53 (2)(A) No more than \$4 million of the aggregate limit established by paragraph (1) of  
 54 this subsection shall be contributed to any individual rural hospital organization in any  
 55 taxable year. From January 1 to June 30 each taxable year, the commissioner shall only  
 56 preapprove contributions submitted by individual taxpayers in an amount not to exceed  
 57 \$2 million, and from corporate donors in an amount not to exceed \$2 million. From  
 58 July 1 to December 31 each taxable year, subject to the aggregate limit in paragraph (1)

 60 the commissioner shall approve contributions submitted by individual taxpayers and  
 61 corporations or other entities.

62 (B) In the event an individual or corporate donor desires to make a contribution to an  
63 individual rural hospital organization that has received the maximum amount of  
64 contributions for that taxable year, the Department of Community Health shall provide  
65 the individual or corporate donor with a list, ranked in order of financial need, as  
66 determined by the Department of Community Health, of rural hospital organizations  
67 still eligible to receive contributions for the taxable year.

68 (3) For purposes of paragraphs (1) and (2) of this subsection, a rural hospital  
69 organization shall notify a potential donor of the requirements of this Code section.  
70 Before making a contribution to a rural hospital organization, the taxpayer shall  
71 electronically notify the department, in a manner specified by the department, of the total  
72 amount of contribution that the taxpayer intends to make to the rural hospital  
73 organization. The commissioner shall preapprove or deny the requested amount within  
74 30 days after receiving the request from the taxpayer and shall provide written notice to  
75 the taxpayer and rural hospital organization of such preapproval or denial which shall not  
76 require any signed release or notarized approval by the taxpayer. In order to receive a tax  
77 credit under this Code section, the taxpayer shall make the contribution to the rural  
78 hospital organization within 60 days after receiving notice from the department that the  
79 requested amount was preapproved. If the taxpayer does not comply with this paragraph,  
80 the commissioner shall not include this preapproved contribution amount when  
81 calculating the limits prescribed in paragraphs (1) and (2) of this subsection.

82 (4)(A) Preapproval of contributions by the commissioner shall be based solely on the  
83 availability of tax credits subject to the aggregate total limit established under  
84 paragraph (1) of this subsection and the individual rural hospital organization limit  
85 established under paragraph (2) of this subsection.

86 (B) Any taxpayer preapproved by the department pursuant to subsection (e) of this

88 subsection (b) of this Code section is modified for the year in which the taxpayer was  
89 preapproved.

90 (C) Upon the rural hospital organization's confirmation of receipt of donations that  
91 have been preapproved by the department, any taxpayer preapproved by the department  
92 pursuant to subsection (c) of this Code section shall receive the full benefit of the  
93 income tax credit established by this Code section even though the rural hospital  
94 organization to which the taxpayer made a donation does not properly comply with the  
95 reports or filings required by this Code section.

96 (5) Notwithstanding any laws to the contrary, the department shall not take any adverse  
97 action against donors to rural hospital organizations if the commissioner preapproved a  
98 donation for a tax credit prior to the date the rural hospital organization is removed from

99 the Department of Community Health list pursuant to Code Section 31-8-9.1, and all such  
100 donations shall remain as preapproved tax credits subject only to the donor's compliance  
101 with paragraph (3) of this subsection.

102 (f) In order for the taxpayer to claim the tax credit under this Code section, a letter of  
103 confirmation of donation issued by the rural hospital organization to which the contribution  
104 was made shall be attached to the taxpayer's tax return. However, in the event the taxpayer  
105 files an electronic return, such confirmation shall only be required to be electronically  
106 attached to the return if the Internal Revenue Service allows such attachments when the  
107 return is transmitted to the department. In the event the taxpayer files an electronic return  
108 and such confirmation is not attached because the Internal Revenue Service does not, at the  
109 time of such electronic filing, allow electronic attachments to the Georgia return, such  
110 confirmation shall be maintained by the taxpayer and made available upon request by the  
111 commissioner. The letter of confirmation of donation shall contain the taxpayer's name,  
112 address, tax identification number, the amount of the contribution, the date of the  
113 contribution, and the amount of the credit.

114 (g) No credit shall be allowed under this Code section with respect to any amount  
115 deducted from taxable net income by the taxpayer as a charitable contribution to a bona  
116 fide charitable organization qualified under Section 501(c)(3) of the Internal Revenue  
117 Code.

118 (h) The commissioner shall be authorized to promulgate any rules and regulations  
119 necessary to implement and administer the provisions of this Code section.

120 (i) This Code section shall stand automatically repealed on December 31, ~~2019~~ 2021."
