48 **SECTION 2.**

49 Said article is further amended by revising subsection (c) of Code Section 40-14-2, relating  
 50 to permit required for use of speed detection devices, use not authorized where officers paid  
 51 on fee system, and operation by registered or certified peace officers, as follows:

52 "(c) A permit shall not be issued by the Department of Public Safety to an applicant under  
 53 this Code section unless the applicant provides law enforcement services by certified peace  
 54 officers 24 hours a day, seven days a week on call or on duty or allows only peace officers  
 55 employed full time by the applicant to operate speed detection devices. Speed detection  
 56 devices can only be operated by registered or certified peace officers of the county sheriff,  
 57 county, municipality, college, or university to which the permit is applicable; provided,  
 58 however, that an automated traffic enforcement safety device may be operated by an agent  
 59 or registered or certified peace officers of the county sheriff, county, or municipality to  
 60 which the permit is applicable. Persons operating the speed detection devices must be  
 61 registered or certified by the Georgia Peace Officer Standards and Training Council as

 63 as operators of speed detection devices; provided, however, that agents may operate  
 64 automated traffic enforcement safety devices without such registrations or certifications."

65 **SECTION 3.**

66 Said article is further amended by revising Code Section 40-14-5, relating to testing and  
 67 removal of inaccurate radar devices from service, as follows:

68 "40-14-5.

69 (a) Each state, county, municipal, or campus law enforcement officer using a radar device,  
 70 except for an automated traffic enforcement safety device as provided for under Code  
 71 Section 40-14-18, shall test the device for accuracy and record and maintain the results of  
 72 the test at the beginning and end of each duty tour. Each such test shall be made in  
 73 accordance with the manufacturer's recommended procedure. Any radar unit not meeting  
 74 the manufacturer's minimum accuracy requirements shall be removed from service and  
 75 thereafter shall not be used by the state, county, municipal, or campus law enforcement  
 76 agency until it has been serviced, calibrated, and recertified by a technician with the  
 77 qualifications specified in Code Section 40-14-4.

78 (b) Each county, municipal, or campus law enforcement officer using a radar device,  
 79 except for an automated traffic enforcement safety device as provided for under Code  
 80 Section 40-14-18, shall notify each person against whom the officer intends to make a case  
 81 based on the use of the radar device that the person has a right to request the officer to test  
 82 the radar device for accuracy. The notice shall be given prior to the time a citation and  
 83 complaint or ticket is issued against the person and, if requested to make a test, the officer  
 84 shall test the radar device for accuracy. In the event the radar device does not meet the  
 85 minimum accuracy requirements, the citation and complaint or ticket shall not be issued  
 86 against the person, and the radar device shall be removed from service and thereafter shall  
 87 not be used by the county, municipal, or campus law enforcement agency until it has been  
 88 serviced, calibrated, and recertified by a technician with the qualifications specified in  
 89 Code Section 40-14-4.

90 (c)(1) The law enforcement agency, or agent on behalf of the law enforcement agency,  
 91 operating an automated traffic enforcement safety device provided for under Code  
 92 Section 40-14-18 shall maintain a log for the automated traffic enforcement safety device  
 93 attesting to the performance of such device's self-test at least once every 30 days and the  
 94 results of such self-test pertaining to the accuracy of the automated traffic enforcement  
 95 safety device. Such log shall be admissible in any court proceeding for a violation issued  
 96 pursuant to Code Section 40-14-18.

97 (2) The law enforcement agency, or agent on behalf of the law enforcement agency,  
 98 operating an automated traffic enforcement safety device shall have performed an  
 99 independent calibration test on the automated traffic enforcement safety device at least  
 100 once every 12 months. The results of such calibration test shall be admissible in any  
 101 court proceeding for a violation issued pursuant to Code Section 40-14-18."

#### 102 SECTION 4.

103 Said article is further amended by adding a new subsection to Code Section 40-14-6, relating  
 104 to the requirement for warning signs, to read as follows:

105 "(c) In addition to the signs required under subsections (a) and (b) of this Code section,  
 106 each law enforcement agency using an automated traffic enforcement safety device as  
 107 provided for in Code Section 40-14-18 shall erect signs warning of the use of a stationary  
 108 speed detection device within the approaching school zone. Such signs shall be at least 24  
 109 by 30 inches in area, shall be visible plainly from every lane of traffic, shall be viewable  
 110 in all traffic conditions, and shall not be placed in such a manner that the view of such sign  
 111 is subject to being obstructed by any other vehicle on such highway. Such signs shall be  
 112 placed within 500 feet prior to the warning sign announcing the reduction of the speed limit  
 113 for the school speed zone."

#### 114 SECTION 5.

115 Said article is further amended by revising Code Section 40-14-7, relating to the visibility  
 116 of a vehicle from which a speed detection device is operated, as follows:

117 "40-14-7.

