**"CHAPTER 10****ARTICLE 1****Part 1****~~13-10-1.~~**

~~(a)(1) If the state or any public board or body thereof requires a bid bond for any particular public work, no bid for a contract with the state or any public board or body thereof for the doing of such public work shall be valid for any purpose, unless the contractor shall give a bid bond with good and sufficient surety or sureties approved by the governing authority for the faithful acceptance of the contract payable to, in favor of, and for the protection of the state or public board or body thereof for which the contract is to be awarded. The bid bond shall be in the amount of not less than 5 percent of the total amount payable by the terms of the contract. No bid shall be read aloud or considered if a proper bid bond or other security authorized in paragraph (2) of this subsection has not been submitted. The provisions of this subsection shall not apply to any bid for a contract which is required by law to be accompanied by a proposal guaranty and shall not apply to bids for contracts with any public agency or body which receives funding from the United States Department of Transportation and which is primarily engaged in the business of public transportation.~~

~~(2) In lieu of the bid bond provided for in paragraph (1) of this subsection, the state or any public board or body thereof may accept a cashier's check, certified check, or cash in the amount of not less than 5 percent of the total amount payable by the terms of the contract payable to and for the protection of the state or public board or body thereof for which the contract is to be awarded.~~

~~(3)(A) Any public entity receiving bids subject to this subsection shall permit a bidder to withdraw its bid from consideration after the bid opening without forfeiture of its bid security if:~~

~~(i) The bidder has made an appreciable error in the calculation of his or her bid that can be documented by clear and convincing written evidence;~~

~~(ii) Such errors can be clearly shown by objective evidence drawn from inspection of the original work papers, documents, or materials used in the preparation of the bid sought to be withdrawn;~~

~~(iii) The bidder serves written notice upon the public entity which invited proposals for the work prior to the award of the contract and not later than 48 hours after the opening of bids, excluding Saturdays and Sundays and legal holidays;~~

~~(iv) The bid was submitted in good faith and the mistake was due to a calculation or clerical error, an inadvertent omission, or a typographical error as opposed to an error in judgment; and~~

~~(v) The withdrawal of the bid will not result in undue prejudice to the public entity or other bidders by placing them in a materially worse position than they would have occupied if the bid had never been submitted.~~

~~(B) In the event that the apparent successful bidder has withdrawn its bid, action on the remaining bids should be considered as though the withdrawn bid had not been received.~~

~~(C) In the event the project is relet for bids, under no circumstances shall the bidder who has filed a request to withdraw be permitted to rebid the work.~~

~~(D) No bidder who is permitted to withdraw a bid shall for compensation supply any material or labor to, or perform any subcontract or other work agreement for, the person or firm to whom the contract is awarded or otherwise benefit, directly or indirectly, from the performance of the project for which the withdrawn bid was submitted.~~

~~(b) No contract with this state or any public board or body thereof, for the doing of any public work shall be valid for any purpose, unless the contractor shall give:~~

~~(1) A performance bond with good and sufficient surety or sureties payable to, in favor of, and for the protection of the state or public board or body thereof for which the work is to be done. The performance bond shall be in the amount of at least the total amount payable by the terms of the contract;~~

~~(2)(A) A payment bond with good and sufficient surety or sureties, payable to the state or public board or body thereof for which the work is to be done, and for the use and protection of all subcontractors and all persons supplying labor, materials, machinery, and equipment in the prosecution of the work provided for in the contract. The payment bond shall be in the amount of at least the total amount payable by the terms of the contract.~~

~~(B) In lieu of the payment bond provided for in subparagraph (A) of this paragraph, the state or any public board or body thereof may accept a cashier's check, certified check, or cash in the amount of at least the total amount payable by the terms of the contract for the use and protection of all subcontractors and all persons supplying labor, materials, machinery, and equipment in the prosecution of work provided in the contract.~~

