shall be so arranged in the voting room within the enclosed space as to be in full view of those persons in the room outside the guardrail or barrier. The voting machine or machines shall be placed in the voting rooms within the enclosed space so that, unless its construction shall otherwise require, the ballot labels on the face of the machine can be plainly seen by the poll officers when the machine is not occupied by an elector. In the case of direct recording electronic (DRE) voting units, the units shall be arranged in such a manner as to ensure the privacy of the elector while voting on such units, to allow monitoring of the units by the poll officers while the polls are open, and to permit the public to observe the voting without affecting the privacy of the electors as they vote.

number of votes cast in the nonpartisan election runoff shall be declared duly elected to
such office.

(b) In the case of nonpartisan municipal primaries, the form of the official nonpartisan

The names of all candidates for offices which were covered on July 1, 2001, by a local Act of the General Assembly which has by local Act provided for election in a nonpartisan election without a prior nonpartisan primary shall be printed on each official election ballot; and insofar as practicable such offices to be filled in the nonpartisan election shall be separated from the names of candidates for other offices by being listed last on each ballot, with the top of that portion of each official election ballot relating to the nonpartisan election to have printed in prominent type the words 'OFFICIAL NONPARTISAN ELECTION BALLOT.' Directions that explain how to cast a vote, how to write in a candidate, and how to obtain a new ballot after the elector spoils his or her ballot shall appear immediately under the caption, as specified by rule or regulation of the State Election Board. Immediately under the directions, the name of each such nonpartisan candidate shall be arranged alphabetically by last name under the title of the office for which they are candidates and be printed thereunder. The incumbency of a candidate seeking election for the public office he or she then holds shall be indicated on the ballot. No party designation or affiliation shall appear beside the name of any candidate for nonpartisan office. An appropriate space shall also be placed on the ballot for the casting of write-in votes for such offices. In the event that no candidate in such nonpartisan election receives a plurality majority of the total votes cast for such office, there shall be a nonpartisan election runoff between the candidates receiving the two highest numbers of votes; and the names of such candidates shall be placed on the official ballot at the general election runoff in the same manner as prescribed in this Code section for the nonpartisan election. In the event that only nonpartisan candidates are to be placed on a run-off ballot, the form of the ballot shall be as prescribed by the Secretary of State or election superintendent in essentially the same format as prescribed for the nonpartisan election. The candidate having a plurality majority of the votes cast in the nonpartisan election or the candidate receiving the highest number of votes cast in the nonpartisan election runoff shall be declared duly elected to such office."

(e) Whenever, under this Code section, the question of the adoption of voting machines is about to be submitted to the electors of any county or municipality, it shall be the duty of the governing authority of such county or municipality to ascertain whether current funds will be available to pay for such machines, if adopted and purchased, or whether it has power to increase the indebtedness of the county or municipality in an amount sufficient to pay for the machines without the consent of the electors; and, if such current funds will not be available and the power to increase the indebtedness of the county or municipality in a sufficient amount without the consent of the electors is lacking, it shall be the duty of the governing authority to submit to the electors of the county or municipality, in the manner provided by law, at the same election at which the adoption of voting machines is to be voted on, the question of whether the indebtedness of such county or municipality shall be increased, in an amount specified by them, sufficient to pay for such voting machines, if adopted.

(f) If a majority of the electors voting on such question or questions shall vote in the affirmative, the governing authority of such county or municipality shall purchase, lease, or rent voting machines, conforming to the requirements of this part, for recording and computing the vote at all elections held in such county or municipality."

SECTION 42.

Said chapter is further amended by striking Code Section 21-2-327, relating to preparation of voting machines, and inserting in lieu thereof a new Code Section 21-2-327 to read as follows:

“21-2-327.

(a) The superintendent of each county or municipality shall cause the proper ballot labels to be placed on each voting machine which is to be used in any precinct within such county or municipality, cause each machine to be placed in proper order for voting, examine each machine before it is sent out to a polling place, see that each registering counter on each machine is set at zero, lock each machine so that the counting machinery cannot be operated, and seal each machine with a numbered seal. The superintendent or his or her agent shall adjust each machine to be used at a primary, so that the poll officers may lock it on primary day, in such a way that each elector can vote only for the candidates seeking nomination by the political party in whose primary he or she is then voting and so that no elector can vote for the candidates seeking nomination by any political party in whose primary he or she is not then voting.

(b) The superintendent shall appoint one custodian of voting machines and such deputy custodians as may be necessary, whose duty it shall be to prepare the machines to be used in the county at the primaries and elections to be held therein. Each custodian and deputy custodian shall receive from the county or municipality such compensation as shall be fixed by the governing authority of the county or municipality. Such custodian shall, under the direction of the superintendent, have charge of and represent the superintendent during the preparation of the voting machines as required by this chapter, and he or she and the deputy custodians, whose duty it shall be to assist him or her in the discharge of his or her duties,
shall serve at the pleasure of the superintendent. Each custodian shall take an oath of
office framed by the Secretary of State, which shall be filed with the superintendent.

