10 **'CHAPTER 37**

11 31-37-1.

12 The General Assembly finds a crisis in the provision of access to mental health services
13 and prescriptions related to such services. This crisis is of significant detriment to the
14 citizens of this state and their economic, social, and academic endeavors. The General
15 Assembly further finds that extending prescriptive authority to psychologists will alleviate
16 the crisis and be of substantial benefit to the state.

17 31-37-2.

18 (a) As used in this chapter, the term "psychologist" means any person duly licensed as a
19 psychologist under Chapter 39 of Title 43.

20 (b) The practice of psychology shall include the administering, ordering, and prescribing
21 of drugs for the diagnosis, care, and treatment of mental or nervous disorders or illness.

22 (c) The State Board of Examiners of Psychologists shall adopt rules for certification of
23 psychologists to administer, order, and prescribe drugs, which rules shall include
24 appropriate training and examination requirements and which shall provide for consultation
25 with a physician.

26 (d) For purposes of Title 16 and other state or federal laws and regulations, a psychologist
27 is authorized to register with the federal Drug Enforcement Administration and appropriate
28 state authorities.

29 (e) The provisions of this Code section shall supersede any provisions of Code Section
30 43-39-1 which may be in conflict with the provisions of this Code section."
