BE IT ENACTED BY THE GENERAL ASSEMBLY OF GEORGIA:

Article 3 of Chapter 2 of Title 47 of the Official Code of Georgia Annotated, relating to employee and employer contributions and creation of funds for contributions, benefits, and administrative expenses, is amended by revising paragraph (3) of subsection (a) of Code Section 47-2-51, relating to annuity savings fund and employee contributions to it, deductions, effect of default with respect to employer contributions, and payments, withdrawal, or transfer of funds, as follows:

"(3) In addition to the contributions deducted from the compensation of members under paragraph (1) of this subsection and subject to the approval of the board of trustees and such conditions as it may prescribe, any member may redeposit in the annuity savings fund, by a single payment or by an increased rate of contribution, all or any part of amounts that he were previously withdrawn from it under this chapter; or, subject to such approval and conditions, any member may deposit therein, by a single payment or by an increased rate of contribution, an amount computed to be sufficient to purchase an additional annuity which, together with his prospective retirement allowance, will provide for him a total retirement allowance of not more than one-half of his average final compensation, provided that for this purpose a member shall be deemed to have
retired at age 65 and amounts earned after reaching that age shall not be included in average final compensation. Such additional amounts so deposited shall become a part of the member's accumulated contributions, provided that upon retirement they shall be treated as excess contributions returnable to the member as an annuity of equivalent actuarial value and shall not be considered in computing the pension; and'

SECTION 2.

Said article is further amended by adding a new Code section to read as follows:

'47-2-51.1.
(a) For the purposes of this Code section, the term:
(1) '401(k) plan' means the State of Georgia Employees' Qualified Trust Deferred Compensation Plan.
(2) '457(b) plan' means the State of Georgia Employees' Deferred Compensation Plan.
(3) 'Contingent annuitant' means an individual designated by an eligible retired member to receive survivor's benefits from an SGLI annuity.
(4) 'Eligible retired member' means an individual in retirement, whether retirement is service based or due to disability, who has at least ten years of creditable service or five years of creditable service if such retired member became a member before July 1, 1968, provided that such individual has not elected a partial lump sum distribution under option six pursuant to subsection (e.4) of Code Section 47-2-121.
(5) 'SGLI annuity' means a Supplemental Guaranteed Lifetime Income annuity established by the board of trustees pursuant to this Code section.
(b) On or after January 1, 2021, subject to the approval of the board of trustees and such conditions as it may prescribe and the applicable requirements of the federal Internal Revenue Code, the 401(k) plan, the 457(b) plan, and the provisions of this Code section, an eligible retired member may transfer some or all account funds from his or her 401(k) plan or 457(b) plan into an account under the Employees' Retirement System of Georgia in order to purchase an SGLI annuity, which shall supplement the member's retirement allowance under this chapter.
(c) An eligible retired member may only purchase up to two SGLI annuities and may only purchase an SGLI annuity during the period of time beginning on the commencement date of such member's retirement allowance under this chapter and ending on December 31 of the calendar year in which such member attains age 70 or in which such member's retirement allowance commences, whichever is later.
(d) An SGLI annuity shall commence on the first day of the month in which both the eligible retired member's written application and purchase amount are received by the board of trustees.
(e) An eligible retired member's election to purchase an SGLI annuity shall be irrevocable upon the retirement system's issuance of the first monthly payment of the SGLI annuity.

(f)(1) An eligible retired member may only purchase an SGLI annuity by transferring at least $25,000.00 in aggregate from his or her 401(k) plan or 457(b) plan.

(2)(A) Such transferred amounts shall be actuarially converted to a monthly annuity for the retired member's lifetime only as described in Code Section 47-2-120.

(B) The actuarial assumptions used to determine the actuarial cost of an SGLI annuity shall be those recommended by the retirement system's actuary and approved by the board of trustees. Such actuarial assumptions may be changed from time to time upon approval of the board of trustees.

(C) The intent of this paragraph is to provide that an eligible retired member shall pay for the entire actuarial cost of an SGLI annuity.

