redistricting plan in place during the immediately preceding regular election. Except for the initial adoption of the Congressional redistricting plan provided for in Section 3 of this Act, it is the intention of the General Assembly that any alteration

or amendment to the composition of congressional districts provided for in this Act shall only apply to subsequent elections for Georgia's entire delegation to the United States House of Representatives and that the congressional redistricting plan used for the regular election of the entire delegation shall apply for the entire Congress elected at such regular election.

(e) This Act does not repeal or amend the provisions of the Georgia Congressional Redistricting Act of 2021 or the 2021 Congressional redistricting plan; and those provisions are merely suspended pending a final determination of their enforceability by the federal judiciary.

SECTION 3.

(a) Subject to the provisions of Section 2 of this Act, for the purpose of electing members of the House of Representatives of the United States, the State of Georgia is divided into 14 congressional districts. Such congressional districts shall be and correspond to those 14 numbered districts described in Appendix A, incorporated into and made a part of this Act and further identified as "User: S049 Plan Name: Congress-2023 Plan Type: Congress".

(b) For the purposes of such plan:

(1) The term "VTD" shall mean and describe the same geographical boundaries as provided in the report of the Bureau of the Census for the United States decennial census of 2020 for the State of Georgia. The separate numeric designations in a district description which are underneath a "VTD" heading shall mean and describe individual Blocks within a VTD as provided in the report of the Bureau of the Census for the United States decennial census of 2020 for the State of Georgia; and

(2) Whenever the description of any congressional district refers to a named county without any additional VTD, it shall mean the geographical boundaries of that county as shown on the census maps for the United States decennial census of 2020 for the State of Georgia.

(c) Any part of the State of Georgia which is not included in any congressional district described in subsection (a) of this section shall be included within that district contiguous to such part which contains the least population according to the United States decennial census of 2020 for the State of Georgia.

(d) Any part of the State of Georgia which is described in subsection (a) of this section as being included in a particular congressional district shall nevertheless not be included within such congressional district if such part is not contiguous to such congressional district. Such noncontiguous part shall instead be included within that congressional district contiguous to such part which contains the least population according to the United States decennial census of 2020 for the State of Georgia.

(e) The members of the House of Representatives of the United States elected in 2022 shall continue to serve for the term of office to which they were elected.
