206 for the offering of broadband, VoIP, or wireless service as such terms are defined in Code  
207 Section 46-5-221.

208 (l) The board shall be subject to and shall comply with Chapter 13 of Title 50, the 'Georgia

221 director. The executive director, with the concurrence and approval of the board, shall hire  
222 officers, agents, and employees; prescribe their duties, responsibilities, and qualifications;  
223 set their salaries; and perform such other duties as may be prescribed by the authority.  
224 Such officers, agents, and employees shall serve at the pleasure of the executive director.

225 36-93-5.

226 (a) Beginning January 1, 2019, all 9-1-1 charges and all wireless enhanced 9-1-1 charges  
227 imposed by the governing authority of a local government pursuant to Code  
228 Section 46-5-133 and collected by a service supplier pursuant to Code Sections 46-5-134  
229 and 46-5-134.1 shall be remitted by each service supplier to the authority monthly not later  
230 than the twentieth day of the month following the month in which they are collected. Any  
231 charges not remitted in a timely manner shall accrue interest at the rate specified in Code  
232 Section 48-2-40, until the date they are paid.

233 (b)(1) Each service supplier collecting and remitting 9-1-1 and wireless enhanced 9-1-1  
234 charges to the authority pursuant to subsection (a) of this Code section shall submit with  
235 the remitted charges a report identifying the amount of the charges being collected and  
236 remitted from telephone subscribers attributable to each county or municipality that  
237 operates a public safety answering point including counties and municipalities that  
238 operate multijurisdictional or regional 9-1-1 systems or have created a joint authority  
239 pursuant to Code Section 46-5-138.

240 (2) For purposes of the monthly report identifying the amount of charges collected and  
 241 remitted as required in paragraph (1) of this subsection, the service supplier shall attempt  
 242 to utilize enhanced ZIP Codes. If an enhanced ZIP Code designation is not available for  
 243 an address or if the service supplier is unable to determine the applicable enhanced ZIP  
 244 Code designation after exercising due diligence to determine the designation, the service  
 245 supplier may apply the five-digit ZIP Code to that address. For purposes of this  
 246 subsection, there is a rebuttable presumption that a service supplier has exercised due  
 247 diligence if the service supplier has attempted to determine the enhanced ZIP Code  
 248 designation by utilizing software used by the Streamlined Sales Tax Governing Board for  
 249 purposes of Code Section 48-8-70.

250 36-93-5.1.

251 (a)(1) The authority shall contract with the Department of Revenue for the collection and  
 252 disbursement of charges remitted to the authority under subsection (a) of Code  
 253 Section 36-93-5, other than prepaid wireless charges under Code Section 46-5-134.2.  
 254 Under such contract, the Department of Revenue may be authorized to retain an amount  
 255 not to exceed one-half of 1 percent of the total amount of charges remitted to the  
 256 authority under subsection (a) of Code Section 36-93-5, other than prepaid wireless  
 257 charges under Code Section 46-5-134.2, to defray the cost of administering such  
 258 collection and disbursement.

259 (2) Except for the amount authorized under paragraph (1) of this subsection to be  
 260 retained for the Department of Revenue to defray administrative costs, the proceeds of  
 261 any and all 9-1-1 charges collected pursuant to any provision of Part 4 of Article 2 of  
 262 Chapter 5 of Title 46, except for prepaid wireless charges under Code Section 46-5-134.2,  
 263 shall constitute proceeds of local government and shall be due and payable to local  
 264 government as required under this chapter. Under no circumstances shall such charges  
 265 be, or be deemed to be, revenues of the state and such charges shall not be subject to, or  
 266 available for, appropriation by the state for any purpose.

267 (b) The authority shall also contract with the Department of Revenue for the collection and  
 268 disbursement of prepaid wireless charges remitted to county and municipal government  
 269 authorities under Code Section 46-5-134.2. Under such contract and to defray the cost of  
 270 administering such collection and disbursement, the Department of Revenue shall receive  
 271 payment for the actual and reasonable cost of its services not to exceed 1 percent of the  
 272 total amount of the gross charges remitted to the department under Code Section  
 273 46-5-134.2.

274 36-93-5.2.

275 The authority and telecommunications service suppliers shall work in cooperation with the  
276 state to plan for and implement a state-wide public safety communications network.

277 36-93-6.

278 (a) The Department of Revenue shall retain from the charges remitted to it pursuant to  
279 subsection (a) of Code Section 36-93-5 and pursuant to Code Section 46-5-134.2 an  
280 amount equal to 1 percent of the total amount of such charges and remit such amount to the  
281 authority to cover the authority's costs of administration of this chapter.

282 (b) Except for the amount retained under subsection (a) of this Code section, the remainder  
283 of the charges remitted by service suppliers shall be paid by the Department of Revenue  
284 to each local government on a pro rata basis based on the remitted amounts attributable to  
285 each such local government reported by service suppliers in the reports required by  
286 subsection (b) of Code Section 36-93-5. Such payments shall be made by the Department  
287 of Revenue to such local governments not later than 30 days following the date charges  
288 must be remitted by service suppliers to the Department of Revenue pursuant to subsection  
289 (a) of Code Section 36-93-5.

