Sarah joined the Office of Legislative Counsel in 2015 as a document specialist. In 2019, she became one of the newest additions to the office's editing team.

Prior to joining the Office of Legislative Counsel, Sarah spent five years dedicated to mortuary work. Her responsibilities included writing and submitting obituaries for newspaper publication, updating the funeral home webpage with current service information, entering death certificate data into the Georgia Vital Events Registration System (GAVERS), and ensuring efficiency and accuracy in all of her work. Ms. Cox's unique professional background gives her a keen eye for detail.
