Chapter 9 of Title 34 of the Official Code of Georgia Annotated, relating to workers' compensation, is amended by inserting immediately following Code Section 34-9-200.1 a new Code Section 34-9-200.2 to read as follows:

"34-9-200.2.

If an employer or its workers' compensation insurer fails to respond to a written request by an authorized medical provider for advance authorization for medical treatment or testing within five business days, the requested treatment or testing shall be considered preapproved. An employer or its workers' compensation insurer shall, within five business days of denying recommended medical treatment or testing for an injured employee, notify the board in writing of the reasons for such denial of treatment. Notice of medical treatment or testing denial may also be submitted to the board by the employee. Within 30 days of receipt of written notification of medical treatment or testing denial, the board shall order a hearing on the issue by an administrative law judge. A ruling of the administrative law judge reached as a result of such hearing which is adverse to the position taken by the employer or its insurer shall be fully complied with by the employer or its insurer within ten days of issuance of the decision. Failure by the employer or its insurer to comply with the ruling within ten days of its issuance may, at the board's discretion, result in the

1 assessment of a penalty of up to 20 percent of the reasonable medical charges for the  
2 denied treatment or testing, as provided in Code Section 34-9-205. The board may, in its  
3 discretion, assess an additional penalty of \$500.00 against an employer or its insurer which  
4 fails to comply with the ruling regarding denied medical treatment or testing within 30 days  
5 of the issuance of that decision."
