1 To amend Code Section 20-2-55 of the Official Code of Georgia Annotated, relating to per  
2 diem and expenses of local boards of education, so as to authorize the expenditure of funds  
3 for life, disability, and liability insurance, retirement and pension coverage, social security  
4 coverage, and similar benefits for members of such local boards of education; to provide for  
5 related matters; to repeal conflicting laws; and for other purposes.

6 BE IT ENACTED BY THE GENERAL ASSEMBLY OF GEORGIA:

7 **SECTION 1.**

8 Code Section 20-2-55 of the Official Code of Georgia Annotated, relating to per diem and  
9 expenses of local boards of education, is amended by striking in its entirety subsection (b)  
10 and inserting in lieu thereof the following:

11 "(b)(1) A local board of education is authorized to provide and expend local funds for the  
12 provision of group medical, and dental, life, disability, and liability insurance and  
13 retirement or pension coverage, social security and employment security coverage, and  
14 similar or related employment benefits for its members who elect to participate. Such  
15 insurance and benefits may be provided through a group policy or plan secured by the  
16 local school district, a group policy or plan secured by several local school districts, or  
17 a policy or plan secured by an organization of local school boards, ~~or~~ Medical and dental  
18 insurance may also be offered in accordance with Code Section 45-18-5 providing for the  
19 inclusion of members of the local board of education and their spouses and dependents  
20 within any health insurance plan or plans established under Article 1 of Chapter 18 of  
21 Title 45. It shall be the duty of the board to make the employer contributions required for  
22 the operation of such plan or plans. Except as provided in paragraph (3) of this  
23 subsection, a board providing such insurance shall pay no greater percentage of the cost  
24 of that insurance than the percentage of the cost paid as an employer contribution by the  
25 state for the health insurance plan for state employees pursuant to Article 1 of Chapter  
26 18 of Title 45. The remainder of such insurance costs, and all the costs of any coverage

1 for family members, shall be paid as an employee contribution by the board member. It  
2 shall be the duty of the board to deduct from the salary or other remuneration of qualified  
3 members or otherwise collect such payment from the qualified members or dependents.

4 (2) Taxes levied by or on behalf of a local board of education may be expended for  
5 employer contributions, but not employee contributions, required for insurance coverage  
6 of or other benefits for members of that board as provided in paragraph (1) of this  
7 subsection. Taxes levied by or on behalf of a local board of education also may be  
8 expended for contributions authorized in paragraph (3) of this subsection. Such  
9 expenditures on behalf of any member may continue only as long as that member  
10 continues in office and makes any employee contribution required for such coverage.  
11 That member, and eligible dependents thereof, shall be ineligible for coverage pursuant  
12 to the provisions of paragraph (1) of this subsection upon such person's ceasing to serve  
13 as a member of a local board of education. Such expenditures on behalf of any member  
14 in accordance with paragraph (3) of this subsection may continue only as long as that  
15 member continues in office and makes any contribution which is not the result of the  
16 board of education's decision to allow its members to participate in the health insurance  
17 plan. Expenditures authorized by this Code section shall be in addition to, and not in lieu  
18 of, any salary, expense, per diem, or other compensation payable to that member of a  
19 local board of education.

20 (3) If a board member is already a member of a health insurance plan established by  
21 Article 1 of Chapter 18 of Title 45 as a retired employee and the result of the board of  
22 education's decision to allow its members to participate is to establish dual eligibility for  
23 a member and thus to increase the cost to such member of the state insurance plan, then  
24 the local board may pay any additional cost imposed on such member as a result of the  
25 local board's decision to allow its members to participate in coverage under paragraph (1)  
26 of this subsection."