(c) On or before the twelfth day preceding a primary or election, including special
primaries, special elections, and referendum elections, the superintendent shall mail to the
foreperson of the grand jury, the chairperson of the county executive committee of each
political party which shall be entitled under existing laws to participate in primaries within
the county, and to the chairperson or presiding officer of any organization of citizens within
the county having as its purpose or among its purposes the investigation or prosecution of
primary and election frauds, which has registered its name and address and the names of
its principal officers with the superintendent at least 30 days before such primary or
election, and, in the case of an election, to the appropriate committee of each political body
which shall be entitled to have the names of its candidates entered on the voting machines,
and to each independent candidate who shall be entitled to have his or her name printed on
the voting machines, a written notice stating the times when and the place or places where
preparation of the machines for use in the several precincts in the county will be started.
The grand jury shall appoint a committee, consisting of three of its members, which shall
inspect the machines and see that the machines are properly prepared and are placed in
proper condition and order for use. In the event the committee of the grand jury fails to be
present, the superintendent shall immediately appoint a panel consisting of three electors
to perform the duties of the committee of the grand jury set forth in this Code section.
Further, one representative of each political party or body, certified by the chairperson of
such political party or body, and one representative of each aforementioned organization
of citizens, certified by the chairperson or presiding officer of such organization, and any
such independent candidate or his or her certified agent shall be entitled to be present
during the preparation of the machines and to see that the machines are properly prepared
and are placed in proper condition and order for use. Such committee of the grand jury,
representatives, or candidates shall not, however, interfere with the preparation of the
machines; and the superintendent may make such reasonable rules and regulations
concerning the conduct of such representatives and candidates.
(d) The custodian and deputy custodians of voting machines and the members of the
committee of the grand jury, if any, shall make an affidavit, which each shall sign, and
request each representative of a party, body, or a citizens’ organization, or candidate or his
or her agent present at the preparation of the machine to attest, and which shall be filed
with the superintendent, or in the case of a municipal election or primary, the city clerk,
stating:
(1) The identifying number or other designation of the voting machine;
(2) That each registering counter on the machine was set at zero;
(3) The number registered on the protective counter or other device of the machine; and
(4) The number on the seal with which the machine is sealed.

e) No superintendent nor custodian nor other employee of the superintendent shall, in any way, prevent free access to and examination of all voting machines which are to be used at the primary or election by any of the duly appointed representatives or candidates aforesaid; and the superintendent and his or her employees shall afford to each such representative or candidate every facility for the examination of all registering counters, protective counters, and public counters of each and every voting machine.

(f) In every primary or election, the superintendent shall furnish, at the expense of the county or municipality, all ballot labels, forms of certificates, and other papers and supplies which are required under this chapter and which are not furnished by the Secretary of State, all of which shall be in the form and according to the specifications prescribed from time to time by the Secretary of State. In the case of a municipal primary, ballot labels and other materials necessary for the preparation of the voting machines shall be furnished free of charge to the municipal superintendent by the political party conducting such primary.”

Such machine or machines shall be under the charge and care of a person competent as custodian and instructor. No voting machine which is to be assigned for use in a primary or election shall be used for such public exhibition and instruction after having been prepared and sealed for the primary or election.”
SECTION 44.
Said chapter is further amended by striking subsection (a) of Code Section 21-2-331, relating to designation and compensation of custodians of voting machines and keys, and inserting in lieu thereof a new subsection (a) to read as follows:

“(a) The superintendent, or in the case of municipal primaries or elections, the governing authority, shall designate a person or persons who shall have the custody of the voting machines of the county or municipality and the keys therefor when the machines are not in use at a primary or election and shall provide for his or her compensation and for the safe storage and care of the machines and keys.”

SECTION 45.
Said chapter is further amended by striking Code Section 21-2-333, relating to responsibility of county or municipal governing authority to provide for payment for voting machines, and inserting in lieu thereof a new Code Section 21-2-333 to read as follows:

“21-2-333. The governing authority of any county or municipality which adopts voting machines in a manner provided for by this article shall, upon the purchase of voting machines, provide for their payment by the county or municipality. Bonds or other evidence of indebtedness may be issued in accordance with the provisions of law relating to the increase of indebtedness of counties or municipalities to meet all or any part of the cost of the voting machines.”

SECTION 46.
Said chapter is further amended by striking subsections (b) and (d) of Code Section 21-2-367, relating to installation of optical scanning voting systems, and inserting in lieu thereof new subsections (b) and (d) to read as follows:

“(b) In each precinct in which optical scanning voting systems are used, the county or municipal governing authority, as appropriate, shall provide at least one voting booth or enclosure for each 200 electors therein, or fraction thereof.”

“(d) The county or municipal governing authority, as appropriate, shall provide optical scanning voting systems in good working order and of sufficient capacity to accommodate the names of a reasonable number of candidates for all party offices and nominations and public offices which, under the provisions of existing laws and party rules, are likely to be voted for at any future primary or election.”
SECTION 47.

Said chapter is further amended by striking subsection (b) of Code Section 21-2-369, relating to printing of optical scanning ballots, and inserting in lieu thereof a new subsection (b) to read as follows:

“(b) The arrangement of offices, names of candidates, and questions upon the ballots shall conform as nearly as practicable to this chapter for the arrangement of same on paper ballots; provided, however, that such form may be varied in order to present a clear presentation of candidates and questions to the electors and that the ballots shall not be required to have a name stub.”