~~(c) This Code section shall not apply where the total contract price does not exceed \$40,000.00; provided, however, that the state or any department or agency thereof may in its discretion require performance and payment bonds or bid bonds or other security for any public works contract.~~

~~(d) Where the amount of any bond required under the other subsections of this Code section does not exceed \$300,000.00, the state or any public board or body thereof may, in its sole discretion, accept an irrevocable letter of credit issued by a bank or savings and loan association, as defined in Code Section 7-1-4, in the amount of and in lieu of the bond otherwise required under the other subsections of this Code section.~~

~~(e)(1) As used in this subsection, the term 'affiliated corporation' means with respect to any corporation any other corporation related thereto: as a parent corporation; as a subsidiary corporation; as a sister corporation; by common ownership or control; or by control of one corporation by the other. For purposes of this subsection, a corporation shall include a person or a company.~~

~~(2) In any case where two or more affiliated corporations bid for a contract under this Code section and any one or more of such affiliated corporations subsequently rescind or revoke their bid or bids in favor of another such affiliated corporation whose bid is for a higher amount and the contract is awarded at such higher amount to such other affiliated corporation, then the bid bond, proposal guaranty, or other security otherwise required under this Code section of each affiliated corporation rescinding or revoking its bid shall be forfeited.~~

~~(f) Any bid bond, performance bond, or payment bond required by this Code section shall be approved as to form and as to the solvency of the surety by the officer of the state or public board or body thereof who negotiates the contract on behalf of the public entity. Said approval shall be obtained prior to the bid's being accepted.~~

~~13-10-2.~~

~~(a) As used in this Code section, the term:~~

~~(1) 'Contractor' means a person having a direct contract with the owner.~~

~~(2) 'Lower tier subcontractor' means a person other than a contractor having a direct contract with a subcontractor.~~

~~(3) 'Owner' means the state, any county, municipal corporation, authority, board of education, or other public board, public body, department, agency, instrumentality, or political subdivision of the state.~~

~~(4) 'Owner's authorized contract representative' means the architect or engineer in charge of the project for the owner or such other contract representative or officer as designated~~

7 section, such contract shall provide for the following:

8 (1) After work has commenced at the construction site, progress payments to be made  
9 on some periodic basis, and at least monthly, based on the value of work completed as  
10 may be provided in the contract documents plus the value of materials and equipment  
11 suitably stored, insured, and protected at the construction site, and at the owner's  
12 discretion such materials and equipment suitably stored, insured, and protected off site  
13 at a location approved by the owner's authorized contract representative when allowed  
14 by the contract documents, less retainage; and

15 (2)(A) Retainage to a maximum of 10 percent of each progress payment; provided,  
16 however, that, when 50 percent of the contract value including change orders and other  
17 additions to the contract value provided for by the contract documents is due and the  
18 manner of completion of the contract work and its progress are reasonably satisfactory  
19 to the owner's authorized contract representative, the owner shall withhold no more  
20 retainage. At the discretion of the owner and with the approval of the contractor, the  
21 retainage of each subcontractor may be released separately as the subcontractor  
22 completes his work.

23 (B) If, after discontinuing the retention, the owner's authorized contract representative  
24 determines that the work is unsatisfactory or has fallen behind schedule, retention may  
25 be resumed at the previous level. If retention is resumed by an owner, the contractor  
26 and subcontractors shall be entitled to resume withholding retainage accordingly.

27 (C) At substantial completion of the work or such other standard of completion as may  
28 be provided in the contract documents and as the owner's authorized contract  
29 representative determines the work to be reasonably satisfactory, the owner shall within  
30 30 days after invoice and other appropriate documentation as may be required by the  
31 contract documents are provided pay the retainage to the contractor. If at that time  
32 there are any remaining incomplete minor items, an amount equal to 200 percent of the  
33 value of each item as determined by the owner's authorized contract representative  
34 shall be withheld until such item or items are completed. The reduced retainage shall  
35 be shared by the contractor and subcontractors as their interests may appear.

