 101 person's knowledge or when unforeseen medical services arise at the time the health
 102 care services are rendered; provided, however, that a surprise bill shall not mean a bill
 103 received for health care services when a participating physician is available and the
 104 covered person has elected to obtain services from a nonparticipating physician;

 106 services were referred by a participating physician to a nonparticipating provider

 109 and that the referral may result in costs not covered by the health care plan; or
 110 (C) A patient who is not a covered person for services rendered by a physician at a
 111 hospital or ambulatory surgical center when the patient has not timely received all of
 112 the disclosures required by Code Section 33-20E-2.

 117 or prospective patients in writing or through an Internet website the health care plans in
 118 which the health care provider, group practice, diagnostic and treatment center, or health
 119 center is a participating provider and the hospitals with which the health care provider is
 120 affiliated prior to the provision of nonemergency services and verbally at the time an
 121 appointment is scheduled.

122 (b) If a health care provider, group practice of health care providers, diagnostic and
 123 treatment center, or health center on behalf of health care providers rendering services at
 124 a group practice, diagnostic and treatment center, or health center does not participate in
 125 the network of a patient's or prospective patient's health care plan, the health care provider,
 126 group practice, diagnostic and treatment center, or health center shall:

127 (1) Prior to the provision of nonemergency services, inform a patient or prospective
 128 patient that the estimated amount the health care provider will bill the patient for health
 129 care services is available upon request; and

130 (2) Upon receipt of a request from a patient or prospective patient, disclose to the patient
 131 or prospective patient in writing the amount or estimated amount or, with respect to a
 132 health center, a schedule of fees that the health care provider, group practice, diagnostic
 133 and treatment center, or health center will bill the patient or prospective patient for health

134 care services provided or anticipated to be provided to the patient or prospective patient
135 absent unforeseen medical circumstances that may arise when the health care services are
136 provided.

137 (c) A health care provider who is a physician shall provide a patient or prospective patient
138 with the name, practice name, mailing address, and telephone number of any health care
139 provider scheduled to perform anesthesiology, laboratory, pathology, radiology, or assistant
140 surgeon services in connection with care to be provided in the physician's office for the
141 patient or coordinated or referred by the physician for the patient at the time of referral to
142 or coordination of services with such provider.

143 (d) A health care provider who is a physician shall, for a patient's scheduled hospital
144 admission or scheduled outpatient hospital services, provide a patient and the hospital with
145 the name, practice name, mailing address, and telephone number of any other physician
146 whose services will be arranged for by the physician and are scheduled at the time of the
147 preadmission testing, registration, or admission at the time nonemergency services are
148 scheduled; and information as to how to determine the health care plans in which the
149 physician participates.

150 (e) A hospital shall establish, update, and make public through posting on the hospital's
151 website, to the extent required by federal guidelines, a list of the hospital's standard charges
152 for items and services provided by the hospital, including for diagnosis related groups
153 established under Section 1886(d)(4) of the federal Social Security Act.

154 (f) A hospital shall post on the hospital's website:

155 (1) The health care plans in which the hospital is a participating provider;

156 (2) A statement that physician services provided in the hospital are not included in the
157 hospital's charges, that physicians who provide services in the hospital may or may not
158 participate with the same health care plans as the hospital, and that the prospective patient
159 should check with the physician arranging for the hospital services to determine the
160 health care plans in which the physician participates;

161 (3) As applicable, the name, mailing address, and telephone number of the physician
162 groups that the hospital has contracted with to provide services, including anesthesiology,
163 pathology, or radiology, and instructions on how to contact these groups to determine the
164 health care plan participation of the physicians in these groups; and

165 (4) As applicable, the name, mailing address, and telephone number of physicians
166 employed by the hospital and whose services may be provided at the hospital with the
167 health care plans in which they participate.

168 (g) In registration or admission materials provided in advance of nonemergency hospital
169 services, a hospital shall:

170 (1) Advise the patient or prospective patient to check with the physician arranging the
171 hospital services to determine:

172 (A) The name, practice name, mailing address, and telephone number of any other
173 physician whose services will be arranged for by the physician; and

174 (B) Whether the services of physicians who are employed or contracted by the hospital
175 to provide services including anesthesiology, pathology, and radiology, are reasonably
176 anticipated to be provided to the patient; and

177 (2) Provide patients or prospective patients with information as to how to timely
178 determine the health care plans participated in by physicians who are reasonably
179 anticipated to provide services to the patient at the hospital, as determined by the
180 physician arranging the patient's hospital services, and who are employees of the hospital
181 or contracted by the hospital to provide services, including anesthesiology, radiology, and
182 pathology.