118 ~~No~~ Except as provided for in Code Section 40-14-18, no stationary speed detection device  
 119 shall be employed by county, municipal, college, or university law enforcement officers  
 120 where the vehicle from which the device is operated is obstructed from the view of  
 121 approaching motorists or is otherwise not visible for a distance of at least 500 feet."

#### 122 SECTION 6.

123 Said article is further amended by revising subsection (b) of Code Section 40-14-8, relating  
 124 to when case may be made and conviction had, as follows:

125 "(b) The limitations contained in subsection (a) of this Code section shall not apply in  
 126 properly marked school zones one hour before, during, and one hour after the normal hours  
 127 of school operation or programs for care and supervision of students before school, after  
 128 school, or during vacation periods as provided for under Code Section 20-2-65, in properly  
 129 marked historic districts, and in properly marked residential zones. For purposes of this  
 130 chapter, thoroughfares with speed limits of 35 miles per hour or more shall not be

131 considered residential districts. For purposes of this Code section, the term 'historic  
 132 district' means a historic district as defined in paragraph (5) of Code Section 44-10-22 and  
 133 which is listed on the Georgia Register of Historic Places or as defined by ordinance  
 134 adopted pursuant to a local constitutional amendment."

135 **SECTION 7.**

136 Said article is further amended by revising subsection (d) of Code Section 40-14-11, relating  
 137 to investigations by the commissioner of public safety, issuance of order suspending or  
 138 revoking a permit, and ratio of speeding fines to agency's budget, as follows:

139 "(d) There shall be a rebuttable presumption that a law enforcement agency is employing  
 140 speed detection devices for purposes other than the promotion of the public health, welfare,  
 141 and safety if the fines levied based on the use of speed detection devices for speeding  
 142 offenses are equal to or greater than 35 percent of a municipal or county law enforcement  
 143 agency's budget. For purposes of this Code section, fines collected for citations issued for  
 144 violations of Code Section 40-6-180 shall be included when calculating total speeding fine  
 145 revenue for the agency; provided, however, that fines for speeding violations exceeding 20  
 146 miles per hour over the established speed limit and fines for speeding violations issued  
 147 pursuant to Code Section 40-14-18 shall not be considered when calculating total speeding  
 148 fine revenue for the agency."

149 **SECTION 8.**

150 Said article is further amended by adding a new Code section to read as follows:

151 "40-14-18.

152 (a) The speed limit within any school zone as provided for in Code Section 40-14-8 and  
 153 marked pursuant to Code Section 40-14-6 may be enforced by using recorded images for  
 154 violations which occurred during the time periods relative to normal hours of school  
 155 operation and programs of care and supervision of students as provided for in Code Section  
 156 40-14-8 when such violations are in excess of ten miles per hour over the speed limit.

157 (b) For the purpose of enforcement pursuant to this Code section:

158 (1) The driver of a motor vehicle shall be liable for a civil monetary penalty if such  
 159 vehicle is found, as evidenced by recorded images, to have been operated in disregard or  
 160 disobedience of the speed limit within any school zone and such disregard or  
 161 disobedience was not otherwise authorized by law. The amount of such fine shall be  
 162 \$125.00, in addition to fees associated with the electronic processing of such fine which  
 163 shall not exceed \$25.00; provided, however, that for a period of 30 days after an  
 164 automated traffic enforcement safety device is first introduced within a school zone, other  
 165 than an automated traffic enforcement safety device replacing a previously used

166 automated traffic enforcement safety device, the driver of a motor vehicle shall not be  
167 liable for a civil monetary penalty but shall be issued a civil warning for disregard or  
168 disobedience of the speed limit within the school zone;

169 (2) A law enforcement agency authorized to enforce the speed limit of a school zone  
170 shall send by first class mail addressed to the owner of the motor vehicle postmarked  
171 within 30 days after obtaining the name and address of the owner of the motor vehicle but  
172 no later than 60 days after the date of the alleged violation:

173 (A) A citation for the alleged violation, which shall include the date and time of the  
174 violation, the location of the infraction, the maximum speed at which such motor  
175 vehicle was traveling in recorded images, the maximum speed applicable within such  
176 school zone, the civil warning or the amount of the civil monetary penalty imposed, and  
177 the date by which a civil monetary penalty shall be paid;

178 (B) An image taken from the recorded images showing the vehicle involved in the  
179 infraction;

180 (C) A website address where recorded images showing the vehicle involved in the  
181 infraction and a duplicate of the information provided for in this paragraph may be  
182 viewed;

183 (D) A copy of a certificate sworn to or affirmed by a certified peace officer employed  
184 by a law enforcement agency authorized to enforce the speed limit of the school zone  
185 and stating that, based upon inspection of recorded images, the owner's motor vehicle  
186 was operated in disregard or disobedience of the speed limit in the marked school zone  
187 and that such disregard or disobedience was not otherwise authorized by law;

