A BILL TO BE ENTITLED
AN ACT

1 To amend Article 3 of Chapter 5 of Title 40 of the Official Code of Georgia Annotated,
2 relating to cancellation, suspension, and revocation of drivers' licenses, so as to create a
3 youthful driver tracking service that allows parents and guardians to monitor the driving
4 performance of their children who are 18 years of age or younger; to provide for related
5 matters; to provide an effective date; to repeal conflicting laws; and for other purposes.

6 BE IT ENACTED BY THE GENERAL ASSEMBLY OF GEORGIA:

7 **SECTION 1.**

8 Article 3 of Chapter 5 of Title 40 of the Official Code of Georgia Annotated, relating to
9 cancellation, suspension, and revocation of drivers' licenses, is amended by inserting a new
10 Code section immediately following Code Section 40-5-57.2, relating to suspensions based
11 on failure to pay for gasoline, to read as follows:

12 "40-5-57.3.

13 (a) Notwithstanding any other provision of this chapter, if the court finds that a driver who
14 is 18 years of age or younger has committed a violation of any of the provisions listed in
15 subsection (a) of Code Section 40-5-57.1, the court may require the driver and his or her
16 parents or guardians to participate in a registered youthful driver tracking service as
17 described in this Code section.

18 (b) A 'youthful driver tracking service' is an entity that enables parents or guardians to
19 monitor the driving performance of their children who are 18 years of age or younger. The
20 service may provide tracking by either or both of the following methods:

21 (1) The posting of a placard on a vehicle that shows a toll-free telephone number and a
22 unique identifying number and also includes a request to members of the public to call
23 the toll-free telephone number to report inappropriate driving practices. The youthful
24 driver tracking service shall enter into a contract with the parents or guardians under
25 which the service promises to timely forward to the parents or guardians all reports of
26 inappropriate driving practices by the youthful driver.

1 (2) The use of global positioning system enabled wireless telephones or similar
2 technologies. The youthful driver tracking service shall enter into a contract with the
3 parents or guardians under which the service promises to provide the parents with
4 real-time information about the location and speed of movement of the youthful driver
5 or the vehicle in which the youthful driver is traveling.

6 (c) A youthful driver tracking service shall register with the Department of Motor Vehicle
7 Safety. The registration shall consist of a narrative description of the services offered by
8 the service, together with a listing of the manager in charge of the service, the service's
9 address, and the service's telephone number. A fee for registration shall be established by
10 the department. Registration under this subsection remains valid for one year, and it is the
11 responsibility of the youthful driver tracking service to timely file a revised registration
12 statement to reflect any changes in the required information. If the department determines
13 that the service is not providing the services described in the narrative statement, the
14 department may suspend the registration, provided that the department may reinstate the
15 registration when the service files an acceptable statement reflecting its actual practices.

16 (d) Any rates, rating schedules, or rating manuals for the liability, personal injury
17 protection, and collision coverages of a motor vehicle insurance policy may provide for an
18 appropriate reduction in premium charges if any driver covered under the policy is a
19 youthful driver who is participating in a registered youthful driver tracking service as
20 described in this Code section."

21 SECTION 2.

22 This Act shall become effective upon its approval by the Governor or upon its becoming law
23 without such approval.

24 SECTION 3.

25 All laws and parts of laws in conflict with this Act are repealed.
