

The House Committee on Higher Education offers the following substitute to HB 458:

A BILL TO BE ENTITLED  
AN ACT

1 To amend Part 2 of Article 2 of Chapter 3 of Title 20 of the Official Code of Georgia  
2 Annotated, relating to the university system, so as to encourage all universities under the  
3 management of the board of regents which offer a four-year degree to establish a teacher  
4 education program; to provide for legislative findings and intent; to provide for related  
5 matters; to provide an effective date; to provide for applicability; to repeal conflicting laws;  
6 and for other purposes.

7 **BE IT ENACTED BY THE GENERAL ASSEMBLY OF GEORGIA:**

8 **SECTION 1.**

9 The General Assembly finds that each year in Georgia the demand grows for qualified  
10 teachers as the population expands. While the board of regents has encouraged all  
11 institutions with teacher education programs to implement aggressive recruitment policies  
12 to increase the number and raise the caliber and diversity of teacher candidates in order to  
13 balance supply and demand, the teacher shortage in Georgia continues to grow. The General  
14 Assembly finds further that increasing the number of teacher education programs at  
15 universities across this state would reduce the shortage of educators in these areas and  
16 significantly increase the number of qualified and available teachers in Georgia. Therefore,  
17 it is the intent of this legislation to encourage the board of regents to increase the supply of  
18 quality teachers throughout this state by mandating teacher education programs at  
19 universities offering four-year degree programs.

20 **SECTION 2.**

21 Part 2 of Article 2 of Chapter 3 of Title 20 of the Official Code of Georgia Annotated,  
22 relating to the university system, is amended by adding a new Code section as follows:  
23 "20-3-88.

24 Each university under the management and control of the Board of Regents of the  
25 University System of Georgia which offers a four-year degree shall be encouraged to

1 establish and offer a teacher education program. The program should be a four-year degree  
2 and meet such requirements and qualifications as will meet the standards for certification  
3 in Georgia for teachers in elementary and secondary education."

4 **SECTION 3.**

5 This Act shall become effective on July 1, 2007, provided that the education programs  
6 established by this Act are not required to be made available until August 1, 2008.

7 **SECTION 4.**

8 All laws and parts of laws in conflict with this Act are repealed.
