

ADOPTED

Senators Mullis of the 53rd and Bethel of the 54th offered the following amendment:

1 *Amend SB506 by striking lines 31 and 32 and inserting the following:*
2 shall also include any health care provider receiving graduate medical education training
3 affiliated with a medical education program located outside of this state but no more than 15
4 miles from this state when such graduate medical education training occurs in a hospital
5 facility leased or governed by a hospital authority in this state and located no more than 15
6 miles from a border between this state and an adjacent state; provided, however, that such
7 hospital authority shall be liable for any negligent acts or omissions to act by such a recipient
8 of graduate medical education training committed in a hospital facility leased or governed
9 by that hospital authority. An