36 (D) The contractor shall, within ten days from the contractor's receipt of retainage  
37 from the owner, pass through payments to subcontractors and shall reduce each

1 ~~subcontractor's retainage in the same manner as the contractor's retainage is reduced~~  
2 ~~by the owner, provided that the value of each subcontractor's work complete and in~~  
3 ~~place equals 50 percent of his subcontract value, including approved change orders and~~  
4 ~~other additions to the subcontract value and provided, further, that the work of the~~  
5 ~~subcontractor is proceeding satisfactorily and the subcontractor has provided or~~  
6 ~~provides such satisfactory reasonable assurances of continued performance and~~  
7 ~~financial responsibility to complete his work including any warranty work as the~~  
8 ~~contractor in his reasonable discretion may require, including, but not limited to, a~~  
9 ~~payment and performance bond.~~

10 ~~(E) The subcontractor shall, within ten days from the subcontractor's receipt of~~  
11 ~~retainage from the contractor, pass through payments to lower tier subcontractors and~~  
12 ~~shall reduce each lower tier subcontractor's retainage in the same manner as the~~  
13 ~~subcontractor's retainage is reduced by the contractor, provided that the value of each~~  
14 ~~lower tier subcontractor's work complete and in place equals 50 percent of his~~  
15 ~~subcontract value, including approved change orders and other additions to the~~  
16 ~~subcontract value and provided, further, that the work of the lower tier subcontractor~~  
17 ~~is proceeding satisfactorily and the lower tier subcontractor has provided or provides~~  
18 ~~such satisfactory reasonable assurances of continued performance and financial~~  
19 ~~responsibility to complete his work including any warranty work as the subcontractor~~  
20 ~~in his reasonable discretion may require, including, but not limited to, a payment and~~  
21 ~~performance bond.~~

22 ~~(c) This Code section shall not apply to:~~

23 ~~(1) Any contracts let by the Department of Transportation of this state for the~~  
24 ~~construction, improvement, or maintenance of roads or highways in this state or purposes~~  
25 ~~incidental thereto; or~~

26 ~~(2) Any contracts whose value or duration at the time of the award does not exceed~~  
27 ~~\$150,000.00 or 45 days in duration.~~

28 ~~(d) Contract and subcontract provisions inconsistent with the benefits extended to~~  
29 ~~contractors, subcontractors, and lower tier subcontractors by this Code section shall be~~  
30 ~~unenforceable; provided, however, that nothing in this Code section shall render~~  
31 ~~unenforceable any contract or subcontract provisions allowing greater benefits to be~~  
32 ~~extended to such contractors, subcontractors, or lower tier subcontractors, the provisions~~  
33 ~~and benefits of this Code section being minimal only.~~

34 ~~(e) Nothing shall preclude a payor under this Code section, prior to making a payment,~~  
35 ~~from requiring the payee to submit satisfactory evidence that all payrolls, material bills, and~~  
36 ~~other indebtedness connected with the work have been paid.~~

1 13-10-1.

2 As used in this article, the term 'state' means the state of Georgia, any agency of the state,  
3 and any state authority.

4 13-10-2.

5 (a)(1) Any bid bond, performance bond, payment bond, or security deposit required for  
6 a state public works construction contract shall be approved and filed with the treasurer  
7 or the person performing the duties usually performed by a treasurer of the obligee named  
8 in such bond. At the option of the state, if the surety named in the bond is other than a  
9 surety company authorized by law to do business in this state pursuant to a current  
10 certificate of authority to transact surety business by the Commissioner of Insurance, such  
11 bond shall not be approved and filed unless such surety is on the United States  
12 Department of Treasury's list of approved bond sureties.

13 (2) Any bid bond, performance bond, or payment bond required by this chapter shall be  
14 approved as to form and as to the solvency of the surety by an officer of the state or the  
15 agency or authority of the state negotiating the contract on behalf of the state. In the case  
16 of a bid bond, such approval shall be obtained prior to acceptance of the bid or proposal.  
17 In the case of a payment bond or a performance bond, such approval shall be obtained  
18 prior to the execution of the contract.