SECTION 48.

Said chapter is further amended by striking subsection (b) of Code Section 21-2-374, relating to proper programming of optical scanning systems, and inserting in lieu thereof a new subsection (b) to read as follows:

“(b) On or before the third day preceding a primary or election, including special primaries, special elections, and referendum elections, the superintendent shall have the optical scanning tabulators tested to ascertain that they will correctly count the votes cast for all offices and on all questions. Public notice of the time and place of the test shall be made at least five days prior thereto; provided, however, that, in the case of a runoff, the public notice shall be made at least three days prior thereto. Representatives of political parties and bodies, candidates, news media, and the public shall be permitted to observe such tests. The test shall be conducted by processing a preaudited group of ballots so marked as to record a predetermined number of valid votes for each candidate and on each question and shall include for each office one or more ballots which are improperly marked and one or more ballots which have votes in excess of the number allowed by law in order to test the ability of the optical scanning tabulator to reject such votes. The optical scanning tabulator shall not be approved unless it produces an errorless count. If any error is detected, the cause thereof shall be ascertained and corrected; and an errorless count shall be made before the tabulator is approved. The superintendent shall cause the pretested tabulators to be placed at the various polling places to be used in the primary or election. The superintendent shall require that each optical scanning tabulator be thoroughly tested and inspected prior to each primary and election in which it is used and shall keep such tested material as certification of an errorless count on each tabulator. In counties using central count optical scanning tabulators, the same test shall be repeated immediately before the start of the official count of the ballots and at the conclusion of such count. Precinct tabulators shall produce a zero tape prior to any ballots being inserted on the day of any primary or election.”
SECTION 49.
Said chapter is further amended by striking subsections (b) and (c) of Code Section 21-2-379.6, relating to maintenance of DRE voting systems and supplies, and inserting in lieu thereof new subsections (b) and (c) to read as follows:

“(b) The superintendent may appoint, with the approval of the county or municipal governing authority, as appropriate, a custodian of the DRE units, and deputy custodians as may be necessary, whose duty shall be to prepare the units to be used in the county or municipality at the primaries and elections to be held therein. Each custodian and deputy custodian shall receive from the county or municipality such compensation as shall be fixed by the governing authority of the county or municipality. Such custodian shall, under the direction of the superintendent, have charge of and represent the superintendent during the preparation of the units as required by this chapter. The custodian and deputy custodians shall serve at the pleasure of the superintendent. Each custodian shall take an oath of office prepared by the Secretary of State before each primary or election which shall be filed with the superintendent.

(c) On or before the third day preceding a primary or election, including special primaries, special elections, and referendum elections, the superintendent shall have each DRE unit tested to ascertain that it will correctly count the votes cast for all offices and on all questions in a manner that the State Election Board shall prescribe by rule or regulation. On or before the third day preceding a primary runoff or election runoff, including special primary runoffs and special election runoffs, the superintendent shall test a number of DRE units at random to ascertain that the units will correctly count the votes cast for all offices. If the total number of DRE units in the county or municipality is 30 units or less, all of the units shall be tested. If the total number of DRE units in the county or municipality is more than 30 but not more than 100, then at least one-half of the units shall be tested at random. If there are more than 100 DRE units in the county or municipality, the superintendent shall test at least 15 percent of the units at random. In no event shall the superintendent test less than one DRE unit per precinct. All memory cards to be used in the runoff shall be tested. Public notice of the time and place of the test shall be made at least five days prior thereto; provided, however, that, in the case of a runoff, the public notice shall be made at least three days prior thereto. Representatives of political parties and bodies, news media, and the public shall be permitted to observe such tests.”

SECTION 50.
Said chapter is further amended by striking subsection (b) of Code Section 21-2-380, relating to definition of absentee elector, and inserting in lieu thereof a new subsection (b) to read as follows:

H. B. 244
- 36 -
(b) An elector who requests an absentee ballot by mail or who, during the period of Monday through Friday of the week immediately preceding the date of a primary, election, or run-off primary or election, casts an absentee ballot in person at the registrar’s office or absentee ballot clerk’s office during the period of Monday through Friday of the week immediately preceding the date of a primary, election, or run-off primary or election shall not be required to provide a reason as identified in subsection (a) of this Code section in order to cast an absentee ballot in such primary, election, or run-off primary or election."

SECTION 51.

Said chapter is further amended by striking Code Section 21-2-381, relating to making of application for absentee ballot, and inserting in lieu thereof a new Code Section 21-2-381 to read as follows:

"21-2-381.

(a)(1)(A) Except as otherwise provided in Code Section 21-2-219, not more than 180 days prior to the date of the primary or election, or runoff of either, in which the elector desires to vote, any absentee elector may make, either by mail, by facsimile transmission, or in person in the registrar’s or absentee ballot clerk’s office, an application for an official ballot of the elector’s precinct to be voted at such primary, election, or runoff.

