212 36-93-4.

213 The board of the authority shall appoint an executive director who shall be the
214 administrative head of the authority. The board shall establish the salary of the executive
215 director. The executive director, with the concurrence and approval of the board, shall hire

217 set their salaries; and perform such other duties as may be prescribed by the authority.
218 Such officers, agents, and employees shall serve at the pleasure of the executive director.

219 36-93-5.

220 (a) Beginning January 1, 2019, all 9-1-1 charges and all wireless enhanced 9-1-1 charges
221 imposed by the governing authority of a local government pursuant to Code
222 Section 46-5-133 and collected by a service supplier pursuant to Code Sections 46-5-134
223 and 46-5-134.1 shall be remitted by each service supplier to the authority monthly not later
224 than the twentieth day of the month following the month in which they are collected. Any
225 charges not remitted in a timely manner shall accrue interest at the rate specified in Code
226 Section 48-2-40, until the date they are paid.

227 (b)(1) Each service supplier collecting and remitting 9-1-1 and wireless enhanced 9-1-1
228 charges to the authority pursuant to subsection (a) of this Code section shall submit with
229 the remitted charges a report identifying the amount of the charges being collected and
230 remitted from telephone subscribers attributable to each county or municipality that
231 operates a public safety answering point including counties and municipalities that
232 operate multijurisdictional or regional 9-1-1 systems or have created a joint authority
233 pursuant to Code Section 46-5-138.

234 (2) For purposes of the monthly report identifying the amount of charges collected and
235 remitted as required in paragraph (1) of this subsection, the service supplier shall attempt
236 to utilize enhanced ZIP Codes. If an enhanced ZIP Code designation is not available for
237 an address or if the service supplier is unable to determine the applicable enhanced ZIP
238 Code designation after exercising due diligence to determine the designation, the service
239 supplier may apply the five-digit ZIP Code to that address. For purposes of this
240 subsection, there is a rebuttable presumption that a service supplier has exercised due

241 diligence if the service supplier has attempted to determine the enhanced ZIP Code
 242 designation by utilizing software approved by the Streamlined Sales Tax Governing
 243 Board for purposes of Code Section 48-8-70.

244 36-93-6.

245 (a) The authority may retain from the charges remitted to it pursuant to subsection (a) of
 246 Code Section 36-93-5 an amount necessary to cover the costs of administration of this
 247 chapter. The amount retained shall not exceed 3 percent of the charges remitted to the
 248 authority.

249 (b) Except for the amount retained under subsection (a) of this Code section, the remainder
 250 of the charges remitted by service suppliers shall be paid by the authority to each local
 251 government on a pro rata basis based on the remitted amounts attributable to each such
 252 local government reported by service suppliers in the reports required by subsection (b) of
 253 Code Section 36-93-5. Such payments shall be made by the authority to such local
 254 governments not later than 30 days following the date charges must be remitted by service
 255 suppliers to the authority pursuant to subsection (a) of Code Section 36-93-5.

256 36-93-7.

257 (a)(1) Beginning January 1, 2019, the authority is authorized to employ or contract with
 258 an auditor or auditors to audit the financial and business records of any service supplier
 259 offering communication services capable of connecting 9-1-1 service to the extent
 260 necessary to ensure proper collection and remittance of charges in accordance with this
 261 chapter and with Part 4 of Article 2 of Chapter 5 of Title 46. Such audits shall apply only
 262 to charges required to be imposed and collected pursuant to Part 4 of Article 2 of
 263 Chapter 5 of Title 46 on or after January 1, 2019, and shall be conducted at the authority's
 264 sole expense.

265 (2) The board shall develop a schedule for auditing service suppliers according to criteria
 266 adopted by the board. Such schedule shall provide for an audit of a service supplier not
 267 more than once every three years. Any such audit shall cover a representative sample of
 268 the service supplier's customer base in the state.

269 (3) Any claim by the authority seeking to adjust the amount of any collection,
 270 remittance, or charge reported by the service supplier as required under Code
 271 Section 36-93-5 or imposing any penalty shall be limited to the period of three years prior
 272 to the date of the initial notice to the service supplier of the audit.

273 (b) Failure of a service supplier to comply with any audit required under paragraph (2) of
 274 subsection (a) of this Code section, when notice of such audit has been duly served upon
 275 a service supplier's registered agent, shall result in a civil penalty of not more than

276 \$1,000.00 per day for each day the service supplier refuses compliance commencing on a
277 date certain as stated in such notice, which in no case shall be less than 45 days, unless
278 otherwise agreed in writing by the parties. A good faith attempt by a service supplier to
279 comply with any such audit shall serve as a defense to a claim of failure to comply in any
280 contested proceeding under Code Section 50-13-13 or judicial review under Code
281 Section 50-13-19, and, if upheld, there shall be no civil penalty.