19 (b) Whenever, in the judgment of the obligee:

20 (1) Any surety on a bid, performance, or payment bond has become insolvent;

21 (2) Any corporate surety is no longer certified or approved by the Commissioner of  
22 Insurance to do business in the state; or

23 (3) For any cause there are no longer proper or sufficient sureties on any or all of the  
24 bonds,

25 the obligee may require the contractor to strengthen any or all of the bonds or to furnish a  
26 new or additional bond or bonds within ten days. Thereupon, if so ordered by the obligee,  
27 all work on the contract shall cease unless such new or additional bond or bonds are  
28 furnished. If such bond or bonds are not furnished within such time, the obligee may  
29 terminate the contract and complete the same as the agent of and at the expense of the  
30 contractor and his or her sureties.

31 Part 2

32 13-10-20.

33 (a) Bid bonds shall be required for all state public works construction contracts with  
34 estimated bids or proposals over \$100,000.00; provided, however, that the state or any

1 public board or body of the state may require a bid bond for projects with estimated bids  
2 or proposals of \$100,000.00 or less.

3 (b) In the case of competitive sealed bids, except as provided in Code Sections 13-10-22  
4 and 13-10-23, a bid may not be revoked or withdrawn until 60 days after the time set by  
5 the state or any public board or body of the state for opening of bids. Upon expiration of  
6 such 60 day time period, the bid will cease to be valid, unless the bidder provides written  
7 notice to the state prior to the scheduled expiration date that the bid will be extended for  
8 a time period specified by the state.

9 (c) In the case of competitive sealed proposals, the state shall advise offerors in the request  
10 for proposals of the number of days that offerors will be required to honor their proposals;  
11 provided, however, that if an offeror is not selected within 60 days of opening the  
12 proposals, any offeror that is determined by the state to be unlikely of being selected for  
13 contract award shall be released from his or her proposal.

14 (d) If the state requires a bid bond for any public works construction contract, no bid or  
15 proposal for a contract with the state shall be valid for any purpose unless the contractor  
16 gives a bid bond with good and sufficient surety or sureties approved by the state. The bid  
17 bond shall be in the amount of not less than 5 percent of the total amount payable by the  
18 terms of the contract. No bid or proposal shall be considered if a proper bid bond or other  
19 security authorized in Code Section 13-10-21 has not been submitted. The provisions of  
20 this subsection shall not apply to any bid or proposal for a contract that is required by law  
21 to be accompanied by a proposal guaranty and shall not apply to any bid or proposal for  
22 a contract with any public agency or body which receives funding from the United States  
23 Department of Transportation and which is primarily engaged in the business of public  
24 transportation.

25 13-10-21.

26 (a) In lieu of the bid bond provided for in Code Section 13-10-20, the state may accept a  
27 cashier's check, certified check, or cash in the amount of not less than 5 percent of the total  
28 amount payable by the terms of the contract payable to and for the protection of the state.

29 (b) When the amount of any bid bond required under this article does not exceed  
30 \$300,000.00, the state may, in its sole discretion, accept an irrevocable letter of credit  
31 issued by a bank or savings and loan association, as defined in Code Section 7-1-4, in the  
32 amount of and in lieu of the bond otherwise required under Code Section 13-10-20.

33 13-10-22.

34 (a) As used in this Code section, the term 'bid' shall include proposals and the term 'bidder'  
35 shall include offerors.

