A RESOLUTION

1 Creating the House Study Committee on Mental Health and Addiction Treatment Funding
2 Mechanisms; and for other purposes.

3 WHEREAS, there is an unmet need in this state for programs that provide temporary
4 long-term residential mental health treatment, mental health counseling, and treatment
5 alternatives; and

6 WHEREAS, this state has a long history of protecting its vulnerable citizens and the public
7 at large while also supporting a patient's right to choose the most appropriate treatment
8 modalities; and

9 WHEREAS, exploring the potential for more effective mental health treatments would
10 directly impact this state's rates of homelessness, suicide, and overcrowding in our
11 correctional institutions while helping to stabilize families and communities; and

12 WHEREAS, the absence of an adequate number of such treatments and programs poses
13 increased risks to communities, families, and the patients themselves; and

14 WHEREAS, it is in the best interests of the citizens of this state to periodically review and
15 evaluate all available funding resources to meet the mental health needs of Georgians; and

16 WHEREAS, a study needs to be undertaken with a focus on possible methods of financing
17 such services.
