

Senate Resolution 1141

By: Senator Tarver of the 22nd

A RESOLUTION

1 Recognizing the importance of promoting international education and urging Georgia's
2 colleges and universities to place a high priority on international education; and for other
3 purposes.

4 WHEREAS, international education and activities are a critical component of higher
5 education in Georgia and contribute to the economy of the state and to a diverse college
6 environment, enhancing both academic and other programs; and

7 WHEREAS, academic and extracurricular programs that are internationally based are critical
8 to promoting a broadened world view and prepare Georgians for life and work in a global
9 society; and

10 WHEREAS, international education promotes a diverse academic environment through the
11 exchange of scholars and students among countries and thereby creates a foundation for
12 future economic success; and

13 WHEREAS, higher education should emphasize academic programs with an international
14 focus, including foreign language instruction and study abroad opportunities, in order to
15 ensure that graduates have the cross-cultural skills necessary to function effectively in the
16 global work force; and

17 WHEREAS, international students and their families contributed over \$14.5 billion to the
18 U.S. economy and over \$285,928,000.00 to the Georgia economy during 2006-2007, and
19 Georgia must ensure its status as a magnet for international students and scholars; and

20 WHEREAS, the General Assembly recognizes the social importance of cultural awareness,
21 the need to promote study abroad programs that serve Georgia students, and the economic

1 significance of international students who come to Georgia for the educational opportunities
2 provided by the state.

3 NOW, THEREFORE BE IT RESOLVED BY THE SENATE that this body recognizes the
4 economic, cultural, and social importance of promoting international education at Georgia's
5 institutions of higher learning and urges all colleges and universities located in the state to
6 place a high priority on expanding current opportunities and developing new programs in all
7 fields of education that are international in scope.
