6 endures the burdens and hardships of medical treatment or application of life-sustaining
7 procedures; and

8 WHEREAS, the preparation of a Living Will, also known as an Advance Directive, would
9 advise family members, medical providers, and other persons of how an individual would

11 WHEREAS, physicians, other health care providers, clergy, legal counsel, and family
12 members should, or may, provide guidance and insight into determining the final wishes of
13 a person when the Living Will is being prepared; and

17 WHEREAS, the designation of the first week of April of each year as "Living Will Week"