282 (c) Willful failure of any service supplier to have billed the monthly charges under Part 4
283 of Article 2 of Chapter 5 of Title 46 or to have remitted such collected charges as required
284 in this chapter shall be subject to a civil penalty of not more than \$25,000.00 in the
285 aggregate or 3 percent of the amount that should have been remitted, whichever is less.
286 The civil penalty shall be in addition to the amount that should have been remitted and
287 shall accrue interest at the rate specified in Code Section 48-2-40. The remedy set forth
288 in this chapter shall be enforced solely by the authority.

289 (d)(1) A service supplier shall not incur any liability, including, but not limited to,
290 liability for the payment of unbilled or uncollected charges, for any billing practice
291 previously or subsequently approved in writing by the authority or otherwise approved
292 pursuant to paragraph (2) of this subsection. A service supplier may request that the
293 authority approve a billing practice by a written request sent to the executive director of
294 such authority by certified mail. The authority may request additional information from
295 the service supplier regarding the billing practice.

296 (2)(A) The authority shall issue a written decision within 90 days of the executive
297 director's receipt of the service supplier's written request for approval of the billing
298 practice; provided, however, that the authority may, in its discretion, either request
299 additional information or determine that it needs more time, in which case the authority
300 shall provide notice of same to the service supplier and a single additional 90 day
301 period shall commence.

302 (B) In the event the authority does not issue a written decision within the time period
303 specified under subparagraph (A) of this paragraph, the billing practice shall be deemed
304 approved pursuant to this subsection.

305 (3) The written approval of a billing practice under this subsection or the approval of a
306 billing practice under subparagraph (B) of paragraph (2) of this subsection shall not
307 impair or prohibit the board from adopting and implementing subsequently new
308 requirements by rule or regulation that the board deems appropriate that supersede any
309 such prior approved billing practices; provided, however, that in no case shall any
310 approval of a billing practice by the authority be superseded for a period of at least three
311 years from the date of approval.

312 36-93-8.

313 (a) Except as otherwise provided in this Code section, all information submitted by a
 314 service supplier to the authority pursuant to this chapter shall be presumed to be a
 315 confidential, proprietary, trade secret or subject to exemption from disclosure under state
 316 or federal law and shall not be subject to disclosure under Article 4 of Chapter 18 of
 317 Title 50. Except as provided in this Code section, such information shall not be released
 318 to any person other than to the submitting service supplier, the authority, auditors, and
 319 attorneys employed by or under contract with the authority without the express permission
 320 of the submitting service supplier. Members of the authority may have access to
 321 information for the purpose of determining the accuracy of collections and remittances
 322 related to the member's jurisdiction. Such information shall be used solely for the purposes
 323 stated under this chapter.

324 (b) General information collected by the authority may be released or published but only
 325 in aggregate amounts that do not identify or allow identification of numbers of subscribers
 326 or revenues attributable to an individual service supplier.

327 (c) Nothing in this Code section shall prohibit the authority from complying with a court
 328 order or request of a state or federal grand jury, taxing or regulatory authority, law
 329 enforcement agency, or prosecuting attorney in conjunction with an ongoing
 330 administrative, criminal, or tax investigation."

 548 the shared capacity in the state, a service supplier may rely on, among other factors,
 549 a customer's certification of its allocation of capacity in Georgia, which may be based
 550 on each end user location, the total number of end users, and the number of end users
 551 at each end user location.

552 (B) All telephone services billed to federal, state, or local governments shall be exempt

 561 remit the 9-1-1 charge for each telephone subscriber that pays the bill; provided,
 562 however, that this information shall be maintained in a form that auditors can access.

563 If a service supplier receives a partial payment for a bill from a telephone subscriber,
 564 the service supplier shall apply the payment against the amount the telephone
 565 subscriber owes the service supplier first.

566 (C) This paragraph shall not apply to wireless service or prepaid wireless service or the
 567 telephone subscribers or service suppliers of such services.

568 (2)(A) If the governing authority body of a local government operates or contracts for

 579 ~~charge imposed upon other telephone subscribers pursuant to paragraph (1) of this~~
 580 ~~subsection nor exceed \$1.00~~ shall be \$1.50 per month per wireless telecommunications
 581 connection provided to the telephone subscriber except as otherwise provided in
 582 paragraph (5) of subsection (d) of this Code section.

583 (B) If the governing authority body of a local government operates or contracts for the
 584 operation of an emergency 9-1-1 system which is capable of providing or provides
 585 automatic number identification and automatic location identification of a wireless
 586 telecommunications connection, the subscriber of a wireless telecommunications
 587 connection whose place of primary use is within the geographic area that is served by
 588 the local government or that would be served by the local government for the purpose
 589 of such an emergency 9-1-1 system may be billed for the monthly wireless enhanced
 590 9-1-1 charge, if any, imposed with respect to that connection by the wireless service
 591 supplier. Such wireless enhanced 9-1-1 charge may not exceed the amount of the

 593 paragraph (1) of this subsection and shall be imposed on a monthly basis for each
 594 wireless telecommunications connection provided to the telephone subscriber.

