SECTION 2.

Said chapter is further amended in Code Section 20-2-160, relating to determination of enrollment by institutional program and determination of funds to be appropriated to local school systems, by revising subsection (a) as follows:

"(a) The State Board of Education shall designate the specific dates upon which two counts of students enrolled in each instructional program authorized under this article shall be made each school year and by which the counts shall be reported to the Department of Education. The initial enrollment count shall be made after October 1 but prior to November 17 and the final enrollment count after March 1 but prior to May 1. The report shall indicate the student's specific assigned program for each one-sixth segment of the school day on the designated reporting date. No program shall be indicated for a student for any one-sixth segment of the school day that the student is assigned to a study hall; a noncredit course; a course recognized under this article or by state board policy as an enrichment course, except a driver education course; a course which requires participation in an extracurricular activity for which enrollment is on a competitive basis; a course in which the student serves as a student assistant to a teacher, in a school office, or in the media center, except when such placement is an approved work site of a recognized career or vocational program; an individual study course for which no outline of course objectives is prepared in writing prior to the beginning of the course; ~~a course taken through the Georgia Virtual School pursuant to Code Section 20-2-319.1~~; or any other course or activity so designated by the state board. For the purpose of this Code section, the term 'enrichment course' means a course which does not dedicate a major portion of the class time toward the development and enhancement of one or more student competencies as adopted by the state board under Code Section 20-2-140. A program shall not be indicated for a student for any one-sixth segment of the school day for which the student is not enrolled in an instructional program or has not attended a class or classes within the preceding ten days; nor shall a program be indicated for a student for any one-sixth segment of the school day for which the student is charged tuition or fees or is required to provide materials or equipment beyond those authorized pursuant to Code Section 20-2-133. A student who is enrolled in a dual credit course pursuant to Code Section 20-2-159.5 shall be counted for the high school program or other appropriate program for each segment in which the student is attending such dual credit course. The state board shall adopt such regulations and criteria as necessary to ensure objective and true counts of students in state approved instructional programs. The state board shall also establish criteria by which students shall be counted as resident or nonresident students, including specific circumstances which may include, but not be limited to, students attending another local school system under court order or under the terms of a contract between two local

64 school systems. If a local school system has a justifiable reason, it may seek authority from
 65 the state board to shift full-time equivalent program counts from the designated date to a
 66 requested alternate date."

67 **SECTION 3.**

68 Said chapter is further amended in Code Section 20-2-281, relating to assessment of
 69 effectiveness of educational programs, by revising subsection (h) as follows:

70 "(h) The State Board of Education, through the Department of Education, shall administer
 71 the end-of-course assessments for core subject areas as defined by state board policy. The
 72 state board shall promulgate a schedule for the development and administration of all
 73 end-of-course tests ~~by December 1, 2000. By the 2015-2016 school year, all end-of-course~~
 74 assessments shall be administered online at the completion of the course; provided,
 75 however, that the State Board of Education shall be authorized to waive the deadline
 76 contained in this provision if a local school system is unable to meet such deadline."

77 **SECTION 4.**

78 Said chapter is further amended by revising Code Section 20-2-319.1, relating to the Georgia
 79 Virtual School, as follows:

80 "20-2-319.1.

81 (a) The State Board of Education is authorized to establish the Georgia Virtual School
 82 whereby students may enroll in state funded courses via the Internet or in any other manner
 83 not involving on-site interaction with a teacher. Any Georgia student who is age 21 or
 84 younger shall be eligible to enroll in the Georgia Virtual School, at no cost to the student;
 85 ~~provided that public school students shall be given priority.~~ The State Board of Education
 86 is authorized to promulgate rules and regulations pertaining to the Georgia Virtual School.
 87 Such rules and regulations, if established, shall include, at a minimum, a process for
 88 students to enroll in Georgia Virtual School courses; ~~including provisions allowing for~~
 89 ~~students to participate in such courses in excess of any maximum number of courses~~
 90 ~~allowed per year at a tuition rate to be established by the State Board of Education,~~ and a
 91 process whereby a student's grade in the course is reported on the student's transcript. All
 92 teachers who provide instruction through the Georgia Virtual School shall be certified by
 93 the Professional Standards Commission. A local school system shall not prohibit any
 94 student from taking a course through the Georgia Virtual School, regardless of whether the
 95 school in which the student is enrolled offers the same course.