183 33-20E-3.

184 (a) An insurer shall provide to an enrollee:

185 (1) Information that an enrollee may obtain a referral to a health care provider outside
186 of the health maintenance organization's network or panel when the health maintenance
187 organization does not have a health care provider who is geographically accessible to the
188 enrollee and who has appropriate training and experience in the network or panel to meet
189 the particular health care needs of the enrollee and the procedure by which the enrollee
190 can obtain such referral;

191 (2) Notice that the enrollee shall have direct access to primary and preventive obstetric
192 and gynecologic services, including annual examinations, care resulting from such annual
193 examinations, and treatment of acute gynecologic conditions, or for any care related to
194 a pregnancy, from a qualified provider of such services of her choice from within the
195 plan;

196 (3) All appropriate mailing addresses and telephone numbers to be utilized by enrollees
197 seeking information or authorization; and

198 (4) An annually updated listing by specialty, which may be in a separate document, of
199 the name, address, and telephone number of all participating providers, including
200 facilities, and in the case of physicians, the board certification, languages spoken, and any
201 affiliations with participating hospitals. The listing shall also be posted on the health
202 maintenance organization's website and the health maintenance organization shall update
203 the website within 15 days of the addition or termination of a provider from the health
204 maintenance organization's network or a change in a physician's hospital affiliation;

- 205 (5) Where applicable, a description of the method by which an enrollee may submit a
206 claim for health care services;
- 207 (6) With respect to out-of-network coverage:
- 208 (A) A clear description of the methodology used by the health maintenance
209 organization to determine reimbursement for out-of-network health care services;
- 210 (B) The amount that the health maintenance organization will reimburse under the
211 methodology for out-of-network health care services set forth as a percentage of the
212 usual and customary cost for out-of-network health care services; and
- 213 (C) Examples of anticipated out-of-pocket costs for frequently billed out-of-network
214 health care services;
- 215 (7) Information in writing and through an Internet website that reasonably permits an
216 enrollee or prospective enrollee to estimate the anticipated out-of-pocket cost for
217 out-of-network health care services in a geographical area or ZIP code based upon the
218 difference between what the health maintenance organization will reimburse for
219 out-of-network health care services and the usual and customary cost for out-of-network
220 health care services;
- 221 (8) The written application procedures and minimum qualification requirements for
222 health care providers to be considered by the insurer; and
- 223 (9) Other information as required by the Commissioner.
- 224 (b) An insurer shall disclose whether a health care provider scheduled to provide a health
225 care service is an in-network provider and, with respect to out-of-network coverage,
226 disclose the approximate dollar amount that the insurer will pay for a specific
227 out-of-network health care service. Insurers shall also inform an enrollee through such
228 disclosure that such approximation is not binding on the insurer and that the approximate
229 dollar amount that the insurer will pay for a specific out-of-network health care service
230 may change.

231 33-20E-4.

232 An out-of-network referral denial means a denial of a request for an authorization or
233 referral to an out-of-network provider on the basis that the health care plan has a health
234 care provider in the network benefits portion of its network with appropriate training and
235 experience to meet the particular health care needs of an enrollee and who is able to
236 provide the requested health service. The notice of an out-of-network referral denial
237 provided to an enrollee shall have information explaining what information the enrollee
238 must submit in order to appeal the out-of-network referral denial. An out-of-network
239 denial shall not constitute an adverse determination.

240 33-20E-5.

241 (a) An insurer shall provide a description of the method by which an enrollee may submit
242 a claim for health care services.

243 (b) An insurer shall provide a clear description of the methodology used by such insurer
244 to determine reimbursement for out-of-network health care services and the amount that
245 the insurer will reimburse under the methodology for out-of-network health care services
246 set forth as a percentage of the usual and customary cost for out-of-network health care
247 services.

248 (c) An insurer shall provide examples of anticipated out-of-pocket costs for frequently
249 billed out-of-network health care services and information in writing and through an
250 Internet website that reasonably permits an enrollee or prospective enrollee to estimate the
251 anticipated out-of-pocket cost for out-of-network health care services in a geographical
252 area or ZIP code based upon the difference between what the insurer will reimburse for
253 out-of-network health care services and the usual and customary cost for out-of-network
254 health care services.

