

Senate Resolution 622

By: Senator Jackson of the 2nd

A RESOLUTION

1 Recognizing and congratulating St. Joseph's/Candler Health System's African-American
2 Health Information and Resource Center on its completion of two decades of continuous
3 service to the citizens of Savannah and surrounding areas; and for other purposes.

4 WHEREAS, St. Joseph's and Candler Hospital in Savannah are two of the most historically
5 significant and premier health care institutions in the country, having provided health care
6 access for all for a cumulative total of three and a half centuries; and

7 WHEREAS, St. Joseph's/Candler is widely known throughout the state for its high-tech,
8 high-quality, compassionate care and is nationally recognized for its innovative community
9 outreach efforts; and

10 WHEREAS, African Americans face much higher risk factors when it comes to serious
11 health disease, and research indicates that African Americans have shorter life spans, more
12 chronic health conditions, and higher disease and illness rates than other cultural groups; and

13 WHEREAS, 20 years ago, the African American Health Information and Resource Center
14 sought solutions to the health vacuum and access disparity to health services, as well as the
15 severe lack of cultural health information faced by African Americans in Savannah; and

16 WHEREAS, in establishing the first such center run by a private institution, the program has
17 become a national model for other communities in addressing specific health disparities of
18 minorities; and

19 WHEREAS, through culturally competent education, computer literacy initiatives and free
20 health screenings and seminars, the center has made a forceful impact on thousands of lives
21 by improving their health and teaching people how to better manage their chronic diseases;
22 and

23 WHEREAS, the center, strategically located in an area of Savannah where more than 50
24 percent of the households are below the poverty line, has documented nearly 200,000
25 individual visits since its inception in 1999; and

26 WHEREAS, in developing a place where the technically disenfranchised could embrace the
27 power of change, and change the power of their own lives, the visionary leadership of St.
28 Joseph's/Candler, in partnership with Savannah State University, has had a transformative
29 impact on the lives of thousands.

30 NOW, THEREFORE, BE IT RESOLVED BY THE SENATE that the members of this body
31 join in recognizing St. Joseph's/Candler and the African-American Health Information and
32 Resource Center for their tireless dedication and commitment to the principle of health care
33 access for all and for their devotion to the health and well-being of the citizens of Savannah
34 and congratulate them on their momentous achievement of 20 successful years of operation.

35 BE IT FURTHER RESOLVED that the Secretary of the Senate is authorized and directed
36 to make appropriate copies of this resolution available for distribution to Mr. Paul P.
37 Hinchey, President and CEO of St. Joseph's/Candler; Sister Margaret Beatty, RSM, St.
38 Joseph's/Candler Vice President of Mission Services; and Ella Williamson, Director,
39 African-American Health Information and Resource Center.
