

House Bill 579

By: Representative McCall of the 78<sup>th</sup>

A BILL TO BE ENTITLED  
AN ACT

1 To amend Code Section 2-6-27 of the Official Code of Georgia Annotated, relating to  
2 additional duties and powers of the State Soil and Water Conservation Commission, so as  
3 to provide for certain powers and duties related to water resources; to amend Chapter 5 of  
4 Title 12 of the Official Code of Georgia Annotated, relating to water resources, so as to  
5 provide for programs for measuring certain farm uses of water; to change certain provisions  
6 relating to permits for withdrawal, diversion, or impoundment of surface waters and  
7 monitoring, recording, and reporting water withdrawn by certain irrigation systems; to  
8 change certain provisions relating to permits for farm uses, notice of transfer or modification  
9 in use or capacity, nonuse, suspension or modification, priority uses, and effect on existing  
10 common or statutory law; to repeal conflicting laws; and for other purposes.

11 BE IT ENACTED BY THE GENERAL ASSEMBLY OF GEORGIA:

12 style="text-align:center">**SECTION 1.**

13 Code Section 2-6-27 of the Official Code of Georgia Annotated, relating to additional powers  
14 and duties of the State Soil and Water Conservation Commission, is amended by inserting  
15 a new paragraph to read as follows:

16 "(7.1) To formulate such rules and regulations and to exercise such powers as are  
17 necessary to perform its duties under subsection (m.1) of Code Section 12-5-31 and  
18 subsection (b.1) of Code Section 12-5-105;"

19 style="text-align:center">**SECTION 2.**

20 Chapter 5 of Title 12 of the Official Code of Georgia Annotated, relating to water resources,  
21 is amended by striking subsection (m) of Code Section 12-5-31, relating to permits for  
22 withdrawal, diversion, or impoundment of surface waters and monitoring, recording, and  
23 reporting water withdrawn by certain irrigation systems, and inserting in lieu thereof the  
24 following:

1 "(m) Except for farm use permits issued pursuant to paragraph (3) of subsection (a) of For  
 2 all permits, including without limitation farm use permits, issued under this Code section,  
 3 whenever required to carry out the objectives of this Code section, including but not limited  
 4 to determining whether or not any person is in violation of any provision of this Code  
 5 section or any rule or regulation promulgated pursuant ~~hereto~~ to this Code section;  
 6 encouraging or ensuring compliance with any provision of this Code section or any rule or  
 7 regulation promulgated pursuant ~~hereto~~ to this Code section; determining whether or not  
 8 any person is in violation of any permit condition; or establishing a data bank on the usage  
 9 of surface waters in a particular area or areas of this state, the director may by order,  
 10 permit, or otherwise, in writing, require any person holding a permit under this Code  
 11 section, or any other person who the director reasonably believes is withdrawing, diverting,  
 12 or impounding surface waters in violation of the permitting requirements of this Code  
 13 section, to:

- 14 (1) Establish and maintain records;
- 15 (2) Make reports;
- 16 (3) Install, use, and maintain monitoring equipment or methods; and
- 17 (4) Provide such other information as the director may reasonably require.

18 Notwithstanding the foregoing provisions of this subsection, any demand for such  
 19 information by the director, which information has already been provided to the director  
 20 by such person in the context of prior dealings with the division, and which is still correct,  
 21 may be satisfied by adequate reference to same.

22 (m.1)(1) The State Soil and Water Conservation Commission shall have the duty of  
 23 implementing a program of measuring farm uses of water in order to obtain clear and  
 24 accurate information on the patterns and amounts of such use, which information is  
 25 essential to proper management of water resources by the state and useful to farmers for  
 26 improving the efficiency and effectiveness of their use of water, meeting the requirements  
 27 of subsection (m) of this Code section, and improving water conservation. Accordingly,  
 28 the commission shall on behalf of the state purchase, install, operate, and maintain  
 29 water-measuring devices for farm uses required by this Code section to have permits. As  
 30 used in this paragraph, the term 'operate' shall include reading the water-measuring  
 31 device, compiling data, and reporting findings.

32 (2) For purposes of this subsection, the commission:

- 33 (A) May conduct its duties with commission staff and may contract with other persons  
 34 to conduct any of its duties;
- 35 (B) May receive and use state appropriations, gifts, grants, or other sources of funding  
 36 to carry out its duties;

1 (C) In consultation with the director, shall develop a priority system for installation of  
 2 water-measuring devices for farm uses that have permits as of July 1, 2003. The  
 3 commission shall, provided that adequate funding is received, install and commence  
 4 operation and maintenance of water-measuring devices for all such farm uses by July  
 5 1, 2009;

6 (D) May charge any permittee the commission's reasonable costs for purchase and  
 7 installation of a water-measuring device for any farm use permit issued by the director  
 8 after July 1, 2003; and

9 (E) Shall issue an annual progress report on the status of water-measuring device  
 10 installation.

