

RECEDE

1 Senator Lee of the 29th offered the following amendment:

2 Amend the House substitute to SB 93 by adding on line 5 of page 1 between the first
3 semicolon and the word "to" the following:

4 "to provide for the combination of connected electrical load at premises located on
5 contiguous property under common ownership for the purpose of contracting for electric
6 service;".

7 By renumbering Section 2 on page 6 as Section 3 and by adding below line 34 on page 5 the
8 following:

9 **"SECTION 2.**

10 Said article is further amended by striking in its entirety subsection (a) of Code Section
11 46-3-8, relating to exceptions, grandfather rights, and other rights with respect to allocation
12 of territorial rights to electric suppliers, and inserting in lieu thereof a new subsection (a) to
13 read as follows:

14 '(a) Notwithstanding any other provision of this part, but subject to subsections (b) and (c)
15 of this Code section, after March 29, 1973, service to one or more new premises (but if
16 more than one, such premises must be located on the same tract or on contiguous tracts of
17 land), if utilized by one consumer and having single-metered service and a connected load
18 which, at the time of initial full operation of the premises, is 900 kilowatts or greater
19 (excluding redundant equipment), may be extended and furnished, if chosen by the
20 consumer:

21 (1) By the primary supplier within a municipality if the premises are located anywhere
22 within the limits of such municipality as they existed on March 29, 1973;

23 (2) By a secondary supplier within the limits of a municipality as they existed on March
24 29, 1973, if the premises are located at least partially within 300 feet of the lines of such
25 secondary supplier;

26 (3) By any electric supplier if the premises are located within the initial corporate limits
27 of a wholly new municipality;

28 (4) By any electric supplier owning lines in a municipality if the premises are located in
29 a geographic area annexed in any manner to such municipality after March 29, 1973; and

30 (5) By any electric supplier if the premises are located outside the limits of a
31 municipality.

1 For the purposes of this subsection, the connected electrical load of multiple premises
2 located upon contiguous property under common ownership may be combined by the
3 property owner for the purposes of contracting for electric service and selecting an electric
4 supplier, regardless of submetering by the property owner to other occupants of the
5 property, provided that such owner shall be responsible for such electric service as a
6 single-metered consumer of the selected electric supplier."
