A BILL TO BE ENTITLED  
AN ACT

1 To amend Article 7 of Chapter 20 of Title 47 of the Official Code of Georgia Annotated,  
2 relating to the Public Retirement Systems Investment Authority Law, so as to provide a short  
3 title; to provide for legislative findings; to provide for definitions; to require that boards  
4 administering public retirement funds of this state identify all companies in which public  
5 funds are invested that are doing certain types of investments in Iran; to require such boards  
6 to create and maintain certain scrutinized company lists that name all such companies; to  
7 require such boards to periodically contact all scrutinized companies and encourage them to  
8 refrain from engaging in certain types of investments in Iran; to require such boards to  
9 inform scrutinized companies of their status as a scrutinized company and to ask for  
10 clarification as to the nature of each company's business activities; to provide that a company  
11 may be removed from the list under certain conditions; to provide for the reintroduction of  
12 a company onto the list; to provide for the divestment of all directly held, publicly traded

15 companies that have certain active investments; to provide exceptions to the investment  
16 prohibition; to provide an additional exception from the divestment requirement and the  
17 investment prohibition to certain indirect holdings in actively managed investment funds; to  
18 require such boards to request that the managers of such investment funds consider removing  
19 scrutinized companies from the fund or creating a similar fund that excludes such companies;  
20 to require certain reports; to provide for termination of such prohibitions and divestments;  
21 to provide for certain notices; to provide for related matters; to repeal conflicting laws; and  
22 for other purposes.

23 BE IT ENACTED BY THE GENERAL ASSEMBLY OF GEORGIA:

24 **SECTION 1.**

25 This Act shall be known and may be cited as the "Protecting Georgia's Investments Act."

**SECTION 2.**

1  
2 The General Assembly finds that:

3 (1) In 2001, the federal Securities and Exchange Commission determined that companies  
4 with business operations in terrorist-sponsored states are exposed to a special risk category  
5 known as global security risk: the risk to share value and corporate reputation stemming  
6 from the intersection of a publicly traded company's international business activities and  
7 security-related concerns, such as terrorism and weapons proliferation;

8 (2) In response to the financial risk posed by investments in companies doing business  
9 with a state that sponsors terrorists, the federal Securities and Exchange Commission  
10 established its Office of Global Security Risk to provide for enhanced disclosure of  
11 material information regarding such companies;

12 (3) According to the former chair of the federal Securities and Exchange Commission  
13 Laura Unger, the fact that a foreign company is doing material business with a country,  
14 government, or entity on OFAC's sanctions list is, in the view of the staff of the federal  
15 Securities and Exchange Commission, substantially likely to be significant to a reasonable  
16 investor's decision about whether to invest in that company;

17 (4) A 2006 report by the United States House of Representatives Committee on  
18 Appropriations states that "a company's association with sponsors of terrorism and human  
19 rights abuses, no matter how large or small, can have a materially adverse result on a public  
20 company's activities, financial condition, earnings, and stock prices, all of which can  
21 negatively affect the value of an investment";

22 (5) Iran tops the United States State Department's list of state sponsors of terrorism,  
23 funding such groups as Hamas, Hezbollah, and Islamic Jihad, as well as fueling the  
24 insurgency in Iraq via its Al-Quds force;

25 (6) The United States imposed sanctions on Iran by designating the Islamic Revolutionary  
26 Guard Corps, its Al-Quds Force, and three state-owned banks as weapons proliferators and  
27 supporters of terrorism;

28 (7) The United Nations Security Council has twice voted unanimously to impose sanctions  
29 on Iran for its failure to suspend its uranium-enrichment activities calling for an additional  
30 embargo on Iranian arms exports, which is a freeze on assets abroad of an expanded list of  
31 individuals and companies involved in Iran's nuclear and ballistic missile programs, and  
32 calls for nations and institutions to bar new grants or loans to Iran except for humanitarian  
33 and developmental purposes;

34 (8) Foreign entities have invested in Iran's petroleum energy sector despite United States  
35 and United Nations sanctions against Iran;

1 (9) All entities that have invested more than \$20 million in any given year in Iran's  
2 petroleum sector since August 5, 1996, are subject to sanctions under United States law  
3 pursuant to the Iran Sanctions Act of 1996;

4 (10) The United States renewed the Iran Sanctions Act of 1996 in 2001 and 2006;

