

House Resolution 1093

By: Representatives Alexander of the 66th, Chandler of the 105th, Dempsey of the 13th, Tanner of the 9th, Gravley of the 67th, and others

A RESOLUTION

1 Creating the Joint Study Committee on Mental Illness Initiative, Reform, Public Health, and
2 Safety; and for other purposes.

3 WHEREAS, mental illness affects the emotional and behavioral well-being of individuals
4 and conditions and disorders can include depression, bipolar disorder, anxiety disorder, and
5 schizophrenia; and

6 WHEREAS, one in five adults experiences mental illness in some form in any given year.
7 Data indicate that at least 1.4 million adults in Georgia have some form of mental illness; and

8 WHEREAS, the National Alliance on Mental Illness reports that Georgia has close
9 to 349,000 adults and about 111,000 children living with serious mental health conditions;
10 and

11 WHEREAS, the Georgia Department of Corrections indicates that one in six prisoners has
12 been diagnosed with a mental illness; and

13 WHEREAS, Mental Health America (MHA), formerly the National Mental Health
14 Association, indicates the following:

15 (A) Georgia ranks twenty-ninth for adults with any mental illness with a total
16 of 1,360,000;

17 (B) Georgia ranks near the bottom in spending among state mental health agencies, at
18 a rate of \$59.00 per capita in fiscal 2013;

19 (C) Georgia ranks thirty-seventh for uninsured adults (313,000) with any mental illness;

20 (D) Georgia ranks last in the availability of mental health professionals with 1 for every
21 1,440 people; and

22 WHEREAS, local counties are able to implement accountability courts through the Georgia
23 Council on Criminal Justice Reform resulting in mental health courts; and

24 WHEREAS, in 2015, data compiled by the Georgia Sheriffs' Association indicate that in 73
25 of 159 counties, law enforcement officials traveled nearly 2 million miles and spent more
26 than 12,000 hours transporting mental health patients. This impedes law enforcement's
27 availability to respond elsewhere within communities they serve; and

28 WHEREAS, the closing of mental hospitals has added to the increase of mentally ill adults
29 housed in the local and county jails. Coupled with the decrease in state psychiatric hospital
30 beds, this has forced law enforcement to maintain and treat mentally ill adults in the jails,
31 rather than specialized facilities; and

32 WHEREAS, research indicates that when mental illness is treated appropriately with
33 medication and supervision, patients can lead productive lives; and

34 WHEREAS, a study of the efforts in treating mentally ill individuals in this state needs to be
35 undertaken with a focus on examining the county and municipality infrastructures inclusive
36 of residential and congregate care housing options. The study shall include the following
37 considerations: transportation needs, crisis services, life span service requirements,
38 geographic and diversity gaps, workforce needs, and provider network development and
39 accountability. Other issues to be considered in this study include funding requirements and
40 the need to keep dollars within the system as the state transitions from hospital-based service
41 delivery treatment models.

42 NOW, THEREFORE, BE IT RESOLVED BY THE GENERAL ASSEMBLY OF
