

**ADOPTED**

Senator Cowser of the 46th offered the following amendment:

Amend the committee substitute LC 40 0358S to SB 213 by adding following line 115:

(5) Studies to develop actionable baseline information related to return flows to the Flint River basin, interbasin transfer of water, reservoir releases, and municipal and industrial water use in the Flint River basin.

(6) Assessment of additional drought management actions and funding alternatives, relating to return flows to the Flint River basin, interbasin transfer of water, reservoir releases, and municipal and industrial withdrawal permits.

(b) Based on the studies described in subsection (a), the division shall establish acceptable Flint River basin stream flow targets or thresholds by January 1, 2015.
