29 chairperson. The members of the council shall serve at the pleasure of the director.
30 Councilmembers shall receive no compensation for their services as members of the
31 council, but their travel expenses, if any, related to the performance of their official duties
32 may be covered by the departments, agencies, or organizations they represent.

34 levels. The audit shall contain a complete status update and recommendations for
35 utilizing the geospatial capabilities in Georgia to meet Federal Emergency Management
36 Agency notification requirements, recommendations for moving forward to achieve
37 governmental data interoperability and enhanced delivery of services to Georgia citizens
38 through the geospatial approach, and any other information determined by the council to
39 be necessary for the advancement of geospatial technology.

40 (4) The council shall closely coordinate its efforts with the Georgia Technology
41 Authority to ensure compliance with all state and federal standards, contracts, and
42 procedures.

43 (5) The reports generated by the council shall be made available on an annual basis by