255 (d) An insurer shall disclose whether a health care provider scheduled to provide a health
256 care service is an in-network provider and, with respect to out-of-network coverage,
257 disclose the approximate dollar amount that the health maintenance organization will pay
258 for a specific out-of-network health care service. The insurer shall also inform an enrollee
259 through such disclosure that such approximation is not binding on the health maintenance
260 organization and that the approximate dollar amount that the health maintenance
261 organization will pay for a specific out-of-network health care service may change.

262 33-20E-6.

263 (a) The Commissioner shall establish a dispute resolution process by which a dispute for
264 a bill for emergency services or a surprise bill may be resolved if either party disputes the
265 payment indicated by the data base established pursuant to Code Section 33-20E-7.1. The
266 Commissioner shall have the power to grant and revoke certifications of independent
267 dispute resolution entities to conduct the dispute resolution process.

268 (b) The Commissioner shall promulgate regulations establishing standards for the dispute
269 resolution process, including a process for certifying and selecting independent dispute
270 resolution entities. An independent dispute resolution entity shall use licensed physicians
271 in active practice in the same or similar specialty as the physician providing the service that
272 is subject to the dispute resolution process. To the extent practicable, the physician shall
273 be licensed in this state.

274 (c) This chapter shall not apply to health care services, including emergency services,
 275 where physician fees are subject to schedules or other monetary limitations under any other
 276 law, including workers' compensation law.

277 (d) The dispute resolution process established in this chapter shall not apply when:

278 (1) The amount billed for American Medical Association current procedural terminology
 279 (CPT) codes 99281 through 99285, 99288, 99291 through 99292, 99217 through 99220,
 280 99224 through 99226, and 99234 through 99236 meets the requirements set forth in
 281 subsection (f) of this Code section, after any applicable coinsurance, copayment and
 282 deductible; and

283 (2) The amount billed for any such CPT code does not exceed 120 percent of the usual
 284 and customary cost for such CPT code.

285 (e) The health care plan shall ensure that a covered person shall not incur any greater
 286 out-of-pocket costs for emergency services billed under a CPT code as set forth in this
 287 Code section than the covered person would have incurred if such emergency services were
 288 provided by a participating physician.

289 (f) Beginning January 1, 2018, and on each January 1 thereafter, the Commissioner shall
 290 publish on a website maintained by the department, and provide in writing to each health
 291 care plan, a dollar amount for which bills for the procedure codes identified in this Code
 292 section shall be exempt from the dispute resolution process established in this chapter.
 293 Such amount shall equal the amount from the prior year, beginning with \$600.00 in 2018,
 294 adjusted by the average of the annual average inflation rates for the medical care
 295 commodities and may consider medical care services components of the Consumer Price
 296 Index. In no event shall an amount exceeding \$1,200.00 for a specific CPT code billed be
 297 exempt from the dispute resolution process established in this chapter.

298 33-20E-7.

299 In determining the appropriate amount to pay for a health care service, an independent
 300 dispute resolution entity shall consider all relevant factors, including:

301 (1) Fees paid to the involved physician for the same services rendered by the physician
 302 to other patients in health care plans in which the physician is not participating;

303 (2) In the case of a dispute involving a health care plan, fees paid by the health care plan
 304 to reimburse similarly qualified physicians for the same services in the same region who
 305 are not participating in the health care plan;

306 (3) The level of training, education, and experience of the physician;

307 (4) The physician's usual charge for comparable services with regard to patients in health
 308 care plans in which the physician is not participating;

- 309 (5) The circumstances and complexity of the particular case, including time and place
310 of the service;
311 (6) Individual patient characteristics; and
312 (7) The usual and customary cost of the service pursuant to Code Section 33-20E-7.1.

313 33-20E-7.1

314 The Department of Community Health shall develop and maintain the benchmarking data
315 base to establish usual and customary cost under Code Section 33-20E-7. Such usual and
316 customary cost shall mean the eightieth percentile of all charges for the particular health
317 care service performed by a provider in the same or similar geographical area as reported
318 in such benchmarking data base. Such data base shall develop a benchmark utilizing data
319 from a nonprofit organization specified by the Commissioner of Community Health, which
320 is not affiliated with a health care plan.

321 33-20E-8.

322 (a) When a health care plan receives a bill for emergency services from a nonparticipating
323 physician, the health care plan shall pay the amount indicated by the data base established
324 pursuant to Code Section 33-20E-7.1 for the emergency services rendered by the
325 nonparticipating physician in accordance with Code Section 33-20E-7 except for the
326 covered person's copayment, coinsurance, or deductible, if any, and shall ensure that the
327 covered person shall incur no greater out-of-pocket costs for the emergency services than
328 the covered person would have incurred with a participating physician.

