68 in writing of the student's intention to try out for, or participate in, the extracurricular or  
69 interscholastic activities as a representative of the school before the beginning date of the  
70 season for the chosen activity;

71 (2) The student's parent provides an affidavit that the student is receiving a passing grade

93 does not deem eligible for participation a home study student who meets the requirements  
94 contained in subsection (b) of this Code section.

95 (e) A resident school, a public school, or an athletic association shall not require a home  
96 study student who chooses to participate in an extracurricular or interscholastic activity at

97 a public school to enroll in a course or to complete any course credits as an eligibility  
98 requirement for participating in the extracurricular and interscholastic activity at the public  
99 school; except that the resident school, a public school, or athletic association may require  
100 the student to enroll in a course if the extracurricular and interscholastic activity is an  
101 extension of the course, such as a performing arts group.