188 (E) A statement of the inference provided by paragraph (4) of this subsection and of  
189 the means specified therein by which such inference may be rebutted;

190 (F) Information advising the owner of the motor vehicle of the manner and time in  
191 which liability as alleged in the citation may be contested through an administrative  
192 hearing; and

193 (G) A warning that failure to pay the civil monetary penalty or to contest liability in  
194 a timely manner as provided for in subsection (d) of this Code section shall waive any  
195 right to contest liability;

196 (3) Proof that a motor vehicle was operated in disregard or disobedience of the speed  
197 limit of the marked school zone shall be evidenced by recorded images. A copy of a  
198 certificate sworn to or affirmed by a certified peace officer employed by a law  
199 enforcement agency and stating that, based upon inspection of recorded images, a motor  
200 vehicle was operated in disregard or disobedience of the speed limit in the marked school  
201 zone and that such disregard or disobedience was not otherwise authorized by law shall  
202 be prima-facie evidence of the facts contained therein; and

203 (4) Liability under this Code section shall be determined based upon a preponderance of  
204 the evidence. Prima-facie evidence that the vehicle described in the citation issued  
205 pursuant to this Code section was operated in violation of the speed limit of the school  
206 zone, together with proof that the defendant was, at the time of such violation, the  
207 registered owner of the vehicle, shall permit the trier of fact in its discretion to infer that  
208 such owner of the vehicle was the driver of the vehicle at the time of the alleged  
209 violation. Such an inference may be rebutted if the owner of the vehicle:

210 (A) Testifies under oath in open court or submits to the court a sworn notarized  
211 statement that he or she was not the operator of the vehicle at the time of the alleged  
212 violation and identifies the name of the operator of the vehicle at the time of the alleged  
213 violation; or

214 (B) Presents to the court a certified copy of a police report showing that the vehicle had  
215 been reported to the police as stolen prior to the time of the alleged violation.

216 (c) A violation for which a civil warning or a civil penalty is imposed pursuant to this  
217 Code section shall not be considered a moving traffic violation for the purpose of points  
218 assessment under Code Section 40-5-57. Such violation shall be deemed noncriminal, and  
219 imposition of a civil warning or civil penalty pursuant to this Code section shall not be  
220 deemed a conviction and shall not be made a part of the operating record of the person  
221 upon whom such liability is imposed, nor shall it be used for any insurance purposes in the  
222 provision of motor vehicle insurance coverage.

223 (d) If a person issued and mailed a citation pursuant to subsection (b) of this Code section  
224 fails to pay the penalty for the violation or has not filed a police report or notarized  
225 statement pursuant to paragraph (4) of subsection (b) of this Code section in no less than  
226 30 nor more than 60 days after such mailing as determined and noticed by the law  
227 enforcement agency, the agent or law enforcement agency shall send to such person by first  
228 class mail a second notice of any unpaid civil penalty, except in cases where there is an  
229 adjudication that no violation occurred or there is otherwise a lawful determination that no  
230 civil penalty shall be imposed. The second notice shall include all information required in  
231 paragraph (2) of subsection (b) of this Code section and shall include a new date of return  
232 which shall be no less than 30 days after such mailing as determined and noticed by the law  
233 enforcement agency. If such person notified by second notice again fails to pay the penalty  
234 or file a police report or notarized statement pursuant to paragraph (4) of subsection (b) of  
235 this Code section by the new date of return, such person shall have waived the right to  
236 contest the violation and shall be liable for the civil monetary penalty provided for under  
237 this Code section, except in cases where there is an adjudication that no violation occurred  
238 or there is otherwise a lawful determination that no civil penalty shall be imposed.

239 (e) Notices mailed by first class mail pursuant to this Code section shall be adequate  
240 notification of the fees and penalties imposed by this Code section. No other notice shall  
241 be required for the purposes of this Code section.

242 (f) Any court having jurisdiction over violations of the speed limit in the school zone shall  
243 have jurisdiction over cases arising under this Code section and shall be authorized to  
244 impose the civil monetary penalty. The provisions of law governing jurisdiction,  
245 procedure, defenses, adjudication, appeal, and payment and distribution of penalties  
246 otherwise applicable to violations of the speed limit in the school zone shall apply to  
247 enforcement under this Code section, except as otherwise provided in this Code section;  
248 provided, however, that any appeal from superior or state court shall be by application in  
249 the same manner as that provided by Code Section 5-6-35.

250 (g) Recorded images made for purposes of this Code section shall not be a public record  
251 for purposes of Article 4 of Chapter 18 of Title 50.

252 (h) A civil warning or penalty under this Code section on the owner of a motor vehicle  
253 shall not be imposed if the operator of the vehicle was arrested or issued a citation and  
254 notice to appear by a peace officer for the same violation."

255 **SECTION 9.**

256 All laws and parts of laws in conflict with this Act are repealed.