(B) In the case of an elector residing temporarily out of the county or municipality or a physically disabled elector residing within the county or municipality, the application for the elector’s absentee ballot may, upon satisfactory proof of relationship, be made by such elector’s mother, father, grandparent, aunt, uncle, sister, brother, spouse, son, daughter, niece, nephew, grandchild, son-in-law, daughter-in-law, mother-in-law, father-in-law, brother-in-law, or sister-in-law of the age of 18 or over.

(C) The application shall be in writing and shall contain sufficient information for proper identification of the elector; the permanent or temporary address of the elector to which the absentee ballot shall be mailed; the identity of the primary, election, or runoff in which the elector wishes to vote; the reason for requesting the absentee ballot, if applicable; and the name and relationship of the person requesting the ballot if other than the elector.

(D) Except in the case of physically disabled electors residing in the county or municipality, no absentee ballot shall be mailed to an address other than the permanent mailing address of the elector as recorded on the elector’s voter registration record or a temporary out-of-county or out-of-municipality address.

(E) Relatives applying for absentee ballots for electors must also sign an oath stating that facts in the application are true.
(F) If the elector is unable to fill out or sign such elector’s own application because of illiteracy or physical disability, the elector shall make such elector’s mark, and the person filling in the rest of the application shall sign such person’s name below it as a witness.

(G) One timely and proper application for an absentee ballot for use in a primary or election shall be sufficient to require the mailing of the absentee ballot for such primary or election as well as for any runoffs resulting therefrom and for all primaries and elections for federal offices and any runoffs therefrom, including presidential preference primaries, held during the period beginning upon the receipt of such absentee ballot application and extending through the second regularly scheduled general election in which federal candidates are on the ballot occurring thereafter to an eligible absentee elector who lives outside the county or municipality in which the election is held and is also a member of the armed forces of the United States, a member of the merchant marine of the United States, or a spouse or dependent of a member of the armed forces or the merchant marine residing with or accompanying said member or overseas citizen.

(H) Any elector meeting criteria of advanced age or disability specified by rule or regulation of the Secretary of State or State Election Board may request in writing on one application a ballot for a primary as well as for any runoffs resulting therefrom and for the election for which such primary shall nominate candidates as well as any runoffs resulting therefrom. If not so requested by such person a separate and distinct application shall be required for each primary, run-off primary, election, and run-off election. Except as otherwise provided in this paragraph, a separate and distinct application for an absentee ballot shall always be required for the presidential preference primary held pursuant to Article 5 of this chapter and for any special election or special primary.

(2) A properly executed registration card submitted under the provisions of subsection (b) of Code Section 21-2-219, if submitted within 180 days of a primary or election in which the registrant is entitled to vote, shall be considered to be an application for an absentee ballot under this Code section, or for a special absentee ballot under Code Section 21-2-381.1, as appropriate.

(3) All applications for an official absentee ballot that are distributed by a person, entity, or organization shall list thereon all of the legally acceptable categories of absentee electors contained in Code Section 21-2-380 and shall require the elector to select the category which qualifies the elector to vote by absentee ballot, if applicable. No application for an official absentee ballot that is physically attached to a publication that advocates for or against a particular candidate, issue, political party, or political body
shall be distributed by any person, entity, or organization. Such applications, if properly
completed by the elector or other authorized person and returned to the registrar or
absentee ballot clerk, as appropriate, shall be processed by the registrar or absentee ballot
clerk and, if the elector is found to be qualified, an absentee ballot shall be mailed or
delivered in the office of the registrar or absentee ballot clerk to such elector.

(b)(1) Upon receipt of a timely application, a registrar or absentee ballot clerk shall enter
thereon the date received and shall determine if the applicant is eligible to vote in the
primary or election involved. In order to be found eligible to vote an absentee ballot in
person at the registrar’s office or absentee ballot clerk’s office, such person shall show
one of the forms of identification listed in Code Section 21-2-417.

(2) If found eligible, the registrar or absentee ballot clerk shall certify by signing in the
proper place on the application and shall either mail the ballot as provided in this Code
section or issue the ballot to the elector to be voted within the confines of the registrar’s
or absentee ballot clerk’s office or deliver the ballot in person to the elector if such elector
is confined to a hospital.

(3) If found ineligible, the clerk or the board of registrars shall deny the application by
writing the reason for rejection in the proper space on the application and shall promptly
notify the applicant in writing of the ground of ineligibility, a copy of which notification
should be retained on file in the office of the board of registrars or absentee ballot clerk
for at least one year.

(4) If the registrar or clerk is unable to determine the identity of the elector from
information given on the application, the registrar or clerk should promptly write to
request additional information.

(5) In the case of an unregistered applicant who is eligible to register to vote, the clerk
or the board shall immediately mail a blank registration card as provided by Code Section
21-2-223, and such applicant, if otherwise qualified, shall be deemed eligible to vote by
absentee ballot in such primary or election, if the registration card, properly completed,
is returned to the clerk or the board on or before the last day for registering to vote in
such primary or election. If the closing date for registration in the primary or election
concerned has not passed, the clerk or registrar shall also mail a ballot to the applicant,
as soon as it is prepared and available; and the ballot shall be cast in such primary or
election if returned to the clerk or board not later than the close of the polls on the day of
the primary or election concerned.

