11 **SECTION 2.**

12 Part 4 of Article 6 of Chapter 2 of Title 20 of the Official Code of Georgia Annotated,  
13 relating to financing under the "Quality Basic Education Act," is amended by adding a new  
14 Code section to read as follows:

15 "20-2-161.3.

21 prior school year in attendance at a public high school in this state.

22 (4) 'Prior school year in attendance' means that the student was reported as enrolled in  
23 a public school for funding purposes during the preceding October and March full-time  
24 equivalent (FTE) program counts in accordance with Code Section 20-2-160.

25 (5) 'Program' means the arrangement authorized by this Code section whereby an eligible  
26 student takes all of his or her courses at or through an eligible institution or a virtual

28 or her high school with the goal of completing graduation and high school diploma  
29 requirements.

30 (6) 'Secondary credit' means high school credit for courses taken at an eligible institution  
31 under the program.

34 Code section. If accepted at an eligible institution, such eligible student may take any such  
35 approved course at that institution, whether or not the course is taught during the regular  
36 public school day, and receive secondary credit therefor under the conditions provided in  
37 this Code section. An eligible institution which accepts an eligible student authorized to  
38 apply for enrollment under the program shall not receive any state funds for that student  
39 unless such institution complies with the requirements of this Code section regarding  
40 eligible institutions.

41 (c) The department shall develop appropriate forms and counseling guidelines for the  
42 program and shall make such forms and guidelines available to local school systems and  
43 eligible institutions. No later than the first day of April each year, each local school system  
44 shall provide general information about the program, including such forms, to all its tenth  
45 and eleventh grade students. A local school system shall also provide counseling services

51 responsibilities that shall be assumed in participating in the program.

52 (d)(1) A local school system shall grant academic credit to an eligible student enrolled  
53 in a course in an eligible institution if that course has been approved by the State Board  
54 of Education and if such student successfully completes that course. The State Board of  
55 Education shall approve any such course which is substantially comparable to a state  
56 approved course. The secondary credit granted shall be for the comparable course and  
57 course hours approved by the State Board of Education. Upon completion of an eligible  
58 institution's approved course, the eligible student shall be responsible for requesting that  
59 the institution notify the student's local school system regarding his or her grade in that  
60 course.

61 (2) Secondary school credits granted for eligible institution courses under paragraph (1)  
62 of this subsection shall be counted toward State Board of Education graduation  
63 requirements and subject area requirements of the local school system. Evidence of  
64 successful completion of each course and secondary credits granted shall be included in  
65 the eligible student's secondary school records.

66 (3) The State Board of Education shall establish rules to require local school systems to  
67 award a high school diploma to any eligible student who is enrolled at an eligible  
68 institution under the program as long as the credit earned at such institution satisfies  
69 course requirements needed for the eligible student to complete high school graduation.  
70 The department shall consult the Board of Regents of the University System of Georgia  
71 and the State Board of Technical and Adult Education in developing rules and regulations  
72 to be recommended to the State Board of Education for approval regarding the eligibility  
73 criteria for program participation.

74 (e)(1) The department shall pay to eligible institutions through appropriation of state funds  
75 the lesser of the following amounts for each participating eligible student enrolled therein,  
76 less a records fee of \$200.00 for administration costs of the local school system:

77 (A) The actual cost of tuition, materials, and fees directly related to the courses taken  
78 by the eligible student at such institution; or

79 (B) The amount that the participating eligible student would have earned under this  
80 article if he or she had been in equivalent instructional programs in the local school  
81 system.

82 (2) The total allotment of state funds to the local school system in which a participating  
83 student is enrolled at an eligible institution pursuant to this Code section shall be  
84 calculated as otherwise provided in this article with an ensuing reduction equivalent to  
85 the amount of state funds appropriated to such eligible institution pursuant to this  
86 subsection.

87 (3) The records fee contained in paragraph (1) of this subsection may be increased by the  
88 State Board of Education annually, at the board's sole discretion.

89 (4) An eligible institution shall not charge an eligible student for coursework taken  
90 pursuant to this program and shall accept the payment made pursuant to paragraph (1) of  
91 this subsection as full payment for such eligible student.

92 (f) The State Board of Education shall establish rules and regulations relating to applicable  
93 state and federal testing requirements for eligible students participating in the program.

94 (g) An eligible student enrolled in an eligible institution for secondary credit shall not be  
95 eligible for any other state student financial aid at an eligible institution for courses taken  
96 under the program.

97 (h) Hours for courses taken at an eligible institution pursuant to this Code section by a  
98 participating eligible student shall not count against any maximum hourly caps which may  
99 be applicable for purposes of HOPE scholarships or grants.  
100 (i) Any person who knowingly makes or furnishes any false statement or  
101 misrepresentation, or who accepts such statement or misrepresentation knowing it to be  
102 false, for the purpose of enabling an eligible institution to obtain wrongfully any payment  
103 under this Code section shall be guilty of a misdemeanor."

104 **SECTION 3.**

105 All laws and parts of laws in conflict with this Act are repealed.
