184 (a) In addition to his other duties and responsibilities to administer this article, the  
 185 commissioner is empowered and authorized to do, but is not limited to, the following:

186 (1) Deny or cancel any distributor's or aviation gasoline dealer's license if the  
 187 commissioner is of the opinion that the license application is not filed in good faith or is  
 188 filed by some person as a subterfuge for any other person;

189 (2) Cancel any distributor's or aviation gasoline dealer's license for failure to comply  
 190 with any provision of this article or with rules and regulations adopted by the  
 191 commissioner;

192 (3) Cancel a license upon receipt of a written request from any distributor or aviation  
 193 gasoline dealer licensed under this article to cancel the license issued to the distributor  
 194 or aviation gasoline dealer. The distributor or aviation gasoline dealer shall surrender to  
 195 the commissioner the license certificate issued;

196 (4) Cancel the license of a distributor if, upon investigation or information obtained from  
 197 the distributor's monthly report, the commissioner ascertains that any distributor to whom  
 198 a license has been issued is no longer engaged in the receipt, use, or sale of motor fuel  
 199 and has not been so engaged for a period of six months, or no longer qualifies as a  
 200 distributor under this article. Written notice of the cancellation shall be mailed to the last  
 201 known address of the distributor, in which event the license certificate previously issued  
 202 to the distributor shall be surrendered to the commissioner;

203 (5) Reinstate a canceled license when information is provided at a hearing or otherwise  
 204 within 30 days of cancellation which satisfies the commissioner that the license should  
 205 be reinstated;

- 206 (6) Decline to approve a refund payment until the applicant has complied with the laws  
207 of this state if in the opinion of the commissioner the refund application filed by an  
208 applicant contains a false statement or if the applicant is indebted to the state;
- 209 (7) Suspend the right of the refund privilege of a person for a term of not more than 12  
210 months if the commissioner concludes that any retail dealer, any person using gasoline  
211 for agricultural purposes, or any foreign government official has willfully violated this  
212 article or has willfully failed to comply with the rules and regulations adopted by the  
213 commissioner for the administration of this article;
- 214 (8) Waive the bond and the report required of a licensed distributor of fuel oils,  
215 compressed petroleum gas, or special fuel if the distributor has no taxable sales of the fuel  
216 and his receipts do not exceed 12,000 gallons per year and with respect to such  
217 distributors waive requirements for record keeping on sales that do not exceed 25 gallons  
218 in one transaction;
- 219 (9) Enter into agreements with appropriate authorities of other jurisdictions having  
220 statutes similar to this article for the cooperative audit of any taxpayer's reports and  
221 refunds. In performing the audits or parts of audits, the officers and employees of other  
222 jurisdictions shall be deemed authorized agents of the commissioner for the agreed upon  
223 purpose; ~~and~~
- 224 (10) Appoint revenue agents for the enforcement of this article. The appointed agents  
225 shall have all powers of a police officer of this state when engaged in the enforcement of  
226 this article; and
- 227 (11) Authorize agents to detain any motor vehicle, train, or marine vessel for the purpose  
228 of inspecting its fuel tanks and storage tanks. Detainment may continue for a reasonable  
229 period of time, not to exceed one hour, necessary to determine the amount and  
230 composition of the motor fuel. Such authorized agents or employees may take and  
231 remove samples of motor fuel in reasonable quantities necessary to determine its  
232 composition.
- 233 (b) The commissioner shall notify the distributor or aviation gasoline dealer in writing of  
234 any cancellation of a license as provided in subsection (a) of this Code section by certified  
235 mail or statutory overnight delivery to the last known address of the distributor or aviation  
236 gasoline dealer appearing in the files of the commissioner.
- 237 (c) In the event that the license of any distributor is canceled by the commissioner under  
238 the authority of this article, the commissioner shall hold the bonds of the distributor for a  
239 period of three years against any liabilities of the distributor. In no event shall any bonds  
240 surrendered remove any liability.

241 (d) The commissioner shall make the motor fuel tax records available for inspection by the  
 242 public at reasonable times. The commissioner may charge a fee for special requests of  
 243 prepared information based on the cost to prepare the information.

244 (e) When any distributor neglects or refuses to file the required reports or fails to maintain  
 245 auditable records that account for tax exemptions taken on motor fuel as required by this  
 246 article or files an incorrect or fraudulent report, the commissioner or his authorized agents  
 247 shall determine from the best information available the number of gallons of motor fuel to  
 248 be taxed. The commissioner shall impose the tax, penalty, and interest due. Estimates by  
 249 the commissioner or his authorized agents shall be prima-facie evidence of the claim of the  
 250 state and the burden of proof to establish the accountability of motor fuel shall be on the  
 251 distributor to show that the assessment is incorrect and contrary to law.

252 (f) Before the expiration of the time prescribed by this article for assessments and refunds  
 253 of taxes, the commissioner or his delegates may enter into an agreement in writing with the  
 254 taxpayer to extend such time. The period so agreed upon may be extended by subsequent  
 255 agreements made in writing before the expiration of the period previously agreed upon.

256 (g) The commissioner shall prepare and furnish to each known selling licensed distributor  
 257 a list showing the name and address of each licensed distributor of motor fuels as of the
