Senators Jordan of the 6th, Jones II of the 22nd, Henson of the 41st, and Tillery of the 19th offered the following amendment # 1:

Amend CS by replacing lines 12 - 14 with the following:

(b.1) Unauthorized Computer Access. Any person who maliciously and intentionally accesses a computer or computer network by circumventing a computer code-based restriction, password gate, or other technical barrier shall be guilty of the crime of unauthorized computer access.