290 36-93-7.

291 (a)(1) Beginning January 1, 2019, the authority is authorized to employ or contract with  
292 an auditor, auditors, or the Department of Revenue to audit the financial and business  
293 records of any service supplier offering communication services capable of connecting  
294 9-1-1 service to the extent necessary to ensure proper collection and remittance of  
295 charges in accordance with this chapter and with Part 4 of Article 2 of Chapter 5 of Title  
296 46. Such audits shall apply only to charges required to be imposed and collected pursuant  
297 to Part 4 of Article 2 of Chapter 5 of Title 46 on or after January 1, 2019, and shall be  
298 conducted at the authority's sole expense. The Department of Revenue shall provide to  
299 the authority access to all of the department's collection data and records of monthly  
300 returns of service suppliers under this Code section. Except as provided by Code Section  
301 36-93-8, such data and records shall not be used by the authority for any purpose other  
302 than audits under this Code section and shall otherwise retain any confidential status  
303 while in the possession of or use by the authority or others retained by the authority.

304 (2) The board shall develop a schedule for auditing service suppliers according to criteria  
305 adopted by the board. Such schedule shall provide for an audit of a service supplier not  
306 more than once every three years. Any such audit shall cover a representative sample of  
307 the service supplier's customer base in the state.

308 (3) Any claim by the authority seeking to adjust the amount of any collection,  
309 remittance, or charge reported by the service supplier as required under Code  
310 Section 36-93-5 or imposing any penalty shall be limited to the period of three years prior  
311 to the date of the initial notice to the service supplier of the audit.

312 (b) Failure of a service supplier to comply with any audit required under paragraph (2) of  
313 subsection (a) of this Code section, when notice of such audit has been duly served upon  
314 a service supplier's registered agent, shall result in a civil penalty of not more than  
315 \$1,000.00 per day for each day the service supplier refuses compliance commencing on a  
316 date certain as stated in such notice, which in no case shall be less than 45 days, unless  
317 otherwise agreed in writing by the parties. A good faith attempt by a service supplier to  
318 comply with any such audit shall serve as a defense to a claim of failure to comply in any  
319 contested proceeding under Code Section 50-13-13 or judicial review under Code  
320 Section 50-13-19, and, if upheld, there shall be no civil penalty.

321 (c) Willful failure of any service supplier to have billed the monthly charges under Part 4  
322 of Article 2 of Chapter 5 of Title 46 or to have remitted such collected charges as required  
323 in this chapter shall be subject to a civil penalty of not more than \$25,000.00 in the  
324 aggregate or 3 percent of the amount that should have been remitted, whichever is less.  
325 The civil penalty shall be in addition to the amount that should have been remitted and  
326 shall accrue interest at the rate specified in Code Section 48-2-40. The remedy set forth  
327 in this chapter shall be enforced solely by the authority.

328 (d)(1) A service supplier shall not incur any liability, including, but not limited to,  
329 liability for the payment of unbilled or uncollected charges, for any billing practice  
330 previously or subsequently approved in writing by the authority or otherwise approved  
331 pursuant to paragraph (2) of this subsection. A service supplier may request that the  
332 authority approve a billing practice by a written request sent to the executive director of  
333 such authority by certified mail. The authority may request additional information from  
334 the service supplier regarding the billing practice.

335 (2)(A) The authority shall issue a written decision within 90 days of the executive  
336 director's receipt of the service supplier's written request for approval of the billing  
337 practice; provided, however, that the authority may, in its discretion, either request  
338 additional information or determine that it needs more time, in which case the authority  
339 shall provide notice of same to the service supplier and a single additional 90 day  
340 period shall commence.

341 (B) In the event the authority does not issue a written decision within the time period  
342 specified under subparagraph (A) of this paragraph, the billing practice shall be deemed  
343 approved pursuant to this subsection.

344 (3) The written approval of a billing practice under this subsection or the approval of a  
 345 billing practice under subparagraph (B) of paragraph (2) of this subsection shall not  
 346 impair or prohibit the board from adopting and implementing subsequently new  
 347 requirements by rule or regulation that the board deems appropriate that supersede any  
 348 such prior approved billing practices; provided, however, that in no case shall any  
 349 approval of a billing practice by the authority be superseded for a period of at least three  
 350 years from the date of approval.

 658 9-1-1 charge for each month a wireless telecommunications connection is in service,  
 659 and it ~~shall~~ may list the wireless enhanced 9-1-1 charge as a separate entry on each bill.  
 660 Nothing in this Code section shall be construed to require a wireless service supplier

 662 do not list the 9-1-1 charge as a separate entry on each bill shall remit the 9-1-1 charge  
 663 for each telephone subscriber that pays the bill; provided, however, that this  
 664 information shall be maintained in a form that auditors can access. If a wireless service  
 665 supplier receives partial payment for a bill from a telephone subscriber, the wireless  
 666 service supplier shall apply the payment against the amount the telephone subscriber
