## A RESOLUTION

1 Recognizing March, 2009, as Kidney Disease Prevention Month at the state capitol; and for  
2 other purposes.

3 WHEREAS, in 2006, more than 17,400 residents in Georgia suffered permanent, irreversible  
4 kidney failure known as end-stage kidney disease and required kidney dialysis or a kidney  
5 transplant in order to survive; and

6 WHEREAS, 2,419 Georgians were on the wait list for a kidney transplant as of February,  
7 2009; and

8 WHEREAS, the National Kidney Foundation estimates that as many as 26 million  
9 Americans, or 1 in 9 adults, have chronic kidney disease; and

10 WHEREAS, most individuals with end-stage kidney disease, regardless of their age, rely on  
11 either Medicare or Medicaid as the primary payor of dialysis; and

12 WHEREAS, early detection and treatment of kidney disease could delay the progression of  
13 chronic kidney disease, resulting in fewer patients requiring dialysis treatments or a kidney  
14 transplant; and

15 WHEREAS, the National Kidney Foundation of Georgia provides programs and services for  
16 kidney patients and their families and hosts kidney disease screenings for high-risk patients,  
17 including individuals with diabetes or hypertension; and

18 WHEREAS, March 12, 2009, has been declared World Kidney Day and March is National  
19 Kidney Month in America, and, in recognition, each citizen of this state is encouraged to  
20 become aware of the leading causes of kidney disease and to be tested for early detection  
21 through their physician or at a community based screening.

22 NOW, THEREFORE, BE IT RESOLVED BY THE HOUSE OF REPRESENTATIVES that  
23 the members of this body commend the outstanding services the National Kidney Foundation  
24 of Georgia provides for citizens of Georgia and recognize March, 2009, as Kidney Disease  
25 Prevention Month at the state capitol.

26 BE IT FURTHER RESOLVED that the Clerk of the House of Representatives is authorized  
27 and directed to transmit an appropriate copy of this resolution to the National Kidney