1 (b) When receiving bids subject to this article, the state shall permit a bidder to withdraw  
2 a bid from consideration after the bid opening without forfeiture of the bid security if the  
3 bidder has made an appreciable error in the calculation of his or her bid and if:

4 (1) Such error in the calculation of his or her bid can be documented by clear and  
5 convincing written evidence;

6 (2) Such error can be clearly shown by objective evidence drawn from inspection of the  
7 original work papers, documents, or materials used in the preparation of the bid sought  
8 to be withdrawn;

9 (3) The bidder serves written notice upon the state or the agency or authority of the state  
10 which invited proposals for the work prior to the award of the contract and not later than  
11 48 hours after the opening of bids, excluding Saturdays, Sundays, and legal holidays;

12 (4) The bid was submitted in good faith and the mistake was due to a calculation or  
13 clerical error, an inadvertent omission, or a typographical error as opposed to an error in  
14 judgment; and

15 (5) The withdrawal of the bid will not result in undue prejudice to the state or other  
16 bidders by placing them in a materially worse position than they would have occupied if  
17 the bid had never been submitted.

18 (c) In the event that an apparent successful bidder has withdrawn his or her bid as provided  
19 in subsection (b) of this Code section, action on the remaining bids should be considered  
20 as though the withdrawn bid had not been received. In the event the project is relet for bids,  
21 under no circumstances shall a bidder who has filed a request to withdraw a bid be  
22 permitted to resubmit a bid for the work.

23 (d) No bidder who is permitted to withdraw a bid pursuant to subsection (b) of this Code  
24 section shall for compensation supply any material or labor to, or perform any subcontract  
25 or other work agreement for, the person or firm to whom the contract is awarded or  
26 otherwise benefit, directly or indirectly, from the performance of the project for which the  
27 withdrawn bid was submitted.

28 13-10-23.

29 (a) As used in this Code section, the term:

30 (1) 'Affiliated corporation' means, with respect to any corporation, any other corporation  
31 related thereto:

32 (A) As a parent corporation;

33 (B) As a subsidiary corporation;

34 (C) As a sister corporation;

35 (D) By common ownership or control; or

36 (E) By control of one corporation by the other.

1       (2) The term 'bid' shall include proposals.

2       (b) In any case where two or more affiliated corporations bid for a contract under this  
3       Code section and any one or more of such affiliated corporations subsequently rescind or  
4       revoke their bid or bids in favor of another such affiliated corporation whose bid is for a  
5       higher amount and the contract is awarded at such higher amount to such other affiliated  
6       corporation, then the bid bond, proposal guaranty, or other security otherwise required  
7       under this article of each affiliated corporation rescinding or revoking its bid shall be  
8       forfeited.

9       13-10-24.

10       The obligee in any bid bond required to be given in accordance with this article shall be  
11       entitled to maintain an action thereon at any time upon any breach of such bond; provided,  
12       however, that no action may be instituted on the bonds or security deposits after one year  
13       from the completion of the contract and the acceptance of the public work by the state.

14                               Part 3

15       13-10-40.

16       Except as otherwise provided in Title 32, performance bonds shall be required for all state  
17       public works construction contracts with an estimated contract amount greater than  
18       \$100,000.00; provided, however, that the state may require a performance bond for public  
19       works construction contracts that are estimated at \$100,000.00 or less. No public works  
20       construction contract requiring a performance bond shall be valid for any purpose unless  
21       the contractor gives such performance bond. The performance bond shall be in the amount  
22       of at least the total amount payable by the terms of the contract and shall be increased as  
23       the contract amount is increased.

24       13-10-41.

25       When the amount of the performance bond required under this article does not exceed  
26       \$300,000.00, the state may, in its sole discretion, accept an irrevocable letter of credit by  
27       a bank or savings and loan association, as defined in Code Section 7-1-4, in the amount of  
28       and in lieu of the bond otherwise required under this article.

29       13-10-42.

30       The obligee in any performance bond required to be given in accordance with this article  
31       shall be entitled to maintain an action thereon at any time upon any breach of such bond;

1 provided, however, no action can be instituted on the bonds or security deposits after one  
2 year from the completion of the contract and the acceptance of the public work by the state.

3 Part 4

4 13-10-60.

