12 Article 2 of Chapter 2 of Title 40 of the Official Code of Georgia Annotated, relating to
13 licensing and registration of motor vehicles in general, is amended by adding at its end a new
14 Code Section 40-2-49.4 to read as follows:

15 "40-2-49.4.

16 (a) In order to promote and financially provide for historic preservation efforts in Georgia,
17 there shall be issued beginning January 1, 2005, special license plates promoting such
18 efforts.

19 (b) The Division of Historic Preservation of the Department of Natural Resources shall
20 design special distinctive license plates appropriate to promote historic preservation efforts
21 in Georgia. Such license plates must be of the same size as general issue motor vehicle
22 license plates and shall include a unique design and identifying number, whereby the total
23 characters do not exceed the sum of six. No two recipients shall receive identically
24 numbered plates. Such design shall not provide space in which to indicate the name of the
25 county of issuance.

1 (c) The design of the initial edition of the special historic preservation license plate, as well
2 as the design of subsequent editions and excepting only any part or parts of the designs
3 which may be owned by others and licensed to the state, shall be owned solely by the State
4 of Georgia for its exclusive use and control, except as authorized by the commissioner. The
5 commissioner may take such steps as may be necessary to give notice of and protect such
6 right, including the copyright or copyrights. However, such steps shall be cumulative of the
7 ownership and exclusive use and control established by this subsection as a matter of law,
8 and no person shall reproduce or otherwise use such design or designs, except as authorized
9 by the commissioner.

10 (d) Beginning on January 1, 2005, any Georgia resident who is the owner of a motor
11 vehicle, except a vehicle registered under the International Registration Plan, upon
12 complying with the motor vehicle laws relating to registration and licensing of motor
13 vehicles and upon the payment of a fee of not more than \$25.00 in addition to the regular
14 motor vehicle registration fee, may be issued a historic preservation license plate.
15 Revalidation decals shall be issued for historic preservation license plates in the same
16 manner as provided for general issue license plates upon complying with the motor vehicle
17 laws relating to registration and licensing of motor vehicles and upon the payment of a fee
18 of not more than \$25.00 in addition to the regular motor vehicle registration fee.

19 (e) The funds derived from the sale and revalidation of historic preservation license plates,
20 less a \$1.00 processing fee, which shall be granted to county tag offices per plate sold, and
21 less the actual manufacturing cost of the plates, shall be deposited in the general fund of
22 the state treasury. As soon as practicable after December 31 of each year, the commissioner
23 shall report the net amount derived from the sale of historic preservation license plates to
24 the Office of Planning and Budget and the Division of Historic Preservation of the
25 Department of Natural Resources. It is the intent of the General Assembly that the General
26 Assembly appropriate an amount equal to the net proceeds from the sale of such license

28 to fund historic preservation programs in the state through the Georgia Heritage grant
29 program as otherwise authorized by law.

30 (f) An applicant may request a historic preservation license plate any time during the
31 applicant's registration period. If a historic preservation license plate is to replace a current
32 valid license plate, the department shall issue the historic preservation license plate with
33 appropriate decals attached. When an applicant requests a historic preservation license
34 plate at the beginning of the registration period, the applicant shall pay the tax together
35 with all applicable fees.

36 (g) Historic preservation license plates shall be transferred from one vehicle to another
37 vehicle in accordance with the provisions of Code Section 40-2-42.

1 (h) Historic preservation license plates shall be issued within 30 days of application.

2 (i) The Department of Natural Resources shall submit a report to the chairpersons of the
3 Senate Natural Resources and the Environment Committee and the House Committee on
4 Natural Resources and Environment detailing the receipt and expenditure of all
5 appropriated funds and all funds received from the sale of historic preservation license