(g)(1) Provided that the applicable terms of the 401(k) plan or the 457(b) plan permit such use, and subject to any applicable conditions or limitations on such use, an eligible retired member may transfer some or all of his or her 401(k) plan or 457(b) plan account funds to the annuity savings fund established pursuant to Code Section 47-2-51 in order to purchase an SGLI annuity.

(2) Any such transfer shall be in compliance with the provisions of Section 401(a)(31) of the federal Internal Revenue Code and shall be recorded in the eligible retired member's SGLI annuity record.

(3) All of an eligible retired member's funds transferred to the annuity savings fund shall be expended in full as the purchase amount for the SGLI annuity.

(4) An eligible retired member shall not be permitted to purchase an SGLI annuity with funds that are not transferred from such member's 401(k) plan or 457(b) plan account.

(h)(1) The sum of an eligible retired member's retirement allowance calculated as a monthly annuity for such member's lifetime as of the commencement date of such retirement allowance and any SGLI annuities calculated as a monthly annuity for such member's lifetime shall not exceed 90 percent of his or her highest month of earnable compensation. An eligible retired member shall not be permitted to purchase an SGLI annuity that would cause such 90 percent limit to be exceeded.

(2) If such limited amount exceeds the limits of Section 415(b) of the federal Internal Revenue Code, such excess shall be paid from the Supplemental Retirement Benefit Plan authorized by the board of trustees, which provides for benefit payments in excess of such Section 415(b) limitations.

(i)(1) An eligible retired member shall elect how to receive an SGLI annuity, either as an annuity for the retired member's lifetime only or as any of the optional forms of payment specified in Code Section 47-2-121 with the exception of option six under
subsection (e.4) of such Code section, even if the annuity payment option selected for the
SGLI annuity is different from that elected by the member with respect to his or her
retirement allowance under this chapter.

(2) The SGLI optional form calculation shall be based on the age of the eligible retired
member and such member's contingent annuitants, if applicable, as of the commencement
date of the SGLI annuity.

(3) An eligible retired member may elect an SGLI annuity that permits a refund of the
balance of the purchase amount to the member's contingent annuitants or estate in the
event the retired member and his or her contingent annuitants, if applicable, die prior to
receiving total SGLI annuity payments that equal or exceed the SGLI annuity purchase
amount. Unless the terms of the SGLI annuity form as elected by an eligible retired
member provide for such refund, no part of the SGLI purchase amount shall be refunded
or paid to any person, estate, or other entity upon the death of the retired member or any
contingent annuitant.

(j)(1) An SGLI annuity shall be subject to increases and decreases in the monthly annuity
amount payable based on the form and terms of the SGLI annuity purchased by the
retired member.

(2) SGLI annuities shall not be eligible for ad hoc or other postretirement benefit
increases approved by the board of trustees, including cost-of-living adjustments,
pursuant to Code Section 47-2-29.

(3) No interest shall be paid on amounts transferred to the annuity savings fund for
purposes of purchasing an SGLI annuity.

(k)(1) An eligible retired member who elects to purchase an SGLI annuity shall not be
permitted to receive a partial lump sum distribution under option six pursuant to
subsection (e.4) of Code Section 47-2-121.

(2) Any requirements under this chapter relating to suspension of benefits for rehired
retirees shall not apply to SGLI annuity payments.

(3) No additional creditable service shall be granted for any purpose under this chapter
as a result of the transfer of any funds from a 401(k) plan or 457(b) plan for the purchase
of an SGLI annuity; nor shall such purchase otherwise be considered in computing a
member's retirement allowance.

(l) Any other provision of law notwithstanding, the board of trustees may suspend issuance
of new SGLI annuities at any time. Such a suspension shall be prospective in operation
and shall not affect SGLI annuities already in effect. Following such a suspension, the
board of trustees in its discretion may reinstate the issuance of SGLI annuities at any time.

(m)(1) The administration of the SGLI annuity requires that SGLI purchase costs vary
from time to time and members shall not have any right to any particular purchase price.
(2) SGLI annuity payments shall be subject to the minimum distribution rules of federal Internal Revenue Code Section 401(a)(9).”

SECTION 3.

All laws and parts of laws in conflict with this Act are repealed.