595 (C) All wireless telecommunications connections billed to federal, state, or local
 596 governments shall be exempt from the wireless enhanced 9-1-1 charge. Each wireless
 597 service supplier shall, on behalf of the local government, collect the wireless enhanced
 598 9-1-1 charge from those telephone subscribers whose place of primary use is within the
 599 geographic area that is served by the local government or that would be served by the
 600 local government for the purpose of such an emergency 9-1-1 system. As part of its
 601 normal billing process, the wireless service supplier shall collect the wireless enhanced
 602 9-1-1 charge for each month a wireless telecommunications connection is in service,
 603 and it ~~shall~~ may list the wireless enhanced 9-1-1 charge as a separate entry on each bill.
 604 Nothing in this Code section shall be construed to require a wireless service supplier
 605 to list the 9-1-1 charge as a separate entry on each bill. Wireless service suppliers that
 606 do not list the 9-1-1 charge as a separate entry on each bill shall remit the 9-1-1 charge
 607 for each telephone subscriber that pays the bill; provided, however, that this
 608 information shall be maintained in a form that auditors can access. If a wireless service
 609 supplier receives partial payment for a bill from a telephone subscriber, the wireless
 610 service supplier shall apply the payment against the amount the telephone subscriber
 611 owes the wireless service supplier first.

612 (D) Notwithstanding the foregoing, the application of any 9-1-1 service charge with
 613 respect to a mobile telecommunications service, as defined in 4 U.S.C. Section 124(7),
 614 shall be governed by the provisions of Code Section 48-8-6.

 619 an amount equal to 3 percent of the gross 9-1-1 or wireless enhanced 9-1-1 charge
 620 receipts to be remitted to the authority for distribution to the local government; provided,
 621 however, that such amount shall not exceed 3¢ for every dollar so remitted pursuant to
 622 Code Section 36-93-5. The remaining amount shall be due quarterly to the local
 623 government authority monthly and shall be remitted to it no later than 60 days after the
 624 close of a calendar quarter the twentieth day of the month following the month in which
 625 such fee is collected.

626 (2) The 9-1-1 charges and the wireless enhanced 9-1-1 charges collected by the service
 627 supplier and transmitted to the authority for distribution to local governments pursuant
 628 to Code Section 36-93-5 shall, upon being received by a local government, be deposited
 629 and accounted for in a separate restricted revenue fund known as the Emergency
 630 Telephone System Fund maintained by the such local government. The local government
 631 may invest the money in the fund in the same manner that other moneys of the local

632 government may be invested and any income earned from such investment shall be
633 deposited into the Emergency Telephone System Fund.

634 (3) On or before July 1, 2005, any funds that may have been deposited in a separate
635 restricted wireless reserve account required by this Code section prior to such date shall
636 be transferred to the Emergency Telephone System Fund required by paragraph (2) of
637 this subsection.

638 ~~(4) The local government may on an annual basis, and at its expense, audit or cause to~~

641 ~~(5) Such monthly 9-1-1 charges and wireless enhanced 9-1-1 charges may be reduced~~
642 ~~at any time by the governing authority by resolution; provided, however, that said~~
643 ~~governing authority~~ The governing body of a local government shall be required to
644 reduce such monthly 9-1-1 charge or wireless enhanced 9-1-1 charge at any time the
645 projected revenues from 9-1-1 charges or wireless enhanced 9-1-1 charges will cause the
646 unexpended revenues in the Emergency Telephone System Fund at the end of the fiscal
647 year to exceed by one and one-half times the unexpended revenues in such fund at the
648 end of the immediately preceding fiscal year or at any time the unexpended revenues in
649 such fund at the end of the fiscal year exceed by one and one-half times the unexpended
650 revenues in such fund at the end of the immediately preceding fiscal year. Such reduction
651 in the 9-1-1 charge or wireless enhanced 9-1-1 charge shall be in an amount which will
652 avert the accumulation of revenues in such fund at the end of the fiscal year which will
653 exceed by one and one-half times the amount of revenues in the fund at the end of the
654 immediately preceding fiscal year.

655 (e)(1) A ~~wireless~~ service supplier may recover its costs expended on the implementation
656 and provision of ~~wireless enhanced~~ 9-1-1 services to subscribers ~~in an amount not to~~
657 ~~exceed 30¢ of each 9-1-1 charge collected from a place of primary use that is within the~~
658 ~~geographic area that is served by the local government or would be served by the local~~

660 ~~such amount may be increased to 45¢ upon implementation of step two of the state plan~~
661 ~~governing 9-1-1 enhanced communications as provided in subsection (g) of this Code~~
662 ~~section. Such cost recovery amount shall be based on the actual cost incurred by the~~
663 ~~wireless service supplier in providing wireless enhanced 9-1-1 services~~ by imposing a
664 cost recovery fee, not to exceed 45 cents per month, or including such costs in existing
665 cost recovery or regulatory recovery fees billed to the subscriber. In no event shall a

667 be remitted to the authority pursuant to Code Section 36-93-5.

668 (2) A wireless service supplier shall not be authorized to recover any costs under
669 paragraph (1) of this subsection with respect to any prepaid wireless services."
