(II) If a telephone service is not subject to the tax levied by this chapter, a customer may not rely upon the nontaxability of such telephone service unless the telephone service provider separately states the amount charged for such nontaxable telephone service or the telephone service provider elects, after receiving a written request from the customer in the form required by the provider, to provide verifiable data based upon the provider's books and records that are kept in the regular course of business that reasonably identifies the amount charged for such nontaxable telephone service.
