6 Chapter 2 of Title 20 of the Official Code of Georgia Annotated, relating to elementary and  
7 secondary education, is amended by striking Code Section 20-2-140, relating to  
8 establishment of competencies and a core curriculum, and Code Section 20-2-141, relating  
9 to review of the adopted competencies and core curriculum, and inserting in lieu thereof the  
10 following:

11 "20-2-140.

12 The State Board of Education shall establish competencies that each student is expected  
13 to master prior to completion of the student's public school education. The state board shall  
14 also establish competencies for which each student should be provided opportunities, at the  
15 discretion of the student and the student's parents, to master. Based upon these foregoing  
16 competencies, the state board shall adopt a uniformly sequenced core curriculum that  
17 conforms to national curriculum standards for grades kindergarten through 12. Each local  
18 unit of administration shall include this uniformly sequenced core curriculum as the basis  
19 for its own curriculum, although each local unit may expand and enrich this curriculum to  
20 the extent it deems necessary and appropriate for its students and communities.

21 20-2-141.

22 The State Board of Education shall establish at least once every four years a review of the  
23 adopted competencies and uniformly sequenced core curriculum by a task force broadly  
24 representative of educational interests and the concerned public. After considering the  
25 findings and recommendations of the task force, the state board shall make such changes

1 in the student competencies lists and core curriculum that conform to national curriculum  
2 standards as it deems in the best interest of the state and its citizens and shall report such  
3 proposed changes to local school systems and the General Assembly for review."
