

Senate Resolution 848

By: Senators Brush of the 24th and Smith of the 25th

A RESOLUTION

1 Creating the I-20 Corridor Regional Airport Study Commission; and for other purposes.

2 WHEREAS, general aviation is an integral part of a regional economic development
3 program; and

4 WHEREAS, since September 11, 2001, more and more business executives are relying on
5 general aviation rather than commercial aviation; and

6 WHEREAS, the East Georgia area of the state competes not only with the Atlanta
7 metropolitan area and the rest of Georgia for economic development opportunities, but must
8 also compete with nearby South Carolina and the comprehensive economic development
9 incentives offered by that state; and

10 WHEREAS, it is imperative that the necessary infrastructure be in place in the region that
11 will make the region attractive to new business ventures as well as encourage the expansion
12 of existing businesses; and

13 WHEREAS, economic development in this region of the state should rightly be given a high
14 priority due to the fact that it is comprised of a high percentage of Tier One counties and
15 suffers from a high unemployment rate; and

16 WHEREAS, with general aviation facilities being such an important element in economic
17 development, it is important that the East Georgia area evaluates its general aviation facilities
18 and prepares a plan to address any deficiencies that exist and to take advantage of any
19 opportunities that will enhance general aviation in the region.

20 NOW, THEREFORE, BE IT RESOLVED by the Senate that there is created the I-20
21 Corridor Regional Airport Study Commission to be composed of three members to be
22 appointed by the governing authority of McDuffie County, two members to be appointed of

1 the City of Thomson, and two members which may be appointed by each of the governing
2 authorities of the Counties of Greene, Taliaferro, Wilkes, Lincoln, Warren, and Columbia
3 if they elect to participate. The members of the commission at their first meeting shall select
4 one of the members of the commission to serve as chairperson and another member to serve
5 as vice chairperson. The commission may appoint such other offices or positions from
6 among its members as it deems necessary. The commission shall meet at the call of the
7 chairperson.

8 BE IT FURTHER RESOLVED that the commission shall be authorized to conduct a study
9 which will inventory existing general aviation airport facilities in the I-20 Corridor between
10 Lake Oconee and Clarks Hill Lake, including the Counties of Greene, Taliaferro, Wilkes,
11 Lincoln, Warren, McDuffie, and Columbia. The study shall analyze the capacity of such
12 existing general aviation facilities to provide the services necessary to retain and attract
13 business to this region and shall make recommendations to the General Assembly on any
14 improvements that would make the general aviation infrastructure in this growth corridor
15 more attractive to economic development prospects.

16 BE IT FURTHER RESOLVED that the commission may conduct such meetings at such
17 places and at such times as it may deem necessary or convenient to enable it to exercise fully
18 and effectively its powers, perform its duties, and accomplish the objectives and purposes
19 of this resolution. In the event the commission makes a report of its findings and
20 recommendations, with suggestions for proposed legislation, if any, such report shall be
21 made on or before December 31, 2002. The commission shall stand abolished on December
22 31, 2002.
