

The House Committee on Judiciary Non-civil offers the following substitute to HB 219:

A BILL TO BE ENTITLED
AN ACT

1 To provide a short title; to amend Part 3 of Article 8 of Chapter 1 of Title 10 of the Official
2 Code of Georgia Annotated, relating to antifreeze, so as to provide that antifreeze sold in this
3 state containing more than 10 percent ethylene glycol shall include denatonium benzoate as
4 an aversive agent to render it unpalatable; to provide for applicability; to provide for a
5 limitation on liability; to repeal conflicting laws; and for other purposes.

6 BE IT ENACTED BY THE GENERAL ASSEMBLY OF GEORGIA:

7 **SECTION 1.**

8 This Act shall be known and may be cited as "Chief's Law."

9 **SECTION 2.**

10 Part 3 of Article 8 of Chapter 1 of Title 10 of the Official Code of Georgia Annotated,
11 relating to antifreeze, is amended by adding a new Code section to read as follows:

12 "10-1-202.1.

13 (a) Antifreeze sold in this state that is manufactured after July 1, 2011, containing more
14 than 10 percent ethylene glycol shall include denatonium benzoate at a minimum of 30
15 parts per million and a maximum of 50 parts per million as an aversive agent to render the
16 antifreeze unpalatable.

17 (b) The requirements of subsection (a) of this Code section apply only to manufacturers,
18 packagers, distributors, recyclers, or sellers of antifreeze. Such provisions shall not apply
19 to the sale of a motor vehicle that contains engine coolant or antifreeze.

20 (c) A manufacturer, packager, distributor, recycler, or seller of antifreeze that is required
21 to contain an aversive agent pursuant to this Code section shall not be liable to any person
22 for personal injury, death, property damage, damage to the environment including without
23 limitation natural resources, or economic loss that results solely from the inclusion of
24 denatonium benzoate in the antifreeze; provided, however, that such limitation on liability

25 is only applicable if denatonium benzoate is included in engine coolant or antifreeze in the
26 concentrations mandated by subsection (a) of this Code section. Such limitation on
27 liability shall not apply to a particular liability to the extent that the cause of that liability
28 is unrelated to the inclusion of denatonium benzoate in antifreeze."

29

SECTION 3.

30 All laws and parts of laws in conflict with this Act are repealed.
