

House Bill 1314

By: Representatives Borders of the 175th, Scott of the 153rd, Gardner of the 57th, Ray of the 136th, Hugley of the 133rd, and others

A BILL TO BE ENTITLED
AN ACT

1 To amend Chapter 7 of Title 31 of the Official Code of Georgia Annotated, relating to health
2 care facilities, so as to provide a short title; to provide definitions; to require certain reports
3 by hospitals and ambulatory surgical centers concerning hospital acquired infections; to
4 require certain reports by the Department of Human Resources; to provide for an advisory
5 committee and its membership and duties; to provide for sanctions for failure to make
6 reports; to provide for enforcement; to provide for sanctions for violations; to provide for
7 privacy; to provide for publication and availability of such reports; to authorize the
8 department to promulgate rules and regulations; to provide for related matters; to repeal
9 conflicting laws; and for other purposes.

10 BE IT ENACTED BY THE GENERAL ASSEMBLY OF GEORGIA:

11 **SECTION 1.**

12 Chapter 7 of Title 31 of the Official Code of Georgia Annotated, relating to health care
13 facilities, is amended by adding a new Article 16 to read as follows:

14 "ARTICLE 16

15 31-7-430.

16 This article shall be known and may be cited as the 'Hospital Infections Disclosure Act.'

17 31-7-431.

18 As used in this article, the term:

19 (1) 'Ambulatory surgical center' means any building or facility, not under the operation
20 or control of a hospital, which is primarily devoted to the provision of surgical treatment
21 to patients not requiring hospitalization and which is classified by the department as an
22 ambulatory surgical treatment center.

23 (2) 'Department' means the Georgia Department of Human Resources.

1 (3) 'Hospital' means any building, facility, or place in which are provided two or more
2 beds and other facilities and services that are used for persons received for examination,
3 diagnosis, treatment, surgery, maternity care, nursing care, or personal care for periods
4 continuing for 24 hours or longer and which is classified by the department, as provided
5 for in this chapter, as a hospital.

6 (4) 'Hospital acquired infection' means a localized or systemic condition that:

7 (A) Results from adverse reaction to the presence of an infectious agent or agents or
8 its toxin or toxins; and

9 (B) Was not present or incubating at the time of admission to the hospital or
10 ambulatory surgical center.

11 31-7-432.

12 (a) Individual hospitals and ambulatory surgical centers shall collect data on hospital
13 acquired infection rates for the specific clinical procedures determined by the department
14 by rule and regulation, including the following categories:

15 (1) Surgical site infections;

16 (2) Ventilator associated pneumonia;

17 (3) Central line related bloodstream infections;

18 (4) Urinary tract infections; and

19 (5) Other categories as provided under subsection (d) of this Code section.

20 (b)(1) Hospitals and ambulatory surgical centers shall submit quarterly reports on their
21 hospital acquired infection rates to the department. Quarterly reports shall be submitted,
22 in a format set forth in rules and regulations promulgated by the department, to the
23 department by April 30, July 31, October 31, and January 31 of each year for the previous
24 quarter. Data in quarterly reports must cover a period ending not earlier than one month
25 prior to submission of the report. Quarterly reports shall be made available to the public
26 at each hospital and ambulatory surgical center and through the department. The first
27 quarterly report shall be due July 1, 2007.

28 (2) If the hospital or ambulatory surgical center is a division or subsidiary of another
29 entity that owns or operates other hospitals, ambulatory surgical centers, or related
30 facilities, the quarterly report shall be for the specific division or subsidiary and not for
31 the other entity.

32 (c)(1) The commissioner of human resources shall appoint an advisory committee which
33 shall include representatives from public and private hospitals and ambulatory surgical
34 centers, including representatives of hospital and ambulatory surgical center infection
35 control departments; direct care nursing staff; physicians; epidemiologists with expertise
36 in hospital acquired infections; academic researchers; consumer organizations; health

1 insurers; health maintenance organizations; and purchasers of health insurance, such as
2 employers. The advisory committee shall have a majority of members representing
3 interests other than hospitals.

4 (2) The advisory committee shall assist the department in the development of all aspects
5 of the department's methodology for collecting, analyzing, and disclosing the information
6 collected under this article, including collection methods, formatting, and methods and
7 means for release and dissemination.

8 (3) In developing the methodology for collecting and analyzing the infection rate data,
9 the department and advisory committee shall consider existing methodologies and
10 systems for data collection, such as the Centers for Disease Control and Prevention's
11 National Nosocomial Infections Surveillance System, or its successor; however, the
12 department's discretion to adopt a methodology shall not be limited or restricted to any
13 existing methodology or system. The data collection and analysis methodology shall be
14 disclosed to the public prior to any public disclosure of hospital acquired infection rates.

15 (4) The department and the advisory committee shall evaluate on a regular basis the
16 quality and accuracy of hospital and ambulatory surgical center information reported
17 under this article and the data collection, analysis, and dissemination methodologies.

18 (d) The department may, after consultation with the advisory committee, require hospitals
19 and ambulatory surgical centers to collect data on hospital acquired infection rates in
20 categories additional to those set forth in subsection (a) of this Code section.

21 31-7-433.

22 (a) The department shall annually submit to the General Assembly a report summarizing
23 the hospital and ambulatory surgical center quarterly reports and shall publish the annual
24 report on its website. The first annual report shall be submitted and published on or before
25 July 1, 2008. The department may issue quarterly informational bulletins at its discretion,
26 summarizing all or part of the information submitted in the hospital and ambulatory
27 surgical center quarterly reports.

28 (b) All reports issued by the department shall be risk adjusted.

29 (c) The annual report shall compare the risk adjusted hospital acquired infection rates,
30 collected under Code Section 31-7-432, for each individual hospital and ambulatory
31 surgical center in the state. The department, in consultation with the advisory committee,
32 shall make this comparison as easy to comprehend as possible. The report shall also
33 include an executive summary, written in plain language, that shall include, but not be
34 limited to, a discussion of findings, conclusions, and trends concerning the overall state of
35 hospital acquired infections in the state, including a comparison to prior years. The report
36 may include policy recommendations, as appropriate.

1 (d) The department shall publicize the report and its availability as widely as practical to
2 interested parties, including, but not limited to, hospitals, providers, media organizations,
3 health insurers, health maintenance organizations, purchasers of health insurance,
4 consumer or patient advocacy groups, and individual consumers. The annual report shall
5 be made available to any person upon request.

6 (e) No hospital or ambulatory surgical center report or department disclosure may contain
7 information identifying a patient, employee, or licensed health care professional in
8 connection with a specific infection incident.

9 31-7-434.

10 It is the intent of the General Assembly that a patient's right of confidentiality shall not be
11 violated in any manner. Patient social security numbers and any other information that
12 could be used to identify an individual patient shall not be released notwithstanding any
13 other provision of law to the contrary.

14 31-7-435.

15 (a) A determination that a hospital or ambulatory surgical center has violated the
16 provisions of this article may result in any of the following:

17 (1) Revocation or suspension of permits to operate; and

18 (2) Civil penalties of up to \$1,000 per day per violation for each day the hospital or
19 ambulatory surgical center is in violation of this article.

20 (b) Such determinations shall be made in accordance with Article 1 of Chapter 5 of this
21 title.

22 31-7-436.

23 (a) The department shall be responsible for ensuring compliance with this article as a
24 condition of licensure or permitting under this chapter and shall enforce such compliance.

25 (b) The department is authorized to promulgate such rules and regulations as necessary in
26 order to carry out its duties under this article."

27 **SECTION 2.**

28 All laws and parts of laws in conflict with this Act are repealed.