11 (3) Any person who desires to commence a farm use for which a permit is issued after  
 12 July 1, 2003, shall not commence such use prior to the installation of a water-measuring  
 13 device by the commission.

14 (4) After July 1, 2009, no person shall use water for a farm use required to have a permit  
 15 under this Code section without having a water-measuring device in operation that has  
 16 been installed by the commission.

17 (5) Employees or agents of the commission are authorized to enter upon private property  
 18 at reasonable times to conduct the duties of the commission under this subsection."

### 19 SECTION 3.

20 Said chapter is further amended by striking subsection (b) of Code 12-5-105, relating to  
 21 permits for farm uses, notice of transfer or modification in use or capacity, nonuse,  
 22 suspension or modification, priority uses, and effect on existing common or statutory law,  
 23 and inserting in lieu thereof the following:

24 "(b) Notwithstanding any provisions of Code Section 12-5-95, 12-5-96, or 12-5-97 to the  
 25 contrary, permits to withdraw, obtain, or utilize ground waters for farm uses, as that term  
 26 is defined in paragraph ~~(10)~~ (5.1) of Code Section 12-5-92, whether for new withdrawals  
 27 or under subsection (a) of this Code section, shall be governed as follows:

28 (1) A permit issued, modified, or amended after July 1, 2003, for farm uses shall have  
 29 ~~no~~ annual reporting requirements and no term and may be transferred or assigned to  
 30 subsequent owners of the lands which are the subject of such permit; provided, however,  
 31 that the division shall receive written notice of any such transfer or assignment, and any  
 32 modification in the use or capacity conditions contained in the permit or in the lands  
 33 which are the subject of such permit shall require the permittee to submit an application  
 34 for review and approval by the director consistent with the requirements of this part;

35 (2) Permits for farm use, after initial use has commenced, shall not be revoked, in whole  
 36 or in part, for nonuse;

1 (3) The director may suspend or modify a permit for farm use if he or she should  
2 determine through inspection, investigations, or otherwise that the quantity of water  
3 allowed would prevent other applicants from reasonable use of ground water beneath  
4 their property for farm use;

5 (4) During emergency periods of water shortage, the director shall give first priority to  
6 providing water for human consumption and second priority to farm use; and

7 (5) The importance and necessity of water for industrial purposes are in no way modified  
8 or diminished by this Code section.

9 (b.1)(1) The State Soil and Water Conservation Commission shall have the duty of  
10 implementing a program of measuring farm uses of water in order to obtain clear and  
11 accurate information on the patterns and amounts of such use, which information is  
12 essential to proper management of water resources by the state and useful to farmers for  
13 improving the efficiency and effectiveness of their use of water, meeting the requirements  
14 of paragraph (1) of subsection (b) of this Code section, and improving water  
15 conservation. Accordingly, the commission shall on behalf of the state purchase, install,  
16 operate, and maintain water-measuring devices for farm uses required by this Code  
17 section to have permits. As used in this paragraph, the term 'operate' shall include  
18 reading the water-measuring device, compiling data, and reporting findings.

19 (2) For purposes of this subsection, the commission:

20 (A) May conduct its duties with commission staff and may contract with other persons  
21 to conduct any of its duties;

22 (B) May receive and use state appropriations, gifts, grants, or other sources of funding  
23 to carry out its duties;

24 (C) In consultation with the director, shall develop a priority system for installation of  
25 water-measuring devices for farm uses that have permits as of July 1, 2003. The  
26 commission shall, provided that adequate funding is received, install and commence  
27 operation and maintenance of water-measuring devices for all such farm uses by July  
28 1, 2009;

29 (D) May charge any permittee the commission's reasonable costs for purchase and  
30 installation of a water-measuring device for any farm use permit issued by the director  
31 after July 1, 2003; and

32 (E) Shall issue an annual progress report on the status of water-measuring device  
33 installation.

34 (3) Any person who desires to commence a farm use for which a permit is issued after  
35 July 1, 2003, shall not commence such use prior to the installation of a water-measuring  
36 device by the commission.

1 (4) After July 1, 2009, no person shall use water for a farm use required to have a permit  
2 under this Code section without having a water-measuring device in operation that has  
3 been installed by the commission.

4 (5) Employees or agents of the commission are authorized to enter upon private property  
5 at reasonable times to conduct the duties of the commission under this subsection."

6 **SECTION 4.**

7 All laws and parts of laws in conflict with this Act are repealed.