(c) In those counties or municipalities in which the absentee ballot clerk or board of
registrars provides application forms for absentee ballots, the clerk or board shall provide
such quantity of the application form to the dean of each college or university located in
that county as said dean determines necessary for the students of such college or university.
(d)(1) A citizen of the United States permanently residing outside the United States is entitled to make application for an absentee ballot from Georgia and to vote by absentee ballot in any election for presidential electors and United States senator or representative in Congress:

(A) If such citizen was last domiciled in Georgia immediately before his or her departure from the United States; and

(B) If such citizen could have met all qualifications, except any qualification relating to minimum voting age, to vote in federal elections even though, while residing outside the United States, he or she does not have a place of abode or other address in Georgia.

(2) An individual is entitled to make application for an absentee ballot under paragraph (1) of this subsection even if such individual’s intent to return to Georgia may be uncertain, as long as:

(A) He or she has complied with all applicable Georgia qualifications and requirements which are consistent with 42 U.S.C. Section 1973ff concerning absentee registration for and voting by absentee ballots;

(B) He or she does not maintain a domicile, is not registered to vote, and is not voting in any other state or election district of a state or territory or in any territory or possession of the United States; and

(C) He or she has a valid passport or card of identity and registration issued under the authority of the Secretary of State of the United States or, in lieu thereof, an alternative form of identification consistent with 42 U.S.C. Section 1973ff and applicable state requirements, if a citizen does not possess a valid passport or card of identity and registration.

(e) The Secretary of State State Election Board is authorized to promulgate reasonable rules and regulations for the implementation of paragraph (1) of subsection (a) of this Code section. Said rules and regulations may include provisions for the limitation of opportunities for fraudulent application, including, but not limited to, comparison of voter registration records with death certificates.

SECTION 52.

Said chapter is further amended by adding a new Code Section 21-2-381.2 to read as follows:

“21-2-381.2.

(a) The Secretary of State shall design a state write-in absentee ballot for federal offices and state offices that are voted upon on a state-wide basis for use in a primary runoff or election runoff by an eligible absentee elector who lives outside the county or municipality in which the election is held and who is:

(b) Such state write-in absentee ballot shall be automatically included with any absentee ballot sent to such eligible absentee electors for any general primary or general election. No special request for such state write-in absentee ballot shall be required.

(c) The state write-in absentee ballot shall contain instructions for completing and returning such ballot.

(d) The Secretary of State shall establish a website which such eligible absentee electors may access to determine if there is a primary runoff or election runoff for a federal office or a state office that is voted upon on a state-wide basis. The address of such website shall be included in the instructions for voting such state write-in absentee ballot.

(e) The State Election Board may provide by rule or regulation for additional means of transmitting the state write-in absentee ballot to eligible absentee electors including, but not limited to, the use of facsimile transmissions and portable document format electronic versions.

(f) The registrars shall send a regular absentee ballot to such eligible absentee electors in accordance with Code Section 21-2-381. In the event that both the regular absentee ballot and the state write-in absentee ballot are received by the registrars within the time period for receiving absentee ballots, the regular absentee ballot shall be counted and the state write-in absentee ballot shall be kept unopened in the same manner as absentee ballots that are returned too late to be counted. Ballots for primary runoffs and election runoffs that are postmarked by the date of the primary runoff or election runoff, if proper in all other respects, shall be counted if received by the registrars within the three day period following such primary runoff or election runoff."

SECTION 53.

Said chapter is further amended by striking subsections (a), (c), and (d) of Code Section 21-2-384, relating to preparation and delivery of absentee ballot supplies, and inserting in lieu thereof new subsections (a), (c), and (d) to read as follows:

"(a)(1) The superintendent shall, as soon as practicable prior to each primary or election, but must, at least 45 days prior to any general primary or general election other than a municipal general primary or general election, and at least 21 days prior to any municipal general primary or general election, prepare, obtain, and deliver an adequate supply of official absentee ballots to the board of registrars or absentee ballot clerk for use in the

SECTION 54.
Said chapter is further amended by striking paragraph (1) of subsection (a) and subsection
(e) of Code Section 21-2-386, relating to safekeeping, certification, and validation of

as follows:
(a)(1)(A) The board of registrars or absentee ballot clerk shall keep safely and
unopened all official absentee ballots received from absentee electors prior to the
closing of the polls on the day of the primary or election except as otherwise provided
in this subsection.
(B) Upon receipt of each ballot, a registrar or clerk shall write the day and hour of the
receipt of the ballot on its envelope. The registrar or clerk shall then compare the

shall compare the signature or mark on the oath with the signature or mark on the

mark taken from said application, and shall, if the information and signature appear to
be valid, so certify by signing or initialing his or her name below the voter’s oath. Each
 elector’s name so certified shall be listed by the registrar or clerk on the numbered list
of absentee voters prepared for his or her precinct.
(C) If the elector has failed to sign the oath, or if the signature does not appear to be
valid, or if the elector has failed to furnish required information or information so
furnished does not conform with that on file in the registrar’s or clerk’s office, or if the
elector is otherwise found disqualified to vote, the registrar or clerk shall write across
the face of the envelope 'Rejected,' giving the reason therefor. The board of registrars
or absentee ballot clerk shall promptly notify the elector of such rejection, a copy of
which notification shall be retained in the files of the board of registrars or absentee
ballot clerk for at least one year.
(D) An elector who registered to vote by mail, but did not comply with subsection (c)

