

The Senate Transportation Committee offered the following substitute to SR 1047:

A RESOLUTION

1 Urging the Georgia Department of Transportation to consolidate its county barns and
2 privatize road maintenance functions; and for other purposes.

3 WHEREAS, the Georgia Department of Transportation maintains multiple barns throughout
4 this state to store its equipment; and

5 WHEREAS, if possible, the department should consolidate these barns into regional storage
6 areas, rather than maintaining as many barns throughout this state; and

7 WHEREAS, many of the road maintenance functions performed on state roads by
8 Department of Transportation personnel or contractors hired by the department, such as
9 mowing alongside roads or striping roads, are also performed by county personnel on county
10 roads; and

11 WHEREAS, the department should consider contracting with counties or the private sector,
12 where feasible, to save taxpayers money and raise the efficiency of road maintenance
13 throughout this state.

14 NOW, THEREFORE, BE IT RESOLVED BY THE GENERAL ASSEMBLY OF
15 GEORGIA that this body urges the Department of Transportation to develop a strategy to
16 consolidate its barns and road maintenance operations in order to save taxpayers money and
17 improve efficiency.

18 BE IT FURTHER RESOLVED that this body urges the Department of Transportation to
19 report to the General Assembly by December 31, 2008, on its progress in consolidating its
20 barns and road maintenance operations.

1 BE IT FURTHER RESOLVED that the Secretary of the Senate is authorized and directed
2 to transmit an appropriate copy of this resolution to the commissioner of the Georgia
3 Department of Transportation and to each member of the State Transportation Board.