5 (11) It is a fundamental responsibility of the State of Georgia to decide where, how, and  
6 by whom financial resources in its control should be invested, taking into account  
7 numerous pertinent factors;

8 (12) While divestiture should be considered with the intent to improve investment  
9 performance, by the rules of prudence, fiduciaries must take into account all relevant  
10 substantive factors in arriving at an investment decision;

11 (13) The State of Georgia is deeply concerned about investments in publicly traded  
12 companies that have investments in Iran's petroleum sector as a financial risk to the  
13 shareholders;

14 (14) By investing in publicly traded companies having investments in Iran's petroleum  
15 sector, public retirement systems are putting their funds at substantial financial risk;

16 (15) Divestiture from markets that are vulnerable to embargo, loan restrictions, and  
17 sanctions from the United States and the international community, including the United  
18 Nations Security Council, is in accordance with the rules of prudence;

19 (16) This Act should remain in effect only insofar as it continues to be consistent with and  
20 does not unduly interfere with the foreign policy of the United States as determined by the  
21 federal government; and

22 (17) To protect Georgia's assets, it is in the best interest of the state to enact a statutory  
23 prohibition regarding the investments managed by public retirement systems doing  
24 business in Iran's petroleum-energy sector.

### 25 **SECTION 3.**

26 Article 7 of Chapter 20 of Title 47 of the Official Code of Georgia Annotated, relating to the

10 in an account or fund, such as a mutual fund, managed by one or more persons not  
11 employed by the public fund, in which the public fund owns shares or interests together  
12 with other investors not subject to the provisions of this Code section.

18 company becoming a scrutinized company.
- 19 (10) 'Scrutinized company' means any company that has, with actual knowledge, on or  
20 after August 5, 1996, made an investment of \$20 million or more in Iran's petroleum  
21 sector which directly or significantly contributes to the enhancement of Iran's ability to  
22 develop the petroleum resources of Iran.
- 23 (11) 'Substantial action specific to Iran' means adopting, publicizing, and implementing  
24 a formal plan to cease scrutinized business activities within one year and to refrain from  
25 any such new business activities.
- 26 (b) On or before October 1, 2008, each public fund shall make its best efforts to identify  
27 all scrutinized companies in which the public fund has direct or indirect holdings. Such  
28 efforts include reviewing and relying, as appropriate in the public fund's judgment, on  
29 publicly available information regarding companies that have invested more than \$20  
30 million in any given year since August 5, 1996, in Iran's petroleum energy sector,  
31 including information provided by nonprofit organizations, research firms, international  
32 organizations, and government entities.
- 33 (c) By the first meeting of each board responsible for the management of a public fund  
34 after October 1, 2008, the board shall assemble all scrutinized companies that fit the criteria  
35 specified in paragraph (10) of subsection (a) of this Code section into a 'Scrutinized  
36 Companies with Activities in the Iran Petroleum Energy Sector List.'

1 (d) The board of each public fund shall update and make publicly available annually the  
2 Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List based on  
3 evolving information from, among other sources, those listed in subsection (b) of this Code  
4 section.

5 (e) Each public fund shall adhere to the following procedure for assembling companies on  
6 the Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List:

7 (1) For each company in which the public fund has direct holdings newly identified  
8 under subsection (c) of this Code section, the public fund shall send a written notice  
9 informing the company of its scrutinized company status and that it may become subject  
10 to divestment by the public fund. The notice must inform the company of the opportunity  
11 to clarify its Iran related activities and encourage the company, within 90 days, to cease  
12 its scrutinized business activities or convert such activities to inactive business activities  
13 in order to avoid qualifying for divestment by the public fund. Such notice shall be sent  
14 no later than December 15, 2008; and

15 (2) If, within 90 days after the public fund's first engagement with a company pursuant  
16 to this subsection, that company announces by public disclosure substantial action  
17 specific to Iran, the public fund may maintain its direct holdings, but the company shall  
18 remain on the Scrutinized Companies with Activities in Iran Petroleum Energy Sector  
19 List pending completion of its cessation of scrutinized business activities.

20 (f)(1) If, after 90 days following a public fund's first engagement with a company  
21 pursuant to subsection (e) of this Code section, the company has not announced by public  
22 disclosure substantial action specific to Iran, or the public fund determines or becomes  
23 aware that the company continues to have scrutinized business activities, the public fund  
24 within eight months after the expiration of such 90 day period shall sell, redeem, divest,  
25 or withdraw all publicly traded securities of the company from the public fund's direct  
26 holdings.

