A BILL TO BE ENTITLED
AN ACT

To amend Title 31 of the Official Code of Georgia Annotated, relating to health, so as to create the Hemophilia Advisory Board; to provide for a short title; to provide for legislative findings; to provide for duties, reporting, membership, and the selection of officers; to establish the Department of Public Health; to reassign functions of the Division of Public Health of the Department of Community Health to the Department of Public Health; to provide for transition to the new agency; to create a Board of Public Health and a commissioner of public health; to amend various titles for purposes of conformity; to provide for related matters; to provide an effective date; to repeal conflicting laws; and for other purposes.

BE IT ENACTED BY THE GENERAL ASSEMBLY OF GEORGIA:

PART I

Hemophilia Advisory Board Act.

SECTION 1-1.

Parts I and II of this Act shall be known and may be cited as the "Hemophilia Advisory Board Act."

SECTION 1-2.

The General Assembly finds that hemophilia and other bleeding disorders are devastating health conditions that can cause serious financial, social, and emotional hardships for patients and their families. Hemophilia and other bleeding disorders are incurable, so appropriate lifetime care and treatment are necessities for maintaining optimum health. Advancements in drug therapies are allowing individuals greater latitude in managing their conditions, fostering independence, and minimizing chronic complications. As a result, individuals are living longer and are healthier and more productive. However, the rarity of these disorders coupled with the delicate processes of producing clotting factor concentrates makes treating

these disorders extremely costly. It is the intent of the General Assembly to establish an advisory board to provide expert advice to the state on health and insurance policies, plans, and programs that impact individuals with hemophilia and other bleeding disorders.

PART II

Creation of the Hemophilia Advisory Board.

SECTION 2-1.

Article 1 of Chapter 1 of Title 31 of the Official Code of Georgia Annotated, relating to general provisions relative to health, is amended by adding a new Code section to read as follows:

(3) The development of community based initiatives to increase awareness of care and treatment for persons living with hemophilia and other bleeding disorders; and

(4) The coordination of public and private support networking systems.
