04 LC 28 1770

House Resolution 1685

By: Representatives Orrock of the 51st, Bordeaux of the 125th, Stephens of the 123rd, Stephens of the 124th, Post 2, Purcell of the 122nd, and others

A RESOLUTION

- 1 Urging the Congress of the United States to restore the Georgia radiation monitoring
- 2 program for radionuclides in the soil, air, water, vegetation, milk, fish, and wildlife from the
- 3 United States Department of Energy's Savannah River Site; and for other purposes.
- 4 WHEREAS, the Savannah River and its watershed are vital resources to the people of the
- 5 State of Georgia; and
- 6 WHEREAS, the Savannah River Site, owned by the United States Department of Energy and
- 7 operated by its contractors, is located on the South Carolina border of the Savannah River
- 8 and has manufactured plutonium and tritium, a radioactive form of hydrogen, for nuclear
- 9 weapons since 1950; and
- 10 WHEREAS, the manufacture of plutonium and tritium has generated other radionuclide
- by-products including cesium-137, cobalt-60, and iodine-129; and
- 12 WHEREAS, the Savannah River Site contains the largest amount of radioactive waste of any
- 13 nuclear weapons site in the United States; and
- 14 WHEREAS, the United States Department of Energy established a nation-wide radiation
- monitoring program for host states and states adjacent to United States Department of Energy
- 16 nuclear weapons facilities; and
- 17 WHEREAS, funds from this program have been granted to Georgia's Environmental
- 18 Radiation Program to conduct extensive monitoring for radionuclides in the soil, air, water,
- 19 vegetation, milk, fish, and wildlife at multiple stations in Georgia counties adjacent to and
- 20 downstream from the Savannah River Site; and

04 LC 28 1770

1 WHEREAS, the United States Department of Energy has ongoing activities, including

- 2 clean-up and water stabilization, at the Savannah River Site which have the potential for
- 3 radionuclide contamination in Georgia; and
- 4 WHEREAS, radionuclides from the Savannah River Site have been found in the soil, air,
- 5 water, vegetation, milk, fish, and wildlife in Georgia; and
- 6 WHEREAS, the Georgia radiation monitoring program for the Savannah River Site is a
- 7 unique and vital source of information for the people of Georgia about the radiological health
- 8 of the Georgia Savannah River watershed; and
- 9 WHEREAS, the United States Department of Energy has notified the State of Georgia of its
- 10 intent to cancel funding for Georgia's radiation monitoring of the Savannah River Site; and
- 11 Governor Sonny Perdue has requested the United States Department of Energy to reinstate
- such funding, but the request was refused by Secretary of Energy Spencer Abraham; and
- 13 WHEREAS, Georgia's monitoring program remains urgent and vital to protect the natural
- 14 resources and the health of the people of the State of Georgia with unique information about
- 15 the extent of contamination of Georgia's soil, air, water, vegetation, milk, fish, and wildlife.
- 16 NOW, THEREFORE, BE IT RESOLVED BY THE HOUSE OF REPRESENTATIVES that
- 17 the members of this body urge the Congress of the United States to immediately restore
- 18 funding for Georgia's radiation monitoring of the Savannah River Site.
- 19 BE IT FURTHER RESOLVED that the Clerk of the House of Representatives is authorized
- and directed to transmit an appropriate copy of this resolution to the presiding officers of
- 21 each house of the Congress of the United States and to each member of the Georgia
- 22 congressional delegation.