27 (2) If the public fund determines or becomes aware that a company that ceased  
28 scrutinized business activities following engagement pursuant to subsection (e) of this  
29 Code section has resumed such activities, the public fund shall send a written notice to  
30 the company in accordance with subsection (e) and this subsection. The company shall  
31 also be immediately reintroduced onto the Scrutinized Companies with Activities in Iran  
32 Petroleum Energy Sector List.

33 (3) The public fund shall monitor the scrutinized company that has announced by public  
34 disclosure substantial action specific to Iran and, if, after one year, the public fund  
35 determines or becomes aware that the company has not implemented such a plan, within  
36 three months after the expiration of such one-year period shall sell, redeem, divest, or  
37 withdraw all publicly traded securities of the company from the public fund's direct

1 holdings, and the company also shall be immediately reintroduced onto the Scrutinized  
2 Companies with Activities in Iran Petroleum Energy Sector List.

3 (g) A public fund shall not acquire securities of companies on the Scrutinized Companies  
4 with Activities in Iran Petroleum Energy Sector List.

5 (h) Subsections (f) and (g) of this Code section shall not apply to a public fund's indirect  
6 holdings. However, the public fund shall submit letters to the managers of such investment  
7 funds containing companies on the Scrutinized Companies with Activities in Iran  
8 Petroleum Energy Sector List requesting that they consider removing such companies from  
9 the fund or create a similar actively managed fund having indirect holdings devoid of such  
10 companies. If the manager creates a similar fund devoid of such securities or if such funds  
11 are created elsewhere, the board of the public fund shall determine within six months  
12 whether to replace all applicable investments with investments in the similar fund in an  
13 expedited time frame consistent with prudent investing standards. For the purposes of this  
14 subsection, a private equity fund is deemed to be an actively managed investment fund.

15 (i) Notwithstanding any other provision of this Code section, the public fund, when  
16 discharging its responsibility for operation of a defined contribution plan, shall engage the  
17 manager of the investment offerings in such plans requesting that they consider removing  
18 scrutinized companies from the investment offerings or create an alternative investment  
19 offering devoid of scrutinized companies. If the manager creates an alternative investment  
20 offering or if such funds are created elsewhere and is deemed by the public fund to be  
21 consistent with prudent investor standards, the public fund shall, within six months,  
22 consider including such investment offering in the plan.

23 (j) Each public fund shall file a report with the Governor, the President of the Senate, and  
24 the Speaker of the House of Representatives that includes the Scrutinized Companies with  
25 Activities in Iran Petroleum Energy Sector List within 30 days after the list is created. This  
26 report shall be made available to the public. Annually thereafter the board responsible for  
27 the management of a public fund shall file a report, which shall be made available to the  
28 public and to the Governor, the President of the Senate, and the Speaker of the House of  
29 Representatives, which includes:

30 (1) A summary of correspondence with companies engaged by the public fund under this  
31 Code section;

32 (2) All investments sold, redeemed, divested, or withdrawn in compliance with this Code  
33 section;

34 (3) All prohibited investments under this Code section;

35 (4) Any progress made under subsection (h) of this Code section; and

36 (5) A list of all publicly traded securities held directly by the public fund.

37 (k) If any of the following occur, this Code section shall be of no further force or effect:

- 1 (1) The Congress or President of the United States affirmatively and unambiguously  
2 states, by means including, but not limited to, legislation, executive order, or written  
3 certification from the President to Congress, that the government of Iran has ceased to  
4 pursue the capabilities to develop nuclear weapons and support international terrorism;
- 5 (2) The United States revokes all sanctions imposed against the government of Iran; or
- 6 (3) The Congress or President of the United States affirmatively and unambiguously  
7 declares, by means including, but not limited to, legislation, executive order, or written  
8 certification from the President to Congress, that mandatory divestment of the type  
9 provided for in this Code section interferes with the conduct of United States foreign  
10 policy.
- 11 (1) With respect to actions taken in compliance with this Code section, including all good  
12 faith determinations regarding companies as required by this Code section, the public fund  
13 shall be exempt from any conflicting statutory or common law obligations, including any  
14 such obligations with respect to choice of asset managers, investment funds, or investments  
15 for the public fund's securities portfolios."

16 **SECTION 4.**

17 All laws and parts of laws in conflict with this Act are repealed.