5 Except as otherwise provided in Title 32, payment bonds shall be required for all state  
6 public works construction contracts with an estimated contract amount greater than  
7 \$100,000.00; provided, however, that the state may require a payment bond for public  
8 works construction contracts that are estimated at \$100,000.00 or less. No public works  
9 construction contract requiring a payment bond shall be valid for any purpose unless the  
10 contractor gives such payment bond; provided, however, that in lieu of such payment bond,  
11 the state, in its discretion, may accept a cashier's check, certified check, or cash for the use  
12 and protection of all subcontractors and all persons supplying labor, materials, machinery,  
13 and equipment in the prosecution of work provided in the contract. The payment bond or  
14 other security accepted in lieu of a payment bond shall be in the amount of at least the total  
15 amount payable by the terms of the initial contract and shall be increased if requested by  
16 the state as the contract amount is increased.

17 13-10-61.

18 If a payment bond or security deposit is not taken in the manner and form required in this  
19 article, the corporation or body for which work is done under the contract shall be liable  
20 to all subcontractors and to all persons supplying labor, materials, machinery, or equipment  
21 to the contractor or subcontractor thereunder for any loss resulting to them from such  
22 failure. No agreement, modification, or change in the contract, change in the work covered  
23 by the contract, or extension of time for the completion of the contract shall release the  
24 sureties of such payment bond.

25 13-10-62.

26 (a) The contractor furnishing the payment bond or security deposit shall post on the public  
27 works construction site and file with the clerk of the superior court in the county in which  
28 the site is located a notice of commencement no later than 15 days after the contractor  
29 physically commences work on the project and supply a copy of the notice of  
30 commencement to any subcontractor, materialman, or person who makes a written request  
31 of the contractor. Failure to supply a copy of the notice of commencement within ten  
32 calendar days of receipt of the written request from such subcontractor, materialman, or  
33 person shall render the provisions of paragraph (1) of subsection (a) of Code Section

1 13-10-63 inapplicable to such subcontractor, materialman, or person making the request.

2 The notice of commencement shall include:

3 (1) The name, address, and telephone number of the contractor;

4 (2) The name and location of the public work being constructed or a general description  
5 of the improvement;

6 (3) The name and address of the state or the agency or authority of the state that is  
7 contracting for the public works construction;

8 (4) The name and address of the surety for the performance and payment bonds, if any;  
9 and

10 (5) The name and address of the holder of the security deposit provided, if any.

11 (b) The failure to file a notice of commencement shall render the notice to the contractor  
12 requirements of paragraph (1) of subsection (a) of Code Section 13-10-63 inapplicable.

13 (c) The clerk of the superior court shall file the notice of commencement within the  
14 records of that office and maintain an index separate from other real estate records or an  
15 index with the preliminary notices specified in subsection (a) of Code Section 44-14-361.3.

16 Each such notice of commencement shall be indexed under the name of the state and the  
17 name of the contractor as contained in the notice of commencement.

18 13-10-63.

19 (a) Every person entitled to the protection of the payment bond or security deposit required  
20 to be given who has not been paid in full for labor or materials furnished in the prosecution  
21 of the work referred to in such bond or security deposit before the expiration of a period  
22 of 90 days after the day on which the last of the labor was done or performed by such  
23 person or the material or equipment or machinery was furnished or supplied by such person  
24 for which such claim is made, or when he or she has completed his or her subcontract for  
25 which claim is made, shall have the right to bring an action on such payment bond or  
26 security deposit for the amount, or the balance thereof, unpaid at the time of the  
27 commencement of such action and to prosecute such action to final execution and judgment  
28 for the sum or sums due such person; provided, however, that:

29 (1) Any person having a direct contractual relationship with a subcontractor but no  
30 contractual relationship, express or implied, with the contractor furnishing such payment  
31 bond or security deposit on a public works construction project where the contractor has  
32 not complied with the notice of commencement requirements shall have the right of