96 (b)(1) The department is authorized to establish a Georgia Virtual School grant account
 97 with funds appropriated by the General Assembly. ~~The amount of funds requested by the~~
 98 ~~state board for this account shall be the amount that the participating students would have~~

99 ~~earned under this article if those students had been in equivalent general education~~
 100 ~~programs in a local school system for that portion of the instructional day in which the~~
 101 ~~students were actually enrolled in a Georgia Virtual School course.~~ The department shall
 102 use funds from this grant account to pay for costs associated with the Georgia Virtual
 103 School incurred by the department, including, but not limited to, actual costs of tuition,
 104 materials, and fees directly related to the approved courses taken by the students through
 105 the Georgia Virtual School associated with the maintenance of the Georgia Virtual
 106 School, such as new course development, credit recovery, blended learning training, and
 107 operating a clearinghouse.

108 (2) The local school system shall pay to the department costs for tuition, materials, and
 109 fees directly related to the approved course taken by a student in its school system
 110 through the Georgia Virtual School; provided, however, that in no event shall the amount
 111 of tuition charged to the local school system exceed \$250.00 per student per semester
 112 course.

113 (c) The Georgia Virtual School shall not be considered a school for purposes of Article 2
 114 of Chapter 14 of this title."

115 **SECTION 5.**

116 Said chapter is further amended in Part 14 of Article 6, relating to other educational programs
 117 under the "Quality Basic Education Act," by adding new Code sections to read as follows:

118 "20-2-319.3.

119 (a) Beginning with the 2012-2013 school year, each local school system shall provide
 120 opportunities to all students enrolled in public schools within its boundaries for

 122 of such opportunities, including an open enrollment period for full-time students of at least
 123 90 days and not ending earlier than 30 days prior to the first day of the school year, shall
 124 be provided directly to parents of all students. The purpose of the program shall be to make
 125 quality virtual instruction available to students using online and distance learning
 126 technology in the nontraditional classroom. The program shall provide at least three options

141 section for the provision of a full-time program under paragraph (1) of subsection (a) of
142 this Code section or a part-time program under paragraph (2) of subsection (a) of this
143 Code section; or

144 (3) Enter into an agreement with another local school system or systems to allow the
145 participation of its students in an approved virtual instruction program provided by such
146 other local school system or systems. The agreement shall indicate a process for the
147 transfer of funds.

148 Contracts and agreements entered into pursuant to paragraph (2) or (3) of this subsection
149 may include multidistrict contractual arrangements that may be executed by a regional
150 educational service agency for its member school systems.

152 approved to offer virtual instruction programs. To be approved by the department, a
153 provider shall document that it:

162 online learning;

163 (B) Instructional content and services that align with and measure student attainment
164 of proficiency in the state-approved curriculum; and

166 grade level promotion and high school graduation with a standard diploma, as
167 appropriate;

168 (3) Publishes, in accordance with disclosure requirements adopted by the State Board of
169 Education, for the general public, as part of its application as a provider, and in all
170 contracts negotiated pursuant to this Code section:

 172 curriculum;
 173 (B) School policies and procedures;
 174 (C) Certification status of all administrative and instructional personnel;
 175 (D) Teacher-student ratios;
 176 (E) Student completion and promotion rates; and

- 178 (d) An approved provider shall retain its approved status for a period of five years after the
 179 date of the department's approval pursuant to subsection (c) of this Code section as long
 180 as the provider continues to comply with all requirements of this Code section; provided,
 181 however, that each provider approved by the department for the 2012-2013 school year
 182 shall reapply for approval to provide a part-time program for students in kindergarten
 183 through grade 12.
- 184 (e) Each contract with an approved provider shall at a minimum set forth a detailed
 185 curriculum plan that illustrates how students will be provided services for, and be measured
 186 for attainment of, proficiency in state curriculum requirements for each grade level and
 187 subject.

188 20-2-319.4.

189 No later than December 1, 2012, the Department of Education shall submit a report to the
 190 Governor, the President of the Senate, and the Speaker of the House of Representatives
 191 which identifies and explains the best methods and strategies for enabling the department
 192 to assist local boards of education in acquiring digital learning at as reasonable prices as
 193 possible by providing a plan under which local boards may voluntarily pool their bids for
 194 such purchases. The report shall identify criteria that will enable local boards to
 195 differentiate between the level of service as well as pricing based upon such factors as the
 196 level of student support, the frequency of teacher-student communications, instructional
 197 accountability standards, and academic integrity. The report shall also examine ways to
 198 increase student access to digital learning."

199 **SECTION 6.**

200 Said chapter is further amended by revising Code Section 20-2-1183, relating to possession
 201 of electronic communication devices in school, as follows:
