6 details;

7 (iii) Any document relating to the existence, nature, location, or function of security  
8 devices designed to protect against terrorist or other attacks, which devices depend  
9 for their effectiveness in whole or in part upon a lack of general public knowledge;  
10 and

11 (iv) Any plan, blueprint, or other material that would reveal information about the  
12 structure or function of a public facility or activity, which information is not already  
13 of general public knowledge and which if made public could compromise security  
14 against sabotage, criminal, or terroristic acts.

15 (B) In the event of litigation challenging nondisclosure by an agency of a document  
16 covered by this paragraph, the court may review the documents in question in camera
