18 This article shall be known and may be cited as the 'Orthopedic Physician Assistant Act.'

19 43-34-111.

20 As used in this article, the term:

21 (1) 'Board' means the Composite State Board of Medical Examiners as created by Code
22 Section 43-34-21.

23 (2) 'Job description' means a document, signed by the supervising physician and the

 44 submit an application to the board. Such application shall include:

68 (a) Within a reasonable time after receipt of the documents required by Code Section
69 43-34-112, the board shall give to the applicant written notice of approval or disapproval
70 of the application; and, if approval of the application is given, the board shall issue to the
71 assistant a license authorizing the assistant to perform medical tasks under the direction and
72 supervision of the applying physician pursuant to an approved job description.

73 (b) The board shall not approve an application unless it finds from the information
74 forwarded with the application that the proposed orthopedic physician assistant is fully
75 qualified to perform the tasks described in the job description and will be utilized in a
76 manner that will not endanger the health and welfare of patients upon whom he or she may
77 perform the described medical tasks.

78 (c) On receipt of notice of the board's approval, an orthopedic physician assistant, under
79 the direction of the applying physician, may perform the tasks described in the job
80 description, provided that nothing in this Code section shall make unlawful the
81 performance of a medical task by the orthopedic physician assistant, whether or not such
82 task is specified in the general job description, when it is performed under the supervision
83 of the physician.

84 43-34-114.

93 approved by the board.

94 (b) In accordance with an approved job description, with respect to follow-up care
95 rendered in a clinic, hospital, nursing home, or patient's home, and in similar situations
96 where a therapeutic regimen, policy, or protocol has been established by the supervising
97 physician, the orthopedic physician assistant may check and record the patient's progress
98 within the confines of the written regimen, policy, or protocol, and report the patient's
99 progress and changes to the physician after each visit. When a new problem arises, the
100 supervising physician shall undertake personal review of the patient's problem or
101 complaint.

102 (c) The orthopedic physician assistant may render emergency services if authorized in the
103 approved job description, pending the arrival of a responsible physician in cases where

133 43-34-117.

134 (a) The approval of a physician's utilization of an orthopedic physician assistant may be
135 terminated and the license revoked by the board when, after due notice and a hearing, in
136 accordance with this Code section, it shall find that the assistant is incompetent or has
137 committed unethical or immoral acts, including, but not limited to, holding himself or
138 herself out or permitting another to represent him or her as a licensed physician;
139 performing otherwise than at the direction of a physician approved by the board to utilize

141 is unable safely to perform as an assistant to the physician; or being convicted in any court,
142 state or federal, of any felony or other criminal offense involving moral turpitude.

144 termination of approval granted by it to an assistant, it shall give the assistant a timely and
145 reasonable written notice indicating the general nature of the charges, accusation, or
146 complaint preferred against him or her and stating that the assistant shall be given an
147 opportunity to be heard concerning such charges or complaints; and it shall hold a public
148 hearing within a reasonable time. Following such hearing, the board shall determine, on the
149 basis of its regulations, whether the approval of the assistant shall be terminated.

151 evidence as prescribed in Chapter 13 of Title 50, the 'Georgia Administrative Procedure
152 Act.'

153 43-34-118.

154 (a) Any orthopedic physician assistant rendering services inconsistent with this article
155 shall be considered to be practicing medicine without a license and shall be subject to

157 (b) When a physician utilizes the services of a licensed orthopedic physician assistant
158 inconsistent with this article, it shall constitute grounds for a finding of unprofessional
159 conduct, and the physician shall be subject to disciplinary action by the board. Such
160 disciplinary action may include, but is not limited to, the suspension of privileges to utilize

161 an orthopedic physician assistant or the revocation or suspension of the license of the
162 physician.

163 43-34-119.

164 (a) Nothing in this article shall be construed to modify or supersede any existing laws or

178 'orthopedic physician assistant' or the abbreviations 'OPA' or 'OPA-C,' but such person
179 shall not use the title 'physician assistant' or the abbreviation 'PA' or 'PA-C.'

180 43-34-119.2.

184 the authority to promulgate rules and regulations governing the definitions of delegation
185 by physicians to qualified persons other than orthopedic physician assistants of any acts,
186 duties, or functions which are permitted by law or established by custom. Any power
187 vested by law in the board, but not implemented by specific provisions for the exercise
188 thereof, may be executed and carried out by the board in a reasonable manner, pursuant to
189 such rules, regulations, and procedures as the board may adopt and subject to such
190 limitations as may be provided by law. Rules established by the board to implement this
191 article shall include the biennial review and approval or rejection of the qualifications of

196 cases of retirement, illness, disability, or other undue hardship."
