4 objectives; to provide for consideration of alternative funding levels; to provide for
5 departmental priority lists; to provide for related matters; to repeal conflicting laws; and for

7 BE IT ENACTED BY THE GENERAL ASSEMBLY OF GEORGIA:

8 **SECTION 1.**

9 Part 1 of Article 4 of Chapter 12 of Title 45 of the Official Code of Georgia Annotated,
10 known as the "Budget Act," is amended by adding a new Code section to read as follows:

11 "45-12-75.1.

12 (a) The Governor in preparing his or her budget report under Code Section 45-12-75, and
13 budget units in preparing their budget estimates under Code Section 45-12-78, shall make
14 use of zero-base budgeting as provided in this Code section. The requirements of this Code
15 section shall apply with respect to the budget report presented to the General Assembly in
16 January of 2010 and each year thereafter.

17 (b) It is the intent of this Code section that in any given year the Governor's budget report
18 shall include zero-base budgeting for no more than one-third nor less than one-quarter of
19 all the programs in the most recently passed General Appropriations Act. The Office of
20 Planning and Budget shall determine which programs shall submit zero-base budget
21 recommendations in each year, except that no program shall use zero-base budgeting more
22 often than once every four years.

23 (c) In the years in which zero-base budgeting applies, each budget unit shall include in its
24 budget estimate an analysis summarizing past and proposed spending plans by program and
25 revenue source. Information presented shall include the following:

- 26 (1) A statement of the budget unit's departmental and program purposes; effectiveness,
27 efficiency, and equity measures; and program size indicators;
- 28 (2) At least three alternative funding levels for each program and revenue source with
29 effectiveness, efficiency, and equity measures and program size indicators detailed for
30 each alternative funding level; and
- 31 (3) A priority listing encompassing all alternative funding levels for all programs.
- 32 (d) In the years in which zero-base budgeting applies, the Governor shall include in the
33 budget report relevant materials related to each budget unit's submission under subsection
34 (c) of this Code section and such other relevant material as deemed appropriate by the
35 Governor.
- 36 (e) Without in any way limiting the generality of the other provisions of this Code section,
37 it is specifically provided that the Board of Regents of the University System of Georgia
38 shall be a budget unit subject to this Code section and the programs of the board of regents
39 shall be periodically subject to zero-base budgeting as provided for in this Code section."

40 **SECTION 2.**

41 All laws and parts of laws in conflict with this Act are repealed.