329 (b) A nonparticipating physician or a health care plan may submit a dispute regarding a
330 fee or payment for emergency services for review to an independent dispute resolution
331 entity. The independent dispute resolution entity shall make a determination within 30
332 days of receipt of the dispute for review.

333 (c) In determining a reasonable fee for the services rendered, the independent dispute
334 resolution entity shall determine which amount to select based upon the conditions and
335 factors set forth in Code Section 33-20E-7 of this chapter. If an independent dispute
336 resolution entity determines, based on the health care plan's payment and the
337 nonparticipating physician's fee, that a settlement between the health care plan and
338 nonparticipating physician is reasonably likely, or that both the health care plan's payment
339 and the nonparticipating physician's fee represent unreasonable extremes, then the
340 independent dispute resolution entity may direct both parties to attempt a good faith
341 negotiation for settlement. The health care plan and nonparticipating physician may be
342 granted up to ten business days for this negotiation, which shall run concurrently with the
343 30 day period for dispute resolution.

344 (d) A patient who is not a covered person or the patient's physician may submit a dispute
345 regarding a fee for emergency services for review to an independent dispute resolution
346 entity upon approval of the Commissioner. An independent dispute resolution entity shall
347 determine a reasonable fee for the services based upon the same conditions and factors
348 pursuant to Code Section 33-20E-7 of this chapter.

349 (e) A patient who is not a covered person shall not be required to pay the physician's fee
350 in order to be eligible to submit the dispute for review to an independent dispute resolution
351 entity.

352 (f) The determination of an independent dispute resolution entity shall be binding on the
353 health care plan, physician, and patient and shall be admissible in any court proceeding
354 between the health care plan, physician, or patient, or in any administrative proceeding
355 between this state and the physician.

356 33-20E-9.

357 When a covered person assigns benefits for a surprise bill in writing to a nonparticipating
358 physician who knows that the covered person is insured under a health care plan, the
359 nonparticipating physician shall not bill the covered person except for any applicable
360 copayment, coinsurance, or deductible that would be owed if the covered person utilized
361 a participating physician.

362 33-20E-10.

363 (a) If a covered person assigns benefits to a nonparticipating physician, the health care
364 plan shall pay the nonparticipating physician in accordance with subsections (c) and (d) of
365 this Code section.

366 (b) The nonparticipating physician may bill the health care plan for the health care services
367 rendered, and the health care plan shall pay the nonparticipating physician the billed
368 amount or attempt to negotiate reimbursement with the nonparticipating physician.

369 (c) If the health care plan's attempts to negotiate reimbursement for health care services
370 provided by a nonparticipating physician does not result in a resolution of the payment
371 dispute between the nonparticipating physician and the health care plan, the health care
372 plan shall pay the nonparticipating physician an amount the health care plan determines is
373 reasonable for the health care services rendered, except for the covered person's
374 copayment, coinsurance, or deductible.

375 (d) Either the health care plan or the nonparticipating physician may submit the dispute
376 regarding the surprise bill for review to an independent dispute resolution entity; provided,
377 however, that the health care plan may not submit the dispute unless it has complied with
378 the requirements of subsections (a), (b), and (c) of this Code section.

379 (e) The independent dispute resolution entity shall make a determination within 30 days
380 of receipt of the dispute for review.

381 (f) When determining a reasonable fee for the services rendered, the independent dispute
382 resolution entity shall select either the health care plan's payment or the nonparticipating
383 physician's fee. An independent dispute resolution entity shall determine which amount
384 to select based upon the conditions and factors set forth in Code Section 33-20E-7. If an
385 independent dispute resolution entity determines, based on the health care plan's payment
386 and the nonparticipating physician's fee, that a settlement between the health care plan and
387 nonparticipating physician is reasonably likely, or that both the health care plan's payment
388 and the nonparticipating physician's fee represent unreasonable extremes, then the
389 independent dispute resolution entity may direct both parties to attempt a good faith
390 negotiation for settlement. The health care plan and nonparticipating physician may be
391 granted up to ten business days for this negotiation, which shall run concurrently with the
392 30 day period for dispute resolution.

393 (g) A covered person who does not assign benefits under subsection (a) of this Code
394 section or a patient who is not a covered person and who receives a surprise bill may
395 submit a dispute regarding the surprise bill for review to an independent dispute resolution
396 entity.

397 (h) The independent dispute resolution entity shall determine a reasonable fee for the
398 services rendered based upon the conditions and factors set forth in Code Section
399 33-20E-7.