ballot shall include with his or her application for an absentee ballot or in the outer oath envelope of his or her absentee ballot either one of the forms of identification listed in subsection (a) of Code Section 21-2-417 or a copy of a current utility bill, bank statement, government check, paycheck, or other government document that shows the name and address of such elector. If such elector does not provide any of the forms of identification listed in this subparagraph with his or her application for an absentee ballot or with the absentee ballot, such absentee ballot shall be deemed to be a provisional ballot and such ballot shall only be counted if the registrars are able to verify current and valid identification of the elector as provided in this subparagraph within the time period for verifying provisional ballots pursuant to Code Section 21-2-419.

(E) Three copies of the numbered list of voters shall also be prepared for such rejected absentee electors, giving the name of the elector and the reason for the rejection in each case. Three copies of the numbered list of certified absentee voters and three copies of the numbered list of rejected absentee voters for each precinct shall be turned over to the poll manager in charge of counting the absentee ballots and shall be distributed as required by law for numbered lists of voters.

(F) All absentee ballots returned to the board or absentee ballot clerk after the closing of the polls on the day of the primary or election shall be safely kept unopened by the board or absentee ballot clerk and then transferred to the appropriate clerk for storage for the period of time required for the preservation of ballots used at the primary or election and shall then, without being opened, be destroyed in like manner as the used ballots of the primary or election. The board of registrars or absentee ballot clerk shall promptly notify the elector by first-class mail that the elector’s ballot was returned too late to be counted and that the elector will not receive credit for voting in the primary or election. open the envelopes and write ‘Challenged,’ the elector’s name, and the alleged cause of
challenge on the back of the ballot, without disclosing the markings on the face thereof, and
shall deposit the ballot in the box; and it shall be counted as other challenged ballots are
counted. In the case of absentee votes cast on direct recording electronic voting systems,
the ballots shall be coded in such a way that the ballot of a challenged voter can be
separated from other valid ballots at the time of tabulation and the challenged ballots shall
be counted or rejected in accordance with Code Section 21-2-230. Where direct recording
electronic voting systems are used for absentee balloting and a challenge to an elector’s
right to vote is made prior to the time that the elector votes, the elector shall vote on a paper
or optical scanning ballot and such ballot shall be handled as provided in this subsection.
The board of registrars or absentee ballot clerk shall promptly notify the elector of such
challenge.”

(b) Such person voting a provisional ballot shall complete an official voter registration form and a provisional ballot voting certificate which shall include information about the place, manner, and approximate date on which the person registered to vote. The person

H. B. 244
- 52 -
shall swear or affirm in writing that he or she previously registered to vote in such primary or election, is eligible to vote in such primary or election, has not voted previously in such primary or election, and meets the criteria for registering to vote in such primary or election. (d) Notwithstanding any provision of this chapter to the contrary, in primaries and elections in which there is a federal candidate on the ballot, in the event that the time for closing the polls at a polling place or places is extended by court order, all electors who vote during such extended time period shall vote by provisional ballot only. Such ballots shall be separated and held apart from other provisional ballots cast by electors during normal poll hours. Primaries and elections in which there is no federal candidate on the ballot shall not be subject to the provisions of this subsection.

(e) The registrars shall establish a free access system, such as a toll-free telephone number or Internet website, by which any elector who casts a provisional ballot in a primary or election, or runoff of either, in which federal candidates are on the ballot may ascertain whether such ballot was counted and, if such ballot was not counted, the reason why such ballot was not counted. The registrars shall establish and maintain reasonable procedures necessary to protect the security, confidentiality, and integrity of personal information collected, stored, or otherwise used by such free access system. Access to such information about an individual provisional ballot shall be restricted to the elector who cast such ballot.

(f) At the time an elector casts a provisional ballot, the poll officers shall give the elector written information that informs the elector of the existence of the free access system required by subsection (e) of this Code section by which the elector will be able to ascertain if his or her ballot was counted and, if such ballot was not counted, the reason why such ballot was not counted.

(g) Failure to establish such free access system shall subject the registrars and the county by which the registrars are employed to sanctions by the State Election Board.

(h) Notwithstanding any other provision of this chapter to the contrary, in the event that the voting machines or DRE units at a polling place malfunction and cannot be used to cast ballots or some other emergency situation exists which prevents the use of such equipment to cast votes, provisional ballots may be used by the electors at the polling place to cast their ballots. In such event, the ballots cast by electors whose names appear on the electors list for such polling place shall not be considered provisional ballots and shall not require
verification as provided by Code Section 21-2-419; provided, however, that persons whose names do not appear on the electors list for such polling place shall vote provisional ballots which shall be subject to verification under Code Section 21-2-419."

