

House Resolution 1759

By: Representatives Manning of the 32nd, McCall of the 78th, and Hanner of the 133rd

A RESOLUTION

- 1 Recognizing that plasma arc is a technology that represents renewable energy production in
2 the State of Georgia; and for other purposes.
- 3 WHEREAS, it is in the best interests of the citizens of Georgia to have access to the most
4 effective and efficient methods of waste management and energy production; and
- 5 WHEREAS, it is important to recognize that renewable forms and sources of energy can
6 supplement the existing natural resources of our state; and
- 7 WHEREAS, the technology exists to generate electric power from these renewable sources;
8 and
- 9 WHEREAS, the technology called "plasma arc" is a known and viable instrument in the
10 destruction of waste to produce renewable energy; and
- 11 WHEREAS, the use of plasma arc to destroy waste and produce electricity represents a
12 significant and clear application of a renewable power supply for the citizens of Georgia; and
- 13 WHEREAS, the destruction of waste and power generation from renewable sources using
14 plasma arc is important to managed community development throughout Georgia.
- 15 NOW, THEREFORE, BE IT RESOLVED BY THE HOUSE OF REPRESENTATIVES that
16 plasma arc is recognized as a technology that represents renewable energy production in the
17 State of Georgia.