If either number shall be found not to agree, the envelope shall remain unopened until the poll officers shall have notified the proper custodian of voting machines; or the superintendent and until the custodian or some other person authorized by the superintendent shall have presented himself or herself at the polling place for the purpose of reexamining the machine and shall have certified that it is properly arranged. But, if the numbers on the seal and the protective counter or device shall both be found to agree with the numbers on the envelope, the envelope shall be opened, and where the voting machine provided is not equipped with a mechanism for printing paper proof sheets, the poll officers shall examine the registering counters and, for that purpose, shall open the doors concealing such counter, if the construction of the voting machine shall so require; and, before the polls are opened, each manager shall carefully examine every counter and shall see that it registers zero. When the voting machine provided is equipped with a mechanism for printing paper proof sheets and requires the simultaneous use of three keys to unlock the registering counters or counter compartment, the chief manager shall deliver one of the two keys to an assistant manager, to be retained by him or her, and shall then print at least two proof sheets, one of which each manager shall carefully examine to ascertain whether every counter registers zero and shall then preserve such proof sheets to be signed by them and returned to the superintendent, with the duplicate return sheet, and shall sign and post the other proof sheet upon the wall of the polling place, where it shall remain until the polls are closed. The key delivered by the chief manager to such assistant manager, as provided in this subsection, shall be retained by him or her until the polls have been closed; and the voting and counting mechanism of the machine shall have been locked and sealed against voting and shall then be returned to the chief manager, for return by him or her to the superintendent, as provided in this part."

**SECTION 63.**

Said chapter is further amended by striking Code Section 21-2-501, relating to number of votes required for election, and inserting in lieu thereof a new Code Section 21-2-501 to read as follows:

"21-2-501. (a) Except as otherwise provided in this Code section, no candidate shall be nominated for public office in any primary or special primary or elected to public office in any election or special election unless such candidate shall have received a majority of the votes cast to fill such nomination or public office. In instances where no candidate receives a majority of the votes cast, a run-off primary, special primary runoff, run-off election, or
special election runoff between the candidates receiving the two highest numbers of votes shall be held. Unless such date is postponed by a court order, such run-off primary or special primary runoff or special election runoff shall be held on the twenty-first day after the day of holding the preceding primary or special primary or special election, provided that, unless postponed by court order, a runoff in the case of a special primary election or special election shall be held no sooner than the fourteenth day and no later than the twenty-first day on the twenty-eighth day after the day of holding the preceding special primary election or special election, which run-off day shall be determined by the Secretary of State in a runoff to fill a federal or state office or by the superintendent in a runoff to fill a county or militia district office. If any candidate eligible to be in a runoff withdraws, dies, or is found to be ineligible, the remaining candidates receiving the two highest numbers of votes shall be the candidates in the runoff. The candidate receiving the highest number of the votes cast in such run-off primary, special primary runoff, run-off election, or special election runoff to fill the nomination or public office sought shall be declared the winner. The name of a write-in candidate eligible for election in a runoff shall be printed on the election or special election run-off ballot in the independent column. The run-off primary, special primary runoff, run-off election, or special election runoff shall be a continuation of the primary, special primary, election, or special election for the particular office concerned. Only the electors who were duly registered to vote and not subsequently deemed disqualified to vote in the primary, special primary, election, or special election for candidates for that particular office shall be entitled to vote therein, and only those votes cast for the persons designated as candidates in such run-off primary, special primary runoff, run-off election, or special election runoff shall be counted in the tabulation and canvass of the votes cast. No elector shall vote in a run-off primary or special primary runoff in violation of Code Section 21-2-224.

(b) For the purposes of this subsection and notwithstanding the provisions of paragraph (22) of Code Section 21-2-2, the word 'plurality' shall mean the receiving by one candidate alone of the highest number of votes cast. If the municipal charter or ordinances of a municipality as now existing or as amended subsequent to September 1, 1968, provide that a candidate may be nominated or elected by a plurality of the votes cast to fill such nomination or public office, such provision shall prevail. Otherwise, no municipal candidate shall be nominated for public office in any primary or elected to public office in any election unless such candidate shall have received a majority of the votes cast to fill such nomination or public office.

(c) In instances in which no municipal candidate receives a majority of the votes cast and the municipal charter or ordinances do not provide for nomination or election by a plurality vote, a run-off primary or election shall be held between the candidates receiving the two
highest numbers of votes. Such runoff shall be held on the twenty-first twenty-eighth day after the day of holding the first primary or election, unless such run-off date is postponed by court order. Only the electors entitled to vote in the first primary or election shall be entitled to vote in any run-off primary or election resulting therefrom; provided, however, that no elector shall vote in a run-off primary in violation of Code Section 21-2-216. The run-off primary or election shall be a continuation of the first primary or election, and only those votes cast for the candidates receiving the two highest numbers of votes in the first primary or election shall be counted. No write-in votes may be cast in such a primary, run-off primary, or run-off election. If any candidate eligible to be in a runoff withdraws, dies, or is found to be ineligible, the remaining candidates receiving the two highest numbers of votes shall be the candidates in such runoff. The municipal candidate receiving the highest number of the votes cast in such run-off primary or run-off election to fill the nomination or public office sought shall be declared the winner.

(d) The name of a municipal write-in candidate eligible for election in a municipal runoff shall be printed on the municipal run-off election ballot in the independent column.

(e) In all cities having a population in excess of 100,000 according to the United States decennial census of 1980 or any future such census, in order for a municipal candidate to be nominated for public office in any primary or elected to public office in any municipal election, he or she must receive a majority of the votes cast.

(f) Except for presidential electors, to be elected to public office in a general election, a candidate must receive a plurality majority of the votes cast in an election to fill such public office. To be elected to the office of presidential electors, no slate of candidates shall be required to receive a plurality majority of the votes cast, but that slate of candidates shall be elected to such office which receives the highest number of votes cast.

(g) In the event that no candidate receives a plurality of the votes cast in a general election, a runoff of the general election between the candidates receiving the two highest numbers of votes shall be held. If more than one candidate in a general election receives a plurality of the votes cast, the candidate receiving the highest number of votes cast shall be declared the winner. Unless such date is postponed by a court order, such runoff shall be held on the twenty-first day after the day of holding the preceding general election. If any candidate eligible to be in such runoff withdraws, dies, or is found to be ineligible, the remaining candidates receiving the two highest numbers of votes shall be the candidates in the runoff. The candidate receiving the highest number of the votes cast in such runoff to fill the public office such candidate seeks shall be declared the winner. The name of a write-in candidate eligible for election in a runoff shall be printed on the run-off election ballot in the independent column. The run-off election of a general election shall be a continuation of the general election for the particular office concerned. Only the electors
who were duly registered to vote and not subsequently deemed disqualified to vote for that
particular office in such general election shall be entitled to vote therein, and only those
votes cast for the persons designated as candidates in such runoff shall be counted in the
tabulation and canvass of the votes cast."

SECTION 64.

Said chapter is further amended by striking subsections (b) and (e) of Code Section 21-2-540,
relating to conduct of special elections generally, and inserting in lieu thereof new
subsections (b) and (e) to read as follows:

"(b) At least 29 days shall intervene between the call of a special primary and the holding
of same, and at least 29 days shall intervene between the call of a special election and the
holding of same. The period during which candidates may qualify to run in a special
primary or a special election shall remain open for a minimum of two and one-half days.  Municipal special Special elections which are to be held in conjunction with a state-wide
primary or state-wide general election shall be called at least 60 days prior to the
date of such state-wide general primary or state-wide general election; provided, however,
that this requirement shall not apply to special elections held on the same date as such
state-wide primary or state-wide general election but conducted completely
separate and apart from such state-wide general primary or state-wide general election
using different ballots or voting equipment, facilities, poll workers, and paperwork."

"(e) Candidates in special elections for partisan offices shall not
be listed on the ballot
according to party affiliation unless a candidate has been nominated in a special primary,
in which event such a candidate shall have his or her name placed in a column under the
name of his or her party. The incumbency of a candidate seeking election for the public
office he or she then holds shall be indicated on the ballot."

SECTION 65.

Said chapter is further amended by adding a new Code Section 21-2-603 to read as follows:

"21-2-603.

A person commits the offense of conspiracy to commit election fraud when he or she
conspires or agrees with another to commit a violation of this chapter. The crime shall be
complete when the conspiracy or agreement is effected and an overt act in furtherance
thereof has been committed, regardless of whether the violation of this chapter is
consummated. A person convicted of the offense of conspiracy to commit election fraud
involving a violation of this chapter which is a felony shall be punished by imprisonment
for not less than one year nor more than one-half the maximum period of time for which
he or she could have been sentenced if he or she had been convicted of the crime conspired
to have been committed, by one-half the maximum fine to which he or she could have been
subjected if he or she had been convicted of such crime, or both. A person convicted of the
offense of conspiracy to commit election fraud involving a violation of this chapter which
is a misdemeanor shall be punished as for a misdemeanor."

SECTION 66.

Code Section 40-5-103 of the O.C.G.A., relating to fee for identification cards, is amended
by adding a new subsection (d) to read as follows:

"(d) The department shall not be authorized to collect a fee for an identification card from
any person:

(1) Who swears under oath that he or she is indigent and cannot pay the fee for an
identification card, that he or she desires an identification card in order to vote in a
primary or election in Georgia, and that he or she does not have any other form of
identification that is acceptable under Code Section 21-2-417 for identification at the
polls in order to vote; and

(2) Who produces evidence that he or she is registered to vote in Georgia.

This subsection shall not apply to a person who has been issued a driver’s license in this
state."

SECTION 67.

In the event any Code section, subsection, paragraph, subparagraph, item, sentence, clause,
phrase, or word of this Act is declared or adjudged to be invalid or unconstitutional, such
declaration or adjudication shall not affect the remaining portions of this Act, which shall
remain of full force and effect as if such portion so declared or adjudged invalid or
unconstitutional were not originally a part of this Act. The General Assembly declares that
it would have enacted the remaining parts of this Act if it had known that such portion
thereof would be declared or adjudged invalid or unconstitutional.

SECTION 68.

Except for Section 13, this Act shall become effective on July 1, 2005. Section 13 shall
become effective on January 1, 2006.

SECTION 69.

All laws and parts of laws in conflict with this Act are repealed.
